[Applause]

well welcome to another Wednesday night
Bible study and we are up to Psalm
number 37 we've covered a lot of
lamentations songs we haven't had that
many wisdom Psalms and Psalm number 37
is a wisdom Psalm let's open up with a
word of Prayer and then we'll get into

the content of Psalm 37 our Heavenly Father we pause before our study as we always do because we want to acknowledge you we want to praise you want to thank you and want to ask you Father that you will bless our understanding that you'll bless our appetite for understanding and our appetite for your righteousness that you'll order our ways father and that we will be informed by the wisdom contained in the Book of Psalms

we thank you Lord and ask this blessing now in the mighty name of our Lord our Savior Jesus the Christ amen

so some are 37 and before we actually cover Psalm 37 what I would like to do is go back to the beginning that is Psalm number one because Psalm number one really set the keynote for the whole all the books of Psalms the five books of Psalms were in book 1 and it set two fundamental themes in Psalm 1 but let's go ahead and read together now and here in Psalm 1 it tells us that the man or blessed is the man that walks not in the counsel of the ungodly this is how the book begins that there's a very clear difference between those who are godly and those who are ungodly so he says here blessed is the man that walks not in the counsel of the ungodly nor stand in the way nor stands in the way of sinners nor sits in the seat of the scornful so this is the man who is blessed instead he says instead of sitting in the seat of the scornful or standing in the way of sinners or walking in the counsel of the ungodly but his delight is in the Torah of Yahweh his delight is in the law of the Lord and in his law does he meditate day and night

that as I mentioned in the opening prayer there's this appetite for

righteousness and there's this desire to really want to understand and to understand and there's this realization that within the Torah is the mind of God and it cannot be just this we cannot be dismissive with it we need to be looking and searching and and realizing that there's a lot of wisdom in the Torah and we need to be searching searching it out and so our delight is in the Torah and and we search we meditate think about a dwell on it

day and night and he shall be like a tree planted by the rivers of water so the righteous man will be established in the earth he shall be like a tree planted by the rivers of water and that brings forth its fruit in its season his leaf also shall not wither and whatsoever he does shall prosper and then he says the ungodly are not so so the godly man and the godly woman will be established in the earth will be nourished with with this river of water so so irrigation is no problem therefore will be very fruitful and are so fruitful even the leaves will not wither with her and whatever he does will prosper and then David makes it clear to us as he begins as we begin this book of psalms that the ungodly are not so their situation is totally different instead they are like the chaff which the wind drives away so they're present but they're not established and when the wind comes it just it just gets rid of them they're there it's like nonsense it's just blowing out the nonsense so they're there in the earth for a while but they're not establish the wind drives them away the way the way you would drive chaff away therefore the ungodly shall not stand in the judgment they have no hope nor sinners in the

congregation of the righteous they just won't be present for the Lord knows the way of the righteous but the way of the ungodly Shall Perish so clearly by the end of Psalm 1 and setting keynote for the one of one of the key themes for the entire book and Psalm 2 dealt with the the king the royalty but here in Psalm 1 it deals with the way of wisdom and that there is a market difference between those who are wise enough to follow the Torah and those who just don't care and allow themselves be overtaken by unrighteousness and so fucken godly will perish the righteous will be established just keep that in mind now as we come into this wisdom Psalm of Psalm 37 so this is Psalm 37 it's a psalm of David and he begins it by saying fret not yourself because of evildoers neither be you envious against the workers of iniquity and I realize some of you will be looking at this in the archive and you know God willing this will be preserved for years to come and so may be yours from now people are reviewing these studies but as we are today August 2019 what's been in the news this week is this fiend this miscreant Jeffrey Epstein Epstein what a filthy pervert and he has now lost his life but this was a mover and a shaker this is someone that everybody wanted to hang around because everybody hung around him he was the darling of the elite and just extremely influential part of a very high-powered Network and just very plugged in and very wealthy multi billionaire and someone that was just very very powerful and someone who caused a lot of pain and suffering to a lot of people and David begins this Psalm by saying when we see people like this who and by the way he is Jewish but

when we see people like this David says
don't fret because of these evildoers
and don't be envious against the workers
of iniquity when you see their wealth
when you see like they have everything
going for them

David just begins this song by saying
don't be seduced by the appearance
remember what we saw in Psalm 1 they're
gonna be like the chaff that the wind
blows away and and this is what he says
they shall soon be cut down like the
grass and wither as the green herb and
and in fact that is what has happened to
this particular individual he has now
apparently met his end in fact there's
so much conspiracy now about his end and
there's this one really big conspiracy
theory which everyone has heard which
the media is touting and that is that he
committed suicide now that is something
that I don't think there's a single
person on earth that actually believes
this

although the mainstream media is touting
it in this particular anchor news anchor
himself made into problems this week
where he revealed his true colors and if
you haven't seen the video I would
caution you it's full of expletives but
he showed his true colors so anybody can
put on makeup anybody can put on perfume
anybody can put on nice clothes well God
is interested in is what's in the heart
so there is this conspiracy theory that
these the mainstream media is pushing
that Jeffrey Epstein committed suicide
no one believes it because this man was
so plugged in to the elite he had so
much information that could bring down
the elite and he was willing to sing
like a canary he was willing to testify
and so somehow just as information is
being released he gets cut down and

