[Applause]

well welcome to another Wednesday night Bible study and I apologize that I'm on the road and cannot be with you live and if you're wondering what's behind me it's some kind of modern art so it's not something coming out of my suit jacket that's modern art apologize for the lighting hopefully the sound is OK we're up to Psalm 55 hopefully we'll cover three songs this evening 55 56 and 57 all of which are individual laments and from this from King David so we're talking with word of Prayer and then we can get into the study for this evening our Father we pause and bow before you to thank you God for the treasure of your word thank you God for inspiring King David just to capture his heartfelt emotions and to capture them in such a beautiful poetry that we are now able to access and learn from and also be comforted by and to take these to heart for trouble that we may be facing now and may face in the future and understanding how how to cry out to you how to be transparent with you we praise you again just after to bless our study now and deepen our understanding a conviction of my faith they asked to see Jesus Most Holy Name Amen so we are up to Psalm 55 and let's begin then in verse the first verse of Psalm 55 where it says to the chief musician on megalannas which is some sort of stringed

instrument so it's all music and there's a particular way that this song should be played and so that's part of this is it's a stringed instrument and forth and it's absurd and it's also must skill so it's an instructive song and it's a psalm of David he says give ear to my prayer O God and hide not thyself from my supplication they notice how these songs are these verbs are in the imperative this is an urgent situation and David is appealing to yahuwah so your whole about to to act and maybe cease calling on him to do something to listen to his prayer and not to hide himself from his supplication we know that God is the God who hides himself from Jacob and David is asking me not to hide himself from his supplication and here in first Peter 3 we see that the eyes of the Lord are over the righteous so a lot of he himself from Jacob that's not across the board that his eyes are over the righteous and his ears are open to our prayers but the face of the Lord is against them that do evil and Jacob does evil and this is why God has withdrawn himself from Jacob but within Jacob within Israel are the righteous those who understand the Torah and who are ordering their lives according to the Torah and these are considered righteous that they have the faith in Christ to follow his instructions and and they are filled with the spirit to follow his instructions and David was among those filled with the spirit who are endeavoring to follow his instructions and so he understood that God's ears were opened to his cry continuing in Psalm 55 was to attend unto me and hear me I mourn in my complaint and make a noise so something is terribly wrong in

this situation he's appealing to God and again he's pleased in the imperative he's asking God to act to do something because of the voice of the enemy because of the oppression of the wicked so this is obviously something he's in a situation where he's vulnerable and the wicked are in this position where they can oppress him and have their way with him and he is crying out to God for they cast iniquity upon me and in wrath they hate me so who but there is tremendous hate that they have for them and and they are they're so filled with rage and hate

an anger that he can only appeal to the Lord my heart is sore pained within me and the terrors of death are fallen upon me so quite serious and as we see the world changing this is a situation that Christians certainly in the Middle East right now and in other parts of the world and increasingly the footprint of Christian persecution is spreading that terrors of death may fall upon us and this is the situation that David found in something and we should always have this long view and David certainly had the long view that while we're in crisis that's not the end of the story and God is the one who's writing the story he gets to conclude it he's the Alpha and the Omega so whatever happens in the middle happens but God is the one who initiated this whole story and he's the one that will end it he says my heart is sore pained within me and the terrors of death are fallen upon me fearfulness and trembling are come upon me and horror has overwhelmed me and you know sometimes we will be with brethren who are it's just so spiritual they're just so uber spiritual super spiritual that they have no fear they have no concerns

whatever happens they will trust in God here's King David a man after God's own heart with the Holy Spirit who is acknowledging transparently before God thought I am terrified the the fear of death has overwhelmed me that the horror of what the wicked when they're in position of power could do to me this is overwhelming me he says fearfulness and trembling a come upon me and horror has overwhelmed me and this is the honesty of David before God and I don't know if we're more see more and more spiritual than David when we can just sort of brush things off and are no problem what men can do as a problem and we have to have this trust in God in this openness this transparency with God that we can share with him

our fears were human with it sure our fears with him and then rely on him to infuse us with his courage with his vision with the faithfulness that comes from his holy spirit and I said oh that I had wings like adults for then would I fly away and be at rest so you can think of you know you think of the Holocaust and how God's people were rounded up the Jews were rounded up and put in these concentration camps and just if there was any way of escape

they were do it plead for this that he could just fly away like a like a dove but they're human they can't they have to go through this and so whatever situation David is in finds himself trapped and wishing that he could just flee the situation and be at rest

