

Well, greetings Brethren and welcome to another Wednesday Night Bible study, where we study the scriptures Line Upon Line and we are up now to the final five songs of book, 5 of the five books of the Psalms. So we're just coming into the finish line of our study on the book of Psalms in the song. Hallelujah, songs of praise God, to conclude the psalter. Now, I do have this time, I did open a window where I am running Rumble separately, so that I can see that time fast. I am broadcasting, I'm not sure if I can see how many are with us live. But thanks Pastor Murray cuz I'm coming in lovely and wonderful. Some of the word of praise and prayer and then let's get into Psalm 146 and God willing will also cover song. 147, B cover two of the final five songs this evening on 46th and 147.

Let's begin with a word of Prayer. Loving Heavenly Father. We pause to come before you and we are so grateful Lord that of all the human beings on the planet we are among those that you have specifically called and specifically chosen to be a part of this Covenant Community, We Praise You. Lord we thank you but we know this is a distinct honor and privilege and it's a great privilege for us to read together. These words of Praise praising. You acknowledging you. And that father, teach us to praise you to be grateful to you. Thank you. And that to love one another. We Praise You, Lord. We ask your blessing in our study and our understanding in Jesus. Most holy name. Amen.

So let me get started, then with the study I will go to **Psalm 146** and let me see if I wanted to say anything else. No, I think we are good to go. Let me just go ahead and Begin with Psalm 146 to begin. And we don't know who wrote the songs. They do. The sound like King David, but there's no attribution wrote the songs. So could be anybody above the psalmist, but they're certainly noteworthy as we conclude our study of song for these final. Hallelujah. Hallelujah song praising. The Lord. Praise ye the Lord. Hallelujah, praise the Lord. Oh my soul, praise from his berries, from his very being, and then this is how we also should be with our great God. Especially as we are among those who can walk in light, in a time of incredible. Incredible, Darkness. I want to see. Okay, great while I live will, I praise the Lord. Now, that is quite a statement that is quite a statement while I live no matter what, no matter who I'm going to praise the Lord. That Thomas has been brought into such a level of understanding and insight that nothing will take this. This heart of Praise away from him and not me. And then as we go into Unfortunately, a very dark future. We must have the same result that nothing and not in truth. No person is going to take them to pray that the Lord away from our lips. I will sing praises unto my God while I have any being, no matter what. I acknowledge my Creator, I acknowledge his graciousness, his Mercy, his love and for the rest of my days to solve, it says, and we follow we will sing praises. While we have any beer, we were down for a final breath and we are still praising this incredible God that we serve is on Tuesday after making

this very strong, very strong position. With respect to his honor and praise of your whole bar. Now he reinforces that by saying just to all those who will listen to all those who have ears, Put not your trust in princes. Nor in the son of man. This, this is such an important verse for us today because the sons of men would love for us to trust them, would love for us to see them as our salvation and they're going to save us, they're going to guide us, they're going to lead us and and take control of our lives so that we don't have to make any decision. You'll make all the decisions for us. Song. Is this saying? Never go there. Never put your trust in princes. It doesn't matter how much Authority they have. Do not put your trust in nor in the son of man in whom there is no help in. This is quite timely for what we're going through today. Just on one issue alone. If we just look at the issue of vaccines, This is an old article going backs in 2020 where the FDA satisficers covid vaccine is safe and effective safe and effective, but in 2020, participants were warning of intense symptoms after second shot. So this is really important to us. That we need to be awake and aware and realize that these people who are multi-millionaires Very powerful are able to muzzle all opposition. side effects of the vaccine were known from years ago, two years ago, 3 years ago, but they were depressed and how can we trust people who are clearly and Fitbit. They are totally devoted themselves to an anti-christian agenda, doesn't make any sense. Then in any, in any universe, doesn't make any sense that followers of Christ would try to encourage other followers of Christ to put their trust in these antique rustic people. That's not to say that you of your own. Accord might say, hey, you know what, for my risk profile, I'm making the decision that I'm going to take this particular vaccination from my particular risk profile. But to say that we support the World Health Organization and its mandate that every human being on the planet must put their trust in Pfizer and moderna and Johnson & Johnson. This is ludicrous. The scripture is very very clear that we are not to put our trust in men that our trust is in the great God. Why we have any beer, her eyes are set on God and we don't care. If you can be a king a president or prime minister were not trust without putting our trust in you. You could be some incredible innovator. You could be just an incredible intelligent intellectual scientists were not putting our trust in you. God is the one that has designed the human body. We're going to trust his wisdom. These men don't understand the full creation. A meddling with very complex systems that they do not understand sure they have a degree of knowledge but they do not understand the whole complexity of the creation of God has created. And so they're meddling with something, they don't understand and we should not if it's an experiment experiment, experiment with the proper wholehearted, trust in them, they're going to protect the spiritually. Put not your trust. This is a command do not do this. Do not do this but not your trust in princes nor in the son of man. What why should you what should you not do this? Because there is no help. To see if we think that they're the ones were going to save us. If we think that they're the ones that are going to help us, there's no help. We're looking for God's intervention. We're looking for what God does a searching the scriptures to see what does, how does God into fat interact with his

