well greetings once again and welcome to another wings they might Bible study this message is pre-recorded so I will not be on the chat afterward but I believe pastor Murray will be on the chat afterwards and also on will cover some goggle in Psalm 56 and 57 this evening I hope to cover them last week but that we just them a bit more time on Psalm 55 when I fall away to a cover Psalm 56 and 57 and then for the next two weeks we'll have a break different travel or you know I'm dropping some of the other brothers in the traveling so we'll have a break for two weeks and then we'll resume in January and I should just confirm that date let me just quickly look at my calendar so that we know exactly when we're resuming so we're gonna be off the 25th off the first and resuming on January 8th so we'll be back continuing in the Psalms on January 8th let's open with the word of Prayer and then we can get into tonight's study our Heavenly Father we pause again acknowledging - thank you Father to praise you again we just thank

you Father that you inspired these men
and we're gonna be looking at team David
songs this evening thank you for
inspiring him in his kind of anguish and
uncertainty that he could put to music
and put to poetry his deepest feelings
and just try to make transparent his
relationship with you
you think you fought for this father
because it teaches us about you about
David about how and we can relate to you
there are times of despair about how
we've been prayed for our brethren and
their time if you just there anything
that just teaches if you're loved and
you look deep covenant with Israel the
praise of God who thank you
we ask that request I study now and we
ask this in Jesus most holy name and
then so let's get right into tonight's
study where into song number 57
I started 56 and here in Psalm 56 it
opens with to the chief
position upon Jonah Helen
Ratko King that's how and I said Jonah
Helen Rocco Qian and this is some sort
of musical instrument or musical style
simply probably some sort of stringed
instruments I think big time of David
sort of song David and it's when the
Philistines took him in gap and that
again is where we were last week and we
looked at that or just go back to the
first samuel 21 and verse 7 when david
was in trouble went to the priests
wanted the bread with his with his
companions that were with him and says
now a certain man of the servants of
Saul was there that day detained before
the Lord and his name was doe egg and
feed amongst the cheapest of the herd
men that belong to salt obviously a man
of great authority not an Israelite and
that plays out later but here we see

dropping down to verse 10 and David
arose so he realized this would be
trouble that this was an informer he was
going to go back to Saul Saul obviously
wants David put to death and so David
arose and fled that day for fear of salt
or the terrible thing that you need to
be afraid of your own people of your own
leaders we think that our leaders are
for us more often than not they're for
themselves and that's what we see today
if we look in the different political
situations fortunately in the UK I'm not
sure how great the new Prime Minister
will be but at least they have gotten
rid of Jeremy Corbyn they say it's the
leader of the Labour Party I say the
leader of the Communist Party and no
doubt communism is spreading all around
the world and it's spreading into
America that the the bastion of free
nations and so we see this drama use
this this week and last week that the
impeachment of the duly elected
president by communists
and that's what we need to see things
for what they are and these people mean
that's no good and sometimes our own
people our own people can we set out to
destroy us and that's what makes it so
difficult that you're seeing them as
brethren you're seeing them as fellow
Canadians British fellow Americans or
whatever your country is your nation but
that doesn't mean that they're for you
the globalists are not for the nation
they want to destroy the nations and
they have another agenda
I was ultimately results in the
enslavement of mankind so it says here
that he fled for fear of saw and he went
to any Kish the king of God so this just
shows you how desperate he was that the
king of God the Philistines were enemies