people believe that he was suicided rather than that he committed suicide in any case it doesn't matter the point is the wicked will be cut down like the grass and they shall wither as the green herb so what looks like very fruitful land and via very verdant land very vibrant very fertile it will wither whereas what we saw in Psalm 1 is that the righteous will be like a tree planted by the rivers of water that will be very fruitful even it's even our leaves will not wither we'll be so fruitful but the wicked will have the source of life removed from them and so based on that understanding David says regardless of how it appears on the surface he says trust in the Lord and look how many you'll see how many times in this Psalm David implores us the righteous to rest in the Lord to trust in the Lord to delight in the Lord that that even though it appears that the wicked are prosperous and and you know the wicked have plans that have they've put in motion for decades in some cases for hundreds of years but David is saying that the Lord Yahweh is the creator and his plans are from the foundation of the earth and they go to the end of time to the end of this age and he is Christ in fact says he's the Alpha and the Omega he's the beginning and the ending he's the one who's writing this story and he behind the scenes is driving the whole operation of the earth and most people on the earth have no idea what is taking place but those who meditate on the Torah day and night who study the scriptures study the prophecies we we can actually interpret what's going on in the world around us and David says to us to trust trust in Yahweh trust in him he's in complete

control even though it appears and the wicked want to make it appear like they are in complete control God has a plan and in fact what is happening in society today was enacted and planned some 100 years ago by communists and and now it's just it's just blossoming their plans are blossoming and it's like this chess game that you know the people who are trying to hold on to their nations are playing against the globalists and the takedown of Jeffrey Epstein or the arrest of check Jeffrey Epstein was a major step towards the blow of globalism but now he's been suicided and and perhaps by the globalists we don't but perhaps it's a chess game and and chess if you ever play chess it's nerve-racking and the winner is the most strategic the person who can think more steps ahead and entertain more possibilities and have a solution or an answer a strategy for each outcome each eventualities so this is what's happening now and and we're moving towards this global communist state at the same time we see the Islamists moving towards a global Caliphate and at the same time we see many world leaders wanting to push back and move back towards nation-states and it's just this massive 3d chess game and God just sees it all and he has a plan that was enacted from ancient from the foundation and which everything every possibility has been considered and his will will be done so we must trust in the Lord and because we trust in the Lord and we believe that he's a rewarder of them that seek him and them that do good trust in the Lord and and show that you trust in him by doing good so in this way shall you dwell in the land now this is the first reference

that David makes to the reward of the saved and he says nothing about going to heaven he says look if you trust in the Lord despite what the wicked are doing and you do good and follow the ways of the Torah what we saw in Psalm 1 you follow the way of God based on being informed by the Torah this is how you will dwell in the land so this is the first reference to the reward of the saved and verily you shall be fed so the wicked will have the source of life cut off from them but the righteous will constantly have this source of life fed to them so that they can blossom and nourish and be fertile and fruitful so trust in the Lord

delight yourself also in the Lord again to understand that God is in control and God's operation is unfolding and part of that unfolding of God's plan is to allow the wicked to flourish for a time so you delight yourself in the Lord

and he shall give you the desires of your heart and the thing about the Torah and living by the Torah is it transforms your heart you will never desire perversion you will never desire ungodly things as you follow the Torah because it's transformative it transforms your heart so that you desire righteous things and God will bless us with those righteous things so delight yourself in the Lord and he shall give you the desires of your heart

commit your way unto the Lord again that David is just so clear that the Lord is the Lord is present and in the previous Psalm last week David was just amazed he was in awe of the wicked he says you know when I look at the wicked it is clear to me that they don't believe that God exists and this was just madness to David and it's madness to us because we

know that God exists and he's a rewarder of them that diligently seek Him and so we must commit our way the way that we live our conduct how we how we navigate the world committed to the Lord and this is why we meditate in the Torah day and night Trust also in him trust in him and he shall bring it to pass

bring what to pass bring our salvation bring his will for us to pass regardless of the enemies against us regardless of what's happening on the surface he says he shall bring forth your righteousness as the light so we are going to be a light to the whole world and God is going to bring that forth out of us as long as we are guided by the Torah he shall bring forth your righteousness as the light and your judgment as the noonday he says rest in the Lord and wait patiently for him so this this notion of waiting we saw in Isaiah it's not a passive waiting it's an active waiting

it's a searching the scriptures searching the Torah searching the prophecies it's an understanding the will of God understanding the signs of the times and living according to the instructions

that God gives us this is what it means to rest in the Lord this is what it means to wait patiently for him it's not just sitting back and doing nothing trust in the Lord and do good and act according have be informed according to the Scriptures he says again fret not yourself because of him who prospers in the way and again this is that the timing of Jeffrey Epstein's that demise is very good as we study this Psalm because this is a person who was extremely prosperous owned his own Island had the most expensive home town

home in in New York 77 million dollar mansion had several properties just had incredible wealth very prosperous and David says to us fret not yourself because of him who prospers in his way because of the man who brings wicked devices to path about to pass and that's exactly what this man did he brought wicked devices to pass and and people who have suffered from him as a result of his wickedness they would be very angry and and we would think rightfully so but david says cease from anger and forsake wrath fret not yourself in any wise to do evil and and i sure many would would feel totally justified to be the executioner of such a man to take to take to take matters into their own hands and kill this fiend but david says don't do that cease from anger forsake worth and fret not yourself in any wise to do evil why why should we not to have to take these matters into our own hands he says for evildoers shall be cut off this is what we saw in Psalm 1 it is impossible it's just it's it's like a mathematical equation it's just it's impossible for people who do evil to remain in the earth this is just the universe was not designed this way God's will does not work this way so evildoers followers of the devil these fiends and perverts they have their purpose but once that purpose is fulfilled they shall be cut off but those that wait upon the Lord they shall inherit the earth again we hear the second time that David now speaks of the reward of the saved it's not heaven it's the earth and we need to be very very careful about any theology any ideology any philosophy that despises the earth any ideology any philosophy any theology any religion any any type of concept

