here we go so hopefully you're able to  
hear me now  
i was just saying um welcome yeah i'm  
getting indication that it is coming  
through  
i was just saying welcome to another  
wednesday night bible study and we're  
going to be shifting the branding to  
line up online  
the real feature of this study is not  
that it's on wednesday nights  
in fact sometimes we've done it on  
thursday nights sometimes on tuesday  
nights  
the real feature of this study is that  
or this program is that it's a line upon  
line

study so if we look at this logo from  
the bottom  
up we have a line that's a line of  
scriptural text  
and the way that we study it is it's a  
line upon a line  
the colors are important these are royal  
colors royal gold and blue  
so we want to give this sense of the  
majesty of god's word  
but the focus is that it's line upon  
line now above that line upon  
line focus you'll see that the biblical  
text open  
so this line upon line approach to study  
opens the text  
to us and that's what that opening  
symbolizes  
but also as you look at the word or that  
the text  
open it's actually in the form of a bird  
meaning the text is free the word of god  
is free it cannot be contained  
wicked men can do all they want to try  
to suppress it  
it cannot be suppressed this word will  
go forward  
and it's it will go forward like a free  
bird all over the world  
declaring this gospel and then above the  
bible  
you will see what is a trumpet that it's  
not just that it's free to roam and and  
preach all over the world  
it's a blast there's no apology for this  
word  
what is in the text of this book cannot  
be suppressed  
and it's going to be shouted at the  
loudest volume from the highest rooftop  
and and this is this is the the trumpet  
it can also be a symbol of a light that  
this is light that's emanating from the  
word

and finally it can also be a torah  
marker that as we  
read torah the torah so holy they didn't  
want to touch it they would use a  
pointer  
for this so this is our logo it's packed  
with meaning  
and that is really the feature of this  
study  
that it is a line upon line approach so  
hopefully you appreciate as much as we  
do this uh this  
new symbol of this program will open  
with a word of prayer  
and then let's get into our study for  
this evening which will be  
isaiah 13. so that's what we'll be uh  
covering  
this evening our heavenly father we come  
before you lord and  
we want to just praise and thank you for  
your your presence  
your presence here father despite that  
the darkness in this world  
your light is here we want to thank you  
father for your word  
and and the blessing that you've given  
to us to want to study your word  
line up online and to really try to  
understand what is it  
that that you have inspired through  
those men that you have  
used collectively to author this this  
wonderful book that we call the bible  
we thank you for the desire that you've  
put in our hearts to understand father  
and to live by not just understand but  
to live by these words  
this time lord we want to lift up the  
palmateer family  
to thank you so much for them for their  
faithfulness  
and how much they sacrifice and  
contribute to the body of christ

we want to acknowledge that father and  
lift them up to you  
and just pray from from heaven father  
that as you looked down  
you would see them you'd see this trial  
that they're going through you would see  
their hearts  
and you would bless them through this  
trial father that as they come out the  
other end  
they'd be stronger for it and and wiser  
and nobler we thank you lord and we  
trust  
we entrust them to your safe keeping we  
ask that you would now  
bless our study and bless all those who  
tune in live plus those who will tune in  
on a later date  
we praise you and thank you and we're  
asking all of this in jesus most holy  
and mighty name  
amen so we are up to isaiah 13.  
let me share my screen so that we can  
get into tonight's study  
and uh isaiah 13 as i like to do just go  
back  
isaiah 12 was a very short chapter just  
uh six verses i believe  
so we'll just pick up the context so we  
don't get that scriptural amnesia and we  
forget what came before  
uh so uh isaiah 11 to 12.  
in fact i should just pause for a moment  
and explain this  
isaiah 11 to 12  
was um really focused on judah and  
jerusalem  
and now as we come into chapter 13 we're  
entering a different section  
of his vision so if you look at this and  
if you're with us on sabbath i had shown  
this then  
but this is his vision if you you can go  
anywhere in isaiah if you understand

the the fundamental structure of his  
vision  
and so what we have is his covenant  
people israel  
and judah these are these these are his  
children  
he has brought them up especially as his  
children  
but they've rebelled against him and  
through their human pride  
they've actually turned on him and  
become his enemies  
now he raises up assyria to crush israel  
and punish israel and he raises up  
babylon to crush  
judah and punish judah israel he  
divorces  
but he retains the covenant in judah  
and although babylon will crush judah  
even initially assyria was threatening  
to do it but he told  
the king then that that won't happen but  
the king  
we retained this rebelliousness and  
pride and didn't repent  
and so god then raised up babylon to  
crush judah  
but not entirely and then there's we're  
going to be from 13  
to 39 we're going to see all these  
different judgments on  
on these different nations including  
judah and jerusalem  
but god is dealing with human pride and  
we're  
going to see this human pride constantly  
raising up its head  
and god constantly crushing it and he  
does it  
through this humble servant that when we  
had studied uh second isaiah we spent a  
lot of time looking at the humble  
servant  
and a great verse for that is isaiah 42

and verse 1  
but but the savior comes in the form of  
a baby  
who grows up to be a great king and a  
savior  
but but he comes in service to his  
people  
and so judah and israel will be redeemed  
because of this humble servant and these  
gentile nations will be obliterated  
and so as we move now into chapter 13  
we're moving into the judgments upon the  
nations  
so it's just very helpful i think to  
have that clear structure in mind  
we're moving out now from the very  
intimate  
uh relationship that god has with judah  
into the relationship that he will have  
with the gentile nations just the same  
way he  
addresses israel and judah's pride he's  
also going to address the pride  
of the gentile nations so this evening  
chapter 13 we're going to see him  
addressing specifically  
babylon so we're here now  
in isaiah so just to go back to isaiah  
12  
where he says and i'll just read the  
chapter without much comment  
because we studied this last week and in  
that day you will say  
oh yeh i will praise you  
though you were angry with me this is  
judah speaking your anger is turned away  
and you comfort me so all what we see  
happening right now in judah the nation  
that we call israel  
this is just the beginning these are the  
opening salvos  
this nation is prophesied or these  
peoples or wherever they are all over  
the world

these people are prophesied to  
suffer more than any other tribe of  
people  
ever and that is the cost of entering  
into covenant with god  
and then betraying that covenant but  
that's not the end of the story  
that's just the middle of the story the  
end of the story is what we're reading  
here in isaiah 12.  
so as wicked as these people may be they  
are still his people  
and although they may be unfaithful to  
the covenant  
what makes him god is he speaks and he  
performs exactly what he speaks and  
nobody can stop him  
so he is faithful to the covenant and so  
this is judah now rejoicing  
in their redemption  
acknowledging you are angry with me and  
your anger is turned away  
and you comfort me and so as i second  
isaiah  
opens with chapter 40 telling somebody  
who has an understanding of what's going  
on  
to comfort his people to comfort judah  
to tell judah it's okay your god reigns  
the whole warfare is over now it's time  
for you to be comforted  
so somebody has to understand this big  
picture of this  
good news to the covenant people and  
preach it faithfully  
so judah says now at this time behold  
god is my salvation  
i will trust and not be afraid this is  
amazing  
because in isaiah 5 i believe it was  
we were looking at king ahas and also  
in isaiah 7 and 8  
as we studied him making his decisions  
he was terrified