Jeremiah says something very very similar in Chapter 9 Jeremiah 9 and in verse 2 he says oh that I had in the wilderness a lodging place of wayfaring men that I might leave my people and go from them for they be all adulterers an

assembly of treacherous men so Jeremiah finds himself trapped within Judah among his own people and wishing that he could escape and just find a place in the wilderness and leave these people he says and they bend their tongues like their bowl for lies and they are not valiant for the truth upon the earth and these are his own people that they've just become a den of liars and deceivers they play loose with facts and truth for they proceed from evil to evil the scripture tells us that evil men will wax worse and worse and there really is no bottom for evil evil you know just when you think you've seen all the evil you could possibly see there's still more to see there's no bottom Satan is so corrupt and you can just drive men into a level of debauchery that is there's no bottom just going worse and worse and so even among Judah here Jeremiah is showing how they bend their tongues like they're both allies of like they just constantly shooting these arrows but they are not valiant for the truth upon the earth for they proceed from evil to evil and they know not Meade says the Lord so they don't either they might talk a good game but they don't know God take you heed every one of his neighbor and this is very similar to the prophecy of Michael that it's a situation where you can't even trust your neighbor again Christ quoted Micah in in Matthew they says take you heed every one of his neighbor and trust you not in any brother for every brother will utterly supplant and every neighbor will walk with slander you can imagine that the terror of this time where you're just surrounded by people who you think you can trust but they will be traded he says and they

will deceive everyone his neighbor and will not speak the truth they have taught their tongue to speak lies and weary themselves to commit iniquity and again just watching the US political situation and upcoming election we should watch this this is the most powerful nation on the planet the most powerful empire that has ever been we should be paying attention and I just find most people they'd rather watch Netflix they'd rather be entertained rather than paying attention and there's so much happening that if you're not really paying attention and gathering all the data and putting it together it's just it's happening right under our noses and people are missing it and it's more fascinating than Netflix so I says they were amazing if you actually plug in and see what's unfolding here but here we have a president that's trying to advance his people trying to save the American Empire and he's surrounded by people in his own cabinet that he cannot trust people who are betraying him in it so it's remarkable how much he has accomplished in the time that he's been in office with all of this opposition with all of this betrayal with all of this deception it's quite it's quite miraculous I personally think that history will be kind to this man despite his flaws when we just look at his report card what he has accomplished it is remarkable and as Christians we should care because as long as the American Empire is dictating the moral compass of for the world which is based on a judeo-christian ethic we have a place in this world once America Falls and the judeo-christian ethic is replaced watch out Christians all over the world

we better know these songs because we are going to suffer and a lot of Christians again have this bravado oh well all of this has to happen oh so what it doesn't matter if it matters and our deacon in Burlington he gave a sermon this past sabbath and it's called from passover - Tabernacles and in it he finally captured something that I've been grappling with why can't Christians see how significant the fall of America will be why do they not care why are they happy to see the destruction of Donald Trump and they don't understand what that means to the world when America Falls because he's the only one that's fighting for America almost single-handed now let's say Cinco had to do almost why don't Christians care and there's this sense of bravado like oh yes so what all these things are prophesied to happen anyway we'll be fine and our Deacon Jan his father was caught up in concentration camps first by the Nazis then by the communists and he said this to his son that he's seen many evils but the greatest evil he saw was starvation and he said to his son with starvation there is no morality there is no morality and I think this is what Christians are missing that once a miracle Falls it doesn't mean that America Falls in Christ returns there we don't know how long world will continue under a completely different set of ethics that are anti-christian anti-christmas and how Christians will be put into starvation and what happens to the mind the insanity that ensues when people are forced to face starvation so the economy matters and when you see the American economy breaking records unprecedented growth when everybody thought that it

