

Well, greetings Brethren and welcome to another Wednesday night bible study. Hopefully, you're seeing me and hearing me clearly. We are now just broadcasting exclusively on Rumble and unfortunately I cannot tell whether you can hear or see me, let me just confirm. I'll just do some checking on my side just to see if I am coming through and maybe I'll ask customer if you could send me a chat through slack but it looks good to me. I look like I'm coming through here and I'll just see if pastor Murray is able to confirm that for me somehow with Rumble. I don't get the same feedback that I would get when I am on YouTube, so I'll just go ahead and that's an opening prayer. And then God willing, we can confirm that all set. Thank you Pastor Marissa looks like I'm coming through. I just got to get the integration with Rumble and Restream is not great but we'll talk about that in a moment.

Our heavenly father, great God Almighty, we pause before you enjoying our hearts father. And then Hope just knowing that Jesus Christ, is, is waiting waiting for your command, for him to return to this earth, to bring sanity and to bring righteousness, and to reflect your glory. Father, look forward to this time. We thank you that we can open the ancient texts, and it's growing our understanding of you, and of Christ, and, and deepen, our face and walk more carefully. According to praise you, Lord, God and ask your blessing on Jesus name. Amen.

So, it looks like I am coming through loudly and clearly God willing tonight, we will Culver's Psalm 145. Now we are broadcasting exclusively on Rumble. So if you found us congratulations, thank you for making that. That effort to find us some Rumba. We are no longer on YouTube. Our last broadcast of our keeping watch podcast was taken down by you too, because we violated their community community, as if there's such a thing, as a YouTube violated, the community guidelines, which Community is just another way from, from my perspective of a step towards communism, where the individual no longer matters and everything is done for the sake of the collective and we systematically destroy and Stamp Out individual individualism as well as individuals because we have this higher objective, this higher ethic called the key. The collective, and that is the slow. Systematic walk into communism. So we're no longer broadcasting on YouTube. We're also no longer broadcasting on CGI digital Network. So we just don't want to get on the wrong side of our Brethren that are looking after that fox form. Nor do we do, they didn't want us to jeopardize the other content that they have on that platform.

So, going forward, God willing all this. This Rumble platform will still be available to us. We do need to realize brother. But we are heading into a future where we are, eliminating Free Speech, because the powers that be have chosen to destroy and bring down western civilization. And we do have to look through the history records. And see that Western civilization was really built upon the principle of free speech. Western civilization was really built upon the value of the individual and in the scientific advances in Western human in the western civilization. We're really built upon a healthy skepticism and the ability to speak out and question. Without reform and that is the foundation of the scientific method and unfortunately science has, now become for religion, used to be, they used to laugh at religious people because we would not question. And anybody who question was was violence and now we flipped where it's your scientific and if you believe this I believe in science. It's like religion. Now you cannot question the narrative. There's no more skepticism. There's no longer a scientific method or scientific way of

critical thinking, we must just all tow the line when I'm going to tell you brother and I'm not Towing the line and my brothers in in Burlington here. I'm very so proud and honored to be alongside them, but we've chosen to be free. We've chosen to be free in our minds, to be free in our speech, and the consequences, are the consequences.

What I know about evil people and I will consider the the owners of YouTube Google ABC know, there was a time when Google first launched they have tagline do no evil and I just quietly disappeared. Now they're giving great evil knowingly and so I thought I would, I know about evil. Is there Never Satisfied when you called in each of them is never enough. They always want more and eventually on this these digital platforms. If you're not willing to bow to sodomy, if you're not willing to bow to critical race theory, if you're not willing to bow to climate change and maybe in the future on these platforms, you have to put the the pride flag in order to have speech on these platforms. It's at the the margin for communication just keeps shrinking. And I'm a grown, man. I'm not going to bail two men about to Christ consequences bday. What they maybe it's that sucks that secondary we speak the truth and the consequences of the consequences when I'm going to check, which way is the wind blowing today to see what we can and cannot say. So if you have found us on restraint, thank you so much for making the effort. I can't see who is here. So we really do appreciate your support and your interest and we're just going to keep going forward. Preaching, the gospel, as we have, come to understand it and we pray for pray that God the Father will open doors for a sin to think. On that note, let me just say this, I'll just move over to the scripture here and here in Acts. 5. We see this from Gamaliel since the folks were persecuting, those who wanted to speak freely of the gospel. And now I say unto you refrain from these men and then it's our message to you to leave us alone. Is there a message to all those who want to censor our speech. Our right to have an opinion. Leave us alone refrain from these men and let them alone for is this Council or this work be of men, it will come to nothing. So if what we're preaching what we're doing is is of us just our own thoughts. It'll come to nothing. But if it is in the same time, God is going to work through men somewhere. And if we have a sliver or an aspect of God's work, then God is behind us. And we have an example with the church in Philadelphia, where he says, here, to the messenger of the church in Philadelphia, right? These things says he, that is Holy, he, that is true. Dealer has the Key of David. He opens and no man, shots, and shots. And no man's open. No man. Open to. This is an attribute of God that we learn through his relationship with the church in Philadelphia. But he has the ability to open doors and when he does no man can shut them. And he goes on to say to the church, I know your works. So the church has to have works. And he said, to this church is congregation. I know your Works behold. I said before you and open door and no, man can shut it. These people meeting at Davos this week instead of January 18th 2023 for the sake of the archive. And as we're here right now, this week all the most powerful Peeps and they'll start a lot of people have not gone this year, but this is a group of most powerful. Intellectuals, the academia, the most powerful Corporation leaders corporate leaders. The powerful scientists politicians are all collaborated as to how they will create the future that they want and guaranteed one of the things they are discussing is the shutting down of free speech from a preaching. The gospel perspective we would say, they're discussing how they can close doors for the preaching of the Gospel, but we cannot be discouraged because we have history on our side. And what we learn from history is when God sees that our works. Our sincere or Genuine so we generally want to praise him and and and preach the gospel as we saw here in the Church of Philadelphia because I know your worth behold, I have set before you an open door and