that despises matter that treats the earth like yeah while it's sort of second-rate
this comes from the devil what comes from God he loves the earth that this is his gift to mankind that when we really try to grasp the size of the universe how massive it is in the new heavens and the new earth as this old had deleted heavens today and the earth today are going to pass away in the new configuration the earth will be at the center of this massive universe and God Himself will dwell on the earth with us and this is his gift to the righteous and David understands this and he repeats over and over we got to be aware of this Greek philosophy that then the influence of the Greeks was Worldwide's of all the religions have been tainted by this and it's a it's a philosophy and a concept it's an ideology a theology that despises matter and God created matter and he loves it and he wants to give us the earth and dwell with us on the earth forever so those that wait and wait is not passive it's proactive it's informed by scripture those that wait upon the Lord they shall inherit the earth the wicked will be cut off there'll be no sign of them they'll just be the earth with the Lord with Christ and the righteous he says for yet a little while and the wicked shall not be just it's just it's just a little while and the wicked shall not be he says yes you shall diligently consider his place and it shall not be these are people who were extremely powerful extremely wealthy hobnobbing with the rich and famous having all everything there goes their way in fact the same epstein he was convicted earlier of pedophilia and prostituting children and he

basically served 13 months and you can't even say served he just had to sleep there at night so he spent a few hours at night in the jail and then during the day he was free to do whatever he wanted he just had to check in at night and just do that for thirteen months when he should have been in prison for fifty years but this is these were the type of people this is what happens and and these are the people that he he Hobnobs with and they control the courts they control the legislation they're they're the elite and david says you know what in a little while the wicked shall not be you will diligently consider his place and she like you it's gonna be confusing to us because there'll be no trace of them we're gonna be like really thinking about it it's just where are they he says here in fact in Malachi he had a prophecy here that you will tread down the wicked and they shall be ashes under the soles of your feet in the day that I shall do this says the Lord of hosts so so they're gonna be ashes and then those ashes will be blown away and there there'll be a new heaven and a new earth and there'll be no trace of the wicked and this is what this is the this the strength of hope that we must have a revelation at the end of them of the whole scripture in Revelation 20 the last book and towards the end of the last book John writes that death and he'll were cast into the lake of fire this is the second death and whosoever whoever was not written in the book of life was cast to the lake of fire so there is an end to wickedness even though it looks like it just can't end and the wicked in fact themselves believe that they're so powerful there'll be no end to them

these people believe they are gods and they believe they're in the process of becoming eternal and they can't see that they'll actually have an end he goes on to say here there's an opposite so as much as these people are powerful and they they look like they have no end they will end they will be cut off but the meek shall inherit the earth so the powerful and wicked will be no more but the meek will be forever and this is the third time now that David tells us what the reward of the saved is that the meek are not going to heaven God is giving them the earth the earth is the gift of God the the earth is what God this this is the high price that God just wants to give to his people the earth it's it's something that Satan despised

I shouldn't say despised past-tense yes he despised the past-tense but he despises it present tense and all of his followers and everybody who's seduced by him despises the earth but God came to earth and made a replica of himself from the very dust of the earth that Satan rejected this is how highly God regards the earth and not only that not only are we made in his image from the earth but he's coming to earth to dwell with us and to make this his headquarters from which he will rule the entire universe forever the meek that's that's what the meek will inherit the earth that God Himself will dwell upon matter matters it's special God created it with an eternal purpose the earth will abide forever and matter will abide forever and it's special and we ought to be it's like this this is what God is giving us and it's it's the gift and we should not fall into the seduction of the devil to despise it the

meek will be different than the wicked
the meek shall inherit the earth and
shall delight themselves in the
abundance of peace and and those things
that we our heart desires God is going
to give them to us and there's going to
be the abundance of peace we have
abundance today and we have abundance
today really because of democracy and
because of capitalism socialism does not
create anything it just takes control of
that which has been created and then
runs it into the ground and drives
everybody into poverty except to those
at the top but capitalism has worked in
the sense that it's the it is the most
successful enterprise that human beings
have ever engaged in and the whole earth
has benefited because of this capitalist
project and particularly because of what
was accomplished since the Industrial
Revolution but particularly by the
United States of America and the unique
Constitution that they put in place and
I challenge anybody do the research
through all the empires that have ever
existed and show me an empire that was
more powerful that created more wealth
that alleviated more poverty that that
had the most power but used it in the
most conscientious way and of course I'm
not saying it's perfect nobody's saying
that
I'm just saying comparatively speaking
this is an incredible miracle and we are
we are watching we are witnessing the
destruction of the American Dream we are
witnessing the destruction of freedom
and and and people buying into communism
people buying into socialism and and the
other part of the world buying into
totalitarianism through another
religious form but it through all of
that the wicked designs of all of this