of the northern tribes led by ephraim  
and joining with syria and he saw that  
he was terrified  
so much so he ran to assyria for help  
and that was a big mistake and and that  
caused now  
god to although he didn't allow assyria  
to crush them he raised up babylon to  
crush them  
but now whatever process they've been  
through  
they finally come to realize that they  
will  
they can trust god he's faithful for yah  
yahuwah is my strength and song  
so they're stopped turning to other  
nations in military power and they  
acknowledge he also has become my  
salvation  
therefore with joy you will draw water  
from the wells of salvation this is the  
future of these peoples  
and in that day you will say praise  
jehovah  
call upon his name there's a specific  
name that they will be telling the  
nations to call upon  
and they've there's no other god that's  
like this god  
and lest he be confused and and clearly  
the indication to me is the name allah  
is going to be all over the earth we  
already have what some 1.8 billion  
people calling on that name  
so lest we get confused and think that  
it's some other god that is the true god  
it's going to be known jehovah call upon  
this name  
declare his deeds among the peoples tell  
the nations  
make mention that his name is exalted  
don't get confused turn away from your  
false gods  
turn away from your paganism and

satanism and if you want to live  
worship yehovah they are the isaiah says  
in another place you are my  
god says through isaiah to judah you are  
my witnesses  
and so they are to witness the  
faithfulness of god  
and here we see this witnessing sing to  
the lord such joy  
for he has done excellent things this  
is known in all the earth so this is  
going to be this massive second exodus  
where god draws his people both israel  
and judah from the four corners of the  
earth for all lies to see  
and there's going to be a massive  
celebration of this and the whole earth  
all the gentiles the the veil will be  
lifted from them  
and they will finally understand what is  
going on in the earth  
and what who the true god is that is  
orchestrating and has been orchestrating  
these events  
for he has done excellent things this is  
known in all the earth  
so now nobody's confused everybody knows  
cry and shout oh inhabitant of zion  
not not everybody but the inhabitants of  
zion you're the ones who are to cry out  
and shout  
for great is the holy one of israel  
in your midst god makes a distinction  
we're in an age now where  
you can't make distinctions everything  
is everything's for everybody and  
everything's about equality and you know  
god is a god of distinctions  
he draws a line this is holy that is not  
this is mine that is not and so there's  
going to be a distinction that all those  
who dwell in zion are his  
and people from all over the earth are  
going to say we need to go to zion

the truth is in zion the true god is in  
zion  
let's go there so great is the holy one  
of israel jesus christ  
came to earth not for the  
all of mankind ultimately yes but not  
initially  
he came for israel and not just for  
israel but as a representative of israel  
and more specifically as a  
representative of the tribe of judah  
so that everything he does really truly  
is fulfilling the covenant  
between god and judah and therefore  
those who then will accept him as  
their savior they're able to inherit  
the promises through the covenant and to  
do so legally  
because that covenant has consequences  
and christ being totally innocent he  
took those consequences  
so god was able to remain true to the  
covenant  
and at the same time those who repent  
and accept him they're able to  
receive the blessings of the covenant  
and god is being true to his word  
but there's a curse on these people  
isaiah 6 until the abomination that  
makes desolate and if you were with us  
on sabbath  
uh there's a there's a blinding of them  
until the fullness of the gentiles come  
in  
so those two things seem to happen at  
the same time when the fullness of the  
gentiles has come in  
the abomination that makes desolate will  
be in place and the jews will finally  
have their eyes opened  
and that we we we will have had the full  
complement of the gentiles so we won't  
need any more gentiles  
because the jews now are accepting him

and we're seeing this acceptance here  
so before we get now that that was um  
isaiah 12 and then we're going to go on  
the heels of this into isaiah 13.  
but just before we do i want to remind  
us of this pivotal fundamental prophecy  
laid down by moises  
and all of the prophets after him  
amplify  
this prophecy all of the prophets after  
him  
give this prophecy in high definition  
and specific detail  
so the prophecy says this so deuteronomy  
30 comes after deuteronomy 28 and 29  
and in 28 and 29 he itemizes  
all the blessings for being obedient to  
the covenant  
and then he itemizes all of the curses  
for being disobedient to the covenant  
and then he opens chapter 30 saying yeah  
both these things are going to come up  
on you  
yes you will be blessed but you might  
have you might start out well  
and you know david is going to bring  
these blessings to you  
but you're not going to be faithful so i  
before you  
you haven't even entered into the land  
yet and i already see you're going to be  
unfaithful  
and so the curses all these curses that  
i've pronounced  
are going to come upon you as well and  
these curse these curses are  
profound and just really intense but  
that's not going to be the end of the  
story  
because he goes on to say here in  
chapter 6 or chapter 30 verse 6  
and jehovah your god will circumcise  
your heart  
that is spiritual language you carnal

people  
will be converted and that's holy spirit  
language  
you you will be baptized and you will  
receive the holy spirit  
and the heart of your descendants and  
when that happens  
because the carnal mind is enmity  
against god when that happens  
you will love the lord your god with all  
your heart that is spiritual that's holy  
spirit language  
that is not possible without the holy  
spirit  
so moses is telling them yeah you'll  
start out okay  
you'll receive these blessings but  
you're going to be cursed as well  
in fact you'll start out cursed you'll  
finally come into the blessing and then  
you'll go back to being cursed  
and all these curses that i've  
pronounced are going to come upon you  
but that's not the end of the story so  
you're going to i can foresee the time  
ahead  
when you and your descendants are going  
to truly love your god you're going to  
stop playing the hypocrite  
you're going to love him wholeheartedly  
with all your heart and with all your  
soul  
that you may live and you're going to  
live forever at this point  
and then he says in verse 7 surprisingly  
also the lord your god will put all  
these curses  
on your enemies and on those who hate  
you  
and persecuted you so these nations are  
going to rise up  
god is going to raise them up in fact  
and they're going to destroy you  
they're going to make your life a