no, man can shut it for you have a little strength and you kept my word, and you've not denied, my name, my name, my name, we cannot deny his name. What is his name, being? What? What is the implication of his name? For the preaching of the gospel? And once he sees that, even though we're were worthless, we have little strength. When already capable, he is capable. And when he opens doors Google YouTube can do what they like. Facebook can do what they like to do. What they like God is going to orchestrate things. So that we can walk through an open door and preach the gospel. Not just us, but all over the world who ever wants to preach this gospel. We don't have to worry about men. Men cannot stop. This gospel, they can stop us, they can put us to death but they cannot put to death. The gospel. Other is a bench and other men other women, other than young people will come behind us and Bill pick up this message. And this, this, this message to never be suppressed. And so, we will continue. So what. Let's get into some one of those before. I do want to ask for your prayers brother, and just as again, we have the example of the early church and hear Paul to the congregation in thessalonica, as well as in Colossus colossi. If he ask them to pray, just finally Brethren. Pray for us, that the word of the Lord, may have free course, and be glorified even as it is with you. So, were you have a broken back then? But today, you've been a beneficiary. Of the if you've been a beneficiary until I just got a message from pastor Murray. Yeah, that is a, that's a very good number customer. That's actually more than usual. So I'm very encouraged. That looks like we've gained a few in terms of our typical audienlive audience, we haven't lost anybody. In terms of moving over to rumble at fantastic and I do realize. Rumble is not at least today. It's not as convenient as a YouTube but why YouTube has in its favor is in her. It's just a weird guy myself. It's easier for me to go to YouTube and all my subscriptions are there and the algorithm to spines and Ms. Just inertia, it's hard to say, okay, I'm not doing this anymore. I'm going to switch over to rumble, that's tougher and just judging from the number here. That's how fast Merced live watching. But we've gained in in audience, that's fantastic and icing, while I'm on this our last Podcast keeping watch podcast which YouTube took down because I'm actually shocked. I thought this is quite common knowledge. Now that the vaccines are icy detriment, That they do not stop transmission, nor do they prevent infection. Set that people who are triple quadruple vaccinated are more, likely to be hospitalized are more likely to get scolded and are more likely to die. Not to mention all of the vaccine injury. This is not conspiracy theory anymore. And I, I just, I just saw this is common knowledge, but apparently it's not YouTube is holding the line and at least take the second on all videos. Something a lot of content on YouTube about the danger of the vaccines and the acknowledgement even by CDC and FDA. There's a problem and yet they've chosen to take our last podcast down. But I am encouraged by the fact that before they took it down the and I we don't speak. We Don't Preach or speak for likes, but before they took it down. What we observed was that the number of likes for that podcast was Triple the number of like for my sermon on the same day and the viewers of my sermon was higher than the viewers of the podcast. So usually more people tune in life to the sermon. And yet the podcast in terms of approval, Outperform my life sermon so that podcast really hit home and yet it was unfortunately crossing the line. We see we stepped on the third rail unwittingly, it wasn't deliberate. We thought this is just common knowledge so you know as if it were not going to preach for likes but we are everybody likes to know that the work that we do is appreciated and so we thank you brother and for your support. So please pray for us just as in the early church as the Brethren were blessed by the word of God and the word of God was glorified before them. He asked them and turn to pray that his preaching or the apostles preaching would be effectual and would continue to the

magnify. So that's what we ask as well. And also to the Church of colossae, said with all praying, also, for us that God would open unto us a door of assurance. Speak the mystery of Christ for which I am also in bonds. So this preaching that we do, it's not a popularity contest. It's not. What can I say to get the most likes? It's which way is the wind blowing today? And how do I preach it in such a way that I don't get taken down? And that everybody likes me, I said once you and all men speak, well of you, that's what that's what they're the thought that they did to the false prophets. So we pray for your, we ask for your support Brethren as you know, we are obviously we're not saying one better than this early than the other. We're just different and we're taking this approach apologizing for the gospel, but not apologizing for understanding there. There is a need, that's why we started the podcast. There's a need for Brethren to stay awake to stay aware to be able to interpret what's going on around us and so that's what keeping watch is all about to prevent us from being seduced by deception and so far, I pray, we pray brother and that you will help us that you pray that a door is open to us. You know, when one door is closed, God can open another. And so let's continue with what we know is we're going to speak the truth first and then the consequences are the consequences. We thank you just for following us but be aware The day will come or could come when we can't reach you, and you can't reach us because this, depending on this digital platform is dangerous and precarious. That's why we really try to encourage you to be in physical assembly. I realized, we were clear, it's not always possible but to the extent that it is even close. Schwab is telling his, he's telling his people. We've got to be in person. That's the way we need to build trust. So they realize how important is to assemble together and yet they want to prevent the churches from assembling. So do your best brother into being physical Fellowship. Try not to be dependent on this digital media. They want to move everything into the digital space so they can have complete control over us. And we need to realize that the bonds that we are building matter and being in our being an assembly together, matters it with all of that. Let me get into the song for today, which is Psalm 145. And he says here, this is David's final song. In this book of the, the five books of the Psalms. This is the last one and this is really how David closes out. So this is David from David Psalm of Praise. He says, I will extol you. I lift you up. I My God. Okay, and I will bless your name forever. He needs a tournament. I will do this and it's not like I'll do this and it's just, I think I'll do this. It's like, I don't care what the opposition is. I don't care what men say, I don't care what obstacles are in front of me. I will lift you up over and above everything and everybody, I will extol thee. My God. Okay and I will bless your name forever and ever. Remember did the church at Philadelphia? Although they have a little strength. They did not deny his name and his, his name matters, we have to understand that what what is his will that's embedded in his name and why does it matter will David understood? And he said, he will bless his name forever and ever, so that means that David also understood eternal life and that he would live eternally and eternally. He will stole his God and bless his name. He says every day will I bless you? So so in there it is again I should have highlighted this this notion of his will that he's he's just determined. I will extol Thee. I will bless you. I will bless you. I will praise your name forever and ever. This is a man who's made up his mind, is somehow In his life experience in his old age, is he looks back, he is just that nothing's going to stop him from blessing. God from praising God for, from extolling him and holding up his name. Now, that's not without cost and we have to understand this price tells us in the end in this final chapter of man's history that they shall deliver you up to be afflicted. This is where we can please. We can dance as fast as we like them though. Just a dance faster. Strip off all your