creation? What does God do? What up falling man who hate God? Despise God who wants to convince us that the God doesn't exist and then we're going to put our trust in them. Jeremiah says that says the Lord. This is Dustin, Lord. That's what God says person be the man that trust in man and makes flesh his arm. Makes flesh his protection. And whose heart departs from the Lord. No longer relying on God. I saw a guy says cease you from Men. Whose breath is in his nostrils. He he is not self-existent. Cease from man. Whose breath is in his nostrils, for wherein, is he to be accounted? What would value does he have? Back to the psalmist, 146 verse for going on. We see the prophet saying the same thing. His breath goes Force. He returns to his arrest in that very day his thoughts perish. And this is a very familiar constant because we use it doctrinally to show that the dead are dead that when people say well you know my mother died and she's in heaven, looking down on me. You know, somebody died in the rent, help burning and suffering. Anguish The scripture is very clear in the day of the Des existence to pieces. That original, why you will not die. And all these false religions are variations of that lie? That when you die, you're not really dead. The scripture is clear, the dead or death, but in context, one of the key points of this passage is that we must not trust in. We must not be in our hopes. On our against human beings, that's the point of the passage and this takes us bath really to the beginning of the opening stops here in Psalm 2. Even though these princes are powerful, do not put our trust in them. He says, in Psalm 21 verse 1. Why did the Heathen rage and the people imagine what they want to do their agenda at as as an aspiring, as it is for them as much as they congratulate one another, and how Visionary it is God is saying whole thing is bang. And then why are they raging against the scriptures? Kings of the earth set themselves and the rulers take counsel together. This is conspiracy against the Lord, and against his anointed saying, let us break their bands, asunder and Cast Away their cords from us. How can we followers of Christ? Put our trust in these people who are Antichrist. God says he that sits in the heavens, shall laugh? The Lord shall have them in the region. Don't put your trust in them. They're past is not good. There. The end is tragic. He that sits in the heavens, shall laugh? The Lord shall have them in division. Then shall he speak unto them in his wrath right now? They can say whatever they want. They can laugh of God. They can laugh at us who follow God, but in the end, he can assist in the, in the heaven show, the Lord shall have them in the division, then he'll eventually speak unto them in his raft and that's them in his store this letter. If God has been in-store, displeasure. What is the value to us as Christians of following them? of Defending of encouraging others to follow them, if God holds them in his Wrath, And in San Jose is Georgia's pleasure. Very, very careful brother who we are trusted. we can say the words, Jesus Christ his name, but by our actions, who are we trusting, Back to Psalm 146 happy or blessed, is he? That has the god of Jacob for his help. So, there's two past here, there's the past of following men. The princes of the Earthly of those in authority. There's that tough whom the psalmist gives a very clear command, do not put your trust in them. The other past could be unreasonable for your trust in

him is there's no help, whatever help they provide, it's an illusion, maybe temporarily. It might seem like a bit of helper relief, but because they hate God, they hate you and therefore, your interest or not their priority. So if they are showing up, is if they want to help us, it is a deception because they are Antichrist. So, don't put your trust in these men who are Antichrist. Instead, we are blessed. If we have the god of Jacob for help, whose hope is in the Lord. His God, this is the man whose blessed in the short-term. It might not seem like it in the short-term. You might be ridiculed. You might be mocked, you'll probably be persecuted, but that's the short-term. In the long-term, the god of Jacob will act and blessed. Is that man who has the god of Jacob for his help that man, that woman, that child that person, he says, he's going to describe for us. This Gothic Jacob and why it's so much better to put our trust in the god of Jacob, to put our hope in the god of Jacob, rather than in the son of man, rather than in the princess, the leaders of this weekend to kristic leaders of this Earth. This God of Jacob, made Heaven and Earth, the sea, and all that they're in is just a statement is worth pausing and reflecting. This universe, which we inhabit and we inhabit a small little speck called Earth, and let's just talk about Earth and in the sky that's around the atmosphere that surrounds the Earth and everything that's in it. This is complex beyond the ability of any human being to understand the Earth is a very complex system. So if you want to start fooling around with it, it is going to be to our detriment. If I claim that as soon as a human being is born within six months, I have the right to inject that human being in order to provide immunity. I will take over that human beings immune system because I'm just so clever and so smart. And I will protect human rather than allowing this complex. Create all the human being that operates in a complex creation called Earth, rather than just allowing God's wisdom to unfold. We have Angie Crystal humans. Google leave. They are so clever. That they can take over human beings immune system at age six months and they will provide the protection. It is this okay, brother. Is it okay for us to take our 6 month old baby and hand it over to the state? To provide immunity because they're just so wise in the same state, by the way, by the way, that is happy to destroy that the same human being in the womb. Help me understand because it's not clear to me, how this makes any sense. This card when we put our hope in our trust. Image of Heaven and Earth, the sea and everything. That's in this whole complexity. He's the designer behind the call which keeps truth forever. This is this is a beating we can trust because he keeps truth and he keeps Covenant. It doesn't say one thing out of one side of his mouth and another thing out of the other doesn't speak with a forked tongue where the sons of men do He he he he doesn't operate out of self-interest. He doesn't want to just oppressed and control with princes of the trust. You why should we put our trust in them? Isaiah says, and I will wait for this. God of Jacob is is our hope is, God of Jacob is is whom we trust. But the prophet Isaiah understood something about this God of Jacob, which human beings don't understand. And this is what he said, in Isaiah 8 and verse 17, he says, and I will wait upon your whole body. He's going to wait for him. I will wait upon him that hides his face from the house of

