as for the late start and a lot of technical difficulties today but that we managed to troubleshoot it with our brother Jeff and find out that it had to do with a software upgrade with the operating system and incompatibility but I think we're live now we're up to Isaiah chapter 43 we're running a little bit late what I wanted to do tonight and I'm still hoping to do is I get through Isaiah 43 it's not a terribly long chapter and then invite pastor Murray to join me at the end of the presentation and let's just talk about what we've learned so far from Isaiah 42 43 so if you have questions maybe there's some things that are you're just trying to reconcile with things that you thought you knew before with what we're learning now in Isaiah we'd be happy to take some of those questions at the end so we'll play that by ear hopefully the technology cooperates I'll open with a word of Prayer and then let's get into Isaiah chapter 43 our Heavenly Father we come before you lord and just again we thank you so much for the opportunity that we have to study your word and to learn from this ancient prophet Isaiah we ask father that you'll bless our study tonight and we thank you for the technology that enables us to come together in the middle the week we pray God that you'll continue to bless our efforts we thank you we ask for your blessing on our study now in Jesus name Amen so let me just confirm that everything is good here good and ok got to get into

the mode now a little bit
hair-raising when everything is acting
up let's get into Isaiah chapter 43 and
we'll just set this up here
so the chapter begins as I have 43 verse
1 now we have come through from chapter
40 where there's this change of tone
where suddenly it's from judgment to
comfort and and specifically to comfort
God's people and specifically Jerusalem
and we've come through that and God
challenging the nation's to say prove
that you your your gods are true because
this is well this is what's gonna happen
with respect to Jerusalem they're going
to be severely punished but not wiped
out and then I personally am going to
restore them and so we continue the
story now in here chapter 43 and just
let me make a modification here yeah
that's gonna work just fine
appreciate your patience brother okay so
he says um but now thus says the Lord
that created you this is what God says
that created you now thus says the Lord
that created you
rather than just technology they were
done he that formed you oh it's a no sir
I'm sorry but now this is the Lord that
created you Oh Jacob he that formed you
he says o Israel so first it's Jacob
then it's Israel and seems to indicate
the the conversion process that Jacob
once was this deceiver very carnal man
and then receiving God's Spirit now
becomes Israel so he's talking to both
sides now thus says the Lord that
created you O Jacob and he that formed
you O Israel
fear not don't be afraid so there's
obviously reason to be very afraid here
and he's saying fear not for I have
redeemed you so this is all about the
redemption of these people Israel and

God is telling them despite there being
many many reasons to be afraid God is
telling them to fear not fear not
because God is be God is with them fear
not

[Music]

for I have redeemed you I have called
you by your name so this is God
personally taking interest in this
nation I have redeemed you have called
you by your name you are mine and so
we're seeing there's a relationship here
and this also speaks to the the notion
of a kinsman redeemer so the redeemer
comes off someone in the family and God
saying we're family you're mine this
this this is a part of the family I'm
redeeming you so this is the kinsman
redeemer speaking when you pass through
the waters I will be with you and
through the rivers they shall not
overflow these so this is sort of an
allusion to the exodus that when when
they were oppressed by Egypt and they
walked out of Egypt and and the walk
they walked through the waters they
walked through the Red Sea
and so there's some allusion here to an
exodus the same way he helped them in
the past he's gonna help them again in
the future so when you pass through the
waters I personally God the the creator
of the universe will be with this this
people and through the rivers they shall
not overflow these so you think of the
the Pharaoh in his armies and the water
just overflowing and drowning them all
this will not happen to Israel when you
walk through the fire you shall not be
burned so there's gonna be some
supernatural help although there's going
to be chaos and confusion and warfare
and fire everywhere these people are
going to be protected they're going to

be supernaturally protected that the
desire is to completely wipe them out
and God is saying they will not be wiped
out you shall not be burned neither
shall the flame Kindle upon you why for
I am the Lord your God this the God of
the universe

is saying to this people you're mine and
I'm your God and I'm gonna look after
you notice he calls himself the Holy One
of Israel this is very important to God
he is associating himself with this
people the Creator just think of how
massive the universe is the creator of
the universe is is married to this
people and he wants to associate himself
to this people and he wants all the
people of the whole earth to know that
he is in a big an exclusive covenant
relationship with this people so do not
fear this is why st. comforts of
somebody has to comfort his people
somebody has to declare this good news
that you're fine everything's gonna be
okay

the Holy One of Israel and and and he's
making a distinction that there's gonna
be gods of other nations and and and
they're going to be promoted very
strongly and very energetically and God
is saying they're false I am the only
God and I am associated with Israel your
savior I'm your Savior so notice it is
the Holy One of Israel he belongs to
Israel