clothes and humiliate yourself. Bow to the pride flag. The Indian national hyperbole. This is how the the mind of the wicked Works. They take pleasure in the humiliation of the righteous. We cannot play nice with pedophiles. We have to call them out. They shall deliver you up to be afflicted. This is this is Christ talking. Not me. I didn't write the Bible they shall deliver you up to be afflicted this week. We don't have friends. We don't have friends with the elite. Don't invite us to their secret meetings. They just tell us whenever you hear anything, just a conspiracy theory, collaborations inclusions, and they withhold data for 75 years. And yet we must say to each other, all conspiracy theory and never acknowledge the fact of conspiracy. We do not have friends with the elite The elite have chosen. A different direction. They have not chosen to praise God forever like David. Like the church. I told him there's an inherent conflict in the agenda that they are pursuing and the agenda that we are pursuing, they want Power, they want absolute control and we want price to have absolute control in power. This this is an inherent conflict, this is a problem. We cannot bow to them. We cannot try to please, they'll never have enough. They shall deliver you up to be afflicted and she'll kill. You, are these our friends. You want to play nice with them? They hate us. Alicia kill you and you shall be hated of all Nations. For my name's sake, there's an agenda in God's name that is antithetical to their agenda. So we're going to be true to God's name. We're going to be in conflict with them always. That's why we're not going to check which way the wind is blowing to see what we should say. We're just going to speak, let the chips fall where they may It's not easy. So David says, I will, I will, I will forever. I will I made up my mind, but that's not without cost. But not without cost in. So Christ is telling us up front what the cost this with something. Because there's also a reward and he sells as a friend, but the reward is David goes on to say, reaches the Lord. Great is his understanding. This is the realization is coming to Jehovah, is is right. And not just great but greatly to be praised. They said this is a man of wisdom, you know, we have we have Fools With surrounded by fools today. Idiots imbeciles. Who have somehow concluded in all the creation? That's observable. They have concluded that. God does not exist, but they gone further than that. Not only does God not exist but they are God, they are God on Earth. And they will decide what you and beings can eat, and what they can't eat and what human beings can worship in. What they can't worship. They are the Gods of Earth. They've decided only, they can save the Earth. They are the saviors of the Earth. I'm sorry, I'm with David and I know you're with David that, that our God he he is awesome. He is great, great beyond our abilities described. And because of his greatness, he is to be praised greatly. That's the path we have. Chosen to praise God. Not to praise man. Not to follow a man. Not to try to please men. And his greatness in his greatness is unsearchable. It it's just it's there's no end to it. So we have a decision. Do we do we bow before men or do we bow before God? Let me says one generation shall praise. Your Works to another and shall declare your Mighty ass. This is something young God's intervention from heaven. On Earth is something that is so impactful, it will be spoken of for generations and God wants it to be. So he says, then in Deuteronomy in the Torah, he says, in the Torah, Deuteronomy 6 in 47, that you shall teach his statues, his laws diligently on to your children. So it's going to passed from one generation to the next to the next to the neck and the knowledge of this, great. God will stay alive. You shall teach them diligently on to your children and talk of them when you sit in your house and when you walk by the way and when you lie down and when you rise up and we have to do this because the the false gods that the men who think they're God's, they understand the importance of shaping, the young mind and they are diligently. teaching our children, critical race Theory, diligently teaching, our children gender fluidity Diligently