was impossible and when you have such a big economy how can it possibly break records how can it possibly be the fastest growing economy in the world and yet all of this has happened and somehow Christians are unable to equate or understand what economic collapse means and the evil that ensues with economic collapse I don't know somehow they did they're missing it but this sermon I think and Jan finally it's like that's it in starvation there's no morality and his father said that the concentration camp camp guards would place bets they would see women come in nuns and they would place bets to see how long before that woman sells herself and someone say a couple of days some would say a week and it would happen that these people who came in with high virtue within a week they were selling their body this is what starvation does and I'll come back to this in a bit but this is the deception even Americans against Americans Canadians against Canadians British against British that we can't trust anymore that there's a madness that is taking over the earth and unless one is filled with the Holy Spirit and operating according to the Holy Spirit there is no trust and so we need to be surrounded by people and people need time to develop their their ability to live according to the Holy Spirit their ability to taste the goodness of the Holy Spirit and conduct themselves according to the Holy Spirit and and that's what we need to be doing now and again this is something else that puzzles me that time is running out but a lot of Christian brethren behave like the way things are now they will always be this way instead of preparing themselves spiritually for what could

happen in you know 24 hours you go to bed today and you wake up 12 hours later the world is totally different we need to be preparing ourselves and again a lot of Christians you know entertainment business as usual treating the Sabbath carelessly we need to have a sense of urgency and that's what you know God doesn't wish anybody to perish and we need to be acting like you know redeeming the time because the days are evil so this is a time that Jeremiah was in surrounded by deception and David in this Psalm is crying out with a similar plight as Jeremiah back to Psalm 55 verse 7 he says lo then if he could get away from this situation lo then would I wander far off and remain in the wilderness

Selah and similar to Jeremiah just wishing we could just be anywhere else but where he is and this is the situation that Christ tells us we are going to face as Christians in the near future

he says I would hasten my escape from the windy storm and Tempest and now he cries out to God realizing that he cannot escape he says destroy Oh Lord and divide their tongues for I have seen violence and strife in the city this is remarkable to him that this is what's happening and human beings can be very very vicious it's again there's no bottom it's remarkable how vicious human beings can be day and night they go about it upon the walls they're of mischief also and sorrow are in the midst of it wickedness is in the midst a of deceit and guile depart not from her streets this is the situation quite insulting he says for it was not an enemy that reproached me again this is the same situation that Derek

Jeremiah was in the same situation that Micah was in it's the same situation that Jesus

Christ foretells we will be for it was not an enemy that reproached then I could have borne it so you know I don't expect anything from my enemies except hatred and oppression and destruction and so if the enemy did that okay that's what I expect we we know that but David says it wasn't an enemy that reproached me then I could have borne it neither was it he that hated me that did magnify himself against me then I would have hid myself from him but it was you a man my equal my guide and my acquaintances and again just to I just find this whole situation in America quite fascinating and just to speak about this fellow Americans who we think are so full of love when they're really full of garbage but this is what recently in the news I did not accuse I asked a question representative Collins yesterday suggested that the Democrats are doing this simply because they don't like the guy I think it's an important point Howard when it comes to helping our kids who are afraid of gun violence I think he is cool when he doesn't deal with helping our dreamers though of which were very proud I think he's in denial about the Constitution about the climate crisis however that's about the election this is about the elect a kid up in the election this is about the Constitution of the United States and the facts that lead to the president's violation of zones of office and as a Catholic I resent you're using the word hate in a sentence that addresses me I don't hate anyone I was raised in a way that is full a heart full of love and always prayed for the president and I still

pray for the press

I prayed for the president all the time
so don't mess with me when it comes to
words like that so these people really
have the moral high ground they're just
so philosophy even ms-13 they're all
God's children and we just love not
accusing representative college
yesterday suggesting that's a Democrat
coward when it comes and this person is
journalist is just asking the most
powerful woman in the world helping our
dream third most powerful points to you
about the don't Isis

however election this is a family that
mafia father was involved in martinique
she grew up a certain way and listen to
her job her sheep she was brought for
the president that's still switching
process I pray for the president how her
mother deals don't how you sat here
patiently and waited as we've spoken
about the incoming Speaker of the House
who happens to be one of the people who
raised you a buddy if you can tell us
what what speaker Pelosi thinks about
doing an you we have known you for two
decades do you think I'm the person
that's gonna come on CNN and talk about
my mother