he's the conquering Lion of the tribe of
Judah he's the kinsman and so he's the
kinsman redeemer the family a member of
the family is going to save this people
he says this I gave Egypt for your
ransom Ethiopia and Siva for you
so zebras and northern Ethiopia Ethiopia
Ethiopia and Sudan and Egypt so this is
all the northern Africa we have a saying

here when we originally we talked about
Mena the Middle East and North Africa
well the Middle East and North Africa
surround Jerusalem and it is these
nations these Mena nations that God is
calling out and he's saying
destruction that is going to be leveled
upon Judah that destruction is gonna
turn and instead of finishing off Judah
it's gonna it's gonna turn on Egypt it's
gonna turn on Ethiopia and Sheba so
there's gonna be a replacement and the
punishment is gonna come down on these
nations and may I say these Muslim
nations that have another God Allahu
Akbar

that their God is greater Allahu Akbar
well isaiah contradicts Allahu Akbar
Allah is not greater the Holy One of
Israel is the greatest and this is the
resolution of all of this now this is
calling back to he says I'm the Holy One
of Israel your savior and I gave Egypt
for your ransom ethiopia and siva for
you well this is what moises said and the
Lord your God will put all these curses
upon your enemies so these curses that
are meant for you and they're gonna
touch you but they're not gonna finish
you off instead there's gonna come a
point where God is gonna stop and take
these curses and put them on your
enemies and on them that hates you which
persecuted you so we cannot be naive
that these people of God these covenant
people have haters they have haters
listen to this

Allen abuse allah allahu allah allah
muhammad abu mansur cocktail party
lucidum Analia hood TFW who do you - hey
or treasure they are put hagia sofia was
this is their prophet this is what

they're looking for in the end times at
the end will not come until they destroy
the Jews and according to them according
to the brand the curse on them as God
has turned them into eight soon

[Music]

and so you know is this true is this the
case and we need to understand this
doctrine is fundamental doctrine in
Islam called al wala wala bara
which has to do with the love and hate
for the sake of Allah that they are
commanded to hate and destroy for the
sake of Allah to destroy all infidels
but specifically the people of Judah and
so this is what's happening in the end
time this says this ideology takes hold
of the earth the Jews are in for a lot
of trouble because every loyal Muslim
must carry out ala Walla Walla bara and
that is the hatred and destruction of
the Jews so we continue then
and he says here

I'm sorry let me just reverse this
so these curses that are to come down on
Judah are then going to go upon those
that hate them and persecute them and
again we see here and from Revelation
when we were studying Revelation that
when God comes every eye is gonna see
him and the Jews are going to be
repentant that's why when he left he
said you will not see me again until you
say blessed is he who comes in the name
of the Lord and we see what that looks
like in Zechariah 12 but here it says
that they which pierced him will see him
and they're going to acknowledge him
they're going to finally repent but it's
good news for them because he's coming
to save them but notice it's bad news
for the rest of the world all Kindred's
of the earth are going to wail because
of him there's a big mistake

that all the tribes of the earth are going to be making in hating Judah in hating the covenant people and turning against them this this ideology is going to have the whole world just set on their destruction and when God comes to save them all these tribes of the earth are going to wail it's bad news the return of Jesus Christ is bad news for the world but it's good news for his people even so amen

back to Isaiah 43 verse 4 since you were precious in my sight again God is saying how precious these people are to him since you are precious in my sight and you have been honorable or you've been honored because because you're precious because of this covenant God has honored this people and I have loved you therefore will I give men for you and people for your life so God is going to ransom his people he's going to exchange all of this destruction is gonna be on the enemies of Judah and God is going to save Judah and honor Judah and exalt Judah and Israel as well fear not so it's a time to be terribly afraid and we've just had horrible news in the United States of a synagogue that's been shot up because of this hatred of Judah and unfortunately as tragic as this is the scripture says all these are the beginning of Sorrows these are the beginning and and with birth pangs that begins to accelerate you see more and more of this it's a crazy world and this sort of hatred and irrationality and and just this violence everywhere this is our world now and it's just gonna heat up and that's why I pray that we in Christ don't add fuel to the fire let's not be talking about racism and crying out injustice and and falling victim to these cultural Marxists let's stay away