teaching our children that human beings are nothing and that we are to be despised. And I were to be destroyed for the sake of the environment. This is what they're diligently teaching our children, cuz they understand if they can get it, the young mind and shape, the unlined there set. Well we have to resist this and we resist this with her parents or grandparents or great-grandparents by diligently participated in the education of the young and that's why it's so dangerous. They know there's some Even in the church, we're going to try to cut off their parents or their grandparents from access to their children, that that is an evil thing. We, we, we need to expose children, and if their parents or their grandparents are in the way of the lord, we want our children and our grandchildren or their grand in front of them. You want the influence of children and grandchildren try to do this alone. So this is this is a a real important. Desire that we should have that. The young children are exposed to the great works of God by their parents would not just their parents by their grandparents as well, but it's not just within the family. That one generation will praise your Works to another. It's also in the congregation here, for example, and Titus to inverse read that the aged women, likewise, that they be in Behavior as becomes holding us. So we should be setting. Great example. And then unfortunately, again, the way our society is going with all about you stand and everything's about the use and the use of the ones with wisdom and old people are useless that many of our older women. Are behaving, you want to see a 60 70 year old woman in a miniskirt? What is that? Accept the loss of Honor. The loss of dignity. Because we're all trying to be young. That's what Society tells us the value is in the news, but not scriptural scripturally. There's a Value Inn in going around the Sun for decades and decades and decades. And that should be recognized in our congregations. Ask all these trucks Titus here to the to instruct the women. That if you're an older woman in your behavior should become Holiness, not false accusers. We should not be taking up with again, what, what societies really learning as this is cancel, culture and false accusations and it's so easy for us to jump on this bandwagon cuz everybody's doing it. Where is we should be the type of people as they know, we're not jumping on the bandwagon. Gossip is so easy to fall into not going to do that. Not false accusers, not given too much wine. Teachers of good things, you know what congregation in Burlington, hopefully in your congregation as well. We have lovely mature women in Christ. Who are eager students of the word of God, disciples and teachers of good things setting, great examples. You can come to our congregation anytime, an unannounced, You know, we're not we're not expecting you and you won't see a single woman, but we track, that's a regular attendee that her cleavage is hanging out and she's in tight clothes and she's dressing. Like she's 14. You going to see dignified women who love to love the Lord and you love the word of God. M&M. So he says here that there that they are doing these things, that's going to enable them that they may teach the young women to be sober to love their husbands to love their children.. This is the building block, this is how do it. So if they love their children are going to fall of the Torah and teach their children and all the grandparents and people should teach the children. But they need to be guided by the older women. Huge responsibility that are women have to be teachers in the congregation so that one generation will teach the Next Generation to praise the Lord. About to Psalm 145 again I will so you just constantly focused on this this decision that he's made. I will speak of the Glorious honor of your majesty and of your wondrous works. And so today we're going to do the same and I'm keeping watch. It's not a sermon but it is about prophecy. Invisible being aware. What's going on around us? So that we can see how prophecy is on Falls because Christ has a snare. It's going to capture all them that dwell on the earth. People are not paying attention and they're getting swept up

and so keeping watch, it's about preventing that an understanding of Prophecy is unfolding. So he just, I will I will speak freely. I will speak of your glorious honor of your majesty and of your wondrous works. And Men shall speak of the might of your terrible acts and I will declare your greatness. Now that is going to be considered a hate speech today. If we have made a decision as David did, that's it is what I'm going to do, regardless of the consequences of the consequences are going to be great. Is you going to declare his greatness Christ? Says they will put you to death. If you're going to declare his greatness prices, you will be hated because his greatness is in his name because you'll be hated of all Nations for my namesake. So we're going to have courage. We're going to have a backbone and you don't say it again. You cannot please the wicked. We cannot please do with it. They're talkin right now in Davos about how they can destroy free speech in the West. We need to resist that not cooperate with it because that is the key to brainwashing. That is the key to successfully bringing in communism and fascism. That is the key to persecution that is in free speech. Within a society of free speech, we can give to counter nerve that we can give the other side of the story and people can hear both sides. And so, you know, I think I think he has a point over there. But if there's only one side and we can never say the other side, then we can round up the Christians. We can say what a horrible people. They are so full of hatred. They are and they never get to speak. And therefore the whole society is in, you not unanimous. Are there are there in the United States sent? To destroy the questions that's where we're heading. When we said yeah let's let's cancel speech. Let's shut down free speech. That is not of God. And if it's not of God and it's of the devil, it's not going to end well for Christians, we can never please. So he says, man shall speak of the might of your terrible ass and I will speak of your greatness. And then this, this is terrible acts this, this the Hebrew for terrible, this is really awesome at his his his acts that create all And an exodus, this is coming right from Torah. In Exodus 34 verse 10 and he said, behold I make a covenant before all your people I will do Marvel's. So this is Covenant that God has made with the Israelites. He is going to do Marvel's in front of the Covenant people one generation to the next generation of His Marvelous acts. He says, such as have not been done in all the Earth, there is something about the Covenant Community and God's plan for the Covenant Community. That he's going to behave in a way that is exclusive to the Covenant Community. Such as has not been done in all the Earth nor in any nation. And the whole earth is going to ultimately rejoice in these awesome terrible acts of God for this nation, And all the people among which you and all the people among, which you are, she'll see, the work of the Lord for it is and there's this words is Hebrew word yaraei for. It is an awesome thing that I will do with you and God is going to act within this community through through poses to do something awesome and he's going to do the same in the end time. Time of Jacob's trouble in the time of this Great Tribulation. That these Elite are actually bringing about God is going to act on behalf of the Covenant Community. Awesome way to the whole world ultimately is going to bow down and acknowledge that the god of the universe. Is the god of Israel about to Psalm 145. He says they sell a bundle, the author, the memory of thy great goodness and shall sing of the righteousness, this God's actions are just so beyond our imagination. That they have to be done and when they're done for the use the common vernacular Blown Away. so much so that one generation tells the next tells the next and we put it to song He said the Lord is gracious and full of compassion. This is Old Testament. David didn't have the gospels Christ had not. Oh, come on Earth as a human being to open up the Discover. In the way that he did true through his first full appearance as a human being. To fulfill Torah. And so this notion that while the Old Testament is this harsh God.

