

23-Isaiah-40-Transcript

well

greetings brethren and welcome to another wednesday night bible study hopefully i'm coming through clearly and i apologize that i did not launch with our

isaiah opening i love that video that our brother jeff has put together to open these bible studies

and i just i just love it i never tire of it

but we've switched over to a new platform as you know we've been having some trouble

uh integrating the study with facebook and

our brother jeff has uh trained me on this new

software so a little bit of growing pains as we switch over and i'm learning this new platform

but hopefully i'm coming across clearly and i think that's the main point i did promise that we would uh do a q a again

tonight and there's one particular question

um it's a fairly lengthy question and and there's a fairly lengthy answer to it it comes

came in from one of our brothers and it's a series of emails and i've tried to distill it down

to the main question i believe that it's all we will have time for this evening so any other questions and pastor murray unfortunately won't be able to join us this evening he's a bit under the weather

um so we'll push any other questions that you've had

out to our next q a and as you know we

we enjoy these q and a's we enjoy these interactions with you
we're not saying we have all the answers but you certainly have a right to ask questions and we want to explore these questions with you
so that we can come to a better and a more complete a fuller understanding of god's word let's open with the word of prayer and then we'll get into the study
for this evening our heavenly father we bow before your holy throne ever so grateful father for the opportunity to to study your word and to study your word with like-minded
uh brethren we just thank you father that in this world of confusion and deception you've called us and you've put it in our hearts
to want to take your word seriously a desire to rightly divide the word of truth
and not only that father but to live by these holy words
we thank you for it we thank you for all the brethren
that we can be together we certainly thank you father for pastor murray and pray that you'll be with him and his family and a helping father to recover quickly
and we just thank you for his incredible work ethic and his love for the brethren and his love for you in christ
so we ask your blessing now father and we thank you for this opportunity
uh we don't take it for granted we don't know how much longer we'll have this opportunity lord but
we certainly thank you for it while we have it we ask all of this now
in the mighty the holy name of jesus

christ amen

okay so i did say that we had a little
bit of a
lengthy question one of our very sincere
brothers and you know he so
he disagrees with me on a particular
aspect of prophecy
but the disagreement i wish all brethren
were like this
he's very respectful he appreciates the
studies
he realizes this is prophetic and
therefore as we move into the world of
prophecy
it's there's elements of speculation
there's things that we just don't know
we're
looking through a glass so dimly darkly
so
i just love the humility yeah it's sort
of this is what i think
it contradicts what you think uh can we
consider this so
let's get into this and i think it's
just a great way even on our slack
channel i have to say
i mean when we first opened it up there
were some pretty rough attitudes
uh but that's gone now and i think as
christians
we should engage each other respectfully
we don't want know-it-alls you know we
don't want people to think they know
everything and
everything out of their mouth is oracle
no we love people who ask questions
who have have opinions have insights but
also have humility
and this is something we're all we're
all in this walk together
and trying to work together to
understand this so
let me um go ahead and it's a bit of a
lengthy question but i

and i've distilled it down as much as i
can but i think it's important for
context to understand
where our brother is coming from
he says in the isaiah 10 bible study it
raised a couple of questions in my mind
you said i think when christ returns he
destroys both babylon
and assyria maybe that needs some
clarification
in isaiah 19 24-25
the prophecy foretells that assyria will
flourish with egypt
and with israel after christ straighten
things out and i also get the idea that
babylon will be destroyed
never to be rebuilt so assyria and egypt
seem to have a future
babylon does not yet i'm saying that
both of syria
and babylon will be destroyed by christ
need some clarification great question
goes on to say that about the germans
and and uh many of you
uh believe that germany is going to be
the end
power the end of beast power many of you
believe that germany is assyria
i don't share that belief i'm not saying
my belief is absolutely so
i just don't share this belief so
there's a question that are the germans
to this beast power
and this brother uh doesn't share this
belief either
he says the germans are neither
anglo-saxons nor
are they slavic nor mediterranean nor
middle eastern arab turk etc
so the germans don't come from any of
this stock and the german mindset to
this day is more on the philosophical
nature-loving side at odds with the
exploitative materialistic

talmudic jewish spirit which dehumanizes
gentiles as a commodity to use
as they see fit so just on this point
uh first of all i agree that the germans
are not assyrians the germans do not
come from middle eastern middle eastern
stock or from assyrian stock i agree
with that
and you know so no no question there
i'm uncomfortable
with the notion that the germans are
this sort of philosophical
nature-loving people but the jews
they're evil
they they dehumanize gentiles uh i said
like stop this this to me i take this
like
you know black people are just naturally
wonderful
and white people are awful and so black
lives matter
and and white people are inherently
racist all of this
sort of talk i put it in the bucket of
nonsense
what i see are human beings with human
nature
who are fallen who absolutely require
the the intervention of jesus christ i
don't care what race
i don't care what creed i don't care
what culture i don't care about gender i
don't care what age
human beings all go in the same bucket
of human slime
human garbage trash and
and full of evil an evil heart
the fact that there are there is a tribe
of people or there are tribes of people
that god has hand-picked and and and
come into covenant with this is the only
thing
in my mind that separates one human
being from another

that there are a people on the planet
that god is in an eternal covenant with
that's all i care about
so i will not accept any position that
elevates people
naturally above other people i will not
accept that
i will accept that through covenant that
there is a people on the earth
that have been elevated by god himself
as the head nation or the head nations
above all others
so so i see the german spirit as
something
god can use to check perverted israelite
world rule
that speaks for those people as the
corrective acts in god's hand
so yes i think germany clearly world war
one definitely world war
ii was used specifically against
the tribe of judah uh so i'll accept
that
i again i don't see germany as assyria
so i do not see them as the tool that
god will use in the future
but definitely there god does use
gentiles to correct his people
so i think we can agree on that a second
point came to mind
the explanation of isaiah 10 6-7 i read
this to mean that god stirs up the
assyrians against the people of god's
wrath
similar to the way a peace-desiring
german population was stirred up
under hitler again time out stop the
germans were not peace desiring
the germans are just people you know uh
people are people people
people can change look look what's
happening now to america
which i would say was a peace desiring
people they had they had the biblical

uh foundation but they're human
and now we have violence in the street
we have people pushing over old women
and kicking them in the head and
this is the human condition so nobody is
immune
to the to the to the uh human condition
and i think we need to be very very
careful especially if we come from the
same stock
so i think one of the things that god
has blessed me with is the ability to
not get engulfed
in in self aggrandizement
where i somehow feel the need to prove
that black people are special i don't
feel that need
and i get condemned by my black brethren
in the church
because i do not have this loyalty to
the black race no my blood my my loyalty
is to god my loyalty is to jesus christ
and i do not apologize to that
and i feel sorry for my black christians
in it who
clearly to me have been hoodwinked
deceived
and and sabotaged
because of the same way that that satan
hoodwith deceived and sabotaged eve
through self-interest and i certainly
hope that my fellow black ministers
would agree with me on this now so
this sort of germans are the sort of
naturally loving wonderful people and
then the jews are the evil ones
don't buy it now the prophecy then
he means not so neither does his heart
think so but it is in his heart to cut
off nations
so he goes on to say so assuming this is
the germans it's in my view it's not
speaking the germans
but he's saying look he doesn't mean

this and his heart doesn't think this
way
and it's not in his his heart to cut off
nations
because the germans are a peace-loving
people we'll read the text and i don't i
do not
accept that this is what it's saying it
goes on to say the islamists of today on
the other hand
preach jihad encourage their young to
want to cut off the heads of the kafirs
the unbelievers
how can it be said that it is not in
their hearts to cut off heads
and that they do not mean to do so
beautiful question
we'll address it by reading the
scriptures as
i think my position is the assyrians
today the land of assyria today
is is is islamic and all of the nations
that god condemns in the end time
are all islamic none of them are
european uh that
the gentile nations that he condemns
that are that are destroying
his inheritance so
great question how can it be said that
it is not in their hearts to cut off
heads when clearly it is
so we'll talk about that and that they
don't mean to do so
germans are never taught to cut off
other people's heads
but history shows that when they become
united against the enemy
they have a tradition of following order
so the only fault here of the germans is
they follow orders but they're
peace-loving people well i don't believe
this prophecy is talking about germany i
think germany had its uh
had its day today germany i don't see