Jacob. That's who we are waiting for. This is such a profound understanding. We are going to trust Jehovah. We're going to wait upon the god of Jacob. We're going to put our trust in him that created the whole universe with the understand that we are in a period of time where he is hiding his face from Jacob. It allows the cynics and the Skeptics and our critics to laugh at us until where's your God. We don't see your God. Snap your fingers may come up here. We have to understand. Where does the tickle in my throat? We have to whenever you want to subject you to it. So, we have to understand. They were operating in an environment. We have to understand brethren. They were operating in an environment. We're glad he's hiding self. and the ignorant on Earth, they don't understand this, but we do And therefore, we have to be patient for this. Many times our enemies are going to have the upper hand. And we just happened to have to Longview because he's hiding his face from the house of Jacob. We understand his purpose for doing so. And the prophet says, and I will look for confidence that he is, in fact coming even though he's hitting He goes on tonight in 41:31 and again I die for those of you who have to be just joining us in these studies. Isaiah is a book. We spent a few years on and that study is in the archive, we shall find that line upon Line bible academy.com. So feel free to go there. Register. I think we've covered close to twenty bucks by now line-by-line. So if you miss taizai are one of my favorite studies, the book of Isaiah, you can find it there. But those of us who have studied, it will remember him. Second, I saw Isaiah, 40. Verse 31, lets us know. This is God, letting us know. They that wait upon the Lord shall renew their strength. Of waiting upon. The Lord is a difficult. But the period of his return and after is wonderful, that is, that's what we're hoping for. That's what we're looking for. They that wait upon the Lord shall renew their strength. They shall Mount up with wings as eagles, they shall run and not be weary, and they shall walk and not faint. So, we not only have to understand this for ourselves, but we have to understand in order to preach the good news to Judah to Israel until the whole Earth. About to Psalm 146. 47 again, he's describing this. This this God of Jacob and why we must put our trust in him. Which exit shoots judgment for the oppressed. This is an attribute of God of Jehovah that we must understand. Having studied the scriptures, seen the different types of feet that the Patriarchs in the apostles in the prophets and those who went before us, we have to understand all of this. Give me one moment. Thanks love. Do I thought I was in distress and just gave me something to give me some relief. That's so much. So this is an attribute of God that we have to understand. He executes judgment for the oppressed. Again, we have to understand this, not just for ourselves, but in order to preach the good news that those who are oppressed through this auntie Christie age, we have good news. Our God, God of Jacob is going to act and and when he does he will execute judgment against the Antichrist and Auntie Krista people for the oppressed where the elite want to tamper with the food supply where the elite want to create what do they call it on food insecurity. We must put our trust in the same. People say they want to vaccinate us but they also want to withhold food from us. They also wanted to disrupt the