I think I asked you at you are a
fantastic political reporter how does
she approach meetings with President
Trump a and B just what are your
feelings about this person who you know
quite well becoming Speaker of the House
for a second time she'll cut your head
off and you won't even know you're
bleeding that's all you need to know
about her no one ever won betting
against the incircle is she's perfect
she's persevered you gotta give her
credit no matter what you think she'll
cut your head off and you won't even

know you're bleeding she'll cut your
head off and you won't even know you're
bleeding so still
cut your head off and you won't even
know you're bleeding this is a very very
powerful woman and I'm sorry for that
reporter who she pointed to and said you
don't mess with me that's children and
this is so this is what the Donald Trump
had somehow remarkably he is standing up
to some very very powerful globalists in
order to try to preserve America and
despite all of this effort to take him
down the US economy is thriving
tremendous accomplishments and you know
nobody's above the law according to this
impeachment party except of course you
know president certainly not above the
law
nobody's above the law of course except
of illegal immigrants these illegal
aliens can come into the country and
they can be above the law but yet
nobody's above the law whenever you see
a double standard there's a hidden
agenda
whenever you see a double standard
there's a hidden agenda and there's
deception so this is America it's
polarizing and Americans are turning on
each other and this is all part of what
we see this spirit of hatred that Satan
is stirring up and certainly as
Christians we don't want to be involved
in this but we certainly want to be
observed we don't want to be blind they
need to be able to see what's going on
and see through what's going on and be
aware and I'm just shocked when I see
Christians who have no concern about
what's going on in the world and just
want to be entertained I don't want to
spend too much time just I just shocking
to me what's happening we are living in

the most fascinating of times and when all of this is said and done we're gonna be queried what did we do how what position did we take how did we help and and Christians today are afraid to speak and that's the first sign of a potential betrayer though if even today in times of calm where we don't have backbone where will we suddenly find the backbone in times of trouble in times of calm were already backbiting and betraying one another how will we be loyal in times of trouble this is the time for us to be building up our spiritual strength so he goes on to say here in Psalm 55 so he was you know if it was an enemy one thing but it's a it's a fellow American you know or it's a it's a fellow Christian two fellow Jew it's a tough but my family member unless we are empowered by the Holy Spirit we are untrustworthy and so all of our relationships truly have to be in Spirit of God he says it wasn't an enemy but it was you a man my equal my guide and my acquaintance now I believe that this situation for David he is speaking specifically of fell because he says my God my equal might guide so someone that he went to for guidance and we know that a hostile fell was his counselor and so here in second Samuel 15 beginning in verse 12 this is the in the revolt of Absalom he says Absalom David son and Absalom sent for a HIRPA fell the gila night david's counselor today to you you are my god so this is David counselor that Absalom is now summoning so Absalom sent for a headful fell the gila night david counselor from his city even from gillo while he offered sacrifices and the conspiracy was strong

there is such a thing as conspiracy and today we have this thing all conspiracy theory we dismiss everything with the simple phrase oh that's a conspiracy theory and so suddenly there's no such thing as conspiracy this was is Satan not real are there not conspiracies is there such a thing as conspiracy fact so here the conspiracy was strong there's deception for the people increased continually with Absalom there was just this groundswell against David and the people were continuing by increasing with Absalom because of a conspiracy then in dropping down to chapter 16 verse 20 then said Absalom to Ahithophel give counsel among you what we shall do this is David's counselor now counseling is his rebellious son who wants to kill an overthrow David's throne did kill David and overthrown then set out Ahithophel to Ahithophel they'll give counsel among you what we shall do and Ahithophel said unto Absalom go in unto your father's concubines which he has left to keep the house and all Israel shall hear that you are abhorred of your father then shall the hands of all that are with you be strong so they'll just realize okay this relationship is a record may damage it's over either David is king or Absalom is king and they realize now that the momentum is with Absalom still completely they won't be double-minded anymore they'll abandon David this is some very clever advice from a heifer Ahithophel against David he used to be David's counselor and God so they spread Absalom a tent upon the top of the house and Absalom went in unto his father's concubines in the sight of all Israel and the counsel of Ahithophel which he