of Israel David even slaughtered Goliath and yet is in such desperation to escape in the unhinged wrath of Saul that he flees to a Kish and the servants of a Kish said unto Him isn't this David is not this David the king of the Lamb did they not sing one to another of him and dances saying Saul has slain his thousands and David his tens of thousands and yes indeed they did and that caused salty very and because India is a very terrible terrible emotion that human beings have and it was it makes the work of the devil and Satan got into Saul with the same day he said instead of solemn rejoicing that Israel's agenda being advanced nobody was jealous and David they dumped these words in his heart and was sore afraid of a Koosh the king of dice oh she's afraid of Saul out of desperation he plays into the Philistia and then he hears them talking about him that he's been recognized and that he's fearful he's got fear on both sides now he's fearful on the cake there's the king of God and he changed his behavior before them and feigned himself mad in their hands and scabbled on the doors of the gate and let his spittle fall down upon he's saying that he's insane then said a Koosh unto the servants lo you see the man is mad why then how do you brought him to me have I need of madmen that you have brought this fellow to play the madman in my presence shall this fellow come into my house David therefore departed thence and escaped to the cave I do lon and when his brethren and all his father's house heard it they went down there today so that so again just taking his back giving us a bit of context for the song it goes back to the

trouble that David was in he was fleeing
from Saul when so afraid of what Saul
would do to him that he fled to
Philistia and the people there
recognize tenements as the mighty
warrior original and so then he was from
fraid of Canaanites they have to feign
madness and that's how he escaped so
this is the context of the song first
one you merciful unto me so this again
Psalm 56 55 56 57 they're all personal
lamentations be merciful unto me O God
for man would swallow me up he fighting
daily oppresses me David is they would
see very clearly what men would do
dinner and he's a feeling to God to be
merciful to him and to avoid the Fate
that men want for him my enemies would
daily swallow me up and I think again
just following the u.s. political
situation and the you know clearly in
David was a righteous game I would not
categorize President Trump as a
righteous president but I would say he's
a great president and take his
personality out of the equation just
look at his report card and look at his
accomplishments I would go so far to say
he's the greatest president America has
ever had in terms of just on his
accomplishments along and he certainly
pro-american and there are those that
are opposed
who are draping themselves in the
American flag but they hate America that
America was you never great they took
exception to his slogan make America
great again by saying America was never
great and now in opposing him and going
forwards impeachment they're breaking
themselves now in the Constitution in
the forefathers whom the American flag
and it's all a charade
these are communists who want to destroy

the nation and we have them in every Western nation and daily he's having to deal with me I don't know how he does it but daily he's having to do with me deal with betrayals and oppression and they want to put him in prison for 20 years and all he's trying to do is serve his people and improve his nation's welfare so this King David now is I think we can just kind of look at a situation just to get a sense of how people operate when they're full of anything full of a hatred and they have an agenda to take down the leader that's how we can understand this power of makes people insane and the threat or the fear of losing power really makes the insane and so we just get a sense for what David was up against but just looking at what's going on in the American my enemies would daily swallow me up for they be men that fight against them and I think again president from is overwhelmed is just enemies on every side inside outside all around but they be many that fight against me Oh thou most high and he says what time I am afraid I will trust in you and this is the difference here I think between a righteous King and just a political leader so when David is afraid he trusts in God most leaders when they're afraid they trust in their military they spend more on the military they trust in their ego they trust in their their stable genius their strategies and this all of these things will fail what will never fail is the most high and his covenant with Israel and so David now is the future king of Israel realizes although he's overwhelmed fear he will trust in God in God I will pray well hide in God I will praise His Word in God have I put my trust he's

familiar with the scriptures he understands God's will and he's just gonna stick by God's Word and then he said so he says in verse 3 when he's afraid I'll trust in God now when he's praising the word putting his trust in God he says I will not fear what flesh didn't want him so yes this is a very serious life-threatening situation finds himself in but he says I will not fear what flesh didn't do unto me as he it's like he's in one state of mind and then he opens the scriptures and he starts studying the scriptures and he is restored and he says no I'm not gonna be afraid of what flesh can do to you everyday they rest my words all their thoughts are against me for evil so every day they're there twisting my words and again if we look at the in the American situation where the president has a normal call with the leader of another country and they twisted this a quid pro quo and they just twist it out of context to make it something is the worst thing that anybody could ever do when this is this is natural this is what the America does she provides aid to these countries and in exchange they do things that support the American agenda this is this is politics but they're they when you listen to these accusations it's really projection that what they are accusing other dollar the very things and that reminds me of a proverb here where he says in proverbs 18 17 he that is first in his own cause seems just but his neighbor comes in circus again had the intelligence inspector general's report Horowitz and is just showing the corruption of the FBI and any Democrats and that's just the beginning of sister tip of the iceberg