how it can recover
from the islamic invasion uh and and so
let's see let's keep watching but every
year that goes by
germany is getting weaker and weaker to
the point i believe of
certainly germany and france and most of
europe stage four cancer
and getting to the point where it's
unrecoverable for them to to come back
but we'll see
keep our eyes open again this is
prophetic he says on the other hand
jacob is described as a hypocrite who
goes to great lengths to cover the
tracks of his evil doing
he's become sophisticated trying to hide
his iniquity and has mastered the art of
oppressive colonization hegemony
he has learned very well to hide the
iniquity of the house of jacob
to make it a pair benign he is a
merchant the balances of deceit are in
his hand he loves to oppress that's
a hosea 12 7-8 in order to distract
other people from the truth they always
know how to produce a hitler
and we can weakening the nations is
their specialty
as a study of the past centuries regime
changes brings to light
so the point here is the the real beast
power
in the end time is israel and
specifically the jews these are the
it's the house of jacob that is evil and
if one just has to look around
and see that all of this horrible
oppression
is coming from the house of jacob goes
on to say we're entering to the time of
jacob's trouble not because of islam
or muslim excesses or assyria but
because specifically of the iniquity

unleashed on a grand scale worldwide by
a small group of materialistic anti-god
israelites
who have infiltrated and hijacked all
key institutions
um so it goes on to say that the the
spirit of
this babylon this neo-babylonian spirit
in the earth is coming from
the nations of israel specifically the
united states and israel
could also include britain in there but
all these israelite
nations this is what this is where it's
coming from and uh
this this is the beast okay
fair question intelligently asked
great spirit and who knows
all of this could be true so i'm not
going to say that it's not true
what i'm going to say because we're
dealing with prophecy so we have to
watch
what i'm going to say is i don't accept
it and i don't accept
it on the strength of the
the biblical narrative so if we have
this view
it has to hold water wherever we go
in the scripture and when we get the
narrative right
wherever we go in the scripture it'll be
right
so let me see now and there is a way
that i can share screen
and i want to make sure that i do that
so let's see if i can do this if not i
have another way of doing it
new software is going to be great once i
figure it out but it's a lovely software
i've switched right away
so we want to there should be a share
screen
share screen and start screen sharing

pardon me brethren this is all a
different application but i think we're
working it out
so i think now that i am
sharing my screen yes i am beautiful see
things work out very very good we cannot
be afraid of change we have to be
willing to adjust
okay how do we interpret these
prophecies and these
i will go to the scriptures specifically
that were quoted but i want to begin
in torah we always go back to torah
torah is the foundation moses is the
first
prophet really truly first fundamental
prophet and the torah
everything that he has written in torah
is where we base our understanding
all the prophets are doing is repeating
with more
detail and high definition the
prophecies that moses laid down
so the fundamental prophecy we can go to
here is deuteronomy 30 and verse 1.
actually before we go there let me let
me do this
before we go to deuteronomy let's
understand the fundamental
structure of story and i did talk about
this previously
when i was uh covering the book of job
but let's just do a quick review
that the the fundamental structure of of
story
is this notion that we call the hero's
journey
so let me see if i can get this working
for us i want to stop sharing my screen
good so the hero's journey basically the
protagonist in the story
so you start with the protagonist so we
need to answer the question who is the
protagonist

the bible is a book about israel israel
is the protagonist
israel has a goal so the protagonist
always is working towards a goal
paul says in romans that israel desires
righteousness but they've gone about it
the wrong way job
desired righteousness but he went about
it the wrong way so this
is the foundation of the story in the
bible beginning
genesis 1 to 11 is back is context the
story begins in genesis 12 with abraham
and everything then goes from genesis 12
to revelation 22
and there's a single narrative about
god's covenant relationship with israel
with abraham isaac and jacob
the fathers and this
people have a goal they want to be
righteous but paul says they're trying
to
establish their own righteousness that
is the flaw
in addition to the goal the protagonist
has a fundamental flaw
that has to be processed and cleansed
and removed the way it's removed
is by the fact that a villain
an antagonist appears which
strikes the the protagonist crushes the
protagonist
and calls fo calls causes
the protagonist in stage three here
to fall into a pit of suffering
a pit of misery and that pit of misery
that suffering is the cleansing process
that is how the flaw is ultimately
removed from the protagonist
so that they can be successful in
achieving their goal
but the only way this can happen because
the protagonist is flawed
and is unable to see their flaw that

this this
confrontation with the antagonist and
the suffering that ensues
that suffering humbles the protagonist
and in a humble state
the protagonist is able to accept the
help
from an outside special resource
that special resource gives to the
protagonist what they don't have
and helps the protagonist overcome their
flaw
and with that the protagonist now is
empowered
to struggle and overcome and triumph
but more importantly what really happens
in this process
is that the um protagonist
is transformed so
this the bible is a book about israel
so the hero is israel the the
protagonist of the story
but the protagonist is flawed they are
self-righteous they are arrogant they
are
evil but they do have this goal of
wanting
to be the covenant people and
the process then requires them to suffer
and they are going to suffer like no
nation has ever suffered
but in that process they will finally
accept their messiah
right now they do not but they're going
to be christ said you won't see me again
until you shall say
blessed is he who comes in the name of
the lord when they accept messiah
then they will be able to fight back
over their enemies and overcome
so all of that to say what to say that
israel cannot be the beast the beast is
the antagonistic
force to crush israel to cause israel to

suffer

so that israel can be purified so um i see

a question here can we ask questions from facebook you can and finally i can see the questions from facebook but this is a pretty big topic so i i really want to do justice and it's a well these are good questions i really want to do justice to this question so you can go ahead and ask the questions on facebook we will address them in our next q a so this q a is going to be devoted to this particular subject

so we have to begin i'll go back to my screen sharing

we have to begin in

we have to begin in moses in torah so moses tells them the blessing and the curse is going to come upon you but you will finally when you're when you suffer you will finally return to jehovah and you will obey him

and he will end your slavery your suffering your pit of misery and he'll have compassion on you

and he will return and gather you from all the nations where he has scattered you

so the the protagonist in in in the process of recognizing their flaw and coming to terms with their flaw will suffer in this pit of misery they'll be scattered they'll be enslaved they'll be tortured they'll be murdered that's the cleansing process

but once this happens if any of you finally get it

and you repent and hopefully there are faithful men and women

of the first fruits order who are preaching the faithful gospel

so that they hear the gospel and they

can have faith and respond
to messiah but when this happens he will
then he'll gather you
and bring you back and he'll bring you
into the land
which your fathers possessed and and
multiply you above your fathers and
he'll circumcise your heart
you evil evil people so i get people
writing to me
and speaking to me trying to convince me
of how evil the jews are
or how evil israel is no need to
convince me
i've read the bible you cannot condemn
these people
more than their god condemns them i i
don't know if
if if the jews and and those who
understand their israelites
if they read this bible i don't think
that they would go around saying hey i'm
so wonderful
i think they would hang their head in
shame and say we are
we are the covenant people we inherit
the promises and we are awful
we are desperately wicked that's what
they would say and that's what they will
say
because they will be god's witnesses so
but here this cleansing process he says
notice verse seven he's going to use the
gentiles to cleanse israel
but then verse seven and yehovah your
god
will put all these curses upon your
enemies
and on them that hate you which
persecuted you
and you will return and obey the voice
of the lord and do all his commandments
which i command you this day and so
he'll then make them plenteous