from all of that
let's build strong Christian families
let's build strong Christian communities
strong Christian congregations let's
let's focus on loving one another and
not getting into this whole social
justice warrior nonsense they're just
trying to destroy our society and
they're heating up Satan is getting into
everybody's mind and and and vibe
everybody's on the cusp now of being
irrational and very violent and we must
not contribute to it but we know it's
gonna happen all of this is just the
beginning of Sorrows but in this context
in this context of very violent world
God's message and and those of us who
are faithful in bringing the good news
our message to his people his covenant
people is do not be afraid fear not for
I am with you I will bring your seed
notice this now he's gonna bring your
seed from the east and gather you from
the West I will say to the north give up
and to the south keep not back bring my
sons from far and my daughters from the
ends of the earth so there is this sense
in which God's people have been farmed
out God's covenant people have been
farmed out all over the earth and God is
saying give them back and so when we
look at Judah the cities of Judah to the
north we have Assyria we have the turkey
and and Babylon and Syria to the west we
have Babylon and the Arabs and to the
south we have north
Africa Egypt in Ethiopia and Sudan and
all of these north west and south are
full of hatred and will be full of
hatred to destroy these people and then
there's the coastline that's why I keeps
talking about the coastlands because on
the east you have to now now they're
gonna be taken captive overseas and into

other lands and these other lines as well are going to be smitten with the same hatred for Judah look at this in the past like many places in souljah the town was very industrial while other places were known for coal mining or steelmaking savile town was known for wool and cotton mills there was a working-class community of English men and women working their hands to the bone to not only provide for their families but also for the benefit of the wider society England back then had a sense of itself an identity everyone knew what England stood for and what an English person was now this historic place is completely Islamized and when I say completely are not being hyperbolic I mean it in the 2011 census only 48 people out of 4033 residents were white British I'm sure that number will be even lower today and I can't wait to see the 2021 census the rest of the residents are Muslims before we take a closer look I have a question for any liberals or multiculturalists whom it just happened to be watching I doubt it but it could happen is this your idea of diversity is this a step in the right direction would you be happy to see the entirety of the UK become like Savile Town in Yorkshire I honestly want to know and please try and answer that question as honestly as you can because the things that you fight for the politics you promote will only lead to this and their religion transcends spirituality it's an all engulfing political structure that dictates every area of day-to-day life so it's not surprising to learn that as the Muslim population in Southall town is risen the culture of the place has been completely eradicated I quote from the article

stand-in Savile Town as I have and you
will see scores of boys in Islamic robes
walking to and from lessons at the
mosques madrasas school where for hours
at a time they wrought learned the Koran
by heart and distressingly every girl I
saw even those of six and seven playing
in the park was wrapped up in a hijab
and shoulder to tore gone Leicester man
glimpse her flesh so that

you

my sound is working here yeah that is a
Sabol town and that's a town in England
and so even the coastline so far away
when when Judah is taken captive and
these other nations have become Islamic
with thee the AL wala while bara the
hatred of the Jews they're gonna be
captive and this is why God is saying to
the north to the west to the south but
also to the east and then and the east
means there are the West I should say
there they're going off to the coast
lands and that's why as I is constantly
prophesying against the coast lands as
well so these people who are gone just
distributed to the four corners of the
earth God is gonna bring them back and
this is what he means in Matthew 24 when
he says except those days should be
shortened there should no flesh be saved
this is not any this is the Covenant
people flesh the people who are hated
the people are being destroyed the tribe
of Judah no flesh would be saved but for
their sake for the elects sake the
Covenant people those days shall be
shortened and he shall send His angels
with a great sound of a trumpet and they
shall gather together his elect that's
the covenant people from the four winds
that is from the north from the south
from the west and from the east from one
end of heaven to the other and this is a

really an allusion to the prophecy in Isaiah here we can read in Isaiah chapter 11 and beginning in verse 11 we can read here that he says and it shall come to pass in that day this is the end time that the Lord shall set his hand again the second time to recover the remnant of his people so this is a second Exodus he did it the first time bringing him out of Egypt and now he's going to do it the second time bringing them from the four corners of the earth this is the big Exodus the second Exodus which this is why it's so clear that even though Isaiah is prophesying of something it's gonna happen in the immediate future that is with Babylon in 150 years the language makes it clear that the immediate future is just setting down a pattern that will ultimately be fulfilled with the return of Jesus Christ which will be a bigger fulfillment of the prophecy so in that day shall the Lord set his hand again the second time so this is at the return of Christ to recover the remnant of his people which shall be left that is again except that these days be shortened no flesh would be left alive but because he's going to intervene there's going to be a remnant left where will they be left from from Assyria and from Egypt so Assyria today if we look at the footprint of Assyria today we call these lands turkey Bob Iraq and Syria so part of Turkey part of Iraq part of Syria that's the oldest Syrian Empire from Egypt that south so the north and the south king of the north to the south and from past rose paths roses upper egypt that's getting very close to judah and from cush this is a Ethiopia Sudan and from Elam this is to do with Iran from Shinar this is Iraq and from hamath this