And the New Testament is this, lovely gracious. God, King David is saying based on his relationship with God and the Jehovah is gracious. And he is full of compassion, slow to anger, email long ago. Swiftly, but he doesn't. He's slow to anger and of great Mercy. This is King. David's understanding after much study. After personal experience and observation and much meditation and prayer. But he comes to this conclusion of this. God is being gracious, full of compassion, slow to anger, and upgrade mercy. And he has hit the nail on the head Bullseye because in the Torah God himself described himself exactly this way. He says in Exodus 34 Verse six and the Lord Jehovah passed by before, Moses and Proclaim. This is what God is saying. This is God's description of himself and proclaimed. The Lord, the Lord God merciful and gracious. Everybody wants to say the god of the Old Testament is horrible, and mean and cruel, but the god of the New Testament is so nice and and tolerance and then, and just permissive, God of the Old Testament, the Hebrew Bible, the god of the Hebrew Bible self describes himself. He says, this is who I am Moses. Merciful and gracious, long-suffering he's not impulsive. Needy. The god of the car and he's long-suffering and abundant in goodness and truth. So David came to this realization God, God revealed this to Moses and Dave came into this understanding as we have as well. Psalm 145 verse 9. Now, for this part of the song just noticed how many times David repeats, the word all is really just blown away by this. He says the Lord is good to all. And his Tender Mercies over all his works. This is who God is so much. So that Christ when he was on Earth set this to his disciples into us, by extension to you love your enemies, bless them that curse, you do good to them that hate you and pray for them that despitefully use you and persecute you. So why should we behave like this to order enemies? That you may be the children of your father, which is in heaven? Before he makes his sun to rise on the evil and on the good. So all the folks there in Davos the elite Planning the destruction of civilization. They get to benefit from the sunshine as much as we do. They get to benefit from the rain as much as we do and price. The same to us. We have to develop this kind of character to be long-suffering to not be impulsive to develop the character of God cuz he says before he makes his sun to rise on the evil and on the good and sends rain on the just and on the unjust. Now, he goes on to say all your Works, shall praise you. All your Works Shuffle ultimate it may not today today. Today me they may try to compete with you and try to replace you but ultimately we're heading into a future where all of God's work the entire creation shall Praise You O Lord and your Saints shall bless you for heading into a future where the whole of God will be on earth. you know, just the same way again that if we look it doubles and the elites Gathering that were very aware that the elite are gathering in CC planning, the future of the whole world global technocracy, that's coming and we will then have to live by or try to navigate the decisions that they're making Well, in the future. All creation will praise God. And then on the high days but all the saints gather with Christ in Jerusalem and end crisis, instructing us and work, collaborating and figuring out what needs to happen. This whole world will know, the whole world will notice. The Saints are meeting in Jerusalem, this whole week. We meeting in Jerusalem, that's the future, we're heading into. And so he says here All your Works, shall Praise You? Lord and your Saints shall bless you. So the Saints are going to be in a separate category from everything else. And everybody else he says, in Psalm continuing verse 11, the Saints they shall speak of the glory of your kingdom and talk of your power. Now these Nets versus are important. Are in the middle of the song. I mentioned last week that this song is actually an acrostic. So each letter of the Hebrew, alphabet the first letter of each, all of the alphabet is kicking off each verse was interesting as these middle versus have the three letters that make up the word Miller or King. And so they're actually in Reverse, but they

make up the word, lemon, and Industry versus you're seeing kingdom kingdom kingdom over and over again and again, that's coming from the acrostic. So he says here, Just do this. They shall speak and this is sort of the central, the heart of the song God's kingdom has his Reign Over the whole creation. The Saints shall speak of the glory of your kingdom. Israel will be the ambassadors of God kingdom worldwide. You can speak of the glory of thy kingdom and talk of your power. We will have an understanding with first-hand all and I will educate the physical Israelites o'lantern and educate the Gentiles to make known to the sons of men. His mighty ass right now. They don't know they're ignorant. Don't have to feel sorry for them, but eventually everybody will know and the Saints are going to make known to the sons of man, his mighty acts, and the Glorious Majesty of his kingdom. So, just kingdom kingdom kingdom. He says, your kingdom is an everlasting Kingdom. This again, is understanding the through this Kingdom, once it's in place in place forever. And everlasting Kingdom and your Dominion injures throughout all generations. Then there's that all again, all generations. Will be subject to God, and it's interesting that that I just want you to remember, this Dominion is Dominion. That. Today, and it's interesting that the Dominion voting machines. Dominion is about Northern, they're pursuing Dominion. They want to dominate and so they're rigging elections with software so that they can introduce This Global. Stakeholder capitalism. And anybody who tries to stand up for their Nation to put their Nation first, they will crush through this fraud so that all nations are part of their Dominion, but all of that is going to be replaced. By the Dominion of God throughout all generations. And so he says that the Saints are going to make known to the sons of men is mighty Axe and the Glorious Majesty of his kingdom. The prophet Isaiah and Isaiah 43. Verse 9 says, let all the nations, the Gentile Nations be gathered together and let the people be assembled who among them can declare this. And show us former things. Let them bring forth their Witnesses. But they may be justified in what they've done. Or that can't do that. Let them hear and say, is truth. What the Saints are preaching, what the Saints are saying, that's true. God says to do. You are my Witnesses, says the Lord. And my servant whom I have chosen. That you may know and believe me and understand that I am here before me, there was no God neither shall there be after me. So these Saints, these leads they discovered in people of Israel are going to be set aside going to be educated. They're going to know God first hand and then all the gentle people are going to be gathered and educated by them because they will be the witnesses of God and wheels. Firstfruits of the honor to participate and help God in the development and unfolding of this plan. Jeremiah Jeremiah puts it Prophet. Jeremiah says, oh Lord, my strength and my Fortress sounds like David is my strength, and my Fortress and my refuge. In the day of afflictions of these men of God really came into an understanding of God's mercy, and compassion and protective nature. Oh Lord, my strength, and my Fortress, and my refuge in the day of affliction. The Gentiles shall come on to you from the ends of the Earth and she'll say, surely our fathers have inherited lies and things were in. There is no profit. Oh yeah, they're pursuing profit today but they're going to realize it's all vanity is all chasing after wind and they're going to be educated as they come to God from the ends of the Earth. And by coming to God with me, coming to the people of God, the saints of God, who will educate them. And Tora. This was the plan from the beginning. God says to the Covenant Community, keep their 4 and do them. That is the statutes in the laws for this, is your wisdom and your understanding in the sight of the Nations, is this, this is how you educate the nation's Wichita, hear of all these statutes and say, surely this is, this great nation is a wise and understanding people. This is God's will From the beginning and this is what's going to happen in the