all of that so when we opened the book
of isaiah
it was clear yeshua yahu god
saves that's in his name and these are
dreadful prophecies
but in the very name of the prophet that
is proclaiming these dreadful prophecies
is the promise of what moses laid down
in torah
that god saves and saves who
saves his people his covenant people so
it's about this
he says right here in verse 2 listen
everybody
god has spoken he has nourished and
brought up children he hasn't nourished
and brought up the world
it's not all human beings there's a set
tribe
or set tribes that he has nourished and
he's brought up
and they've rebelled against me he calls
them a people that are laden with
iniquity a seed of evil doers
they've forsaken jehovah and but but at
the same time
isaiah acknowledges that god himself
has set aside a remnant that they will
they will not be destroyed they will
last forever
and then he even says after all this
iniquity he says in verse 18
you my covenant people come and reason
with me
and even though your sins are off the
charts
i will cleanse you he will purify them
and and and i'll just i'll just purify
you
but you've got to repent and then you
will be established
because these are this is his
inheritance but if you refuse and rebel
then you will be devoured with the sword

that's it
and he even says even after all of this
promise that he'll cleanse them
he says they've lost they were full of
judgment but now they're full of murder
isaiah does not hold anything back in
condemning
these people so pointing around the
world and saying look how evil they are
this means nothing this actually
confirms that
what the bible says also bear in mind
that america is a very young nation what
is it 245 years old something like that
that is nothing in the history of
nations america is a baby
it's a little toddler not even
barely walking is in terms of maturity
of age of nations
but it came on the scene and overnight
in the terms of history overnight
it became the most powerful the
wealthiest
the actually actually the most
benevolent nation
the world has ever seen and for those
people who say i know
um america is not israel america is
babylon how do you explain this
this is supernatural no nation has ever
dealt with wealth like this
are they just just uh smarter than
everybody more innovative
or is there some sort of spiritual
blessing with them also
245 years is nothing matthew 24
tells us that there will be wars and
rumors of wars
and what that means is the whole earth
as we know it today we've been born we
don't know any other way
britain and america have ruled the world
in our in our lifetimes
we really don't know any other way we

read a bit of history but when
christ says there's going to be wars and
rumors of wars what that means is the
whole world is going to be reconfigured
we're going to face a tomorrow that is
unprecedented we're not going to
understand what's happened
we're watching today all these people so
joyful of
this wonderful new administration what
have they done for you
how has your world improved if you're
american
they give you free money but there's no
value behind the money you just give
people money for no reason
and no value is created that is a recipe
for disaster
you just keep printing money and there's
nothing behind it
this is a this is a recipe for colossal
failure
on the world scene and you expose all
your dirty laundry so nobody respects
you
wars and rumors of wars mean the world
is going to be reconfigured
and trying to understand the bible by a
blip
in world history we have this illusion
of permanence we think that the way
things are is the way they'll always be
forget america it's gone the previous
administration did all they could to
fight
to improve america and they were getting
there prior to the
the pandemic every american's life
improved
under the previous administration under
this new administration
tell me write me personally and tell me
how your life has improved
in in ways that are not illusory in real

substantive ways
your life has worsened and we're living
under a delusion
and america is going to be destroyed and
wiped out
and rightfully so because they've turned
their back on their god
so we cannot judge the bible prophecies
by
illusions by a breath that's gone the
bible deals with
nations that are thousands of years old
and that are
structured and and being maneuvered
to fulfill these prophecies of the
ancient prophets
so this is this is israel so now let's
go to
isaiah 19 was quoted
in that day in verse 16
shall egypt be like unto women and it
shall be afraid and fear because of the
shaking of the hand of jehovah
which he shakes over it so god is a god
of armies
and egypt will be flexing its muscles in
the end time
egypt today is really nothing but wars
and rumors of wars are going to
reconfigure the earth
and the earth's powers to conform to
biblical prophecy
so egypt is going to pass play a
significant role in the end time
and god is going to deal with
and verse 17 now these these wicked jews
remember the jews are wicked as we
everybody wants to say that fine i'm not
going to argue with you and the land of
judah
shall be a terror unto egypt well how's
that possible america's fallen the only
reason judah can stand today is because
of america

and they're depending on america but
america will collapse and yet
judah shall be a terror unto egypt
think zechariah 12 everyone that makes
mention thereof shall be afraid in
himself
because of the plans of the lord of
hosts
we have to understand his counsel we
have to go into torah and understand the
ancient prophecies
and how god says i'm declaring the end
from the beginning
and from ancient times that which is not
yet done this is how everything will
unfold
this is what shall happen so
according to prophecy then zechariah 12
and 14
judah is going to terrify egypt because
god has said this
and he's determined this against egypt
in that day shall
so he goes on to talk about what's going
to happen and this is all by the hand of
the lord
and then let's go here to
verse 20 and it shall be for a sign and
for a witness
unto the lord of hosts in the land of
egypt for they shall cry unto jehovah
because of the oppressors and he shall
send them a savior
and a great one and he shall deliver
them so egypt
shall be delivered by god egypt is going
to be
is going to suffer great destruction but
god will intervene
and jehovah shall be known to egypt and
the egyptians shall be known to jehovah
shall know that the lord in that day
and shall do sacrifice and oblation so
egypt is going to turn around

egypt is going to recognize the god of
judah and worship him yes
they shall bow a vow unto jehovah and
perform it this is the prophecy
and jehovah shall smite egypt and he
shall smite
and heal it and they shall return even
to jehovah
and he shall be entreated of them and he
shall heal them
that's the future of egypt in that day
shall there be a highway out of egypt to
assyria
here we have the king of the north and
the king of the south
egypt is south of jerusalem assyria is
north of jerusalem
this has been an ancient conflict it's
going to be a future conflict
the bible speaks in terms of nations
that have existed for thousands of years
america is a hiccup so the king of the
north
is going to try to crush the king of the
south
the king of the south is going to try to
crush the king of the north and
jerusalem is going to be in the
crossfire
and rightfully so that's part of the
cleansing process for her
but in the end when all of this is done
assyria and egypt were actually
tools used by god and there's going to
be a highway
that goes from the south the king of the
south to the king of the north and
there's going to be great peace
and the assyrian shall come into egypt
and the egyptians shall come into
assyria
and the egyptians shall serve with the
assyrians so our brother is right
egypt and assyria have a future with god

but
first they're going to crush jerusalem
and the nations of israel and then when
god is finished
destroying and cleansing his people then
these people were these gentile nations
were tools
they're going to be brought to
repentance in that day shall israel be
the third with egypt and with assyria
even a blessing in the midst of the land
so you're going to have judah and then
you're going to have egypt and assyria
and these three nations will worship god
so god will
they will bless whom the lord of hosts
shall blessing blessed be egypt
my people and assyria the work of my
hands
and what israel
the protagonist of the story cannot be
the villain of the story the protagonist
of the story cannot be the antagonist by
definition
the antagonist works against the
protagonist
frustrates the protagonist causes the
protagonist to suffer
but unwittingly is the source of the
purification
of the protagonist and so we see here
the king of the north and the king of
the south
purifying being used by god to purify
what or who the inheritance
of the lord moses said it
that he he divided all the nations
according to the tribes of israel
and israel is his inheritance god is
coming to earth
to inherit jacob so jacob cannot be the
beast jacob cannot be
the the antagonist you can't say yeah
but i'm just talking about the evil part

of
of no all of evil all of jacob is evil
all of it
uh isaiah says the whole thing is is is
uh
corrupt from the head to the toe
everything all about it
but now moises said those of you who
repent you will be the lord's
inheritance
and so this whole process is the process
of purification
let's go now to isaiah 10. isaiah 10
verse 5.
oh assyrian the jews know who the
assyrian is
the jews are expecting the assyrian and
this in fact is why they do not accept
jesus christ as their messiah
because they're expecting the assyrian
and then they're expecting the messiah
to crush the assyrian
and so the notion that we're trying to
tell them that jesus christ is messiah
they completely reject it
because they don't understand the first
part of the story nor do they understand
that they are flawed
and that christ actually came as their
savior
as their personal passover but they they
don't see this part of the story they
only see the latter part of the story
where god comes in to crush their
enemies politically
and to establish them so you can't
convince jews today i shouldn't say you
can't but
most jews today will reject christ as
messiah because they're expecting the
assyrian they know who the assyrian is
we christians because we we push
ourselves into this as gentiles and we
try to mix it all up