supply chain. And and we are fools must trust them. I know God is the one that he will give food to the hungry. So there's going to be a period of hunger, but then God is going to act. The Lord uses the Prisoners, the Lord Open the Eyes of the blind, the Lord raises them, that are bowed down, the lord loves the right. And again, this is an understanding that we need for ourselves, but it's also an understanding. We need to comfort those who mourn and will mourn in Zion. The Lord preserves The Strangers. So even in Israel, there were those that were not Natural Born Israelites, but they were Ramon Diaz real life and perhaps they didn't have the same level of Rights and privileges as the Israelite board. But they were righteous and God, preserves He relieves the fatherless and the Widow again. Another set of people that are disadvantaged and God from Heaven, the god, of the universe takes note of the disadvantage. This is who we serve, he relieves the fatherless and widows. But the Way of the Wicked. He turned upside down. Amazing what that means brethren. The Way of the Wicked, he Turns Upside Down. What that means is, These powerful people. That was still on the planet today. Wilson, the billions of dollars. NM combined wealth in the trillions of dollars. Military hardware. The likes of which the Earth has never seen. Science. An innovation that's beyond our ability to even imagine. All of these powerful people on the Earth God says, he's going to turn their way upside down. It's temporary. Let them have their way. They chosen this Earth. Have it. It's all temporary. And they're going to be nothing in the future unless they repent. He turns the Way of the Wicked. They're on top today, I'll be on the Boston tomorrow. We just have to be patient through this and don't trust them present. They're not worthy of our trust because they hate Jesus Christ. Christ explained this very thing is what Christ has come to do and this is clear from the prophet. Isaiah and getting in the archive, Isaiah 61 verse 1. He executes judgment for the oppressed. It gets through to the hungry, he loses the prisoners, you open the eyes of the blind, relieves the fatherless and the Widow, this is what she does. But the Way of the Wicked, he Turns Upside Down in 61 verse 1, the spirit of the Lord is upon me and will fulfill this prophecy. The spirit of the Lord is upon me because the Lord has anointed me to preach. Good Tidings, good news, the gospel unto the meek. That is those who are oppressed by politics or a minister. You must not talk about politics. The Bible is all about politics. And those who are oppressed by politics. We have good news. Christ is coming to save the meat. And to put down the oppressors, the powerful he has sent me to bind up the Brokenhearted to Proclaim, Liberty to the captives and the opening of prison to them, that are bound. This is the work of the Lord. Typical and the acceptable year of the Lord in the day of Vengeance of our God. To comfort all done more. all his people, all the righteous that more points on to them, that mourn in Zion specific geography, to give unto them Beauty for Ashes. The oil of joy for mourning. So that what does that mean? It means that Zion has to look forward to ashes. Good morning. That we're now under a regime. Love's War. We're now under a regime that is not concerned about heading into nuclear World War 3, they love it. This is this is a money. This is there a gesture making incredible money off from ceutical drugs?

But there's also this military industrial complex. They are making incredible when you think they care about ukrainians. If they did, why are so many ukrainians dying? Why are so many ukrainians being slaughtered? Why are they allowed in the wholesale genocide of ukrainians? Because I care for them, this is a war machine and end for 4 years that whole machine Brown to halt. And their bank accounts were worth. We're getting sent at the borders were closed in America. That could not traffic drugs, they could not traffic people, they couldn't traffic babies, There were no new Wars, it couldn't traffic in military war weapons. Did they transfer running Drive? They had to get rid of that Administration and put this new Administration in. So that the borders are now open the bank accounts, for the cash register is just ringing constantly and now we're heading into war with no concern. They used to call it, Matt, Mutual assured destruction. And this was a thing like a no. Same people are going to go into nuclear war because usually destroyed. So that was sort of a It does seem to get to charge anymore. So we were told the previous administration would take us into World War. Tony Wars. This Administration is now, it seems, it seems committed. it just beyond it is if you have written this in a book, I want to make this a movie of a movie and here's the story of the potluck. I'd say just nobody's going to do that. Nobody's going to watch that it's too ludicrous. And yet this is our reality. He says. Basically. Zion is going to be ashes. So this military industrial complex that we see flexing its muscle. Ultimately the agenda is to destroy Jerusalem. Are you playing? This is getting it now. Russia's getting it now. But ultimately the agenda, Satan's agenda is to use man to destroy zayan. So it's going to be as long as going to be in full up morning. But the Lord is coming to replace those ashes with beauty and to replace that morning with joy. and to replace the spirit of heaviness or depression, with the Garment of Praise So that his agenda God's agenda. God's Great reset. Is what will be? so that they children of Israel. Might be called, Trees of Righteousness, the very planting of the Lord so that he might be glorified that the establishment of Israel in the earth is to reflect the glory of God. And so, he's fighting Satan's agenda to destroy Israel, to destroy Judah, to destroy the followers of Christ that notwithstanding God will be praised through the Covenant people. And they the Covenant people shall build the old wastes. They shall raise up the former desolations that means that, that Promise Land is going to be desolate. And they sell repair the waste cities. The desolations of many generations have been subjected to over many generations about to ask Thomas, first 10. The Lord. This is God that we put our hope in. Someone putting their open man in the princes of this world in the sons of men. We put our hope in the god of Jacob and this God of take up your whole body shall reign forever when he comes and establishes his kingdom. Unlike all of these kingdoms of the earth that they come and they go, they rise and they fall this Kingdom. Once it's established, its established forever and he shall reign forever. Even your goggles on, this is our message to this, is there a message to Judah that your God is coming to rain, and he's going to rain forever. You better get right with him. And some of the worst offenders on the Earth today are the Jews. Some of the most antique ristic,