designers will be put down and cut off
and those that have suffered but have
turned to God and trusted in him we
shall inherit the earth
and to light ourselves in the abundance
of peace and as much as the American
dream has all the wealth that it has
created and and the freedom around the
world it's been it's been through the
abundance of war it's unimaginable what
is going to be accomplished when there
is no war and and we can build and build
on top of what we've built built instead
of building and tearing down building
and tearing down we will build and build
and build and build
now that the meek shall inherit the
earth Christ Himself when he was on
earth he said the same thing blessed are
the meek for they shall inherit the
earth and again it's not heaven it's the
earth back to Psalm 37 he says in verse
12 the wicked plots against the just and
sometimes you know you might try to
point out to some people what's going on
that the wicked are plotting and Oh
conspiracy theory conspiracy theory well
is everything if it is every conspiracy
a theory or is there such a thing as
conspiracy fact and I think it's
impossible to be a believer in the Bible
and not understand that the greatest
conspirator is Satan and the Bible tells
us that his children are conspirators in
fact they're so extreme in their
conspiracies that they can't go to bed
at night without plotting how they can
destroy people's lives and this is what
we face now the wicked plots against the
just and nash's upon him with his teeth
and this is something this in fact is
something that we're facing now which
the future is you know these technocrats
are out of their mind you know they're

so wealthy
they've become Multi multi billionaires
their companies are bigger than most
countries and they believe they are
unstoppable and now they believe they
are God's
and they are constantly trying to figure
out how they can retain the power that
they have was they have inherited by
running these these mega mega technology
companies and I just want you to listen
to the Elon Musk as he talks about his
new company called neural link and
listen to this it must announce is that
he will be backing a new brain computer
interface venture nearly the ultimate
goal of this company is to merge man
with machine fusing human intelligence
with artificial intelligence to bring
humanity up to a higher level of
cognitive reasoning without this
technology must argues that humans will
be unable to keep pace with advances in
artificial intelligence and that humans
will become the intellectual equivalent
of the house count so far musk has been
calling this brain computer interface
technology neural lace in essence neural
lace is an ultra thin mesh that is
implanted into the skull and forms a
body of electrodes which are able to
monitor brain function it's not entirely
clear at this time how far along the
technology is in its development phase
but eventually neural lace should enable
humans to upload or download information
directly from a computer in order to
insert neural lace a tiny needle which
contains a rolled-up mesh is placed
inside the skull whereby the mesh is
then injected the mesh unravels upon
injection encompassing the brain
gradually the neural lace will integrate
itself with the human brain creating the

perfect symbiosis between man and machine so far neural lace has been tested on live mice upon autopsy researchers found little negative consequences associated with the insertion of this mesh so that is quite something

that's how bright these people are how they're just so clever but as they're developing artificial intelligence what they're realizing is the artificial intelligence as it teaches and so is itself in fact I was listening

- somebody explained with Google Translate they used to take a language translated to English and then from English translate into the target language and they just found it too slow so using artificial intelligence they the AI was able to create its own language and instead of converting to English and then from English to the target language whatever the language was the source language the AI would convert to its own language and then from its own language converted to the target language and it got to the point where the humans who developed this had no understanding of the language that the AI the AI robot developed that it was just working on its own and it was just really extreme and it's getting better and better

at translating from one language to another and what Elon Musk said in that little clip was that if we don't synthesize with AI that human beings will become the equivalent of the house cat a little just nonsensical just doesn't have any sense it just says is just a domestic pet that's what human beings will come become in the face of these AI robots and so his solution is that we've got to find a way for man to

merge with machine and and to take whatever and they understand the brain and how it's designed to be able to inject AI membranes and interfaces into the brain in such a way that it fully integrates with the brain and we have this perfect symbiosis between man and machine now that's the said that's the sales pitch do you think for a minute that the poor and oppressed would be allowed to receive the software update that would allow them to operate like AI gods or would they get like the lower level instead of being a house cat you're going to be a donkey you're going to be a dog you're going to be a mule and a horse

and you're just gonna be a slave and you'll do it you'll do everything that we tell you to do but we the elite we get the software that gives us the capabilities to think beyond and then just great godlike thinking that's what we go we're not gonna share this with everybody was like this is ridiculous that they would this would be democratic and everybody could have access to it let's let's think this through

but this is where we're going and the same elite as much as the earth is just falling apart and they are driving this chaos in the earth they're the ones digging under underground civilizations underground tunnels and societies for them to live they're the ones exploring space and developing aircraft spacecraft that can take them to the moon or other planets or just out in space so they don't really care about the earth what they're seeking is eternal life through science and technology and they wanted they don't care if the earth whatever what happens to the earth and yet God says that the righteous will inherit the

earth and these plans will be destroyed
so they plot against the just and that's
why they see them bringing into Western
civilization all of this violence and
destruction and they don't care what's
about the cost what's happening to
victims you never hear about that on the
news you just hear about the poor
migrants and where they're coming from
and how we have to have mercy on them
and nothing is said about what's
actually happening to Christian
working-class people

Tommie Robinson tries to speak up and
look what happened it look looks what
look at what has happened to him so
they're the the wicked we have to
understand this you will people don't
think the way you know we study the
Torah we study the scriptures our
thinking is shaped by the Bible it's
shaped by Jesus Christ and then we think
everybody thinks like us it's just not
true