and so these communists they had they've
been working on agenda for decades and
now they've gotten desperate if they
take the agenda even derail and so we're
seeing things that we would normally not
normally be exposed they're being
exposed now did every day of a rest
money that twist my words all their
thoughts are being sleeper evil and it
all has to deal with power they're doing
they David is anointed needs to be the
king salt does not want this and he's
doing everything he can to destroy Gator
he says they gather themselves together
they hide themselves they mark my steps
when they wait for my soul and again
President Trump is no saint but he is
the leader of the free world he's the
leader of the most powerful nation in
the world and he managed to get in when
he was not supposed to be in power and
he managed to get in and they don't have
the dirt on them that they have on
everybody else he's not part of the
machine they can't control him he's not
a puppet on a string and so this is
driving and crazy and and saying when
Christ came and he challenged the power
structure they had to put it to death
and so we can really get a good
understanding of how the carnal human
being lusts for power and how the carnal
human being
operates and reacts when power is
slipping away from them they gather
themselves together they hide themselves
they mark my steps when they wait for my
soul shall they escaped by iniquity in
your anger cast down the people
Oh God so David is looking at them
looking at their there are genders
looking at their strategies looking at
everything that they're doing and just
how it's all rooted in evil and he

appeals to God to say
will they get away with this in your
anger
Lord cast them down he appeals to God's
act you tell my wanderings put you my
tears into your bottle are they not in
your body so here he's just pleading
with God and just God God knows his
situation and he's sharing all of his
tears and he's even saying that this is
in a sense prophesied when I cry unto
you then shall my enemies turn back this
I know for God is for me and this is
just wonderful that he knows that God is
for him that although all these
multitude of men are applauding did his
downfall for some reasons he knows this
isn't this will not be the end of the
story but God is for me and God's agenda
will prevail in God will I praise His
Word in the Lord will I praise His Word
in God have I put my trust and again
this would be music so we've heard these
letters before so much I got a frame in
God that I put my trust I will not be
afraid what man do you'd want to make
said he repeats that again he's like
he's reassuring himself this is Vivian
or vicious this is terrible
these men are not playing they means
take him down and take him out and yet
he's gonna trust in God and I do
reassures himself again in it and
whenever so we see this sort of pattern
where in God I would play well I praise
His Word in the Lord will I crazy
and it says he reassurance himself in
the Word of God he then puts his trust
in God and then he's not afraid he will
not be afraid what man can do it to him
and this is what we can learn in this
intimate relationship and this
transparency that David has is how we
can be difficult the more human

these people are vicious they're they're
horrible they sort of cancel culture
they'll take down anybody who gets in
their way of destroying the Christian
family rooting out the judeo-christian
fabric from society implementing their
immorality which they will pose as
morality they're ruthless and when you
see their strength in their power and
and think this sort of mob how they move
as a mall but it can be frightening and
we have to turn to the world and praise
the Lord in his work and then put our
trust in him and then we can just at
this point now we can say you know what
I will not be afraid

what man can do anything and this is
quoted in the New Testament
in Hebrews 13 in verse 5 let the conduct
be without covetousness again this thing
called envy and covetousness were warned
against it in the commandments
it's a horrible it's a it's a horrible
doorway that swings open that all that
was safe in it to take over and that's
certainly what happened to Saul let your
conduct be without covetousness and be
content with such things as you have so
it will bless them so much equally for
for you count your blessings the cup is
half full give thanks for what we have
for he has said I will never leave you
nor forsake you so that we may say we
may boldly say the Lord is my helper and
I will not fear what man shall do unto
me so that's we see it in the song 56
from David and so much so it's so clear
that in Hebrews the Apostle is
instructing us we should be able to say
this for
the Lord is my helper I will not feel
unanswered into it and so for not
covetousness if we're grateful to God
and when our club filled with