is Assyria so all of these are Muslim lands all of these Muslims lands that are surrounding Judah full of hatred what they consider divine and rightful hatred for these people who are cursed and who their God has turned into apes and pigs and who need to be destroyed these are the people that are going to be and need to be enslaved and they're going to be surrounding Judah and destroying Judah and God is gonna step in and stop it stop it improve who the true God is and from the coastlands of the sea so that's why he says the north the the east of the south but also the west and going west to capture his people from the coastline so they they're gonna be taking over the Mediterranean Sea and takin slaves to other lands as well that will also have this hatred for them and he shall set up an ensign or a banner or a flag for the nations and shall assemble the outcasts of Israel so this is like a major courtroom drama to say who are the true people of God and who is the true God and this is what God is going to do to prove that he is the true God and he's going to assemble the outcasts of Israel and gather together the dispersed of Judah from the four corners of the earth these are the elect and they're going to be scattered and enslaved and destroyed and taken captive to the four corners of the earth everybody's gonna hate them and yet God is gonna act to gather them back and hold this courtroom drama to say who is the true God and who are the true covenant people back to Isaiah 43 even everyone that is called by my name for I have created him for my glory so God has created this people for his glory and who are we to question God we all

everybody just has to get over this including the covenant people that these are the people that God has chosen for his glory and he will be glorified in them and then he's gonna prove this to the whole world and and the seat he takes this very very seriously he says everyone that is called by my name for I have created him for my glory so this is something that we have to understand what is what is happening here there's a there's a major controversy in the earth when Christ returns and that's why this this movement for Islam to dominate the world and as it dominates the world it will fill the world with hatred of the Jews and then God is saying no I'm not gonna have this this is I'm gonna prove who the true God is so he says here I've created him for my glory I have formed him yes I have made him bring forth the blind people that have eyes and the Deaf that have ears who are these people these are God's people he said go and tell these people here you indeed but understand not and see you indeed but perceive not that's why Christ said this when he came he says his disciples are given the ability to understand the mysteries of God but to these Jews it has not been given so he says here you indeed but understand not and see you indeed but perceive not so these are the people that he's now saying okay now comfort them now Jerusalem's warfare is over so bring them forth the blind people that have eyes and the Deaf that have ears and this is really interesting so he says let all the nations be gathered together everybody this is the courtroom drama let's let's solve this problem once and for all and let the people be

assembled so so the people are the
Covenant people so let's gather all the
nations and then let's assemble the
covenant people who among them can
declare this and who can show us former
things let them bring forth their
witnesses so again this is a courtroom
drama we need witnesses okay bring your
witnesses because God is saying who
among them can declare this what is
going on here but whatever is going on
it was declared previously all of this
was written down anciently and
prophesied and now it's all coming to
pass and God is putting out this
challenge who among them can declare
this and who can show us former things
who has writings that can say all of
this was written thousands of years ago
let them bring forth their witnesses
that they may be justified so there has
been some horrible behavior in the earth
there has been bloodshed there has been
slaughter and now it's time to hold
court and it's time for people to be
judged so hey if your God says that all
of this is right and you had the divine
right to be doing this horrendous
torture and and and and cruelty let's
let's hear it let's hear it bring forth
your witnesses show us that you were
justified in doing all of this horrible
evil and slaughter and now he says not
that way you could be justified if you
don't have witnesses if you if you're
not able to justify your actions you are
in for big big trouble with the Creator
or let them hear and say it is truth so
you have a choice come forward with your
scriptures and show us how you predicted
and your God justified all of these
happenings and the the demonic behavior
you've been engaged in or shut up and
listen and hear and then God says you

are my witnesses
these these covenant people are God's
witnesses they're terrible witnesses
they're they're unfaithful witnesses and
it's because of their unfaithfulness
that they in fact are witnesses to God's
faithfulness God is the faithful witness
that's what we read in revelation 1 that
Jesus Christ is the faithful witness and
because he came as the faithful
Israelite he is the kinsman redeemer and
he's making this Redemption completely
doable and possible and and that's why
that's why we have good news for Judah
and so Judah now why are they his
witnesses because all of this was
written
anciently Deuteronomy 30 Moses says
you're gonna go into the land you're
gonna receive these blessings then
you're gonna uh Turley corrupt yourself
and you're going to be destroyed and
you're going to be scattered to the four
corners of the earth and then God is
gonna have mercy on you and despite your
unfaithfulness because of his commitment
to his friend Abraham he's going to
gather you back so the presence of these
people the fact that the whole world
hates them has hated them hates them now
will hate them would love nothing more
than to destroy them that no flesh would
be saved alive and yet they continue to
exist and no matter what Satan does he
cannot get rid of these people their
very presence is witness to the creator
of the universe you are my witnesses
says the Lord and my servant whom I have
chosen these these are the people that
God has chosen and it's the Creator no
one can argue with him so these are the
people he has chosen you are my
witnesses says the Lord and my servant
whom I have chosen that you may know and