complete misery  
but when you when it serves its purpose  
and you finally realize you have nobody  
except jehovah and you turn to him with  
your whole heart  
finally god will have what he wants in  
his covenant people  
and at that time all this affliction  
that they've put on you  
he's going to turn it around and they're  
going to suffer this affliction  
so this is the fundamental prophecy and  
all the other prophets do  
is bring this out in high definition  
okay  
so let's now go to isaiah 13  
and beginning in verse 1.  
so god now turns his attention or the  
prophet now  
in his vision turns his attention  
from judah and jerusalem and  
specifically now  
to babylon that babylon god is going to  
raise up babylon to crush  
jerusalem and to crush judah and so it  
was anciently that's what we have ahead  
of us as well  
there's a there's an ancient fulfillment  
of this but there's an  
end time fulfillment of this as well so  
this is the burden  
against babylon so this is quite a  
burden for him to see this  
it's the burden against babylon which  
isaiah the son of amaz  
saw lift up a banner on the high  
mountain  
raise your voice to them wave your hand  
that they may enter the gates of the  
nobles so there's some sort of military  
force now that's rising  
to attack babylon and it's at the  
command of god himself  
i have commanded my sanctified one so

god sets  
certain ones apart to do his bidding in  
this first  
iteration it's going to be um cyrus  
and the persians the medes and the  
persians but  
ultimately god has his sanctified ones  
and this may even be he may even be  
speaking of angelic forces behind the  
scenes  
the same way these angels have  
slaughtered assyria  
i have commanded my sanctified ones i  
have also called my mighty ones that's  
that's what  
gives me the indication you know the  
sanctified ones could be the armies of  
the medes and the persians but i've also  
called my gabor  
my mighty ones for my anger those who  
rejoice  
in my exaltations that's again why i'm  
seeing sort of the angel  
the angelic he's the lord of hosts right  
jehovah siva the lord of armies is a god  
of armies  
and these armies are not just physical  
armies in fact they're mostly  
referring to the angelic armies the  
angelic host  
and so this this nation is coming down  
and there are those who rejoice in his  
exaltation who don't understand how holy  
he is  
and then he says again this is a vision  
that he has the noise of a multitude in  
the mountains  
like that of many people you can just  
hear it that you can hear the foreboding  
nature of this army closing in  
a tumultuous noise of the kingdoms of  
nations gathered together  
so he's now pulling all these nations  
together uh to work and then

this may be the battle of armageddon  
that he's referring to  
but there's certainly this combined  
force that is going to result in the  
destruction of babylon but god is going  
to destroy all these nations and from 13  
to 39  
we're going to see all these different  
judgments upon these nations  
the lord of hosts musters the army for  
battle  
so he's the one that's orchestrating all  
of this so we see now for example i've  
been talking about this a warning of  
this  
that the the the fall of the uh  
americans to marxism  
uh the current administration which is a  
marxist socialist administration  
that from what i can see i i don't see  
any fruit that indicates a love of  
america  
in fact i see the opposite every  
decision every policy everything they're  
doing  
betrays their hatred for america and  
their desire to betray  
america and collapse america so because  
of that  
weakness and that that very visible  
weakness  
and you know funding uh iran  
to the tune of billions and hundreds of  
billions of dollars  
a failed nation a nation that was  
failing but enabling the nation to  
recover by giving them  
billions and billions of dollars and  
what's their desire  
is to crush israel it's to crush israel  
and i'm just seeing an indication that  
uh there's a problem with  
sound from what i can see here  
everything should be fine so i'm just

getting some  
somebody saying no video no sound maybe  
they need to be on  
youtube but uh  
let's just get confirmation if i'll  
continue here and i'm just looking for  
confirmation  
that uh there is sound coming through  
and uh  
getting a few here saying no sound so  
hopefully the recording will  
will work out for us and we'll be able  
to uh put this  
in the archive i'm going to continue  
until i really see that  
there is no sound in fact i'll just  
check here in the chat  
oh there is sound beautiful thank you  
sister catherine uh ralph sounded good  
okay very good i was getting a few on  
um things they're saying there was no  
sound very very good okay thank you for  
that  
so um i was saying  
that um what i wanted to indicate then  
is with america the most powerful nation  
the most powerful  
empire the world has ever seen  
and not by a small margin they don't win  
this race by oh by a nose  
they are off the charts america  
off the charts in terms of power  
economic wealth military power  
the world has never seen this and the  
world has never seen a nation  
that is founded upon the concept  
of the worth of the individual  
and and the fundamental god-given rights  
of the individual  
and the fundamental value of freedom the  
world has never seen this  
america stands alone it's the greatest  
most miraculous empire and the most  
benevolent

empire and i know there's people among  
us who hate america i don't know how to  
explain you  
but if you can maybe explain to me what  
nation have you seen  
that has been greater in wealth that  
budgets in the trillions of dollars  
that has been greater in military power  
and that has been greater in  
acknowledging the fundamental god-given  
rights of every human being  
to tell me if you've seen anything like  
this because  
as i've studied history and all the  
nations that have come before  
i've never seen anything like this and  
this nation  
was only getting started i mean as a  
young nation 240 odd years old  
and the previous administration had a  
vision  
of like let's take this even greater  
let's take this further  
and let you know a rising tide floats  
all boats  
everybody can do better everyone every  
american can do well  
and i don't see that anymore that's lost  
and in fact what we're seeing is that  
the shameful exposure  
of america's underbelly how weak and and  
corrupt and divided america is  
and there are people in this world that  
hate freedom  
and that hate america and realize that  
as long as america is strong  
freedom becomes the fundamental value in  
democracies around the world  
so the prize is to take down america but  
the real thing that we need to watch  
according to our lord's command  
is jerusalem watch jerusalem and so as  
we watch america collapse  
our eyes are on jerusalem and in the

previous administration  
you did not see the open warfare  
on the nation of israel the tribe of  
judah that you see today  
no way they wouldn't dare try it  
because the previous administration  
flexed their muscle  
and said we are america and we don't  
tolerate nonsense for years they were  
carrying on  
isis every week it's like they've  
captured more territory  
and and the previous the administration  
before that 44 was saying  
oh well what can we do there what can we  
do  
there's there's nothing we can do 45  
came in and said stop the nonsense  
we're america and you just just isis  
disappeared  
they just went away no more a problem  
now we have this new administration and  
suddenly hamas is flexing its muscles  
the palestinians are being funded  
by this administration this is a cursed  
administration  
so says your bible i'm not afraid to say  
that so says your bible  
these are the children of abraham and  
anybody who curses abraham  
is cursed this current administration is  
cursed  
and they're cursing all of their people  
open borders anybody can come in that  
we're witnessing it doesn't happen all  
at once  
it happens slowly slowly and then all at  
once  
collapse is something that creeps up on  
you creeps up on you it's there the  
indicators are there nobody's paying  
attention and then suddenly it's  
everywhere  
so this nation is cursed i'm sorry to