counseled in those days was as if a man
had inquired at the Oracle of God so was
all the counsel of Ahithophel both with
David and with Epsilon

these men hate each other or at least I
shouldn't say hate each other Epsilon
hates david david certainly loved
Absalom

but they are polarized they are
opposites and here we have on the one
hand a HIPPA fell guiding and counseling
David and then switching loyalty and
counseling and guiding David's enemy
this is the solar so David is like it
was if it was an enemy then it wouldn't
have surprised me I could have borne
that but it was you my friend

my counselor we worship together you
counseled me you are my guide and now
you've turned on me now Christ in
Matthew 24 speaking of the time ahead of
us which is going to be a time of
incredible crisis he says and then at
this time shall many be offended and
shall betray one another and shall hate
one another in Matthew 18 he says that
if you harm one of his reforms it's
better for you to have

Millstone better for me down with
millstone aroma and that can be thrown
into the sea then to face the wrath of
God for harming one of his little ants
and so now we see this is gonna happen
on maths

these are Christians

these are brethren with the holy spirit
who are turning on one another because
the time is such a terrible crisis we
have so many Christians oh yeah well
these things are prophesied to happen no
big deal I have the Holy Spirit I'll be
fine

prophecy says otherwise we need to be
taking this seriously and preparing

ourselves for this making the big decisions early so we don't have to be caught off guard we know what we will do and then shall many be offended and shall betray one another and shall hate one another in Matthew 10 he said earlier a man's foes shall be they of his own household and in fact there he is quoting the prophecy of Micah in Micah 7 verse 5 he says trust you not from a friend this is what Jeremiah saw this is what David experienced and David is crying out because of this situation and so we can get strength from this song as we understand the future that we're going into and we just we have to be governed by the holy spirit and we need to surround ourselves by people who are governed by the Holy Spirit is this trustee not in a friend and certainly he's all put put not confidence in a dollar and David was shocked that his guy turned on him put not confidence in a guy keep the doors of your mouth from her that lies in your bosom and again even your intimate partner if he or she is not governed by the Holy Spirit you're in trouble this is why it's so important that our unions be unions in Christ that we are united together in Christ and this is the bond that's unbreakable because it's a three-fold cord if it's just oh I love you you love me and it's just human human romance this is not enough to withstand what's coming we need human romance of course but it needs to be under girded and underpinned and supported by and built upon the love of God that Christ is that third floor all participant in the union otherwise he says keep the doors of your mouth from her though there's such a terrible

time in starvation there's no more
attitude people go insane keep the doors
of your mouth from her that lies in the
bosom and this is why you see even today
people are afraid to speak because of
the threat of economic retaliation
people speak up and they're fired this
is this so people don't speak for the
Sun and this is the bedrock of Western
civilization freedom of speech freedom
of speech what exists there's a saying I
forget exactly of those but take away
all my liberties except my freedom to
speak and with it I shall bring back all
the others he says there's time it's so
terrible for the Sun dishonours the
father the daughter rises up against her
mother
the daughter-in-law against her
mother-in-law a man's enemies are the
men of his own house and this is the
time the Micah foresaw this is the
prophecy that Christ is alluding to that
it's gonna be a time of terrible crisis
and people should not be flippant about
what's coming and when the economy
collapses how people behave differently
we need to steel ourselves in so this is
the scripture now that our deacon Jan in
his sermon when he quoted his father
saying to him his father saw everything
and he said the worst evil he saw was
starvation and what it did to people and
then you can Jan pointed to this to show
the lack of morality how people go crazy
when they have faced starvation and and
these people who are globalists or
communists they don't care about
humanity they will slaughter people by
the millions by the tens of millions and
this is what the historical record shows
there was slaughter people by the
humanity doesn't matter you know and you
see their lack of concern for human