believe me so these people have to reach
search the Scriptures and realize this
is Jesus Christ
he's our Messiah all of this has been
written
anciently so somebody has to take this
gospel message to them get them to
search the scriptures and get them to
come to repentance
so you're my witnesses you're your very
existence that is ordained that has been
preordained proves that I am God despite
all the hatred of all the nations
that you may know and believe me and
understand that I am he they need to
come to Christ before me there was no
God formed neither shall there be after
me this is the end of allah-o-akbar
this is the end of all this blowing up
and God my our God is greater and we can
do this we can have our way and they're
gonna try to destroy Judah completely
but no God is the one that that was the
spanking that God brought upon his
people but he's not going to eliminate
his people he's going to restore them
and they're going to be honored in the
land and everybody's going to
acknowledge them and go to Jerusalem to
keep the Feast with them and to learn
how to keep these holy days and so when
he says you are my witnesses it's really
interesting because he says you're deaf
and you're blind but a witness needs to
hear and see and so here in Leviticus
five it says if a soul sin and hear the
voice of swearing and is a witness
whether he is seen or known of it if he
does not utter it then he shall bear his
iniquity so this is the importance of
being a witness when you see something
you have to say something you have to
say yes I saw that this is what happened
and so God is saying to these people you

are my witnesses and so in this massive courtroom drama when God gathers all the nations these people have to come forward and say yes we sinned these people did this to us they did this to us they did this to us and is written in the scriptures and now our Savior has come and so he truly is a faithful God because when we search the scriptures and we look at the terms and conditions of the Scriptures he we have been unfaithful but there was provision for that in this in the prophecies and our God has been faithful so they are hid their very presence witnesses to the veracity of the Holy One of Israel isaiah 40:3 i even i am the lord and beside me there is no Savior do not look to anyone else do not listen to any false preaching of any other gods the only God is the Holy One of Israel I have declared and have saved so anciently really all the way back to the Garden of Eden but I was gonna say Moses wrote it and God declared it this is what's gonna happen and now he's come in and he's done it and he has shown it when there was no strange God among you that is when you were true and faithful and we were just starting out together I told you this was gonna happen therefore because of this because it's been declared anciently and everything's happening exactly according to the scriptures therefore you are my witnesses says the Lord that I am God so your very presence proves that I'm the creator and the whole world is gonna have to acknowledge this we're gonna search the Scriptures and see that every single thing that's happening in the earth was declared thousands of years ago by the the only

God who can bring it about and this is when he says when there was no strange God among you this is the time here Deuteronomy 30 it shall come to pass when all these things have come upon you the blessing and the curse which I've set before you and you shall call them to mind among all the nations where the Lord your God has driven you and shall return unto the Lord your God so there's a return built into this so even though you're gonna be blasting then you're gonna be cursed then you're gonna return he's gonna gather you from all the nations and you shall obey his voice according to all that I command you this day you and your children with all your heart and with all your soul so there's this profound and very deep and thorough wholesale repentance that's what's coming that then the Lord your God will turn your captivity that's when he'll end the captivity and have compassion upon you and will return and gather you from all the nations so this it was written anciently where the Lord your God has scattered you so it's God's doing this this rise of Islam around the world and taking over the Western nations all of a sudden it's God's doing and and I'm sorry for Judah it's gonna be horrible because this is it was written but then God is gonna step in and reverse it so chapters 1 to 39 in Isaiah are the judgment and now 40 to 66 is how God is going to resolve everything and make good news ultimately for his people and so in this context math Christ said that this gospel the very good news that goes all the way back to Moses this gospel of the kingdom the kingdom that is going to be restored to Israel shall be preached in all the world for a witness this is a

courtroom drama that God is carrying out
is it's gonna happen for a witness
that's that's that's why it's happening
so it's not it's not that work that the
kingdom is not that tongue it's not that
the gospel is being preached in an
effort to try to convert all these
nations it's just being preached to say
look here's the prophecy here's what's
gonna happen
and and when they's try to say what we
didn't know they can't say that they
have they they've committed to a course
of action they now need to justify this
course of action and there will be no
justification because they cannot
produce scriptures that authorize them
that anciently were written to say they
can do these things and this is what's
going to happen nor are they able to say
what we didn't know nobody told us
because the scriptures are going to be
preached and then the end shall come so
these nations are in for a terrible time
with God he says yes before the day was
I am he and there is none that can
deliver out of my hand so when God puts
his people to judgment
nobody can deliver out of his hand and
when he ransoms them and takes that
judgment and puts it on the nation's no
one can deliver the nation's out of his
hand so he's the one that does this and
no one can reverse what he's doing I
will work and who will reverse it so
when God does what he does no one can
reverse it thus says the Lord your
Redeemer the Holy One of Israel this is
so important izing over and over and
over will somebody please hear this that
God is the Holy One of Israel he is the
Redeemer he's the kinsman redeemer of
his people this is family this is a
family affair and he's coming to redeem