instead of just trying to read it for
what it is we don't really understand
but assyria is the rod of his anger
and the staff of their indignation he
says
the staff in their hand is his
indignation so assyria
is the tool of god to crush these wicked
people
and not just crush them to crush them
but crush them to drive them to
repentance
i will send them again i will send them
against the hypocrite hypocritical
nation
and against the people of my wrath this
is uh judah and by extension israel
even though yeah sorry this is israel
because assyria was sent to israel
but in the end time it will crush judah
as well
and i will give him a charge to take the
spoil and to take the prey and to tread
them down
like the mire of the streets
now we come to verse 7. how be it
he means not so neither does his heart
think so
but it is in his heart to destroy and
cut off nations
not a few so we have to understand this
this is not saying germans are such
peace loving philosophical nature
nature-loving people
that they really don't mean to do any
harm but
then the americans and the british
create a hitler and there's truth to
this
they create a hitler or certainly
support this hitler
and then the germans because they're
peace loving nature loving
peaceful philosophical but very good at

following orders
they end up falling into the trap with
hitler but normally they're
nice people stop that all of us are
corrupt
all of us desperately need a personal
savior
and none of us can look at our own
righteousness and point to anything but
filth
so what does it mean that and this is
not talking about the germans
according to from my understanding of
scripture it's not
but whoever it's talking about and and
certainly the ancient assyrians were the
most
brutal so so this prophecy
as as yesu is laying it down is
speaking of ancient assyria
and boyo but you've nev at that time the
world had
never seen violence and ruthlessness and
brutality
on this scale these people were ruthless
they terrified the whole earth nobody
had seen this
and later on nations would would um uh
imitate this
including israel but this was
unprecedented evil at the time
but when so when it said what does it
mean that his heart doesn't mean so
neither does his heart think so and at
the same time it's in his heart
to destroy and cut off nations and not a
few of them this is a global power
he just marches through nations and
destroys them all yet at the same time
even though he means to do that
his heart doesn't mean to do something
what is it it's not in his heart
to be what does god say here he says
o assyrian the rod of my anger

the staff in their indignation the staff
in their hand is my indignation
so their weaponry is actually an
extension of god's wrath
now skip verse 6 because you'll lose the
track of
the logic verse 6 is just the purpose of
this but going from the fact that he's a
tool
in the hand of jehovah this is the
explanation of verse seven
that he doesn't mean to be a puppet on
strings
this this this leader is so arrogant he
himself thinks he is god
and he wants to flex his muscle and
prove to the whole earth
that he is worthy of worship so it is
not
in his heart to be used like a tool
to be picked up and put down at will by
a by the true god
the true power he thinks he is but
clearly it's in his heart to destroy
and that's why god can use him as the
wrath of his indignation
for he says now listen to what he says
this is the
arrogance that he has to say that well
he's peace loving
and he doesn't really mean to harm
anybody no no no no no
we only have to look at what happened
anciently to understand what will happen
in the future
he absolutely means to destroy to
torture
to show that nobody is on his level
that's why it's not in his heart to be
used as a tool
so he says for he says are not my
princes
altogether king so now this is how this
is how he believes he is god

that you know what my princes i'm i'm
the king of kings
yes there are kings in the earth but i
have risen
above them they they worship me
and there are all kinds of um uh what
are these
stone carvings and inscriptions
showing all these mighty kings bowing
down and worshipping
the king of assyria i am the king of
kings this is blasphemy
and that's why it's not in his heart to
be utilized like a puppet
by the true king of kings he says are
not my princes altogether kings is not
cal no as carcamesh
is not hammoth these are nations that he
destroyed
including samaria of israel so and is
not samaria as damascus i just wipe
these people out
as my hand has found the kingdoms of the
idols
so so these kingdoms are worshiping gods
i must therefore be higher than their
gods because i came in and wiped them
out
as my hand has found the kingdoms of the
idols and whose grave and
graven images did excel them of
jerusalem and of samaria
so when i look at the situation of
jerusalem and samaria
and i see like their gods their gods are
not you should have seen the idols of
these other nations
that terrified the nations around them
you should have seen the exaltation and
the glory of these kings
and i i looked at the situation and i
said i'm greater
and although they worship these glorious
idols i went in and i crushed them

and then i looked at israel and i looked
at jerusalem
and they had a few paltry eyes they were
like pale imitations of the real thing
so these nations abandoned their true
god which
cannot be represented by idols and they
kind of made a mock imitation
uh as we saw with king ahaz they made a
mock imitation
kind of a poor photocopy facsimile of
these idols
so when i look at their idols like i'll
have no trouble
wiping these people out his heart
doesn't think
that he's actually being used as a tool
because he's so full of pride
that he's going to come in and crush
these people like he's crushed everybody
else
and have their kings worship him like
everybody else does so he's looking at
their gods and thinking i'm greater
and this is what it means that his heart
doesn't think so that he'll be
used as a the wrath of god that he that
that the
warfare in his hands the staffs in his
hand these are actually
uh the indignation of god he doesn't
think that
so again verse five is the key to
understanding verse seven
and then verse seven is now expand
expounded that he says
shall i not as i have done unto samaria
and her idols
so do to jerusalem and her idols are you
guys trying to withstand me
don't you realize i'm the god of the
earth wherefore it shall come to pass
that when the lord has performed his
whole work upon mount zion and on jerus

this is what he doesn't see he doesn't
realize that god is doing a strange work
and it has to be a thorough work god has
to get right in there and get right into
the
the flaw of the protagonist and really
drive the protagonist to say okay i i
have
nothing but god there's i can turn to
nobody
but god and i have to accept now that i
am at fault
and i have to go back to torah and these
faithful
preachers of the gospel are telling me
there's good news if i return to torah
and so but that means i have to admit
that i'm flawed
that i am evil and i have to accept
christ as my personal savior
but in order to drive israel and judah
to this point as moses prophesied
and now isaiah is bringing some high
definition detail to
god is using these gentile nations and
this one in particular
to cleanse them so there's a whole work
that isaiah speaks of that habakkuk
speaks of as well
when bringing in the babylonians upon
mount zion
this is how wicked they are so telling
me how wicked they are yeah no argument
but god this is what god is doing
cleansing that wickedness
then when he's done that then the
assyrian will realize
you were just a tool then i will punish
the fruit
of the stout heart of the king of
assyria he doesn't say
then i will reward the heart of the king
of syria because he's philosophical
he's peace loving and he loves nature

he's arrogant
he is the personification of satan
just as god comes into the earth
the incarnation of god in the earth
satan does the same thing
and in a sense this is the incarnation
of the devil
but he's not realizing he's being even
the devil doesn't realize
he the devil is fighting against this
and trying to do all he can to try to
have his way not realizing that he is no
man he actually tried to overtake god
that's how arrogance he was
not not knowing that god is humble that
god doesn't show off
and he had no idea the power he was up
against and this king has no idea the
power he's up against he's just being
used
and he doesn't he has no intention of
being anybody's fool
he wants to be god on the earth but he's
actually he's actually a fool
and the tool of god and so he's going to
be punished for this satanic heart that
he has
and the glory of his high looks he's
extremely satanic
for he says this this is what it means
verse 7
when he says his heart does not think so
it's not that he's he's a good person
it's that he absolutely means to cut off
people's heads
rape and torture and that's why he can
be utilized
that's why we have the prophecy in
zechariah 14 because this is his
absolute intention
specifically against judah he says for
he says by the strength of my hand i
have done it
i i did this when he realizes hey you

were a tool
this is gonna be stunning because he
believes
that it's his intention to do what he
does
he cuts off these nations and not a few
he says by the strength of my hand i
have done it
and by my wisdom for i am prudent and i
have removed the bounds of the people i
did this
as i i 14 the plague of the devil
and have robbed their treasures and i
have put down the inhabitants like a
valiant man look how wonderful i am
and my hand has found as a nest to the
riches of the people
and as one gathers eggs that are left
have i gathered all the earth i'm just
you know when you're out hunting and you
see all these eggs
that's food that's protein and like wow
let's just get there's nobody to defend
them
you just gather them up and this is how
he's treated the the nations of the
earth
and there was none that moved the wing
or opened the mouth or peeped
then god asks shall the
axe boast itself against him
that that swings it this is what it
means
that his heart doesn't think so he has
no
idea this is like he have he
absolutely believes he's doing
everything of his own volition
and now god is showing him no you were
just a tool
so are you're an axe you're a tool
are you now going to argue and and brag
against
me you think you can overcome jerusalem