beings with the abortion issue but even the newborn baby they're happy to murder and late-term abortion and then they'll stand up and say they love all humanity but they don't love the most vulnerable of humans they're hypocrites they're globalist the Communists and we should be aware of the evil agenda of communism and globalism and so here he says in starvation with no morals and look at even in Judah what happened and this is all in the Torah Moses himself for solvus Moses himself said you will you will have no morality if you go against the Torah and you're driven into this situation of starvation here in second Kings 6 and verse 28 he says and the King said unto her what ails you what's wrong and she answered this woman said to me give your son that we may eat him today and will eat my son tomorrow so we boiled my son and did eat him and I said unto her on the next day give your son that we may eat him and she held her son this is what ailed her this was what depressed her that hey we made a deal that will boil my son today and eat him and then tomorrow we'll boil her son and eat him these are Jews who understand Torah who are exposed to the moral code and moral compass of your hold up and look what starvation did to them this is the connection between the economy and morality the Hat when the economy collapses and when globalists when communists deliberately collapsed the economy and they have no care about human beings and they look at Venezuela look what they did to this very prosperous country and then you have people eating out of garbage dumps eating eating rats this is what happens in a few short years once Communists take over and they do not care the

wealth doesn't leave the facility the
wealth just gets concentrated in the
hands of the few but the same people who
say everybody should be equal
everybody should have
equal amounts in their shoe they're the
hypocrites who end up with all the
wealth and somehow socialism communism
is very popular today well in the West
if you go to the the Eastern Europe and
you talk to people there who've actually
lived in communism they want nothing to
do with it they've tasted it now they
have freedom now they have free markets
now they have democracy they want
nothing to do with communism but those
of us in the West especially our young
people who are being indoctrinated in
the universities by Marxists and a new
Marxists and the this whole postmodern
philosophy philosophy who they're in
love with socialism and have no idea how
we're giving destructive it is and what
it does and what starvation does to
people and so again this is just it's
remarkable to me that people cannot
connect the dots back to Psalm 55
wickedness is in the midst thereof
deceit and guile depart not from her
streets for it was not an enemy just
pick this up again that reproached me
then I could have borne it neither was
it he that hated that did magnify
himself hated me that did magnify
himself against me then I would have
picked myself from him but it was you a
man my equal my guide mica says put not
the trust in a guy and my acquaintance
we took sweet counsel together and
walked unto the house of God in company
David is astonished how someone who
worshiped with him side by side he
counseled him in the ways of God turned
on him this is what Christ says has come

then he's just to despair and now he's
sort of like God Act let the dead let
death sorry let death seize upon them
and let them go down quick into hell for
wickedness is in their dwellings and
among them as for me I will call upon
God and the Lord shall save me again
just understand it okay
we're in a bit of we're in a spot of
trouble right now
but I'm enduring I'm enduring to the end
and I know God will act he's faithful
and in fact in Isaiah he speaks about
those who wait upon the Lord they said
I'm gonna call upon God and he shall
save me means he's waiting upon the Lord
and Isaiah says and I will wait upon the
Lord that hides his face from the house
of Jacob and I will look for him so if
so Isaiah understands the Covenant and
understands that God will act although
at this time he's hiding his face from
Jacob to bring Jacob to his senses in in
chapter 14 verse 31 he says but they
that wait upon the Lord it needs to
proactively look for him to act in
faithfulness to him with an expectation
but they that wait upon the Lord shall
renew their strength they shall mount up
with wings as Eagles it may not look
that way in the present but God writes
the story and he concludes the story
he's the Alpha and the Omega they that
wait upon the Lord shall renew their
strength and they shall mount up with
wings as Eagles they shall run and not
be weary they shall walk and not faint
evening and morning evening and morning
and at Missouri this is back to Psalm 55
he says evening and morning and at noon
will I pray so this is how he's waiting
upon the Lord so he knows God will come
through even though God hides himself
from Jacob he's saying look evening