his family for your sake I have sent to
Babylon and again this is
you know this the time that this is
written Assyria is the superpower and
Judah is worried that this superpower
the way conquered the northern tribes is
going to come and conquer them and
Isaiah saying don't worry about our
Syria Babylon is gonna conquer you but
then God is going to conquer Babylon and
release you and return you back to the
land but all of that is just a dress
rehearsal for the ultimate pattern in
the end that in the end Babylon is gonna
come and crush you as Syria's gonna come
and crush you but then God is gonna
release you and and that's that's when
he returns

I have brought down all their noble
souls so the controversy in that in the
end is with Babylon and he's brought
down all their nobles they're gonna be
riding high and the Chaldeans again this
is the Babylonians whose cry is in the
ships and so this is supporting what is
written in Habakkuk when Habakkuk looked
at the corruption that was among God's
people and said you know this corruption
why is this corruption here and God says
and Hosea Habakkuk was really troubled
by the corruption of the Covenant people
and said God you're not doing anything
about it

and God said yeah I am doing something
he says behold you among the heathen
that thought what God is doing he's
raising up the heathen and that's what
we're seeing now and regard so and
wonder marvelously this is this is
amazing this is it's hard to digest
what's gonna happen for I will work a
work in your days that's why he says I'm
up here in the here in Isaiah that he
will work I will work and who's gonna

prevent it so I'm gonna work a work in
your days which you will not believe
even if it's told you so this is
unbelievable that God is gonna raise up
the heathen to destroy his own people
for a low I raise up the Chaldeans that
is the Babylonians that bitter and hasty
nation which shall march through the
breadth of the land to possess dwell in
places that are not theirs
so God is making it very clear that
they're going to have the upper hand and
they are coming and they're coming to
take land and overtake land that doesn't
belong to them they're just gonna have
no respect for borders and
the Marxist the left are making a very
dangerous mistake in playing along and
cooperating because when we read the
scriptures the Communists don't feature
so they are just instrumental in helping
to tear down the borders so that the
Chaldeans that bitter and hasty nation
can walk through lands and possessed
well in places that are not theirs back
to Isaiah he says I am the Lord your
Holy One your Holy One so God is saying
I belong to you we're in a covenant
relationship the creator of Israel your
king so God did not create Israel in
vain and this this name Israel God's
name is in the people's name and so God
is saying you carry my name you're mine
and I'm gonna look after you thus says
the Lord which makes a way in the sea
and a path in the mighty waters and
again we know this from the first Exodus
but this is what God is making clear
that he's the one that manages the
exodus and and we can see this today as
we watch in the southern border of the
United States to see these people from
Honduras invading America there they're
set to invade thousands of women of

course there's gonna be good people here just want to improve their their lot in life but that's not really a justifiable reason to go into another land illegally but also amongst them it's very clear that there are jihadis amongst this crowd but the point that I want to make here is somebody has to finance this somebody needs to feed these people somebody needs to give them water you can't have a caravan or an exodus like this unless somebody is supporting them and God is saying you're going to see exactly this for his people in the end time all the places where they've been taken captive God is gonna make a way for them to come back home to the promised land to the Holy Land so he's gonna be the one that makes away in the sea and a path in the mighty waters like the first Exodus which brings forth the chariot and horse the army and the power they shall lie down together they shall not rise they are extinct they are quenched as a toe so all the enemies will be put down remember you not the former things so God is saying okay again Isaiah 1 239 all of that judgment all of those curses that's all been prophesied it all has to come to pass and now God is saying don't think about that anymore neither consider the things of the old the the things about so all those curses we see in 1 to 39 stop thinking about that now we're in a new section 42 66 the new testament isaiah behold i will do a new thing so God is now comfort my people he's doing a new thing now it shall spring forth and shall you not know it I will even make a way in the wilderness and rivers in the desert so God is gonna support the second Exodus and he's gonna bring his people back away from all