where
my throne dwells you're just a tool
i was just using your axe as an
extension of my wrath
in the earth but you were just a tool so
your heart didn't think so but this is
reality
or shall the saw magnify itself against
him that shakes it you're just a tool
as if the rod should shake itself
against them that lift it up or as if
the staff
should lift up itself as if it were no
wood
therefore says the lord for as much as
this oh sorry just jumping ahead now to
isaiah 29 because
assyria is just a tool and they need to
come to that realization and they should
not argue with the creator
because god is just using them as it
suits his counsel
now in isaiah 29 we see the mirror
reflection of this
wherefore the lord says for as much as
this people draw near me with their
mouth and with their lips to honor me
but have removed their heart far from me
and their fear toward me is taught by
the precept of men these people are evil
these are god's covenant people
therefore behold i will proceed to do
a marvelous work among these people
we cannot understand what's happening in
the earth today with all the
chaos and the the the rapid unraveling
and reconfiguration
unless we understand this that god is
proceeding to do a marvelous work
and then we have to go back to torah to
understand what is the council of the
lord
and what did he declare anciently that
would happen in the future

and who were the nations anciently that
he said would be involved in the future
this is what he's saying he says
therefore behold
i will proceed to do a marvelous work
this involves assyria
this involves babylon this involves all
these muslim nations that are condemned
by the bible
in the end time esau edom all of them
ishmael therefore behold i will proceed
to do a marvelous work among these
people
even a marvelous work and a wonder
like when you see god crush his own
people
to this extent there's nothing there's
just
aw like what do you say but it's a
marvelous work because there's an
outcome
that ultimately is going to yield
blessings to the whole earth
for the wisdom of their wise men shall
perish and the understanding of their
prudent men shall be hid
america is going down britain's gone
down judah is going down canada is going
down
all these nations are going down and yet
they had
great wise men and they they yielded or
wielded
tremendous power in the earth god is
doing a marvelous work
he says woe unto them that seek deep to
hide their counsel from jehovah
and their works are in the dark and they
say who sees us and who knows us
i think we can do whatever they want
including the current administration
administrations in all the western world
god says surely you're turning of things
upside down and that we're in upside

down world
surely your turning of things upside
down shall be esteemed
as the potter's clay you think you're
doing something great
but in the final evaluation you're just
the potter's clay
for shall the works say of him that made
it he made me not
or shall the thing form say of him that
framed him he had no understanding
israel is clay in the potter's hand
assyria is a tool that is softening the
clay
so that god can ultimately mold it in
the shape and form
that he chooses to let's quickly look at
zechariah 5 and deal with this
babylonian issue
so the spirit of babylon rules the earth
in the future the spirit of jerusalem
all nations will model themselves after
jerusalem
today all nations model themselves after
babylon but here in zechariah 5
and verse 5 he says then the angel that
talked with me went forth
and said to me lift up now your eyes he
says
lift up now your eyes and see what is
this that goes forth
and then zechariah said well what is it
and he said this is an ephah that goes
for it
this is a measure of grain he said
moreover
this is their resemblance through all
the earth so the whole
earth modeled itself after babylon and
now we have this
this symbol of babylon and behold
there was lifted up a talent of lead so
there's some container
that this is a heavy lid on it that's

lifted up and this is a woman that sits
in the midst of the ephah so there's a
there's an evil woman now that's in the
midst of this
in babylon or sorry it's going to be in
babylon and he said so babylon is
covering all over the earth and wherever
it's operating from now
something's going to shift and he said
this
this woman is wickedness and he cast it
into the midst of the ephah
and he cast the weight of lead upon the
mouth thereof so now it's all covered
then lifted i up my eyes and looked and
behold
there came out two women and the wind
was in their wings for they had wings
like the wings of a stork
and they lifted up the ephod between the
earth and the heavens so they've now
lifted it up
and it's in the air and he says now
then said i unto the angel that
talked with me where are you taking
these
where are you taking the efa or where
are they taking the ifa
and he said to me this is the answer to
build it
in a house so all of this wickedness
there's now going to be this
supernatural intervention to
take this wickedness and build it in a
house where in the land of shin are
in the land of shin are which we go all
the way back to genesis
10 and 11. and we see this is where it
all this is where this whole babylonian
system began
and from there it spread throughout the
whole earth as god divided the
the the peoples the languages and they
all took this this

system and made it the foundation of all
these nations except for israel
so now it is going all of this
wickedness wherever it is headquartered
now it is going to return
to where it all began in the land of
shinar
and it shall be established there and
set there upon her
own base so that when babylon is
destroyed
it's destroyed in the very place where
it all began at the tower of babel
so that is the future of babylon and
absolutely correct
babylon will be destroyed that's it it's
it is the system
everything began all of this re
organized rebellion against god
that we're seeing today this spirit all
over the world
it be glad it began in the land of shin
are
and therefore god is going to
supernaturally intervene to return it
there
and that is in the land of iraq a muslim
country
and that's where babylon will be
destroyed now
let's and so and zechariah by the way uh
zikar
zeke r yahoo means uh
that that god has remembered so
zechariah means god has remembered
remember what his covenant
his covenant and babylon is going to be
destroyed as
as moises said because of how they
destroyed god's people
and god will allow that just like
assyria but then once his people repent
then he will destroy everybody who comes
up against jerusalem

let's now look at jeremiah yermياهو
which means god will rise so god
god is like he's hiding himself from
jacob and he's allowing all of this to
happen
but he will rise and rescue jacob so
says all of the prophets
beginning in mooses here jeremiah now
jeremiah 50 the word that jehovah spoke
against babylon jeremiah is a
is he he amplifies so
isaiah brings us high definition
jeremiah goes even into finer detail
over the destruction so isaiah's saying
look don't worry about assyria
they're not going to crush you but you
got to repent and get right with god
but really there's another global power
rising reconfiguration
and that's babalon this little inky
dinky nothing nation called babalan
you need to be watching them forget
about assyria don't worry about a syrian
don't don't panic over assyria syria was
used to wipe out the north
you should learn from that but if you
don't
then there's this little nation which is
nothing now
called babylon that's who's going to
crush you and that's the next world
ruling empire
so isaiah was very politically savvy
jeremiah now goes into detail
on the crushing of judah by babylon
but as mooses laid down israel judah are
the protagonists
babylon and assyria and the other
nations the gentile nations are the
antagonists
in a story the protagonist cannot be the
antagonist it's just that doesn't work
by definition the antagonist is
something else that's working against

the protagonist
to crush the protagonist humiliate the
protagonist
and bring the hum doing all of this
bring the protagonist to just just
totally be in despair
and it's in this pit of despair like mo
like joe
that they finally acknowledge their flaw
there's not there's no other way the
only way out of this is to acknowledge
the flaw
and to accept the special resource and
then come out of the pit
so here we see babylon
yahoo is telling them that god will rise
and save you
he says declare you among the nations
everybody has to know this even though
they were all going along with babylon
tell the whole nations and publish and
set up a flag set up a standard publish
and don't conceal this say babylon is
taken
and remember those in the end time are
preaching the true gospel and they're
hated by all nations why
for his name's sake so oh and again this
is again the hebrew
these prophets we have to understand
their names because their names have
meaning
and in their in the meaning of their
names is god's name
so that we can now preach the gospel
with absolute confidence
that god will rise that god will save
that god will remember and we're able to
preach this because we understand his
counsel
and yet all nations hate us because
they've accepted the babylonian
system so we now who have the true
gospel