including this one, Noah Yuval Harari, they are the most Auntie, Krista people's. We need to be saying to them. You better get, right with your God, always done, because he's coming to rain forever through all generations, past and future. Hallelujah! Praise you. Lord, and so, that's our first of the five, Hallelujah songs, Psalm 146. Now, let's look at the next one. Hallelujah praise. Ye the Lord. Psalm 147 verse 1. For it is good. Distinct. Praises unto our God. Where is Pleasant? And praise is appropriate for this God? The Lord does build up Jerusalem. This is the agenda of the god of the Bible and anybody who's coming to us to say, oh no, he's changed his mind. And now he's building up Mecca or now he's building up washing now. He's building a London, we're not listening. The god of the Bible has an agenda. He has never changed. He's going to build up Jerusalem. He gathers together the outcasts of Israel which means there are going to be outcast of Israel and its goes all the way back to Sephora, Deuteronomy 30 and that they're going to be cast out because of their disobedience. The gospel preached, they'll recognize, it depends. And then Moses from the beginning said that when they repent in the in the lands that they've been cast out into that, then the Lord your God will end. Your slavery, will end your captivity and will have compassion upon you and will return and gather you from All Nations. That is what the psalmist is talking about. When he says he gathers together, the outcasts of Israel that Israel will be cast out because of their Covenant breaking. But through the preaching of the true gospel, they will repent. And when they repent, God will have compassion upon them, he lend their captivity and he will return and gather them from the four corners of the Earth. Gather them from the, from All Nations, where it where the Lord your God himself was the one that's got hurt you. Psalm 147 verse 3. He heals the Brokenhearted and binds up their wounds. This is this is this is real life Brethren. This is real life. Cannot go through this life without being broken hearted X or a times that we're just going to have our hearts broken. And this is reality. This is the sisters human life. We have a god of compassion, the creator of the whole universe is aware of those who carry his holy spirit. He's a word of our emotional life. Is worried about Greece. He's worried about morning. And he Delights in comforting us. But there are times when we just have to go through this grief, we cannot Short Change. We cannot Short Circuit. The process. We have to be a unique type of human being. That can be, unique type of King priest. That is full of compassion. part of that means we have to suffer But in our suffering, we must know what conviction. That God Comforts us in our grief. He says he heals. Heals. The broken in heart has Decades of experience and observation and then wisdom, that is that is in a single phrase. This this is the conclusion, he heals the Brokenhearted, And binds up their wounds. He says here, he tells the numbers of the Stars. This is quite something. I had to ask a chat. G p t, how many stars are there in the universe? Is the answer. It is estimated that there are around a hundred billion stars in the Milky Way galaxy alone. So in our Milky Way, galaxy is estimated. There are a hundred billion stars And there are an estimated 2 trillion galaxies. Okay, trying to get my head around this. Are Milky Way. Our galaxy has a hundred billion stars of which the sun is

one. And this galaxy is one of two trillion galaxies, so they estimate, they don't know. They're always learning more. So, there's two trillion galaxies. Therefore, the total number of stars in the universe is likely to be on the order of 2 quadrillion. That is $2 * 10^{15}$ or more. And this is just an estimate. The true number may be higher. So Discard. He's able to tell us the smartest Among Us with the most advanced technology. Is that okay? And is about 2 trillion galaxies, So that's about what it is. It's a quadrillion 2 quadrillion Stars, we think God knows and not only does, he know he calls them by their names. Each star has a name. That's the god whom we serve. And that's the god who's looking down from heaven and taking note of you and taking note of me. And taking note of our courage and our morning and our broken hearts in this and who cares for us and even though we have to go through a season or. Of morning, she's there. and if you can call the Stars by name, We can count the Stars. How much more? Human being made in His image and likeness. Carrying the Holy Spirit. Isaiah 41, verse 25. The prophet says, or through the prophet, God says to whom, then will you lie to me? We're going to associate or shall I be equal to the Holy One? Lift up your eyes on high and behold who has created these things that brings out their host. By number he called them all my name's by the greatness of his mind to quadrillion stars and he calls them all by name for that. He is strong and power. Not one fails that this is the Easter. The song that says Great Is Our Lord End of power. His understanding is infant. That's exactly why I listened while his understanding is infinite. Do we want to put our trust in men? Who's understanding is limited for playing with complex interrelated systems, interrelated, complex systems. I don't understand that's out the office for figure out their errors as they go. Or do we want to put our trust in a god of great power? Who created these complex systems and the the integration and interrelation between whose understanding is that, who do we want to put our trust in? The Lord lift up the meek. Cast. Wicked to the ground. Read. What we just read in Psalm 146, where he said he's going to turn the the wicked upside down with the Way of the Wicked upside down. This is what he says he looks up to me. The cast of wicked down to the ground and then when Luke introduced his gospel, this is exactly what he said. Luke use the gospel the exact same way what he said was. Let me just look at this year to be once. Sorry just saw this again. We want to trust people who are antique ristic. That is the question for the evening. Who do we trust? And that is what the psalmist wants to get across to us but here We see. That Luke when you open is golf on the very first chapter he says his Mercy is on them that fear Him from generation to generation. He has shown strength with his arm. He has scattered the proud in the imagination of their hearts. The proud have an incredible imagination and they think they can pull it off. But God is that God says he scatters the proud in the imagination of their hearts. He has put down the mighty from their seats and exhausted. The whole system's going to be turned upside-down or right-side up depending on Whose perspective. So those who are Meek, those were following God. Those were righteous or not hankering. After this world in the treasures of this world who put their hope in the god of Jacob,