say that  
and but as a result of her obvious  
visible  
global globally visible weakness and  
even going further than that  
funding of these terrorists israel is  
having a very difficult time now  
people are being persecuted and bombed  
and it's unbelievable what's happening  
and it's amazing how when israel is  
going to drop a bomb they send so many  
notices to the civilians  
this this building is uh identified as  
high risk  
for terrorism and so we're going to bomb  
it but we're giving you all the warning  
to leave  
and and that hamas says we will shoot  
you if you leave the building we want  
you to stay there  
and then israel gets blamed for civilian  
casualties  
well i think we have to look at the  
situation and see what's really  
happening  
but these people have a blood thirst for  
the jews they will not rest they cannot  
sleep as long as the jew is alive  
and this is the prophecy so this is just  
america  
collapsing and allowing this is just  
opening up the prophecies  
and christ said watch jerusalem so we  
have we have to have this bigger picture  
and i constantly get accused of being  
political i couldn't care less about  
politics  
except as it relates to prophecy that's  
what that's my concern  
and when it does relate to prophecy i  
want to talk about it and i don't want  
people silencing me  
so we see here now this this  
um raising of this uh

power of babylon then being crushed  
so we're going to see babylon rise which  
right now  
babylon is what we would call more or  
less iraq today  
so there's going to be some kind of  
power that's going to come out of that  
region  
but we see as we look at these  
prophecies there's also the assyrian  
so assyria and babylon were plaguing  
judah and israel anciently and then as  
we look at the duality of prophecy  
there seems to be another end time  
fulfillment with again both  
babylon and assyria so anciently as  
syria was the main power then but then  
babylon became the main power  
but it looks like in the end time  
babylon is going to be under  
assyria as part of the massive assyrian  
empire  
and the resurrection of that ottoman  
empire and  
it's going to be plaguing jerusalem  
but then it's going to be crushed the  
noise of a multitude in the mountains  
like that of many people  
tumultuous noise of the kingdoms of  
nations gathered together  
the lord of hosts musters the army for  
battle  
they come from a far country from the  
end of heaven  
the lord and his weapons of indignation  
to destroy the whole land  
so up to now you know all of these kind  
of  
severe judgments were on judah  
and jerusalem but now the vision flips  
and these severe judgments are on  
babylon even though babylon was being  
used  
to crush judah

now god is unleashing the weapons of his  
wrath on these people  
speaking to babylon wail for the day of  
jehovah  
is at hand so this now is the day of the  
lord  
and so the day of the lord has layers  
and and it  
it it unfolds in layers and first the  
jew  
then the gentile but god is focusing on  
the jew first to drive them to  
repentance there's going to be a remnant  
that comes out of this precious and and  
and  
their heart wholly turned to the lord  
and when that happens  
then he turns on babylon and the gentile  
nations  
wail for the day of jehovah is at hand  
it will come  
as destruction from the almighty so this  
is going to be a  
very very powerful nation that looks  
like nothing can stop it  
but the almighty will stop it therefore  
all hands will be limp every man's heart  
will melt and these are the sort of um  
visions that we have to hold on to  
because these people when they rise up  
and that's what's happening right now  
the earth is being reconfigured  
you know thanks to the current  
administration they're letting  
everything go  
and and they themselves are collapsing  
so nature hates a vacuum  
so so matthew 24 you're going to hear  
wars and rumors of wars that that  
that weakness that america is displaying  
is going to allow nations to go to war  
that wouldn't previously have done so  
china is going to see like wow this is  
our chance

we we can be first in line we can be the  
governing power over the whole earth  
and what will that be like when we no  
longer have the fundamental  
value of the human being as that that  
fundamental ethic  
of the world ruling power i wonder what  
that will be like  
i wonder how happy everybody will be now  
that we don't have to  
read donald trump's tweets but at least  
you know what we we don't have this this  
constant uh  
antagonistic relationship between the  
press and the president  
now the press just loved just they're an  
extension they're a promotional  
propagandist arm of the president isn't  
that wonderful we have peace at last  
at what cost i wonder  
so when china now sees wow this is our  
opportunity  
when terrorists all around the world say  
wow open borders  
let's get in there and start plotting  
and scheming what does the future look  
like  
well it's going to be a reconfigured  
world but these nations as they come up  
they're going to seem  
so powerful and it's going to look like  
they could never be removed  
but god himself is going to remove them  
anybody who curses abraham's children is  
cursed  
and god will see to that whale  
for the day of the lord is at hand it  
will come as destruction from the  
almighty  
therefore all hands will be limp every  
man's heart will melt can you imagine  
these powerful people  
and we're going to see them like  
panicking like little children

when they see the power of the almighty  
and they will be afraid  
pangs and sorrows will take hold of them  
they will be in pain  
as a woman in childbirth god is not  
joking you have touched the apple of his  
eye  
and that's why we brethren we need to  
make sure that we are in no way  
associated  
with anybody who is causing infliction  
of pain  
upon the children of abraham we cannot  
be associated with these movements  
we cannot be funding these movements we  
cannot be lending any type of moral  
support to these movements  
because then we come under the curse so  
if you've been doing this  
run for your life run for run as if your  
life depended upon it  
because it does god is quiet he's hiding  
himself from  
jacob but he's about to make himself  
known and isaiah is showing us the  
sequence of events here  
so i really feel sorry for any among us  
oh i'm a sabbath keeper  
but i fund movements that are going to  
destroy jerusalem  
oh boy you better think twice about that  
in fact i was looking at the the news um  
just uh the other day when i saw this  
this is what's happening in jerusalem  
right now  
they're going into the synagogues going  
into the the temple  
and just destroying taurus  
they have no respect for the word of god  
and people over here are funding  
movements  
and funding the government of america  
that is funding these people  
sending the hundreds of millions of

dollars to hamas  
for them to do this i would be really  
really careful this this is the sort of  
thing that god is saying okay go ahead  
go ahead  
but once he acts as as moises said  
all these curses that have come upon you  
they're going to come upon your enemies  
god is going to reverse it  
and they'll come upon your enemies so we  
do need to be i can't stress it  
enough god is hiding right now  
but he's going to act and he's going to  
bring down all wicked men  
and the fact that we keep shabbat but  
we're funding movements  
that are destroying judah and jerusalem  
and destroying torah  
you're a hypocrite you call yourself a  
christian  
i'll tell you out of brotherly love  
you're a hypocrite  
get right with god get right with the  
text  
so we don't come under his condemnation  
and and god is  
quiet he's just watching but when he  
bursts  
forth everybody who has offended him  
and offended his covenant people they're  
going to fall  
under great disgrace and so as powerful  
as these people are  
and they're marching everywhere and they  
feel so powerful and you know  
who who can make war with the beast who  
can make war with him  
he's just so powerful until god acts  
so we have to just keep these prophecies  
in mind so pangs and sorrows will take  
hold of them  
they will be in pain as a woman in  
childbirth and that's just agony just  
we're just going to see them writhing in