were able to declare this among the
nations this is the gospel
this is the good news god has not
forgotten his people
and that's the danger in this narrative
that's being presented
that the germans are by nature great
wonderful loving peace-loving people
and jews are just filth and nasty and
evil
this doesn't work in the human condition
and then it sets us up
and not just the jews but all israel it
sets us up to hate them
and to laugh when they're destroyed and
to rejoice when they're destroyed
and that is against the narrative of the
bible and we find ourselves on the wrong
side
of of the council of the lord the
council of lord is a mystery
and people because they don't understand
it they support causes that i warned the
brethren
black lives matter do you understand
where this is heading
this is positioning you against abraham
and it's positioning you on the wrong
side you're going to end up supporting
evil people
who have nothing to do with the covenant
against the people that god has
hand-picked and chosen
and says if anybody curses them i will
curse them
and that's why all the supporters of
black lives matter are cursed
period and i don't apologize for that
because i'm telling you the word of god
even in the church they are cursed
because they're going up against the
covenant of god and they don't
understand
and this this this the spirit in this

movement oh i don't support the
organization
but i i just support the slogan the
spirit of the slogan
is against the covenant and and it lifts
the what what the bible would call the
sons of belial
it gives them god-like status to believe
that god's people would fall for this is
unbelievable but we can't fall for any
of these
narratives that try to position
human beings of my clan of my tribe
as somehow inherently good there's no
such thing
but we need to publish now among all
these gentile nations
and and like with all confidence for the
hope that lies within us
and don't conceal it don't hide don't be
afraid
and say babylon is taken even though
it's even though it's powerful
we're declaring it's like isaiah oh
don't worry about a
series the most powerful ruthless nation
you heard him brag
and isaiah is saying yeah nah don't
worry about him but if you don't repent
you better worry about this other nation
called babylon because they're coming up
and they're going to crush so in
anciently babylon was under assyria
and then babylon rose and assyria was
under babylon
and now all nations are under babylon
but it looks in the end time
that babylon is going to return to be
under assyria
and even though the it's the babylonian
spirit it looks like assyria which today
is turkey
erdogan and maybe he'll die and it'll be
somebody else

but there turkey is occupying the land
of ancient assyria
and it looks like under their islamic
confederation
iraq will come under turkey but but
babylon absolutely will be destroyed
he says don't conceal it say babylon is
taken bell is confounded miradak their
god is broken in pieces her idols are
confounded her images are broken in
pieces
for out of the north this is assyria now
there comes up a nation against her
which shall make her land desolate
and so babylon crushed to syria
but in the end time it looks like a
syria will crush babylon and return
things back
to the original model it shall make her
land desolate
and none shall dwell therein and they
shall remove and they shall depart both
men and beasts
in those days and in that time so this
is the end time says jehovah
the children of israel shall come
this is how it all ends this is the good
news
this is the biblical narrative that
moses laid down
and now we can go to any any bible work
book any book in the scriptures
anywhere and this narrative holds water
because it comes out of torah when we
develop interpretations of the world
scene
based on just our current understanding
of what's happening in the world
but it's not rooted in torah it will not
hold water
when we go from passage to passage from
book to book we're just going to hit
books where you know what
i don't know what this means i think

i'll just skip it
when we have the right narrative we can
go line by line
and certainly sometimes we'll come
across a line and we'll say you know
what we don't fully understand this yet
but over time it it as more light is
shed
it will become clearer it's not going to
be a situation like as more light is
shed
okay this this is contradicting isaiah
and this is contradicting zechariah
no as more light is shed oh that's what
zechariah means
it's here in jeremiah and now i
understand micah
and now i understand revelation and this
makes it clear in isaiah
this is the reaction we should be
getting we shouldn't be kind of having a
convenient interpretation in one place
that makes no sense anywhere else in
those days and in that time says yehovah
the children of israel this wicked
wicked wicked people
so wicked that god divorced them but in
the end time the children of israel
shall
come they and the children of judah
together ezeziel says
even though he's divorced israel
and he's married to judah ezeziel says
take the stick of joseph
which represents israel and the stick of
judah
which represents the south and join them
together so that they can be one stick
and this is how israel comes back into
covenant with god and jeremiah says the
same thing
that the children of israel shall come
they and the children of judah
together going and weeping

the pit of misery has served its purpose
they have come to be completely
humiliated
everything that they thought they could
rely on was taken away from them
and they were crushed and purified just
as
moses laid down in torah and
finally this flaw of self-righteousness
that we see epitomized by job and
symbolized by job
has been processed and it's finally gone
and they finally enter into a true not a
hypocritical relationship
with god he says they'll come with judah
going here they come and weeping
they shall go and seek jehovah
their el their god this is all this is
this is what it was all about this this
strange work
this marvelous work this mysterious work
that god has been about
this council of the lord that can never
be
unmade vain
this planning of god that in the end
these will be his witnesses and all the
nations will come and these people will
say
every word of god is true we have lived
this
god said from the beginning with with
abraham even before with
with adam and eve he laid down exactly
how everything was going to unfold
and for and this is exactly what's
happened and so
israel cannot be the antagonist because
israel is the protagonist but it's an
evil protagonist
they mean to be righteous i should find
that prophecy or that scripture in
romans
i think it's in romans 9 or romans 10

that they go about their
they're seeking righteousness and they
have a zeal to do this
but it's it's not according to knowledge
they don't understand they need somebody
to teach them
so they're going to come weeping
repentant as mooses said in deuteronomy
30

and they will actually seek now a
relationship with god they shall ask the
way to zion
they finally realize they've been
scattered all over the earth
they're going to like their faces are
set it's like when christ was heading to
jerusalem
they now have this determination saying
come and let us
join ourselves to jehovah in what they
finally realized some somebody was
educating them
and they finally realized we we're the
covenant people
it's it's us and you know what this
covenant is forever
and god is going to be the god of jacob
forever let's let's let's accept our
destiny
and let us join with god and and fulfill
this destiny
uh let us join ourselves to jehovah in a
perpetual covenant that shall not be
forgotten
and then he says what my people
all of this evil i don't disagree
you will not get any argument from me if
you want to see how
say how evil the the nations of israel
are
if you want to say how evil the jews are
i'm not going to defend you i'm not
going to defend them i'm going to argue
with you

i'll just say okay what i will say is
but they're the covenant people and they
have a future
they have a future god has not forgotten
them he's grieved he's
engraved them in the palm of his hands
my people have been lost this is god's
assessment of all of this evil that
isaiah speaks of in isaiah 1
that they've these nurtured these people
and they've rebelled against him
god's assessment of this whole situation
is my people my covenant people
have been lost sheep their shepherds
have caused them to go astray
and that's what isaiah says it's the
leadership that's why
god is going to take the vineyard away
from them or that's why he took the
vineyard away from them
and gave it to other shepherds shepherds
of his own heart
who can help shape the vineyard and
prepare it for the lord's return
their shepherds their own people their
own evil people
have caused them to go astray they have
turned them away on the mountains they
have gone from mountain to hill
and have forgotten their resting place
so they're deep into idolatry
deep into when it says that they've
turned away satan has taken them over
so let's not try to make an argument
about how either an argument based
on how evil these people are is no
argument
this this is the point the protagonist
is flawed all that found them have
devoured them and that's where we're
heading
the previous administration was doing
its best to regain some of this past
glory

and to to rebuild the military and to
send a signal to the whole world
america is back don't mess around
current administration
no we are now going to put transgender
and and have the military in high heels
and
and women with with maternity suits and
and we're we're not going to fight
anybody
how that's going to end it's going to be
ugly because there are ruthless nations
in this earth there are very evil people
in this earth
and if you just expose your underbelly
and say we won't fight well you know
what
it's gonna be ugly you're not doing your
people a favor
and and as you know as far as christians
go we're okay
we're okay we can be slaughtered and
that's a good day for us
we can't lose but if you don't have the
holy spirit
i don't know how you're going to cope
with what's coming
get right with god he says all that
found them have devoured them
and their adversary said we offend not
here's the argument listen to this
jeremiah 50 verse 7
we cannot fall into this way of thinking
this is the deception of the devil
these people the jews the israelites
they're so evil
that we think yeah we're not doing
anything wrong to say they need to be
destroyed
uh oh be careful we're not on the wrong
side of the covenant
and the wrong side of the council of god
he says
all that found them have devoured them