future. All the nations of the Earth are going to hear and see what's happening from Jerusalem. And they're going to say, Charlotte this. Great nation is a wise and understanding people for what nation is there. So great, who has God so near unto them as the Lord. Our God is in all things that we call upon him for. That's the original intent of God for this Covenant Community. The prophet Isaiah says that the Gentiles shall come to your light is speaking to me saying, don't worry ultimately, this is how it's going to unfold despite his condemnation of Judah. Ultimately says this is how it's going to insult. The Gentiles shall come to your life and Kings to the brightness of your Rising, for the nation and Kingdom. That is the Gentile nation, and the Gentile Kingdom that will not serve. You Shall Perish. Yes, those Nations. The Gentile Nations that do not bow to your Hova, through Judah through Israel. They shall be. Actually, God is not fooling around, they shall be utterly wasted. So the Saints are set aside. That all men shall praise God but it's through the knowledge of the saints of God is going to Pigeon hate the Saints. The Saints in turn will educate mankind. Lots of Psalm 145 verse 14. The Lord. Uphold all. There it is. Again, all David David has this massive understanding, you know, might my thongs, She is suffering now from dementia. She doesn't know who I am. Whenever I speak to her, you know, she's she's, she's almost dumb childlike and one since he hasn't forgotten is the Majesty of God. It's just, you always say to me, what's up? God? We serve. She said, the magic of all the people, and all the animals, everything. And he looks after everything. And then she'll repeat it again. What? A mighty God, we serve and then she'll begin to sing it. So although she's losing her mind. In a way, she's a lot more sound-minded than the de most intellectual Among Us. Because she understands just how Mighty God has. She says, what? A mighty God. We serve as he's just like genuinely and all that God looks after everything he created. And that is really what we should understand here. He says the Lord of hosts. So here's is the Lord of hold all that fall and Jeremiah certainly understood. This David sterle, understood the prophets, understand this, the same time to stand this. And that fall is but he's the sensitive, it accidentally is not delivered. And so we know we're all in this walk and sometimes we fall. And I think it's important for us to know this. What does we can't do this ourselves? This is what he does. It is it is in a sense of specialist, I had to see a specialist today. I have this check up on my eyes was a few years ago that woke up in the morning. Looked at my appointment by calendar went to a meeting in the afternoon 3 in the afternoon and that afternoon I couldn't see anymore cuz I couldn't read my phone. I was losing my sight. Just told diabetes, things was kicking, it was destroying my eyesight. I thought I was going blind. Lowan behold by God's grace and mercy in through your personal, you end up and praying for me. I went to The Specialist today, they're high technology. Looking at the only thing they didn't do was take my eye out of its socket and what their, with their technology. They looked at everything and they came back and they said, your eyes are perfect. We don't need to keep seeing you. So that that that's just amazing. God is there for us? And then whatever we're going through and I know sometimes some of our Brethren, think they just get depressed. They get overwhelmed. I wish you could be looking down on people who are over David with overwhelm David was depressed. But true that he came to understand, even though he didn't have the strength God upheld, you saw that in for the church in Philadelphia, even though they didn't have the strength God up here. So I don't know everybody's circumstances. But I know some of us is were just in the season of life where I'm sorry to say this, it's depressing. There's just so much. Some of us. It's if they'll help that just has chronic and it doesn't go away. Some of us might be a financial burden and certainly the way. The elite are structure in the world and then structuring and orchestrating the economic collapse. A lot