pain they will be amazed at one another  
their faces will be like flames so  
they're just going to see each other  
basically going up in smoke and they're  
going to be shocked  
because they really were depending on  
each other's power  
behold the day of jehovah comes  
cruel with both wrath and fierce anger  
and this again you know again the people  
who think that they can just do whatever  
they want  
and still keep sabbath and be involved  
in these marxist movements and still  
keep sabbath  
they have a view of christ that is  
really centered around his first coming  
that when we read the gospel accounts  
and we see how he moved in the earth  
there was a meekness to him there was a  
softness to him  
and that's their perception of christ  
that's that's really the way they think  
about him  
and they don't read the prophecies to  
understand  
that when he returns he's returning  
nothing like his first appearance his  
second appearance is going to be nothing  
like his first appearance  
they have no sense of just how full of  
wrath and  
anger and indignation he is and how it's  
a time of him  
unleashing his wrath and that's why it's  
so important now that we get on the  
right side  
and so if there's anything that i can  
say to all of us let's clean our  
clean up clean our lives up let's make  
sure that we're on the right side we're  
not  
um partnering with wicked men who are  
seeking to destroy the seat of abraham

that that's a satanic agenda it's  
satan's agenda to remove  
the physical seed of abraham from the  
earth and in so doing  
uh handcuff god and show god to be a  
liar  
because he cannot do what he said he  
would do so satan is doing everything he  
can to destroy and has been  
the jews have constantly been under  
persecution so that the promises to the  
jews cannot be fulfilled and god be  
shown  
to be a liar that he's not really god  
and so if we're getting caught up in  
that satanic agenda  
now is the time to just stop if you're  
in a pit  
stop digging stop digging  
marxism and christ cannot coexist  
beautiful rhetoric not withstanding so  
god is coming and we need we need to be  
hiding ourselves  
you know the the prudent man foresees  
the evil and hides himself  
we need to see what's coming and we need  
to understand the the intense  
wrath with which christ is going to  
appear and in a sense we need to have  
that wrath as well  
we need to look at the evil in the earth  
and be  
be just weeping because of it  
and our hearts need to be just furious  
and like how long oh lord  
before you act on this and stop this  
wickedness  
we can't be just living it leaving  
living at ease  
wicked things are happening the america  
american border is wide open and all  
kinds of  
sexual exploitation and trafficking is  
taking place

not just of women but of children and  
and we don't care because  
the the only time we care is when the  
media makes us excited  
oh children in cages children and we  
just feel there's this agitation and  
this hatred  
and we don't know where it's coming from  
but we just feel so angry and then the  
media stops doing that  
and then we just feel really relaxed  
meanwhile intense evil is taking place  
we don't care because the media doesn't  
tell us to care so we're calm now  
we can we can get up in the morning have  
a nice coffee  
in the evening sit back with a nice  
glass of wine and we just don't care  
until the media makes us care about  
something and then we get all agitated  
again  
and we don't know why it's just there's  
agitation in the air we need to be  
agitated when we read the text  
we read torah and we see how wicked  
these people are  
and we just cannot wait for god's  
judgment and we are full of wrath  
so when he returns full of wrath hey  
there's alignment we're on the same side  
we're on the same team  
how can it be that he's going to return  
full of wrath and we're happy  
we're just hey the world is better now  
we finally got our people in power  
and they're doing wicked things  
so the day of the lord comes it's cruel  
this is a cruel day both wrath and  
fierce anger this is there's no mercy  
anywhere when he returns  
except for his people to lay the land  
desolate  
and he will destroy its sinners from it  
this is jesus christ

this is the image that we need to have  
of christ this is who's returning  
this is our maker this is who we say  
behold the lord comes  
and we rejoice for this are we on the  
right side  
for the stars of heaven and their  
constellations  
will not give their light  
beautiful to see the stars the other day  
a mercury was in view  
about a week ago it's beautiful you see  
the stars and the constellations and the  
planets  
and the uh the sun and the moon well  
this day is a day of darkness and the  
stars of heaven and their constellations  
will not give their light can you  
imagine that there's just no light  
the sun itself will be darkened and it's  
going forth  
and the moon will not cause its light to  
shine you know  
if this was some sort of epic movie and  
we're watching this movie  
it's almost like you see this darkness  
just this intense darkness come  
and you can hear the foreboding music  
and like we don't know what's about to  
happen  
all we know is it's not going to be good  
something horrible is about to happen  
there's foreboding in the air  
isaiah saw it he's not the only one who  
saw it christ himself said this  
immediately after the tribulation of  
those days the tribulation is pointed to  
jacob  
the tribulation contains the abomination  
that makes desolate which is pointed at  
jerusalem  
so after the nations  
have done their work in softening judah  
and softening israel and turning their

hearts wholeheartedly to the lord  
so that there is a finally a remnant of  
the covenant people that god can truly  
work with  
according to the deuteronomic prophecy  
by moses  
after that happens  
then the sun will be darkened and the  
moon will no longer give its light  
and the stars will fall from heaven and  
the powers of the heaven will be shaken  
so satan has done his dirty work on the  
covenant people  
and now god is going to turn on these  
gentile nations  
that's why in revelation 1 the nations  
of the earth  
mourn when christ returns but his  
covenant people will rejoice  
joel says the same thing the earthquakes  
before them the heavens tremble the sun  
and moon grow dark the stars diminish  
their brightness  
the sun shall be turned into darkness  
and the moon  
into blood before the coming of the  
great  
and awesome day of the lord people are  
going to be terrified  
and this is really like when in matthew  
24 christ is saying don't be deceived  
it's really about his the timing of his  
return  
but it's also about the purpose of his  
return  
and and part of this deception because  
it's coming out of matthew 23  
is going to have to do with his  
relationship with his people  
it's the abomination that makes desolate  
and people are going to be saying that  
these people  
these jews are cursed they are god  
forsaken

and that's a deception the covenant  
people can never be god forsaken  
because god will never forsake his  
covenant they may have forsaken the  
covenant  
but god never breaks the cove once  
covenanted always covenanted  
covenanted forever that's what god wants  
us to understand  
and so it's only so all of these things  
are happening and it's easy to believe  
that the rhetoric of men  
but god is returning  
the sign that he's returning is when we  
see things happen  
that are completely outside of the  
control of men  
no man can make the sun go dark  
the moon turn red blood that the stars  
stop shining and fall from heavens when  
we see  
these heavenly signs that's the sign  
that god is returning  
and when he returns his wrath is turned  
upon the nations  
because now he's returning to save his  
people the tribulation  
really we call it the great tribulation  
we could call it the great redemption  
because it's kind of oxy it's kind of a  
paradox  
that when all of this wrath is finally  
turned intensely  
and the whole world agrees and even even  
people among us are getting swept up in  
satan's agenda  
and the whole world agrees these are  
hateful people and need to be destroyed  
that out of that comes their redemption  
they finally they finally realized they  
can't turn to anybody  
except god and we see that sort of a  
heart in in the psalms that we've been  
studying the psalms