that's god has allowed that come you all
you beasts of the field come and devour
and their adversaries their enemies said
we're not offending we're not doing
anything wrong
because they have sinned against the
lord the habitation of justice even the
lord the hope of their fathers
so these are not real jews
these are not real israelites they're
evil
they've separated themselves from god
therefore
no harm no foul if we destroy them or we
rejoice when others destroy them
careful the word of god is
anybody who touches them will be cursed
so i wouldn't want to be the nation or
the people that are enjoying
the destruction of judah or the
destruction of israel
and chaldeia shall be a spoils it's going
to moses said deuteronomy 3 is going to
turn around on them
taldia shall be a spoil all that spoil
her shall be satisfied there'll be no
end
they they'll have their way with babylon
says yehovah
because the wrath of the lord it shall
not be inhabited this is right babylon
will be destroyed
never to be inherited inhabited this is
in the land of iraq this is a muslim
country
but it shall be holy desolate everyone
that goes by
babylon shall be astonished and hiss at
all her plagues
put yourselves in a ray against babel on
roundabout all you that bend the bow
shoot at her spare no arrows for she has
sinned against the lord
how does she sin against the lord she

doesn't know the commandments
it's israel that's evil it's judah
that's evil and yet because she touched
the inheritance of the lord because she
touched
the descendants of abraham she is cursed
we don't want to be on the wrong side of
the council of god shout against her
round about
she has given her hand her foundations
are fallen her walls are thrown down
for it is the vengeance of the lord
deuteronomy 30.
take vengeance upon her as she has done
do unto her
and this we were talking about you know
forgiveness in all of this i'm waiting
for christ
because there are some very evil people
in the world
and christ is coming to crush them
christ is a warrior he's a lord of
armies
and i personally i'm i'm going to
rejoice when this evil is put down i
the extent of the wickedness in this
world it's it's just breathtaking
now what does he say after the
destruction of
babylon and babylon is used to destroy
israel
and to destroy judah israel is a
scattered sheep
this is how god sees his people they are
his sheep and and because of their evil
they're scattered but they're scattered
sheep
the lions have driven him away first the
king of assyria has devoured him
and last this nebuchadnezzar king of
babylon has broken his bones
so one after the other therefore says
the lord of hosts the god of the god
of israel

these wicked people he nurtured him he
brought them up and they rebelled
against him
this is what he says
just remember how wicked
these people are satanic the people of
israel
remember judges when we studied judges
we know the story of sodom and gomorrah
and the people of ephraim they went
beyond sodom and gomorrah
that whole situation with lot they they
exceeded the wickedness of it
that's israel but they're the covenant
people
and anybody if god had covenanted with
any other nation
it would be no different it's not that
somehow these people have
a kind of baked in evil that is worse
than everybody else
we're all human beings in need of a
savior
the only difference with them is they
are in covenant
and they agreed they said all that the
lord has said we will do
and they are a target for satan
that's the only difference we are all
the same there's
none of us that can say yeah these
people are wicked but my people
people who look like me we're pretty
good it doesn't work
therefore thus says jehovah's of what
the god
of israel he will be the god of jacob
forever
and we need to know this israel is the
protagonist of the story
god is the special resource for israel
god is the one who comes the holy one of
israel he comes into the earth to do
what israel could not do

so that israel can be what israel was
destined to be
therefore thus says the lord of hosts
the god of israel behold i will punish
the king of babylon and his land
as i have punished the king of assyria
they both get the same fate
but but the all of this wickedness began
in babylon
and i will bring israel again all
jeremiah is doing
all isaiah has done all what the
prophets are doing
is they're bringing into high definition
the original prophecy of torah
of moses i will bring israel again this
wicked people
god says i will bring him again to his
habitation and he shall feed on karmal
and bashan
and his soul shall be satisfied upon
ephrain and gilead
in those days and in that time says the
lord listen
listen to these listen to the destiny of
these satanic people
let's agree that these people are evil
whatever accusation you want to throw at
them i agree and multiply by 10.
so we agree now let's read the prophecy
in those days and in that time says
yehovah
the iniquity of israel shall be sought
for okay i want to accuse these people
of wickedness
and i'm going to go through the records
and i'm going to show you i'll find it
somewhere
i'm going to show you how wicked they
are in those days and in that time
says the lord the iniquity of israel
shall be sought for
and there shall be none and the sins of
judah

and they shall not be found for i will
pardon them whom i
reserve and what does god say he will
have mercy
upon whom he will have mercy so we can
accuse
all day long and god says i will have
mercy
upon whom i will have mercy and so we're
going to seek out in the future
we know these people are wicked and
we're going to see them in high
exaltation
and we're going to try to prove our case
that these people are wicked
and you won't be able to find it because
they've gone through the washing machine
they've gone through the pit of misery
and they've been purified and they've
accepted the special
resource and now they are pure
pure representatives of god in the earth
as it was intended from the beginning
a nation of kings and priests he says
you're going to search for the sins of
the jews you won't find it
because he's going to pardon them whom
he preserves whom he reserves
thus says the lord of hosts the children
of israel and the children of judah were
oppressed together
and all that took them captives held
them fast they refused to let them go
you think of
pharaoh when you would refuse to let the
children of israel go this is the second
exodus is going to be far
bigger and far greater their redeemer is
strong the special resource
the lord of hosts is his name we will be
hated in all nations because we
understand his name and this is why we
have to get underneath it and get into
the original

language so that we can understand his
name and declare it boldly in the earth
he shall thoroughly plead their cause
he's their lawyer he's going to be on
their side
that he may give rest to the land and
disquiet the inhabitants of babylon
therefore hear you the council of
jehovah
this council was set anciently we have
to go into torah to understand it and he
never deviates from it that's why
abraham
could just be solid in his faith that
god would do what he promised
and this is why we today can be solid on
our faith god does not go back on his
counsel
but nobody knows it either you know if
you're going to hide something hide it
in a book
and if you really want to hide it hide
it in the bible nobody reads the bible
we read it line by line so we understand
this therefore hear you the counsel of
the lord these are his plans
that he has taken against babylon and
his purposes everybody's going after
babylon
we're here saying you know what babylon
is taken babylon is falling
according to the council of lord and the
name of the lord
that he has purposed against the land of
the chaldeans god has purposed this
surely the least of the flock shall draw
them out surely he shall make their
inhabitants desolate with them
thus the slain shall fall in the land of
the chaldeans and they are thrust
through in the streets
for verse 5 of jeremiah 51 listen
carefully
for israel has not been forsaken

do not draw the conclusion that because
these people are evil therefore they are
forsaken
that's going to be the narrative allahu
akbar
and oh because of the power we must be
god's true people because look at all
our accomplishments look how great we
are we go through the earth and we crush
everything allahu akbar
and we stand back and we say that's not
god's name
jehovah zivat is coming to crush you
and as great as this palace in babylon
is not a single stone will be left upon
another
when god comes to crush you do what you
want to me
do what you want to my physical body
you'll see me again
side by side with jehovah he's coming
yeshua so he says don't fall into this
narrative
israel has not been forsaken nor judah
of his god
of the lord of hosts this god of armies
though their land was filled with sin
against the holy one of israel where's
the argument now
god is telling us these people are full
of sin
there's nothing they do that isn't
sinful and yet god says
they've not been forsaken because he has
a counsel and he has a covenant
make bright the arrows gather the
shields the lord has raised up the
spirit of the kings of the medes
to destroy the babylonians and let me
just
hear verse 19 the portion of jacob is
not like them
for he for he is the former of all
things and israel is the rod of his