these curses and they're going to be on
it this is the new thing the beasts of
the field shall honor me the dragons and
the Owls because I give waters in the
wilderness so again when you're making
this kind of Exodus this kind of journey
you need water and they're gonna come
through the wilderness and God is gonna
give water in the wilderness and rivers
in the desert to give drink to my people
my chosen are gonna be gathered from the
four corners of the earth and they're
gonna be brought back to the Holy Land
and they're gonna be honored and they're
gonna be supported along the way this
people have I formed for myself they
shall show forth my praise they are his
witnesses so everything that happens to
them when we reconcile it to the
scriptures how mighty is God how 1 how
awesome is this God when he speaks he
does not speak in vain everything that
he says comes to pass so these people
will show forth his praise and this is
exactly what they were designed for
that's how it all began in Exodus with
Moses he says if you live by my voice
and keep my covenant then you'll be a
peculiar treasure unto me above all
people for all the earth is mine so this
is this is what's so frustrating for
everybody how can God have a people that
he raises above everybody else to human
beings this is a hateful thing this is
unfair this is not right and so there's
this despising who are these people to
say that they're so special we must
destroy them and God a thing you cannot
destroy them
I'm gonna use you to punish them but
then they are gonna sit above all people
of the earth the whole earth is gonna
look to these people and say God is with
you teach us the way of God and and

these people are going to have these spiritual priests and kings over them and this is the first fruits harvest so the first fruits harvest is going to be governing the affairs of the earth helping the earth to come into the family of God but first it all has to happen on a human level and it's going to happen on a human level with a people physical people that have been severely punished but then are being honored and are going to sit above and this will become increasingly clear as we work our way through Isaiah for all the earth is mine and this again so it's not just in Exodus is in Deuteronomy you have you have set the Lord this day to be your you have about the Lord this day to be your God so this is a commitment that they've made so they've said this they've they've about so they vowed that the Lord this day is their God and to walk in his ways and to keep his statutes and his commandments and his judgments and to hearken unto his voice so this is what's gonna make them a peculiar people and the Lord has vowed to you he's made about to you this day to be his peculiar people so they broke the vow but God didn't and he's gonna make sure that they're his peculiar people as he has promised you and that you should keep all his Commandments and that's why the New Covenant is so important is gonna put his spirit in their heart so that they can keep his Commandments and what we're going through now is Christians with the Holy Spirit and overcoming that's the struggle that they'll be going through and and and having having a love for God's law and keeping it so that they can lead the other nations and to make

you high above there it is
I'm sorry Gentiles but this is God's
plan this is this is how God has
orchestrated salvation to make this
people high above all nations which he
has made in praise and in name and in
honor he's going to honor these people
this is his word and everyone's just
gonna be blown away when all of this was
declared thousands of years ago and it's
happening
exactly as God said and that you may be
a holy people unto the Lord your God as
he has spoken that's the process now
that's the process these people are
going to be a holy people they're gonna
lead the other nations ultimately all
these people are gonna be born into the
god family and that's what we call the
fall harvest but prior to all of that
there's a firstfruits harvest and God
does all of this early with a secured
set of people that are born early into
the god family and then help with this
fall harvest so this this is an early
calling to help with the fall harvest
and that's what Peter means when he says
but you are a chosen generation a royal
priesthood a holy nation a peculiar
people that you should show forth the
praises of him that's Judah Judah means
to praise God show forth the praises of
him who has called you out of darkness
into his marvelous light so these are
the now the true spiritual Jews who are
cut brought into this covenant whether
Jew or Gentile brought into this
covenant with the holy spirit and we are
this firstfruits harvest that are going
to help God with the fall harvest and
all of this is happening on multiple
levels it really is something that we
just have to understand the mind of God
and I don't know some of you made like

me when I was a child might have been Star Trek fans but this idea of multi-level chess so there's things happening on a firstfruits level on the god plane level and then there's things happening on a human level and within the human level there's a set of people that are above the other human beings and we need to put all the scriptures together to understand this multi-layer strategy that God has in mind to save mankind so he goes on to say call this other darkness into his marvelous light back to Isaiah as we just wrap up 43 but you have not called upon me O Jacob so this is these people who are called by God God is saying you you've been very rebellious you have not caught these are his children these are his people and he's saying to these people but you have not called upon me O Jacob but you have been weary of me o Israel so again that Jacob Israel pattern and look what God is saying I've done all of this for you but you've hated me you you like oh we hate being the people of God why did God choose us where we real of the God of Israel you have not brought me the small cattle of your burnt offerings neither have you honored me with your sacrifices so God has done everything for this people and they're spoiled rotten these are the people that God has ordained to be the head nation of the earth and they are uncooperative they hate him they despise him just mention Jesus Christ and see the response that you get and not is saying you've not honored me with your sacrifices I have not caused you to serve with an offering nor wearied you with incense so they've wearied God but God has not we read them he says you have brought me