Satan has children and they think like
him and the amido rest
unless they are plotting against the
righteous the wicked plots against the
just and nash's upon him with his teeth
this there's a viciousness and again you
know this gentleman Chris Cuomo was in
the news this week of this vicious video
that's what's in his heart the Bible
says out of the abundance of the heart
the mouth speaks but they put these
pretty people in front of us whether
they're presidents or prime ministers or
whatever as long as they can wear a suit
nicely and fit into a dress and say
eloquent words and wear perfume we fall
for it but the Bible says clearly that
there are wicked people and they plot
against the just and they gnashed upon
him with his teeth I I was confused when

I was into studying Islam and looking at what's going on in England and seeing young girls being brutalized why are they allowing this to happen it's their own children I think to realize they're the ones doing it just think of the Jeffrey Epstein clientele they're the ones running the court systems they're the ones actually procuring pimps to provide them with with children and so when these pimps get caught and they're brought before them in the Korah you can go no problem with let's just keep it between us we know what we're doing and we need the public orgy we're just confused we don't know what's going on the wicked plot against the just and gnash upon him with his teeth and and we know this is all gonna come to an end Revelation tells us in terms of plotting against the just John says I saw another beast coming up out of the earth so there's the Gentile beast coming out of the sea but this one comes out of the earth and he had two horns like a lamb and he spoke as a dragon and he exercised all he exercises all the power of the first beast before him and causes the earth and them which dwell therein to worship the first beast the there's a plot these elite of the earth they're colluding with one another and there's a plot to take down and to oppress the righteous he causes the earth and them which dwell therein to worship the first beast whose deadly wound was healed so it's gonna be impossible to buy or sell it's gonna be such a technological future and everything accounted for that it will be impossible to buy or sell unless you accept this Mari that's the plot that's the design and they want to destroy the righteous but David is warning us and

John warns us as well
don't don't fall for this instead wait
upon the Lord he will act in fact this
future that we are facing the earth
faced it before but God stopped it in
Genesis 11 and verse 6 the Lord said
Behold the people are one so all of this
Google Translate all of this technology
this moved towards globalism and
christians christians Christians we
should not be supporting globalist
socialist initiatives or parties or God
is the one he's God is the found founder
of nation-states God is the one that put
nation-states in place he says it right
here the people were one and they had
all one language and he says and this
they begin to do and now nothing will be
restrained from them which they have
imagined to do and it's because of this
and the premature nature of this
development that God divided the people
into nation-states
all the people were one they all fought
the same way they are the same concept
and philosophy and that was immensely
dangerous globalism gives birth to
extreme sinfulness and defiance of God
and so God is the one who broke this up
and created nation-states and so every
nation today that is fighting to retain
its nation statehood may not be perfect
but that's the right thing to do and
that's actually what Christians
I'm not saying to vote I've never voted
I'm not politic political but I'm
certainly saying do not support
socialist globalist initiative
and don't fall for it because this is
directly from the devil and once the
earth is globalized the level of
wickedness will be off the charts God
cut it short here but in the future he's
gonna allow it to run its course until

Christ returns back to Psalm 37 the Lord shall laugh at him for he sees that his day is coming and so we see that in Revelation 20 or revelation the book of Revelation we saw that in 13 in 1718 we'll see we studied that already and if you haven't that's in the archive the book of Revelation but the Lord is going to laugh at the wicked for he sees that his day is coming and that's what we have to see that's why we wait upon the Lord because God is the beginning and the ending he's the Alpha and the Omega he's the one that declares from ancient times that which is not yet done saying my counsel shall stand the Lord will laugh at him and sees that his day is coming and in here we see this in Revelation 16 and the first went and poured out his vial upon the earth and there fell a noisome and grievous sore upon the men which had the mark of the beast so we don't know exactly what this mark is but we do know it will be taken in defiance of Yahweh and knowingly people who take it will be warned and they'll take it anyway and it will be a mark of defiance and those that defy God they are going to be punished beyond belief and upon them which worshipped His image back to Psalm 37 the wicked have drawn the sword so this is very interesting especially in a time of guns and warfare and sophisticated weaponry the prophecies are clear that a lot of violence will be inflicted by the sword and so the wicked have drawn out the sword they've been plotted they plotted this for a long time there has been a conspiracy against the righteous and now the wicked draw out the sword and we know from Isaiah the the leadership role that isaw will have an Ishmael will have in

the end time but the wicked of drawing out the sword and have bent their bow and we know that to Ishmael was a Bowman and the first Horsemen of Revelation is a Bowman they bent their bow so they're ready to kill to cast down the poor and needy and to slay such as be upright and how do you get a whole army that are just so addicted to this violence well there has to be an ideology there has to be an ideology behind it that that just people are committed to that they believe this is God speaking to them and it tells them that God will put them in hell and burn them forever and ever unless they slay the righteous unless they slayed the Jews and the Christians and so that sword is an ideologically informed sword to cast down the poor and needy and to slay such as be of up right says conversation here but it's really the path an upright path those who are following the Torah the ways of God and we know from revelation says here and when he had revelation 6 verse 9 when he had opened the fifth seal I saw under the altar the souls of them that were slain for the word of God and for the testimony which they held so they were slain for what the Word of God and the testimony which they held which has to do with Jesus Christ and they cried with a loud voice saying how long O Lord holy and true do you not judge and avenge our blood on them that dwell on the earth so it's like he's delaying his coming why aren't you acting Lord and here's the answer and white robes were given unto every one of them and it was said unto them that they should rest yet for a little season until their fellow-servants also and their brethren that should be killed as they were should be fulfilled so as they were