and at that time he's going to hear  
their cry return to save them  
and destroy the gentile nations but  
we're going to see these these  
these signs in the heavens that no man  
can control  
that's the sign that he's coming  
he says here in ezekiel same thing when  
i put out your light i will cover the  
heavens and make its stars dark  
i will cover the sun with a cloud and  
the moon shall not give her light  
he says the same thing through amos and  
it shall come to pass in that day says  
the lord god  
that i will make the sun go down at noon  
and i will darken the earth in broad  
daylight  
i will turn your feasts into mourning  
and all your songs into lamentation  
i will bring sackcloth on every waste  
and baldness on every head  
i will make it like mourning for an only  
son and it's end  
like a bitter day so first the  
tribulation is going to be on these  
people  
and then there's going to be these signs  
that god is now turning to redeem his  
people  
and crush the gentile nations zephaniah  
same thing  
that day is a day of wrath a day of  
trouble and distress  
a day of devastation and desolation a  
day of darkness and gloominess  
a day of clouds and thick darkness so  
it's throughout the prophets  
and even christ in all the gospel  
accounts there's different  
accounts of this prophecy and then  
ultimately in the book of revelation  
i looked when he opened the sixth seal  
and behold there was a great earthquake

and the sun became black a sackcloth of  
hair and the moon became  
like blood and the stars of heaven fell  
to the earth as a fig tree drops its  
late figs  
when it is shaken by a mighty wing wind  
then the sky receded as a scroll when it  
is rolled up and every mountain and  
island was moved out of its place  
and then in chapter 8 verse 12 then the  
fourth angel sounded and a third of the  
sun was struck a third of the moon and a  
third of the stars  
so that a third of them were darkened a  
third of the day did not shine  
and likewise the night so there are  
going to be these heavenly signs  
and there's going to be this darkness  
that is going to be a signal of  
foreboding  
that god is about to return and unleash  
his entire wrath  
on these gentile nations which seem to  
have the upper hand  
and their god seemed to be the true god  
clearly if they're winning their god  
must be the true god  
and many many people getting caught up  
with their rhetoric  
and and maybe their force as well being  
afraid to say uh to die or to be  
persecuted to say well if i go along  
go along to get along what's a small  
mark i'll just take the mark and just  
fit in  
it's going to be terrible god is coming  
in wrath if we don't know the wrath  
that's coming  
we will be afraid of the wrath that's on  
the earth but if we understand the wrath  
that's coming  
then we're not going to fear men and  
it's just it's just sad to see our  
people getting swept up and deceived

and seduced back to isaiah 13.  
and hopefully all of our ministers will  
be uh sharing in this warning  
isaiah 13 and verse 11 god says to  
isaiah  
i will punish the world for its evil  
amen amen i just  
i rejoice i rejoice  
sometimes i scratch my head and i think  
who would harm a child  
what's got to be in you that you would  
knowingly  
damage a child i just it's beyond my  
comprehension  
and these men who just lust for power  
and just will will will sell out entire  
nations  
for their own enrichment god says i will  
punish the world for its evil  
and the wicked for their iniquity  
you know i hope this message gets out  
that some of these some of them can say  
you know what  
there's got to be more to this life and  
if there is a god i'm in big trouble  
and they do repent there's a lot of  
repentance that takes place before  
christ returns  
but the gospel has to be preached and  
hopefully they do repent but for those  
that don't  
i rejoice in this word this gives me  
some solace  
some peace i will punish the world for  
its evil  
and the wicked for their iniquity i will  
halt the arrogance of the proud  
and will lay low the haughtiness of the  
terrible  
so we saw this really clear problem  
in israel and it was the same problem  
in judah and it was pride and it's the  
fundamental problem of satan pride  
and now we see these wicked nations

these gentile nations  
they suffer from the same thing that's  
why i said earlier you know i don't buy  
that there's any ethnic group  
that in some way is superior to another  
ethnic group i just don't buy it  
all of us suffer from this satanic curse  
of pride  
and all of us need a savior we're all  
treacherous and wicked  
and if we don't see it that way if i  
somehow think that you know my people  
we just have that edge over everybody  
else we're just somehow superior  
and we don't quite need a savior as much  
as anybody else  
this is a disaster this is a tragedy  
all of us have to realize that the  
imagination of satan  
dwells in the human heart the quest  
of depravity that the devil has  
dwells in the human heart and because of  
that  
we all have the potential to  
unleash untold harm upon the world  
we just need the power just give us the  
authority and the power  
and that wickedness that's in our heart  
will be magnified  
and we have to see it that way and the  
only thing o wretched man that i am who  
shall deliver me from this body of death  
the only salvation we have the only  
redemption we have the only restoration  
we have  
is christ our savior everybody every  
human being every ethnic group  
and so here yeah israel was proud judah  
was proud  
they're the covenant people but if god  
covenanted with another nation  
would it be that that nation would be  
any better or would they also fall into  
this

trap of self-righteousness and be as  
stubborn and human  
as israel and judah  
so we see here the fundamental root  
cause  
i will halt the arrogance of the proud  
we'll put a stop a stop to it and this  
again like again i just  
i just can't process it  
would harm a child you see the innocence  
of these children and their eyes are so  
bright and their laughter and their  
energy and  
you just want to help them you want to  
you want to launch them  
who would destroy a child it's this this  
wickedness in the heart  
and this i think i think whenever you  
overstep  
if i overstep so i'm i have a lovely  
wife children  
if i overstep and i just feel like i can  
do whatever i want to my wife  
at any time i like that overstepping  
comes from pride boundaries  
come from humility that that's why i  
think  
in america as a nation at the founding  
where hey  
there are boundaries here we have to  
govern  
in fact we want to self-govern but  
we can't just do as we like there have  
to be boundaries so human beings have  
god-given rights  
we can't overstep that comes from a  
place of humility  
so you can't have that without  
acknowledging a god above  
so as much as whatever they understood  
about god they understood hey there are  
god-given rights here  
we're just human we can't overstep  
current administration we have to get