we're going to be oppressed. Those who go along with the Antichrist, they're going to have a wonderful time. But God is coming to set things, right? And this is Mary prophesying then through the holy spirit that he will put down the mighty from their seats or their Thrones and exalt them of low degree back to the psalmist, says Sing unto the Lord with Thanksgiving Sing praise upon the heart unto our God. So again is just so full of praise for this God, that when we come together and it or even know where we were at, it's time to sing. Praise to the God of this Justice, this overwhelming sense of joy and gratitude. This is what the Psalms is saying to join him in singing unto the Lord with gratitude count her blessings. The cup is half full sing praise upon the harp on bring your musical Talent. To inspire others. List other stop in praising God. And you see this carried over in the apostles when the Apostle Paul's writing to the Church, of course I think it is also in the fusions. He says let the word of Christ dwell in you richly in all wisdom. So not superficially. Teaching and admonishing one another in Psalms, and hymns, and spiritual songs that there is wisdom in these storms, and in these hymns, and spiritual songs as we seen them together, we can identify each other singing with Grace, in your hearts, to the Lord. Now, this is really interesting because I just didn't some some research. And if you look at if you look at the, Stop sharing here. They want to teach us that the god of Abraham, Isaac and Jacob. Is the same God of Marcus Muhammad and that's what they want to convince. Convince us off and Muhammad forbade the Torah. Any forbade, the prophets, and forbade, the New Testament. But he allowed the Psalms, because his understanding of the storms was, its just praising God. it's so obviously he actually didn't read the song sinner stamp in the songs but if you looked at the teachings of Mohammed and in Sharia law he says he give me one second in terms with respect to music. What does he say? Isa, as It is unlawful to use musical instruments. This is from the Wally. This is the city's. This, this is what you're not seeing the right. Think you're, let's see this again. Let me just get the right screen up. It's from the fifties. So is it the same God? That's the question. He says, here it is unlawful to use musical. Instruments is unlawful. You're breaking the law. You'll be subject to Penn and penalties of Islam in Sri Lanka are severe. It is unlawful to use musical instruments such as those which drinkers are known for like the mandolin, Duluth the symbols in route or even to listen to them, you cannot use it against the law is against the volume to listen to music. He says it's permissible to play the tambourine at wedding circumcisions another times even if it has bells on its side. So that's the one allowance they make. The drum is unlocked. So he goes on his many, many, many, many, many hadise to say music is unlawful and this Mohamed actually had an issue with epileptic seizures with sudden noises, so that's why dogs were forbidden. That's my music was forfeit, but he actually put some narrative around that just say, it's against the law. Could it be the same God? When God rejoices in music, the angels, praise God with music, the elders. Praise God with music, and we're encouraged to praise God with music on Earth. Could it be the same God and communism in the left are kissing cousins. And they wanted to control every aspect of a human