of us are going to be shaking, but it's important for us to know this, God's specializes in upholding all those that fall. He said. The Lord upholds. That's what he does. All that fall. Erase is up all those that about down. Again, these are the Saints. It's not if the wicked man falls cuz going to hold, these are the same as the God has set aside put in a teaching role to bring the whole world into the knowledge of the Lord that if we fall because of his purpose because of his name, he's going to raise us up. It's all keep the faith Brethren God, Specializes in a holding us and raising raising up. All those about that. Be bow down, is that married in in Luke 1? Again, this is in the archive, but we just want to touch on here that he has put down the mighty from their seats. This is what God Specializes in town and exalted, exalted them upload degree. Are you upload degree present, but you love the Lord. You're faithful to the Lord. He's going to exalt you. It's just a matter of time, we walk by faith, not by sight, he has helped his servant Israel. There's a purpose for is there's a, there's a meaning in the name, Jehovah. He has helped his servant Israel. Are you in Israel? He has helped his servant. Israel has a purpose for Israel in remembrance of his Mercy. There's a plan here. Psalm 145 verse 15. The eyes of all wait, upon you, And you give them their meat in due season, that's what God does. He gives them their meat in due season and this away we should when you hear that phrase meeting you season. We should think of Christ instruction of giving me to the household in due season. Many times we hear this certainly for me coming into the church nor religious background to speak of bad meat in due season. Many holidays are coming up to pass over. Let's breach according to Passover to Pentecost and that certainly is appropriate, but that's not what Christ was saying. In the gospel. So it's just look at it's in Matthew Anderson Loop in loose Wednesday. What does it mean? To provide meat. Look so God provides meat into season 2 all that, wait upon him but then he asks us as Elders are Shepherds to provide meat in due season for all that. Wait upon him. What does it mean? He says be ye therefore ready. Also, For the son of man comes at an hour when you think not. So we just have to be worth it because it's just the way it's going to unfold. We're going to get seduced. And we're going to think that it's not yet and that's what he's that's what it did to the whole everything's going to unfold at the moment. We're not really prepared because we falling asleep or not watching. He says them Peter 72m. Lord speak you. This terrible unto us or is this to everybody? And the Lord said, and the answer is it's too. You see, you leaders gets to to the Future Apostle the future Shepherds. He says And the Lord said who then is that faithful and wise Steward. So the answer is, I'm speaking to the leaders But which of the leaders are going to be faithful and wise stewards, who his Lord shall make ruler over his household. So, so, the household is the Lord's and the Lord's household. What did, how did David describe it? They went that the eyes of all his household, are we to the pond him? They're looking for it. So this household of God that Their Eyes Are Fixed On the Lord. The Lord wants to know if the leaders. Who's going to be a face. One wise, Shepherd, Steward whom is Lord shall make ruler over his household. What for what, purpose, just to be ruler. What is the purpose of him? Setting to Shepherd over the household? Australian Shepherd, over the household so that the Shepherds can give the household their portion of meat in due season. And you seasoned, it doesn't just mean all in the whole earth senses. Just heard of this ritualistic. Oh, it's Passover. Let's talk about Passover. He said, he kicked us off by saying. He's coming at an hour when you think not this has to do with the prophetic unfolding of his will. End end the season of his return. Nnp avoidance of deception. And the shepherd's being responsible for providing the meat in the appropriate season that the way that we Preach Today. We're not just going to dust off sermons from the 1970s ooo. Yeah, I gave that. Sorry, I

haven't given that sermon for a while. Why don't I just repeat that? That's not meeting jacy's because it's a totally different world than the 70s and once we cross over 20 30 remember everything is focused on 20-30. All the major corporations are preparing for Life as a corporate as a major corporation after 20-30 with the making sure that they can fulfill the GSG scores Etc and all the small businesses are going to get destroyed. So so life is it the way we preach? After 20-30, we can't be dusting off the sermons were giving today and giving those in 2031. We have to look at the season assuming work here around in 2031. But, whatever. Whatever time we're in prophetically, we have to understand the season and prophetically. Our messaging should be the appropriate meet to the household that have their eyes fixed on God. He says, blessed is not servant whom his Lord when he comes, she'll find so doing so. So there's something about the season Thai prophetically to the return of Christ. And when Christ returns, there are certain households that are going to be awake and aware and ready as ready as possible because of the Shepherds have been given the appropriate meet for That season. Not just all I know. Hey, let me I haven't even this sermon in a while. The word of God is alive. Holy spirit is alive and through the Holy Spirit and the word of God. What did, what did Christ say that one who is skilled in the word of God is like a household who takes out of his treasures, things old, and things new, the word of God that we don't have access to parts of the word of God that we can read the Bible from Genesis to Revelation. And there's just certain parts of the Bible that we don't have access to until the appropriate season is like a time-release capsule and in the appropriate to God willing for all here, Beyond 2030 when the world is totally different than the way it is today. It's going to be scriptures that begin to open up that we don't see today. So that servant that is constantly studying or those serving so Shepherds that are constantly studying the word of God. And yes bringing things old. It also brings new that the Holy Spirit enables us to do. He says, blessed is not servant. Who is Lord when he comes so fine, giving the household, the meat that God is giving for the season that they're in. So we are trying to be like God, he says, you open your hand and satisfy the desire of every living thing. Again, my friends are my aunt, she's just in awe of how God satisfy the desire of every living thing, the Lord is righteous in so that every as well. Sorry that's that's again, another all. The Lord is righteous in all his ways. And holy in all his works. Yeah, we have so much condemnation. The god of the Old Testament, this is the god. That David knew. And in his meditation in his study in his observation and his personal experience, you come to this conclusion, that you hold over his righteous in all his ways. And he is Holy in all his works. The Lord is near unto all them that call upon him. To all the call upon him in truth. So so Torah matters. The truth is laid down by Moses. It's Amplified by the prophets, and if we don't begin that Moses, we're lost. What if we begin at Moses? We understand the truth and we aren't were able to call upon him. According to the truth. Intruders. He's going to be near to us. And no. Christ went further. It's not just to call upon him in truth now. We're in a different era. And he says this now because the people of David they didn't have the Holy Spirit. David at the Holy Spirit gentle Israelites didn't but they did have the truth. but now he says in John 4:23 that the hour comes and now is when the true worshippers shall worship the father in spirit and in truth, We have to be obsessed with truth. But we're not going to bow to life. I love this quote from Chesterton but I never heard it before, but when the Italian Prime Minister came into office, she quoted it and he said that the time is coming. When swords will be drawn to prove that two plus two equals four. Swords will be drawn to prove that the grass is green. This is what you were saying, was what George Orwell said. At that we're coming into a time when war is peace. Falsehood is truth. Men or women. 2 + 2 equals