inheritance
so assyria is the rod of his anger to
purify israel
but israel is the rod of his entire he's
going to rule the earth through israel
the lord of hosts is his name and we're
going to proclaim this gospel
in compliance with his counsel because
we understand his name
you are my battle acts and weapons of
war you jacob
for with you i will break in pieces the
nations and with you i will destroy
kingdoms so when god comes
he's going to rise uh raise up judah
zechariah 12
and you're going to crush all these
nations that
have come and come against jerusalem
thinking that the babylonian way was the
way allahu akbar
and hatred for judah was the answer and
he's going to crush all these nations
and then he's going to gather his people
from all over the earth these physical
people
and he's going to rule the earth through
this nation and the first fruits are
going to oversee this whole operation
and with you i'll break in pieces though
the horse and the rider this is
zechariah 12.
they all agree this is this is torah
and with you i will break in pieces the
chariot and his rider
for thus says the lord of hosts the god
of israel
the daughter of babylon is like a
threshing floor it is time to thresher
yet a little while and the time of
harvest shall come
therefore the lord says behold i will
plead your cause i will take vengeance
for you israel

and i will dry up her sea and make her
springs dry and babylon
will be a dwelling place for dragons and
astonishment
and hissing without habitation i want to
go to one more book and that's micah
all the prophets are saying the same
thing and i love isaiah
because he says it most comprehensively
and therefore we
to me i call isaiah the switchboard
everything has to go through and come
back out of isaiah otherwise it's not
true
but and torah is the foundation listen
to some passages here in micah i'm just
going to go very quick i realize time
but i just want to say all of this
together
because it all fits together the word
that jehovah
that came to mika which which means that
who is like
yah who is like the lord so it came to
micah in the days of jotham ahaz and
hezekiah kings of judah so he was a
contemporary with isaiah which he saw
concerning samaria
israel so his prophecy is concerning
israel and judah
so he tells the whole earth to here it's
going to be a witness against you
and he wants everybody to hear this and
he says why
for the transgression of jacob is all
this all of this is because of the evil
of jacob
for all the sins of the house of israel
no argument these people are evil
what is the transgression of jacob isn't
it samaria
and what are the high places of judah
are they not jerusalem the very capitals
of these tribes of these nations

look there for how wicked these people
are
and that spreads and corrupts the whole
nation so god says
what he's going to do with her and you
see in micah 2
the same spirit we saw in isaiah
prophesy you not
say they to them that prophesy they
shall not prophesy to them
that they shall not take shame and we
see the same thing today
that people try to challenge we we just
want to read the prophets
and they say don't read those prophets
it's all negative and then they tune out
so they don't listen anymore and they're
fulfilling the prophecy
so they say prophesy you not and the
prophecy says okay
you won't hear the prophecy so you think
oh i'm not going to listen to that
hey have it your way you won't hear the
prophets and then you are going to be
destroyed
unfortunately and hopefully we can uh
somebody can reach you and turn you
around
he says oh that are you that are named
the house of jacob
is the spirit of the lord straightened
are these his doings do not my words do
good to him that walks uprightly
i will surely assemble verse 12 o jacob
all of you
i will surely gather the remnant of
israel so this is the promise there will
be a remnant
i will put them together as the sheep of
basra as the flock in the midst of their
fall they shall make a great noise by a
reason of the multitude of men
so god is going to save israel but he
says here you heads of jacob

you princes of israel isn't it shouldn't
you know judgment
you hate the good and you love the evil
this is god's people they hate what's
good
and they love what's evil so when we
look at what they do
domestically and globally around the
world yeah
of course but that doesn't make them the
antagonist
it just makes them the flawed
protagonist that needs to be crushed
so they pluck off their skin from off
them
you hate the good and love the evil you
pluck off their skin from off them
and they're flush from off their bones
that is what assyria brought into the
world
that was an innovation from assyria and
these people
learned and adopted that that's how
wicked they are
so today you say oh they have the spirit
of babylon yeah of course
the whole world has it but they're just
a hiccup
these ancient nations these are the the
real antagonists
they eat so it goes on to talk about how
evil they are and yet they cry to the
lord but he says i want to say this um
so it's the prophets who support this
they're going to be destroyed
he says he that he's full of the power
and he's going to declare unto jacob his
transgression in israel his sin
but in the last after all of this
assessment of how wicked these people
are
in the last days it shall come to pass
that the mountain of the house of the
lord

shall be established in the top of the mountains so he sees it concerning samaria and judah
um and jerusalem isaiah was focused on jerusalem and judah
but they both saw the same thing these people are wicked beyond belief and then all of a sudden there's isaiah too that the whole world is going to come to these very same people to understand the law of god and here after micah
chapters one to three how wicked these people are then we have michael four the whole world is going to come to these people to seek the law of god so the house of the lord will be established in the top of the mountains and it will be exalted above the hills and all the people are going to float to it and many nations shall come and they're going to come to these people and the law will go forth out of zion
this is the council of the lord it cannot be reversed and he says he'll judge among many people and rebuke these strong nations and then there's going to be peace all over the earth
and and they will walk in the name of their gods and we will walk so there's going to be rulers over them and and these people are going to walk they're going to have this perpetual covenant with god this this is the the physical descendants of israel
they will walk in the name of the lord their god forever
and ever and we are just the first fruits harvest who are being been recruited to help bring this about

help bring this about in that day says
lord i will assemble her that halts
and i will gather her that is driven out
this is deuteronomy 30.
and her that i have afflicted god
afflicted her because
she was evil and yet he's going to
gather her and i will make her that
halted a remnant
and her that was cast far off a strong
nation even though she
was destroyed and enslaved because she
was wicked
i'm gonna from that level of humility of
uh
misery and and suffering and and and
humiliation
i will cleanse her and then i'm going to
make her a great nation
and the lord shall reign over them and
mount zion from henceforth forever and
all the nations are going to come
and understand and so he goes on to say
let's see here
i just want to read read jeremiah 50 51
read micah 1-4 he says be in pain
this is the pit of misery be in pain and
labor to bring forth
oh daughter of zion this is a process
this is the bottom of the pit of misery
when she finally repents deuteronomy 30.
you know labor like a woman in travail
for now shall you go forth out of the
city and you shall dwell in the field
and you shall go even to babylon and
there shall you be delivered
there the lord shall redeem you from the
hand of your enemies
so it goes on to say that
[Music]
they do not so they say here many
nations are gathered against you
they say let her be defiled let her lie
i look upon zion let's surround her and

destroy her she did she's so evil she
deserves to be destroyed
but they don't know the thoughts of the
lord and we need to understand the
thoughts of the lord
neither do they understand his counsel
which is established in torah
for he shall gather them as the sheaves
into the floor
arise and thresh o daughter of zion the
daughter of babylon will be destroyed
but daughter of zion you arise and
thresh for i will make you
your horned iron so if he's going to
zechariah 12 he's going to establish
them
and i will make your hooves brass you
will be undefeatable
and you shall beat in pieces many people
god is coming to destroy many people
and these people that were slaves these
people that were humiliated these people
were that in the that were in the pit of
misery
the special resource comes when they
repent purifies them
and makes them undefeatable and i will
consecrate their gain
unto the lord and their substance unto
the lord
of the whole earth so great great
question
i hope that i've made it clear why i
don't agree
that i am going by the ancient council
of the lord that he has established
these people
these are his people they they he's bro
he's nurtured and brought them up and
they've rebelled against him
they prefer to be in league with satan
the devil they their their their
wickedness knows no bounds
and yet because of the promise he made

to abraham
these are his people and he will redeem
them and we are going to be a part of
this process
so we need to understand the scriptures
we need to understand the counsel of the
lord
and we need to be on the right side of
the covenant so this big big question
very
thoughtful question there was a lot more
to the question and i apologize brother
just reading out the questions that
you've asked would have taken the whole
study so
i just sort of had to catch the essence
of the question but i hope this was
that this has been helpful and uh god
willing uh
next week we will god willing uh go back
to isaiah 11.
we'll cover a few more chapters and then
we will have god willing another
opportunity for
uh another q a session so god bless you
all hopefully i will know how to uh
share these comments at the end as i say
some new software that we're using
uh it takes me a little bit of time to
adjust to it
and hopefully we can have a full
experience in the near future god bless
you all
uh jesus christ yeshua he is the king
the king of kings no matter what men on
this earth think
and we declare all of them defeated and
mount zion established forever and ever
amen
you