rid of the first amendment  
we have to get rid of the second  
amendment we can do whatever we like  
we can enforce you we can inject  
substances  
into your into your body that you have  
no clue what's in them  
no clue what they'll do to you but we  
we're the government we can we can  
yes there's you have skin and that looks  
like a boundary it's not a boundary to  
us we can pass that  
we can penetrate that because we just do  
as we like  
that's pride that's arrogance  
it used to be my body my choice now it's  
uh my body whatever the government says  
that's pride so god says i will halt the  
arrogance of the proud so we're gonna  
see this on display  
in spades we're just going to watch  
human pride  
and what we have to do is fight against  
that we have to  
as proud as the world becomes we need to  
become more and more humble more and  
more christ-like  
so when he appears it's going to be  
astounding  
that there are people on the earth and  
people who walked the earth  
that were like christ while the world  
was just getting drunk on power  
and pride i will halt the arrogance of  
the proud  
and i will lay low the haughtiness of  
the terrible  
i will make a mortal more rare than fine  
gold  
the whole earth is going to shake and  
death is going to be every so what this  
means is  
you know the way this verse is phrased  
um a year ago the way they were carrying

on about the pandemic and about covet 19  
i would have said wow this prophecy is  
now coming to pass  
uh marshalls will be more rare than fine  
gold because the way they're carrying on  
about this pandemic  
uh people are just going to be dropping  
in the streets you're going to be  
walking and you're just going to see  
people drop in the streets oh the  
pandemic has come  
oh they just got hit by oh there's  
another one that just fell down and  
millions and millions  
and there's like anybody who survives is  
like wow you're so  
blessed that you should survive because  
it's like looking for fine gold to find  
a human being  
and so because they were carrying on  
like this is okay well hey we got to do  
something like for two weeks  
if we all just kind of hunker down for  
two weeks this thing can pass over us  
okay let's do that hey we're into this  
thing what 15 months later  
and it doesn't seem like mortals are  
dying by the  
tens of millions around the world by the  
hundreds of millions  
you know yes it's a terrible uh virus  
it's a real virus it's been  
clearly where we're seeing now again a  
year ago if we said this came out of a  
lab and it's human  
it's humanly constructed it's not a  
natural virus  
we would have been laughed at all you  
conspiracy nuts conspiracy theory  
uh now it comes out nobody says anything  
there's no acknowledgement that you know  
what  
this really was uh conspiratorial in  
nature

no people should be in jail now  
china should be uh  
you know just completely condemned not  
china but the communist party  
to be behind this but money money is  
amazing what money can do  
nobody condemns china nobody talks about  
china  
you know when the previous  
administration was in power everybody  
was blaming him  
instead of blaming the thesaurus but  
this is like death everywhere that  
that's what we thought was coming with  
this pandemic  
death everywhere but that was that was  
just nonsensical it's a  
the flu kills people every year the flu  
kills  
tens of thousands of people maybe  
hundreds of thousands globally  
the flu was a real virus but  
you know we traveled we took precautions  
we watched the good hygiene tried to  
good nutrition  
sometimes you would actually i would  
actually feel like i i could tell the  
difference between getting a cold and  
getting the flu  
and uh you know cold and i feel a few  
sniffles i jump on it because i've got  
to be i've got to be out working and you  
know can't afford to be sick  
but when the flu hits oh boy i just know  
this is different  
and again we jump on it and try to do  
what we can to get the immune system  
active  
and so hopefully it doesn't it doesn't  
gain traction flu is a dangerous  
dangerous virus and there's different  
variants every year same thing with this  
this covid uh 19. it's a terrible virus  
it would not want to get

stricken with this but it's not what  
they were  
making it out to be it was just going to  
wipe out humanity  
but god is going to wipe out humanity he  
says i will make a mortal more rare than  
fine gold  
a man more than the golden wedge of  
offer  
therefore i will shake the heavens and  
the earth will move  
out of her place god is furious with the  
wickedness on the earth think of um  
genesis when you see in genesis  
6 with with uh noah and and the  
wickedness that's in the earth and god  
is going to just destroy the whole earth  
that's his sentiment here so so we have  
to ask ourselves do we have the  
sentiment of jesus christ  
are we sort of walking around  
wishy-washy and just you know we see sin  
right in front of us we see sin right in  
our congregation  
and we're just sort of this wishy-washy  
oh remember the woman who was caught in  
the adultery jesus forgave her  
no idea what what actually the context  
of that passage is  
yeah you know you can commit adultery  
and jesus likes that it's okay and  
you know we we're not we're all nobody's  
perfect and  
at least we're better than the world and  
like everybody just calm down  
is is that the sentiment that's going to  
align itself with christ's  
intense wrath when he when he appears  
are we becoming more and more sensitive  
to the instructions in torah and the  
prophecies  
so that we are like really upset  
and sighing and crying over the  
wickedness that we see in this earth

so that when he returns we're in  
alignment with his sentiment  
he says therefore i will shake the  
heavens and the earth will move out of  
her place  
in the wrath of the lord of hosts  
and in the day of his fierce anger  
that's again my question these people  
who think they can cozy up to marxist  
movements  
and try to help social justice  
like are you dialed into these  
prophecies are you dialed into this  
sentiment  
that christ has with the earth that  
their definitions of justice are not his  
that he's coming to bring true justice  
and that their heroes that they hold up  
to say hey  
this is a wonderful person and a hero  
that god is looking and saying i want  
nothing to do with that person that's  
the son of belial  
do do not deceive my people by holding  
up people who are villains  
as heroes straight talk is needed  
straight torah talk  
you're either in alignment with torah or  
you're in opposition to it and there can  
be no  
justice that is in opposition to torah  
so he's coming in fierce anger  
and there's going to be a christ says  
many will turn away  
many the love of many will wax cold  
so this is serious business brethren and  
it clearly it was speaking of the  
babylon of isaiah's day  
but clearly it's speaking of the end  
time babylon  
and we need to get right we need to be  
on the right side of this conflict  
it shall be as the hunted gazelle and  
the sheep that no man takes up every man

will turn to his own people  
and everyone will flee to his own land  
so this is going to be a time of great  
terror  
and and this is quite interesting we're  
even seeing here now people  
in the congregation in the church  
have the holy spirit but they're  
prioritizing  
their ethnic group over the holy spirit  
so you can see how church brethren are  
going to get swept up  
in these ethnic conflicts everyone who  
is found will be thrust through  
and everyone who is captured will fall  
by the sword their children also will be  
down this this is listen this is  
prophecy  
i didn't write this i'm just reading it  
isaiah wrote this under the inspiration  
of the holy spirit this is the vision  
that he had  
and he's sharing it with us and it  
concerns judah and jerusalem  
but it also concerns these nations that  
have been inflicting  
pain and anguish on judah and jerusalem  
and so god inspires here that their  
children  
also will be dashed to pieces before  
their eyes  
their houses will be plundered and their  
wives ravished now why would that be  
why would their children be dashed to  
pieces  
right in front of them and why would  
their wives be ravished  
well moises wrote that what they've done  
to you  
that's what's going to happen to them  
this this is the justice of god  
this is this is the justice you can't do  
these things and get away with it  
what is a suitable punishment for these

people

he says in zechariah 14 behold the day of the lord is coming so we're still talking about the day of the lord and your spoiled judah will be divided in your midst so this happens first so first zechariah 14 and then isaiah 13.