being. You cannot do anything. There isn't a law that governs. Absolutely. Every aspect of human life. This is what they want to control. Absolutely everything. so, The scripture, the apostles Apostles, the true Apostles reinforcement. What comes from the Hebrew Bible is the same. God says here. Let the word of Christ dwell in you richly in all wisdom teaching and admonishing. One, another in Psalms and hymns, and spiritual songs singing with Grace, in your hearts, to the Lord. And again, I say rejoice in your abilities, your musical Talent, your creativity, as another thing, that these people who want to have absolute control over, they want to destroy creativity, the individual creativity. No longer has value. And instead it's just a collective and being a part of the collective, can you put it if you put a foot wrong, the collectible Destroyer No, no. Sing unto the Lord. With Thanksgiving with you. With your whole heart. Sing praise upon the harp for musical instruments unto our god. This is the gar God love music. We love music. Psalm 147 verse 8. Who covers the heaven with clouds who prepares rain for the other night. I just have to take these moments president to just create these points of Distinction. So that in the future when we are confronted and people want to try to convince us, it's the same God, we can just open the scriptures very quickly, just pointing that out. Even use if they we want to restrict which scriptures we can use, okay, to give us the Psalms and will still show you. He covers the earth covers the heaven with clouds who prepares rain for the Earth who makes grass to grow upon the mountains. Again, we deal with these complex systems. That all depend on one another. This is the god, whom we serve. Jokes. As in John, 5 verse 10 who gives rain upon the Earth, sends washers upon the fields. This Is Us understanding of God's creation and how it works. That's, that's what we're seeing here. Egypt to the Beast. His food into the young Ravens was crying again. It's all which Beastie. What food? What is the cycle? Distinct complex systems just work and now we have people who are so intelligent. They want to tell us to stop eating beef and start eating crickets. It's a joke to them. You don't drink drink your own urine. Eat crickets. Having a laugh. It's Drunk on Power. Again, they're playing with systems, they don't understand. These are complex interrelated systems that when you start fooling around with them, it blows up in your face and that's what's going to happen to them. Again, this complex system give to each Beast is food into the young Ravens, which cry, he Delights, not in the strength of the horse, he takes no pleasure in the. Again, the horse part of military strength. The legs of a man are our athletic prowess that the promise of a soldier doesn't matter. It's irrelevant. What does what God does? Doesn't take pleasure in any of this. What does he take pleasure in the Lord? Take pleasure in them that fear Him? In those that hope in his mercy. And that means brother in that, Things may not go so well for us on this Earth. We may not be in the most comfortable spot, especially now, especially now we're heading into some very, very difficult times. God takes pleasure in those that fear him. We don't fear men who fear Him and we don't open in Salvation. That Menton offers, we hoping his mercy and he takes pleasure with that. Praise the Lord Old Jerusalem, praise your God, always lay on. So I can all of this is his conversion. Focal point on the earth called Jerusalem.

And if we're going to understand, if we're going to understand what is happening on the earth, we have to understand that that Jerusalem is the focal point and our preaching our teaching must understand that the agenda All roads lead to Jerusalem. Satan is trying to destroy Jerusalem, everything that we're seeing in the Earth, all of its instability. It's all pointing to Jerusalem. Call Kaiser, Zion Jerusalem in this. Of instigate instability. It must have its focal point on Jerusalem. Praise your goggles on it. 40 has strengthened the bars of your Gates. He has blessed your children within you. So as much as Ken, the agenda of Satan is to destroy Jerusalem. And the Jews that agenda notwithstanding. God is going to strengthen the defense of Jerusalem and he's going to bless the seed of Judah. I died again in the archive, but it's such a wonderful passage here. And Isaiah 61 verse for again, to see how he has blessed your children to do that Within You by The Prophet, says, lift up your eyes, roundabout, and you look All they gather themselves together, they come to you. You're the focal point. The Gentiles are coming to you. Your sons shall come from far and your daughters shall be nursed at your side, the Gentiles are bringing your children to you. They're apologizing, they're acknowledging, their prioritizing your children. Psalm 147 verse 14, he makes teeth in your border. This is miraculous because all the future of the immediate future holds for Jerusalem or six piece but real horror fake people. Real Horror, that's what true slim hasn't store but God is going to make peace within the borders of Jerusalem. And fill you with the finest of which he's welcome to Jerusalem, the best of everything. In the whole earth is going to look to Jerusalem. This is what God has in-store. The prophet Stephen, I assess the remnants of Israel Shall not do, do iniquity. Did you hear that, brother? that as a result of this process that God is taking the Earth's true and specifically Israel and Judah through As a result of this process Torah, the Prophecies of Moses will be fulfilled. And I tried to convince me that the Jews are evil. I read. The Bible is no. Need to try to convince me. I would like to convince you if you are up that inclination. That God has an agenda for Judah for Israel for the Covenant people. And we need to understand that agenda if we're going to be working with God, otherwise we'll find ourselves working in Kingston. He says the remnant of Israel shall not do iniquity going to purge them from his people from The Remnant, he's going to allow the eyes of the Revenant. To be opened, is it going to allow their ears to be on stock? and they're going to be his people, and our role is to facilitate this The remnant of Israel should not do iniquity, nor speak lies. That would be a nice change. I do sell it to seat Fulton. Be found in their mouth. Meaning. That's going to be the order of the day. Before the seed. But that doesn't mean that God is Unfaithful. I just mean that God has forgotten what he's doing with this people. For they sell feed and lie down. None, none that is absolutely. Nobody shall make them afraid. This is God's agenda. This is what God plans to do on the earth. This is the gospel. This is the gospel that we preach. This is why comfort you comfort. You, my people. We need to understand why what? What is the conference? This is the comforter. First Christian psalm 147, he sends forth his commandment on Earth. So these complex systems are sustained by his word. This God sends forth