killed by the sword now there's there's
a another complement another number of
saints that must be added to this number
and we just have to be patient through
all of this back to Psalm 37 15 their
sword shall enter into their own heart
and their bows shall be broken and this
is why we have to warn we have to warn
so that there is no excuse
when this befalls them they have the one
they're the ones that chose this because
we've given them the scriptures and
we've warned them their sword shall
enter into their own heart and their
bows shall be broken and that's what
again what we see in Revelation 13 he
that leads into slavery shall go into
slavery he that kills with the sword
must be killed with the sword here this
understanding is the patience and the
faith of the saints this is how we can
wait upon the Lord because we understand
that all of this is happening under
God's control Psalm 37 verse 16 he says
the little or a little that a righteous
man has is better than the riches of
many wicked so you know you again you
think of the wealth that this man
Jeffrey Epstein had billions of dollars
nobody knows how he made his money it
seems that he would bribe put people in
compromising positions powerful people
wealthy people in compromising positions
and of course the way Satan's cult works
you can't be promoted unless you allow
yourself to you know I've always asked
myself I'm just I'm just befuddled this
is my question who can harm a child you
know I hear the voice of a child and
it's like music you see their eyes and
they're just so bright and innocent and
there's just a natural inclination to
protect them to make sure that they have
a good start in life so that they can be

robust we know that life is difficult
but you want children to have the best
possible start they don't have to face
the difficulty till later the wicked
hate childhood because Satan hates
childhood so the wicked support don't
have any children at all don't procreate
in fact I was just reading an article
about the Chinese government now they
forced this one child per family edict
and how wicked that was it's the
opposite of what God says God says be
fruitful and multiply they say no we say
the opposite don't have children or only
have one if or you know abort your
children go ahead and get pregnant but
abortion is your right you have to abort
them those that are born we're now
moving towards infanticide and child
sacrifice and and pedophilia and every
false religion every false ideology this
is like a fingerprint of the devil it
will have pedophilia to destroy the
innocence of children it's just it's
unbelievable and so this is how Satan's
system works if you're going to operate
at very high levels typically it there's
some sort of secret society and and like
a gang where you have to prove your
loyalty you hear some of these victims
say some of these people that took
advantage they said they could tell the
ones that have a taste for it and they
could also tell the ones that were being
forced to do it but they had to do it
they had to be filmed and then now we've
got you and I think this is part of the
reason why there's just this Trump
derangement syndrome because this guy he
didn't come from the what do they call
their the Republic rafts where whether
you're Republican or Democrat doesn't
matter you're all part of the same
system and you're all owned by the same

people and you're all under bribes and
you're all controlled this guy had his
own money he understood how to use the
press and he managed to navigate the
system and get into power and they don't
have anything on him and so they're
stirring up this hatred toward him
because they've got to regain control
and that's just how it works that these
people have to be engaged in this level
of and I think also the way to do with
children how can anybody harm a child
but if you can harm a child you can harm
anybody and so you're useful to the
devil so prove to the devil that you
have his heart and then he can put you
in very powerful positions because if
you can harm a child you can harm
anybody you have no morals you have no
standards you have no ethics
but here the Bible tells us that the
little that a righteous man has it's
better than the riches of many wicked
because all of that's gonna be taken
away from them for the arms of the
wicked shall be broken but the Lord
upholds the righteous the Lord knows the
days of the upright number four and
their inheritance shall be forever so
he's already told us the meek shall
inherit the earth and the earth shall be
forever they will have this forever the
Lord knows the days of the upright and
their inheritance shall be forever they
shall not be ashamed in the evil time
and then in the days of famine they
shall be satisfied and again this is why
we do not have to worry yes there's
coming a time when one will not be able
to buy or sell without the mark of the
beast
the scripture is very clear it says buy
or sell it doesn't say eat or drink so
we won't be able to buy or sell but God

looks after his saints and will be will find a way he'll find a way to ensure that we can eat and drink and even if we lose our lives in this age he knows our days and it is his design to give us eternal life in Matthew 7 Christ warns he says therefore whoever hears these sayings of mine we live by the Word of God whoever hears these sayings of mine and does them this is what Psalm 37 is all about to do the words of God I will liken him unto a wise man which built his house upon a rock and the rain descended and the floods came and the winds blew and beat upon that house and it fell not for it was founded upon a rock and so this is why the little that the righteous has it's better than what the wicked have it's far better so we need to make sure that what we're doing we're meditating on the Torah day and night so that we can ensure that we are building our house upon a solid rock the wicked are the opposite but the wicked shot they're there they're building their houses on sand the wicked are the opposite he says but the wicked shall perish and the enemies of the Lord shall be as the fat of lambs they shall consume into smoke they shall consume away so so there's a complete difference here and the wicked they're just gonna be like smoke like the fat of lambs in fact we would have to be you know living in ancient Israel to really appreciate this metaphor but we can get a feel for it here in Leviticus 4 verse 35 he shall take away all the fat thereof as the fat of the lamb is taken away from the sacrifice of the peace offerings and the priest shall burn them upon the altar according to the offerings made by fire unto the Lord and the priest shall make an atonement for his sin that he