whatever you wanted to because two plus two before that's racist. Google speak the truth. You can sense her with all you like, God will just open another door. We're going to be people who walk in truth. Our minds are going to be filled with truth. We we know something is true. I can't say this. I could be sensor know if this is true. I'm going to speak it. My mind is going to be free. So I can worship God and speak truth. Because God is seeking people will worship Him in spirit and in truth in the corner. They'll never have enough they'll always come from or you cannot bow down far enough for these people. The minute you begin to buy all you've lost the goddess of our now is when the true worshippers shall worship the father in spirit and in truth, not just truth with Spirit as well and the spirit is living The father seeks such to worship him and then through that small community. True Community. He's going to educate all Israelites and ultimately the whole world. Psalm 145 verse 19, he will fulfill the desire of them that fear Him, and we have a desire and that desire again. I said earlier it's antithetical to the desire of the elite. But he's going to fulfill our desire. And we will prove that we fear him by not bowing to them. He will fulfill the desire of them that fear Him, He also will share their cry. Meaning they're being persecuted. Meaning, they're not getting along with the elite is not going well. What are you going to share our cry? And he will save us. The Lord preserves all them. That love him. We understand more now... Love him, and are called according to his purpose. Do you love God? You called according to his purpose. Then everything's going to work out, just fine. Just let's just get through this bumpy road. Because he's coming with his reward, the Lord preserves. Did they have their plants? That they're their technocracy. You know, this, this, this transhumanism, it's not conspiracy theory. Go on their website, the world economic Forum type in the search bar transhumanism. They're telling you openly. What? There's no conspiracy theory. Conspiracy fact. We are Christians. What are we saying? Exactly. Are we saying when everything is a conspiracy theory? I guess what we're saying is full of good people. And the idea that the ludicrousness of it, that you would think that there are powerful people in this world. That that don't agree with you. Don't want to take everything away from you, that you own nothing, and you'll be happy. That want to put you to death for loving Christ, that you would think that. And that people might be meeting without you and discuss some things without you in their presents things that are detrimental to you and to your nation. Anything, anything along those lines? Must be conspiracy because the world is just full of people with good Hearts. Is that what we believe is that what I'm reading the scriptures, and I'm not seeing that. He says the Lord preserve's, all them, that love him kind of reading in between the lines here. There are people that don't love him that he will not preserve. In fact I don't have to read between the lines. I just have to keep reading but all there's the all again all the Wicked Will He destroy now all the Wicked Will He destroy? But let's first of all just put this in the context. The Lord is righteous in all his ways and holy in all his Works meaning. When he preserves all of us who love him, that is a righteous act. That is a holy act and when he destroys all the wicked, all the conspiracy All those that seek to persecute the people of God, that is also a righteous and holy Act. The Lord preserves all them. That love him, but all the Wicked. Will He destroy? And then, again the which can destroy human beings, they can enslave us, they can imprison us, they can kill us. What they cannot do is in prison, the word of God, but they cannot do is destroy the word of God. So you can destroy a human being but the word of God lives forever and that's human being that you destroyed. God will resurrect and that's human being will live forever but all the Wicked Will He destroy? We see this in Revelation, John said in revelation, 22 verse 12 and I saw the dead small and great stand before God and the books were opened. And

another book was opened which is The Book of Life and the dead were judged out of those things which were written in the books, according to their works. and so everybody is going to come under judgment, the last verse of Psalm 145 Are the last words of King, David in the song? This is the last time we hear from the King and this is his concluding statement to us. My mouth shall speak. The praise of the Lord. I don't care who tries to stop me. I don't care if Google doesn't like it. I'm going to speak the price of the Lord and we just need to be clear. Google doesn't like it. Facebook doesn't like it there. They're in competition with God. We will be the most high. So there's no getting along with these people there. There's no way we can contort ourselves to comply with them in a way that's going to make them happy. They truly the even turn on their own people. That that if their own people are not work enough, they will destroy them. If the wrong people try to have a mind of their own, they will destroy them. How much more the people of God? How much more of the people of God? So David says his last words to us in the Psalms he says my mouth my mouth for everybody else. We should my mouth shall speak? The praise of your Hova. And let All Flesh. Bless His holy name so I can be persecuted for his name, we're going to speak his name, I'm going to speak to will of his name and the purpose of his name. Even though Christ warned us, this is going to be costly. But ultimately what David understood is that eventually God will act and All Flesh. Will bless His holy name forever and ever. In other words, there's going to be a point in the future. Where there will be no more wicked. This going to be a point in the future and from that point forward only the people who have come to the understanding of the agreement. And the consciousness of the glory of God, these are the human beings that will go forward from that point forward. Everyone else, the wicked will be ashes. So we must not. Dear brethren. Pastor Murray give a wonderful sermon couple of weeks ago on 2023 going to be a great year. That's the sort of spirit that we got the understanding. We have to have 2023 is going to be a great year. The future is going to be bright and All Flesh. Ultimately are going to praise His name forever and ever. Psalm 145 that ends the words of David. We're now coming into the conclusion of the song, the last five songs. So be thinking about questions, you have about songs and God willing pastor Murray will join me when we reach the end of all open up for life to an able to figure out how to do that. Because I I cannot see any chat, I hope there is some some chatter back and forth to really enjoy your comments. We want to thank you for your support. It means a lot to us. God bless you brother in Jesus is Lord. Amen.