that's how the day begins and morning
and at noon will I pray and cry aloud
and he shall hear my voice there's a
real confidence in an understanding in
the faithfulness of Jehovah he says he
shall hear my voice he has delivered my
soul in peace from the battle that was
against me for there were many with me
God shall hear and afflict to them even
he that abides of all Selah because they
have no changes therefore they fear not
God so again they think that they have
the upper hand it's gonna be this way
forever and they don't understand the
tables are going to turn
he has put forth his hands against such
as be at peace with him he has broken
his covenant as this guide who is in
part of the covenant community he broke
his covenant and now he's a betrayer and
when Christ says because Torah lessness
will abound many will betray and so we
have to be a people who are immersed in
Torah we have to be a people who are
governing ourselves and judging our
situations
according to Torah in a world that is
increasingly filled with Torah lessness
and so that way we will not fall into
those who break covenant we will keep
covenant because of the depth of wisdom
that the Torah brings us around the
Covenant the words of his mouth were
smoother than butter your betrayer it's
amazing the way they can speak of love
and and we have to uphold the
Constitution and take the moral high
ground of we love everybody in it's
amazing the way that the the smoothness
of the tongue smoothness of the rhetoric
even within the covenant community we
have to be so careful the words of his
mouth were smoother than butter but war
was in his heart don't mess with me you

can cut your head off and you don't even know you're bleeding that's how smooth that the deception is the words of his mouth were smoother than butter but war was in his heart his words were softer than oil yet were they drawn swords David is just in awe of how they do this they speak one way and it just sounds so good and so believable while they're cutting your head off and you don't even realize that you're good either because the you're just so caught up with the smoothness of the words and suddenly you realize you've lost your head there was full hatred toward you but it sounded like luck he concludes then cast your burden upon the Lord and he shall sustain you he shall never suffer the righteous and that's the understanding that David had that's what he held on to if we understand the Covenant amour into the Torah and we see the prophecy in the plan as it's laid out in Torah the rest of the Bible is built upon the Torah the rest of the Bible is just how the Torah plays out and so those those first five books all the wisdom is contained in those first five books and that's that's the foundation we need to be grounded in it and when we're grounded and rooted in Torah we come to this understanding we will never suffer the righteous to be never and that's where the confidence comes from and so we cast our burden upon him and each jealousy and so you know David ego goes through all of this and nearly smashed steel its instruction and so the conclusion he comes to in his own personal situation he can now turn to others turn to us and say hey you know what cast your burden upon the world I cast my burden upon the Lord and he came through for me so my message to

you experientially abused this is Mrs.
proven I've lived it is whatever
situation you find yourself in cast your
burden upon the Lord pray to him in the
evening and morning and at noon and wait
for him he will sustain you
he will never suffer the righteous to be
moved and we see this in first Peter
where he says cast all your care upon
him for he cares for you in the context
of that is God resists the proud but he
supports and helps humble and so David
is looking at the proud who are turning
on him and he's just going to God and
humility and then he experiences God's
intervention and turns to us and says
the same thing that we can have the same
thing pastored be humble
God will resist the crowd you cast your
care upon the Lord you humble yourself
before God he will lift you because he
does care Peter back to Psalm 55 but you
O God shall bring them down into the pit
of destruction God resists the proud but
he cares he uplifts the
but you Oh God shall bring them down
into the pit of destruction bloody and
deceitful man shall not live out half
their days but I will trust you
and so that is Psalm 55 and I think I
will stop there and I was hoping to
cover at Psalm 56 and 57 but I think
some 55 took a bit longer than I thought
it would and rather than just continue I
think we'll pause there and then God
willing we'll cover some 56 and 57 next
week so this is just a wonderful
encouragement and these Psalms are there
and we need to be able to retrieve them
so feel if we're in crisis now and you
know this is life we all go through our
trials so if we're in a trial now we can
get a lot of comfort from these songs if
we're not in the trial now the trial is

coming and so we need to be familiar
with these songs so we know where to go
we have a treasure and when we invoke
that brother or sister is in trial we
know where to go and we can treat these
these songs so this is just a wonderful
insight into the relationship between
King David and his King like Jehovah and
this is what we want to get in comfort
that God will not forsake the righteous
and so as long as we are waiting upon
the Lord whatever our circumstances are
no matter how far they are stormy the
weather is eventually it'll tear and the
Sun will rise upon the righteous because
Jesus Christ is Lord and Jesus Christ