his commandment on this Earth upon Earth. His word runs very swiftly He can snow like we had a little bit of a snow storm today. Superheat. These complex systems. Listen to God, we serve he's in control of all of it. You can snow like well he's got hers the hoarfrost like a Bashas right? The snow Frost. Ecosport's his eyes like morsels. So you think about it, she'll store. Who can stand before his cold, you want to talk about climate change but not acknowledge God. God can turn it on at any time and who can stand before, you when you going to go to save the Earth. You were so arrogant. I'm going to save the Earth from God. Who can stand before his cold? He sent out his work, and it's interesting to talk about, please call Global Warming to get the okay with nobody warming. Is it not the climate climate emergency, who can stand before it's called? He sent out his word and Elsa. God's word, maintains enables these complex systems. And he's arrogant men. Want to play God. We cannot put our trust in the browser. They're there their breasts in their nostrils, they're just men. He sent his word and Meltzer, he causes his wind to blow and the washers flow and beautiful creation. This fragile interrelated systems is this complex system of complex systems he's behind all of this He shows his word unto Jacob. Is statute and his judgments unto Israel. This is this is exclusive understand this is exclusive knowledge. Billions of people in 8 billion people are on the Earth today. Billions of lives and died before us. And this knowledge. That you have. It's knowledge that I have this holy spirit that we have that enables us to absorb the knowledge. Its exclusive, it's not for everybody, you can be so clear to you. You want to sit down and explain it to someone else and you might as well talk to a cat. Talk to your cat or your dog. And they'll have maybe they'll have a little bit more interest than a fellow human being whom. God has not called, this knowledge is exclusively available to you and to me from the score of Israel's God of Jacob. He says. He shows his works out. So hit this world operates the whole universe. But he shows his word unto. Jacob, his statutes, and his judgments unto Israel Deuteronomy says, now therefore hearken unto the statute and until the Judgment, which I teach you to do them that you may live and go in and possess the land which the Lord your fault. You Lord, God of your fathers gives you. This is an exclusive Covenant. Exclusive offer, he's operating, the whole universe is operating, all the complex systems of the Earth. And then there's another system on the earth that has to do with an exclusive set of humans that God is working on a relationship with us to bring them into this land. So that the whole earth can be blessed. As a result of these people that dwell in this land. So he shows his word on to Jacob, his statutes and judgments his judgments. Israel, Only You exclusively? Have I known? Have I been in this relationship of all the tribes, all the families of the earth. It's only you. What did he say in song? First 19. He showed his word to Jacob. His statutes and his judgment is real. Sweet is sustaining the whole planet, the whole universe. But his word is instruction is only to Jacob. Only Israel. So he said cuz you exclusively have I known of all the families of the earth? Therefore, I will punish you for all your iniquities. That's the bad news. The good news is you're still in Covenant and since you're still in Covenant, God will be faithful and he will drive

you to return to repentance and the remnant of Israel will repent and will be gathered and will be put in the land and will be held up as the model Nation for the rest of the world. 1st Corinthians Psalm ends here, he has not dealt. So with any Nation, this is exclusive, he's not been this way. Is nothing in this relationship with any other Nation. and as for his judgments, these other nations, They just haven't known only this nation of Israel. Crazy the Lord. So just wonderful praise Brethren that we can rejoice in as we are part of this exclusive. We we are primary Park, excuse me. We are a primary part of this exclusive Covenant Community. Not supposed to be. Arrogant, not for us. To think we have replaced. The Covenant people. We've been grafted in, we can give him his holy spirit. This relationship is exclusive. God has a will in an agenda. The wicked of this Earth have a willing agenda, their agenda agenda, 2030 agenda, 2050. All the timelines in this provision that is all vanity God. Looks from Heaven any left We put our trust in this God of Jacob. Let Us Praise Him for Progress when we come together and we pray to the father and we pray through the Lord, Jesus Christ and we praise them. Let's rephrase them. I wish I could saying, I wish I could play instruments that the creative aspect of music is so beautiful, but those of us who have this Talent, bring it to the congregation to rent sing before the Lord lift up our spirits. Help us to praise God, through your talent. As long as we have breakfast prices unto the Lord. Jesus Is God. Jesus is King. Jesus Is Our Savior. Amen. Praise God. Thanks for being with us brother. And God be praised. Hopefully, we'll see you on Sabbath and this tablet will be pastor, Murray will be bringing us the sermon. So we look forward to seeing you, then God be praised good night.