committed and it shall be forgiven him
so so the priests were in the business
of removing the fat of lambs and burning
them and you can imagine all the smoke
that goes up and and David is saying the
wicked will be as the fat of lives of
lambs they'll be consumed they'll
they'll just be like smoke driven away
which is what we read in Psalm 1 the
wicked borrows and pays not again but
the righteous shows mercy and give so
look at this so the wicked borrows
something and now is required to pay it
back but they don't they basically steal
under there under false pretences they
steal but the righteous they didn't even
borrow they just have mercy and they
give they just see a need and they give
and this is why we don't need socialism
what we need are Christian ethics that
let people be wealthy but let them have
a relationship with God that God then
instructs them to have mercy upon the
poor and every Christian nation has
always reached out to help the poor even
in other nations where as you see these
other types of Nations that have
different ideologies different religions
different philosophies they don't help
anybody
major disaster they don't help anybody
when they're in disaster the Christian
nations run to their aid but this thing
here says that the wicked borrow and
pays not well you know there was a time
when to be in debt was a horrible
horrible thing people just did not do
that but now that's completely different
today the whole world is in debt I don't
even know what this number means but it
looks like Canada's federal debt is 692
trillion and it's never being reduced
it's constantly going up and this is the
share it every Canadian owes this much

18,000 and every day the debt is growing by 54 million and per hour our debt were borrowing 2.2 million dollars every hour what when will this ever be paid back so the wicked borrow and they borrow with no intent to pay back and this is where this whole socialist influence is coming from yeah well just pay for everything everything is free we'll look after everything instead of saying no we can't afford it people have to work hard people have to tighten their belts and get and get rid of this then not to say that Canada is the word look at the US this is the US debt and again I don't know what these numbers mean but this is 227 507 trillion what is this number what does it mean and it's never going down it's just constantly going up and the whole world is doing this the whole world is borrowing and there's no plan to repay this this is under than the the backs of the children we're mortgaging the lives of future generations so so how will this debt ever be paid back the people who are borrowing this debt what's their game plan what when do they think they'll have the means to pay this back well you know if we if history is any guide the way we get rid of debt when we're up to our eyeballs in debt nations we simply go to war we go to war and so that's the prophecy that will hear of wars and rumors of wars and and this is what's gonna happen and you're seeing a level of brutality now that is unbelievable in in in Hong Kong where this is this is again we need to be aware that this is this is where every this is where this is what this is it what's in the heart of socialist governments they they do not care for their people and when we give government's so much power you know that

the brighter is the founders of America
and the writers of the US Constitution I
have to believe they were inspired the
level of thought and and design that
went into the foundation of this country
to prevent things like this from
happening in America and now you know
the globalists have been so clever in
their chess game that we now have a
nation that despises their own freedom
and they do not care at all about their
freedom they're willing to give it away
and they despise themselves and so
America are the most powerful nation on
the planet today I don't know how it'll
fare once it falls into this socialist
trap verse 22 for such as be blessed of
him shall inherit the earth and I missed
this one this is another one again to
inherit the earth for such as be blessed
of him shall inherit the earth and they
shall be cursed and they that be cursed
of him shall be cut off it's all about
the earth the steps of a good man are
ordered by the Lord there's an operation
that God has going and David wants us to
be sensitive to it and plug into it the
operation of the Lord the of the steps
of a good man are ordered by the Lord
and he delights in his way though he
fall he shall not be utterly cast down
and this is what the wicked don't
understand for the Lord upholds him with
his hand David then gives a personal
testimony says you know I've been young
and now I'm old yet have I not seen the
righteous forsaken nor his seed
baking bread that he's always seen that
those who are righteous those who really
seek God they've never been Forsaken and
their seed has never been begging bread
he is ever merciful that is the
righteous is ever merciful and lenss and
his seed is blessed so those who have

God's heart look out for others they
look out for the poor they they have
mercy the wicked have nothing like this
and I think pedophilia is just the the
ultimate wickedness and it shows that
they have no heart at all they don't
care for anybody depart from evil and do
good and dwell forever more and that
would again be on the earth for the Lord
loves judgment and forsakes not his
Saints they are preserved forever but
the seed of the wicked shall be cut off
this is reality it doesn't matter what
things do we walk by by faith not by
sight the Lord loves judgment and he
does not forsake his Saints and this is
exactly what Paul expressed in
Corinthians when he says in chapter four
verse eight said in Corinthians we are
troubled on every side yet not
distressed we are perplexed but not in
despair persecuted but not forsaken cast
down but not destroyed that's exactly
the sentiment that David brings out in
Psalm 37 and and Paul is living it and
we have to have this same level of faith
and understanding the righteous shall
inherit the land ice happened number
five here but it should be number six
because I missed one the righteous shall
inherit what the land and dwell therein
forever
this is going to be the headquarters of
the entire universe and and God will be
here and will dwell with him forever and
if you've not familiar revelation 21
makes that very clear the mouth of the
righteous speaks wisdom again that
tirade that Chris Cuomo went on this
week and was captured on video that's
what's in his heart we have to be
different and we have to have by
meditating on the Torah day and night we
have to have wisdom in our hearts and

out of the abundance of the heart the mouth speaks the mouth of the righteous speaks wisdom and his tongue talk of judgment the law of his God is in his heart because that's what we saw in someone we meditate on it none of his steps shall slide who we may suffer persecution but we are not forsaken the wicked watches the righteous and seeks to slay him don't believe in conspiracies scripture is very clear the wicked watches the righteous and seeks to slay him the Lord will not leave him in his hand nor condemn him when he is judged wait on the Lord and keep his way and he shall exalt you to inherit the land this is number 7 he shall exalt you to inherit the land so 7 times David makes it clear what is the reward of the saved here in Psalm 37 what is the reward for wisdom it's to inherit the earth with God forever he says he shall exalt you to inherit the land when the wicked are cut off you shall see it and here we see in just see to keep assisting shall keep his way the Lord wait on the Lord and keep his way that's the instruction to keep his way and that's the instruction in Revelation there we have to read this prophecy over and over hear it and keep those things which are written therein because the time is coming and so we have to be keepers of these things he says verse 35 I have seen the wicked in great power they they are certainly in great power and David says you know what I've seen the wicked in great power and spreading himself like a green bay tree that's what we're seeing today with these technocrats who believe they have this whole thing figured out and they can give themselves a level of intelligence that is godlike by taking artificial