so these curses that they put on you the judgment is it's going to fall on them what is an appropriate punishment for what they're doing so they're going to come in and they're going to ravish you but isaiah says it's going to turn back on them behold the day of the lord is coming and your spoil will be divided in your midst

oh daughter of so so that's uh if you went on to read

zechariah 14 it talks about and i won't go into detail

what's going to happen to judah that's what's going to happen to

babylon and now psalms

really brings this to light and and i've heard uh muslims point this out to say oh look at this look at this they don't read the whole bible they just pick out a verse

we've got to begin with torah and what god is a god of

of keeping his word the islamic god doesn't keep his word he doesn't keep covenant in fact he endorses lying so this is not the same god the god of the bible

is all about the word and keeping his word and performing his word and the word that was laid down was these

covenant people have to be punished in order for them to repent

but they are his people they're the

apple of his eye and  
those nations that destroy them and go  
too far  
and think they can do whatever they like  
it's going to be reversed  
and they're going to be subject to the  
very thing that they were doing  
and and david really brings this out in  
psalm 137

oh daughter of babylon so now we're  
dealing with end time babylon  
who are to be destroyed we just read  
about that in isaiah  
there's a judgment on babylon and  
babylon is to be destroyed as mighty and  
powerful it is

blessed be the one who repays  
you as you have served us  
this is mooses judgment or the judgment  
that came through mooses  
what they do to you and all the harm  
that they inflict upon you  
they're going to be subjected to it and  
he says this

happy the one who takes  
and dashes your little ones against the  
rock

powerful powerful judgment but what it  
means is

this is what they were doing to judah  
they came in and thought they could  
treat judah any which way  
they did not acknowledge that these are  
the covenant people  
and god is now going to make the whole  
earth know

these are my covenant people you do not  
touch them

you do not touch them and i'm afraid  
that some of our own people  
who think it's a little thing to fund  
movements they're sending instead of  
sending in their ties to the church  
they're sending their funds to movements

that  
align with the people who are going to  
be destroying and  
dashing the children of the jews against  
stones like this  
and god is saying okay but when i act i  
i'm allowing this  
so that they can be driven to repentance  
and realize they can't survive without  
me  
but i'm about to act and i'm going to  
bring all of this back  
on your heads and if we're involved in  
this brethren it's terrifying  
so he says behold i will stir up so now  
which now he gets very local and at the  
time  
i will stir up the medes against them  
who will not regard silver  
and as for gold they will not delight in  
it they're going to have a purpose and  
they don't they can't be bought off  
also their bows will dash the young men  
to pieces and they will have no pity on  
the fruit of the womb  
their i will not spare children so  
that's what happened anciently  
it's a foretaste of what's going to  
happen in the future and babylon  
the glory of kingdoms the beauty of the  
chaldeans pride  
again it comes down to this pride and  
you know  
you see this with these same people in  
this area today allahu akbar this is  
said with such pride  
you know it's it's a crushing of others  
we're the best we can go through the  
world and just do whatever we like  
it's pride and god is going to bring  
down the pride of all nations  
they will be as when god overthrew sodom  
and gomorrah  
it will never be inhabited nor will it

be settled from generation to generation  
listen nor will the arabian pitch tense  
there  
so god is bringing into focus it's like  
you have a camera and you just  
it kind of zooms in and focuses and very  
sharp  
and everything else now is blurry and  
what's coming into sharp focus  
is the arabian there's something about  
the egyptian tongue which is arabic  
there's something about the assyrian  
coming into the land which are under  
uh arabic tongue as well and now it's  
very clear  
the arabian seems to be very settled  
and when god acts the arabian will no  
longer be confused  
the arabian will no longer think that  
their god is god  
the arabian will realize they have  
nothing to do with the covenant  
except they repent so nor will the  
arabian pitch tense there  
nor will the shepherds make their  
sheepfolds there but wild beasts of the  
deserts will lie there so this glorious  
palace and everything  
the magnificent is going to be brought  
to nothing and all that will be there  
will be  
wild beasts of the desert and their  
houses will be full of owls  
ostriches will dwell there and the wild  
goats caper there will cave with it this  
is amazing  
this is something that we thought would  
be established in the earth forever was  
so spectacular  
and now it's just ruins and it will be  
ruined forever  
the hyenas will howl in their citadels  
and jackals in their pleasant palaces  
her time is near to come her days will

not be prolonged  
and it's just very mindful i just stand  
here with malachi the burden of the word  
of the lord to israel by malachi  
i have loved you this is covenant love  
once covenanted always covenanted  
i have loved you says the lord yet you  
say in what way have you loved us  
like we're we're abandoned here how like  
we don't see your love  
what's the answer god says was not esau  
jacob's brother  
says the lord yet jacob i have covenant  
loved  
but esau i have covenant hated esau  
rejected the covenant  
so god rejected him completely there's  
nothing he can do now  
this is the answer so i've loved you all  
have you loved us  
the covenant remember the covenant  
and and so eve remember ishmael marries  
esau so all of these nations now  
are really under isha ishmael and esau  
he says esau i have hated and laid waste  
his mountains and his heritage  
for the jackals of the wilderness  
even though edom has said we have been  
impoverished  
but we will return and build the  
desolate places so they think that they  
don't need god  
some of them think we'll just get back  
to our former glory  
thus says the lord of hosts they may  
build  
but i will personally see to it to  
destroy  
anything they try to rebuild  
i have covenanted with jacob and i have  
rejected edom  
they may build and this is these are the  
islamic peoples  
but i will throw down they shall be

called  
the territory of wickedness and the  
people against whom the lord  
will have indignation forever  
so the only way out of this is to repent  
and to acknowledge the god of israel and  
to acknowledge israel  
but if you're going to insist in this  
ideology that you your your fathers have  
sold you and deceived you with  
god is against you and you're going to  
be known as the people against whom the  
lord has indignation forever and we just  
got a taste  
of that indignation that's coming as we  
went through  
isaiah 13. so we're in this section now  
where we're going to see  
how god is going to be dealing with  
these  
nations around and we can just get a  
taste of this  
yes israel is wicked  
yes judah is wicked but they're  
within the covenant and although they  
will betray the covenant god will  
never betray the covenant never ever  
ever he's made a promise he's going to  
fulfill it  
and we just need to understand how how  
this all plays out  
and then ultimately how these people are  
going to suffer for going up against  
the god of jacob brethren thank you so  
much god bless you  
what a wonderful mighty god we serve  
amen  
you