covetousness we're grateful to God and we're studying his word we can take this position the Lord is my helper I will not fear what men don't do wanted dr. Psalm 56 your vows are upon me O God I will render praises unto you so he now returns to the bow that he's made to God we certainly need to return to our baptism baptism about true which we have been grafted into the government and we're going to fulfill our vows your vows are upon me O God I will render praises unto you for you have delivered my soul from death so if you knows God has delivered in multiple times you have it is a fact you have delivered my soul from death will not you deliver my feet from falling but I may walk before God in the light of the Living this you can see he's been delivered in the past he's in trouble now and he knows he's confident God will deliver him and that's how Psalm 56 ends Psalm 57 to the chief musician

I'll tossed it Midtown with the editor other palomar psalm of David when you fled from stall in the cave again this is all around the same time period Psalm 55 56 57 it is such a time of great distress and a lot of beautiful music and poetry came out of this period in David's life first one in the same way be merciful unto me O God be merciful unto me for my soul trust in you you can hear the anguish you can hear the the singular focus there is no one else that David can turn to this is this is his love life be merciful unto me O God be merciful unto me from my soul trusting you yes in the shadow of your wings will I make my wrath huge until these calamity the overpass there you know I think when when God hears a prayer like this this is exactly

what he wants because he is the one that
that covers over that brings his wings
and brings his hand his chips under him
to protect them and Sir David coming to
him pleading for His mercy
acknowledging and declaring his trust
and I think God would just respond very
favorably to this type of prayer to just
trust in him until these calamities be
over fast and again wherever we are we
might be living in wonderful
circumstances this can change overnight
especially you see the lust for power
that great contest for power this global
contest for power in all the different
nations when these communists or
Islamists get into power things can
change overnight and so we need to be
able to call on these types of prayers
that I serve in the shadow of your wings
while I make my left fuge until these
calamities be overcast I will climb to
God most high unto God that performs all
things for me wonderful he shall send
from heaven and save me from the
reproach of him that would swallow me up
so he just knows help this comment God
is in heaven he will send from heaven
his angels of spirit and he will save me
from the repose of him that would
swallow me up Selah David is confident
God shall send forth his mercy and his
truth my soul is among reliance and
again this is Peter when it comes to
power men are ruthless they don't share
it they hang on to it they don't
acquiesce so is soul it among lions my
soul is among lions and I live
even among them that are set on fire
even the sons of men whose teeth are
Spears and arrows and their tongue a
sharp sword and I think this I would
this is their their rhetoric but the
word that the words that come out of

their mouth how they're able to craft the narrative so that that which is evil becomes good and that which is good becomes evil and everybody's against what they think is evil but it's really good and they're able to stir up the masses and into a violent frenzy this is how their teeth are Spears and ours and their tongue is a sharp sword that they can turn people because they can spin a narrative and we now are in this period of narrative warfare and I think so the notion of fake news we may use that term fake news or really talking about is this narrative warfare that people perceive their environment they they interpret reality through narrative I mean I need a context to understand what's in front of me and that's the narrative and so those who have control over the media and we were able to spin these stories and this is how you should interpret things this is what's happening until we interpret that way and we get stirred up with the masses sometimes to the point of violent opposition and this is how these men their teeth are Spears and ours and their tongue a sharp sword we youth exalted O God above the heavens so as opposed to these men who are obviously an exalted position it says no you be exalted of God above the heavens as those truly the exaltation of God let your glory be above all the earth they have prepared a net for my steps and again I can't help but read this in the time that period that were in now and just see the application of this to president ROM book although I wouldn't put in as in the category of a righteous leader but certainly I would put him in the category of patriotic American leader