intelligence programming and interfacing
it with their own minds figuring out how
to perhaps take the life from and at
Jeffrey Epstein was a big investor in
science and there were a lot of
experiments taking place underground in
those dungeons that he had
and they were traumatizing children and
Stan he was investing a lot in the
science around early childhood
development and so that they're trying
to figure out exactly understand you
know how to how to retain life you've
got to become godlike and live forever
by harvesting organs and doing whatever
they can to just keep this machinery
running and then even live in space or
live underground regardless of how
violent the earth becomes david says you
know what see we've seen this before
I've seen the wicked and great power so
again another personal testimony first
he said you know I've seen the righteous
they've never had to beg for bread
they've never been Forsaken and their
seed is always looked after and though
he says you know I've seen the wicked in
great power and spreading himself like a
green bay tree yet he passed away
and again the news of what's happened
with the pedophile epstein this week
they all come to an end they tried to
save trying to elude death trying to
escape death they can't life comes from
God yet he passed away and lo he was not
so God says the righteous will be fed
forever that Allah the righteous will
live forever but the source of life for
the wicked will be cut off
yet he was powerful and he was spreading
yet he passed away and lo he was not
yeah I sought him but he could not be
found
hey this is David to say Isis happened

with like I saw this these people were
against me I had to run for my life and
then they're gone and the same thing we
will see mark the perfect man and behold
the upright for the end of that man is
peace and this this should put us in
mind of Noah because Christ said that as
in the days of Noah says house gonna be
before Christ returned and Noah came
through all of that chaos and all of
that evil and he came through to start a
new civilization and that's just like us
we're gonna come through all this chaos
and all this evil to start a new
civilization but we have to be like Noah
mark the perfect man and behold the
upright for the end of that man is peace
and then here we see in Genesis 6 these
are the generations of Noah Noah was a
just man
perfect in his generations and Noah
walked with God this is what God is
looking for from us just as Noah
operated this way in his time we must
operate this way in our time and no I
did everything that the LORD commanded
him and so God remembered Noah and then
brought him through the other side of
the flood and God Christ tells us that
as the days of Noah were so shall also
the coming of the Son of man be so the
wicked will have no idea what's
happening they're gonna be completely
caught off guard but we have been
anticipating we have been waiting on the
Lord and we have been obeying but the
Torah the commandments of the Lord he
says but the transgressors shall be
destroyed together again the way that
flood came in and destroyed all of them
well the day of God is coming and
there's going to be a destruction not by
flood but there's going to be a
destruction upon the whole earth and the

wicked will be destroyed together the
end of the wicked shall be cut off but
the salvation of the righteous is of the
Lord and that salvation has nothing to
do with going to heaven it has
everything to do with God coming to
earth and us inheriting the earth
forever but the salvation of the
righteous is of the Lord he is their
strength in the time of trouble and the
Lord shall help them and deliver them he
shall deliver them from the wicked and
save them because they trust in him and
this is the salvation that he shall help
us he will deliver us he will deliver us
from the wicked although the wicked are
conspirators and they're plotting and
they're gnashing at the righteous with
their teeth and they intend to control
the whole earth God makes it clear he
shall deliver them from the wicked and
save them why because they trust in him
and that really is the key that we have
to be people who trust in God and here
he says I'll just end with that's the
end of the psalm I'll just end here in
Psalm sorry in John 16 to just reinforce
the message of Psalm 37 these things
I've spoken unto me unto you that in me
you might have peace in the world
you shall have tribulation so this is
just the way it is in the world you
shall have tribulation but be of good
cheer don't don't be depressed don't
don't be afraid to read the prophecies
God is telling us these things ahead of
time so that we can have peace and so
that we can be of good cheer why because
he has overcome the world and he dwells
in us and he that dwells in us is far
greater than anybody in the world and so
Psalm 37 I think it's something that we
can reach a wisdom Psalm
goes right back to Psalm 1 and it's very

very clear like we should not be
confused about this that those who rely
upon God we are building our lives upon
the solid rock and that is Jesus Christ
in the words of Jesus Christ and David
just lays it out so clearly so plainly
he's not he's not equivocating as Joe
this the way it is and don't be seduced
don't be fooled by the power of the
wicked and this week again here we are
August 2019 that we see the demise of
Jeffrey Epstein and what a horrible end
and he you know Perry apparently he died
on the Sabbath morning
this is this is a man that should be
keeping the Sabbath an honoring God
instead he chose Satan as his father and
he dies the despicable death on the
Sabbath day
well the wicked are will this is a
metaphor for all the wicked the power
and the terrible ending this is this is
the ending of all wicked we need to
meditate on the Torah we live by the
Torah live by every word of God and have
the peace and the good cheer that Christ
only Christ and give us through the
power of His Holy Spirit what a mighty
God we serve Jesus the Christ