no sweet Cain with money so they haven't brought the finer offerings neither have you filled me with the fat of your sacrifices but you have made me to serve with your sins you have wearied me with your iniquities and this is the relationship of God's chosen people with God that the relationship was broken down and God is looking at it and despite the fact that they have not fulfilled their part of the Covenant because of his promise to Abraham he is fulfilling his covenant with them and he's going to honor them and this is this is what makes it so wonderful this is why they're his witnesses he says I even I am he that blots out your transgressions from this is very very different so either we believe in this cell ideology that's spreading all over the earth that says that God hates the Jews he despises them because they broke the Sabbath and he's turned them into Apes and pigs and our job is to destroy them or we believe Isaiah and all the prophets the real prophets who say these people are breaking the Sabbath is the least of what they've done they have broken every law they have they have wearied the Holy One of Israel and yet God is gonna blot out all their transgressions for his own sake because they carry his name Israel Judah they carry his name and so he's not gonna remember their sins so who do we believe these are two very different outcomes and the God of Israel is saying watch me bring forward your strong arguments let's go toe-to-toe let me see what you can do let's hear what you have to say and let's see how you bring it to pass and then watch me no one can reverse what I have written

anciently and what I'm going to do and there's two parts to what I do there's going to be a punishment phase and then there's going to be a Redemption phase and then in that Redemption phase the other nations are going to be punished and no one can stop me so we just have to see which one is true put me in remembrance let us plead together did you declare that you may be justified so this is a real controversy that God has with his people and with the nations your first father has sinned I think this is a reference to Jacob that's why that's why I keep saying Jacob Israel Jacob Israel your first father has sinned and your teachers have transgressed against me we only need to read the New Testament to see that the conflict that Christ had with the rabbis to see just how these teachers were terrible in self righteous therefore I have profaned your I have profaned the princes of the sanctuary and have given Jacob to the curse and Israel to reproach yourself this this God is doing this because he's a God of his word and when we look at Deuteronomy and we look at the terms and conditions of Deuteronomy this is what God is carrying out and we see all of that in chapters 1 to 39 of Isaiah but now this is the end of chapter 43 we'll just take the first two verses of 44 so we don't end here he says you've profaned therefore he's profaned the princes of the sanctuary bringing the leaders down and he's given Jacob to the curse and Israel to reproaches all not just Judah but all the Israelite nations are going to be cursed and God has given them over and that's what's happening that's what we see happening in England you wait to see

what happens to England you wait to see
what happens to Canada to America to all
these Western nations God has given them
over but he doesn't end there he says
yet now here Oh Jacob my servant these
are the people that God has chosen and
Israel whom I have chosen
so not just Judah now all of Israel Oh
Jacob my servant I've selected you I've
chosen you thus says the Lord that made
you and formed you from the womb which
will help you fear not o Jacob my
servant and just surrender serve another
word for Israel whom I have chosen so
this is just an amazing amazing prophecy
and as we work through Isaiah it's all
gonna become much much clearer but this
is what's happening and it's all to do
with what was prophesied anciently to do
with the covenant that god has made with
his people and how what makes god god is
his word is so powerful it's a
performative word that he speaks and
creates everything with his word and he
never goes back on his word and when he
enters into a covenant he never goes
back on it he never lies
he never abrogates he never changes his
mind he says this is what I'm doing this
is this is the God and and the very
existence of Judah and the very
existence of Israel these are the
witnesses this this is the their
existence is proof that the God of the
universe is the Holy One of Israel so
we'll stop there and what I'll do now
just a wouldn't mind just taking a few
moments I hope Pastor Marie's still
there and I hope the technology is gonna
work here but I think what I'll do is
try to bring him in and then he can what
we'll do is just answer some questions
of you know how is all of this sitting
is this resonating is this making sense

and hopefully it is and we'll monitor the chat and we'll monitor as well the Facebook session so let me see if I can get pastor Murray in as well you might be just on the delay

[Music]

now I think I'm not able to get him again we just had some technical problems so that might be the reason why so I think what we'll do is just um he's waiting let's see so he is waiting

[Music]

we're almost there just so that your patience brethren is where you sort through this I think he's gonna come on now so think about any questions that you might have and post them and if we can I'll get pastor Murray on here live just see here I'll give it another minute

you know I don't think it's gonna work this evening and we just upgraded the software we have graded the operating system that we had to upgrade the application as well and so things are just a little bit strange this week I do want to just remind everybody or actually I didn't say it just with the quick start that the rocky start that we have that next week I'll be traveling so there won't be any Bible study next week Bible study will resume the following week and that's going to be Nover November 14th and God willing we'll get into Isaiah chapter 44 then and we'll just go to the chat the way we regularly do there and I'll try and monitor the the Facebook I don't usually do the Facebook after but because I've mentioned that already I mean hopefully we'll get this ability to bring pastor Murray in working for the next session so thanks so much that was isaiah 40:3 think about your questions as we go

along and we will have a session where
we can answer live and talk and just
really try to understand what is it that
the prophet prophet isaiah has been
trying to say for say to us and to the
people of god these thousands of years
what a great God we serve what a
powerful mighty God we serve he proves
his power through his word let's take
his words seriously Jesus Christ is king
amen