that has been betrayed that is being
opposed by communists and they have
prepared an F for his steps ok breathe
and he does good and they want to turn
it into evil they have prepared a net
for my steps and it's important for us
to watch this so that we can see
Machinery works we can see how Satan
works in there it's important for us to
understand to get inside they have
prepared the net for my steps my soul is
bound bow down he's depressed firmness
they have digged a pit before me into
the midst where of they are falling
themselves and this thing backfires on
them and you can see how this whole
impeachment strategy has backfired on me
the Democratic Party of it what I called
the Communist Party the globalist party
it's backfired and now it's turning
against them but this is this is what
happens they prepared enough for my
steps my soul is bowed down
they have dig the pit before me into the
mix where of they are falling themselves
see ya my heart is fixed Oh God
my heart is fixed I will sing and you
give credit not just wonderful I think
is it this verse really speaks to the
Christian conviction the harvest fix
it's all gone it doesn't matter what men
do
doesn't matter how things unfold you
certainly pray for the protection of our
people but if it doesn't turn out that
way you know it's like me Shep Cedric
and Abednego land they confronted the
king they weren't careful to answer
because their heart was fixed David's
heart was fixed our hearts must be fixed
I will sing and give praise is just
didn't the whole thing over to God
exists in a praise God because you know
ultimately God's will will be done Oh

wake up my glory awaits altering heart
I myself will awake early but avoid
early as anything to be enthusiastic to
get up to be enthusiastic about praising
God and instead he's a musician he wants
to know there's turn his attention to
praising God I will praise thee O Lord
among the people

I will sing unto thee among the nation's
and now he has this forward-looking
vision remember David as a prophet not
just the King so he had this
forward-looking vision who knows the
scriptures he knows the will of God and
he sees that he will have the upper hand
and he will praise God among the people
and he will sing to God among the nation
we can just get some insider so what
does this mean that David will sin to
God among the nation's we see this in
Isaiah 60 no dystrophy a very familiar
scripture we studied secular designers
refer to it several times but here
Isaiah says arise shine for your light
has come the glory of the lord has risen
upon you for behold the darkness shall
cover the earth and gross darkness the
darkness have come in the earth and
gross darkness the people but the Lord
shall arise upon you and his glory shall
be seen upon you

this is the king of Israel and David
obviously was the king of Israel
represents Israel and so darkness is
gonna come it's gonna be all over the
earth but God's elect God's glory is
gonna be upon Israel and all the nations
will have this veil of deception lifted
from them and they will acknowledge it
over and they will acknowledge his
people and the glory of God will be upon
Israel and the Gentiles shall come to
your light is ray of light and Kings to
the brightness of your rising so this is

the prophecy that we see and it's all over the scriptures but this is what David is saying that you know he says to him he says awake up my glory Oh wake up psaltery and harp by myself with a link early I will praise you O Lord among the people
I will sing unto you among the nation's and so we see this prophecy when Israel will be in the exalted position among the nations and will lead the nations in the worship of Yehovah back to Psalm 57 for your mercy is great unto the heavens and your truth on to the clouds he now exalted O God above the heavens let thy glory be above all the earth and certainly men want to glorify themselves and want to exalt themselves want to hold on to power but this king of Israel could see that the rightful ruler is over and the more your whole is exalted then the greater peace and prosperity and abundance for mankind first Israel then the Gentiles the Psalm 56 and 57 personal 55 56 and 57 very personal lamentations of King David when he was in this terrible situation with Saul seeking his life and we saw the damage it's always people love and how he slaughtered the police and David Langford is like and desperate but in all of that desperation comforting himself in the Word of God have any confidence in the Word of God I mean God loyalty to his covenant and just ending with the higher exaltation of y'all let's end there and again as I say below the opportunity for resume God willing like Psalm 58 and we return I'm generally yes
