well greetings brethren and welcome to
line upon line we are up to isaiah
chapter

14 and appreciate the confirmation that
i am coming through clearly

i will open with the word of prayer and
then we'll get right into isaiah 14.

our heavenly father we we come before
you to praise you and thank you and
father we hunger and thirst for your
righteousness

and we know father that your wisdom and
your guidance is in the scriptures

we we humbly come before you and and
before

the ancient teachers and the ancient
scriptures

to do our best father to understand your
will

and to understand your insights and
guidance for us especially as we see
that

it is this generation most likely upon
whom the ends of the age have become
and we want to be ready father to usher
in the return

and the appearance of our lord and
savior jesus christ
father we also want to take a time this
time to
acknowledge you for healing our brother
murray and his children
and we thank you god for the
encouraging news that we are getting
regarding his wife lisa
we do appeal to you father for your
healing mercies
that from heaven father as you see the
doctors doing all that they can
that from heaven father you would look
down and just see her just see
just the incredible contributions that
she has made to our
congregation in the church at large and
her and her husband
and that you bless them father with this
healing mercy
we we praise you we look to you father
we thank you
we ask all of this in the mighty name of
jesus christ amen
and yeah just a reminder brethren that
our sister lisa murray's wife is
is gravely ill we are getting some
encouraging news and so we would really
deeply appreciate your continued prayers
with regard to her health and and the
health of the family the well-being of
the family
so brethren we are up to isaiah 14
and i'll just go ahead and share my
screen
and what we want what i want to do here
is i'm going to read from the complete
jewish bible i think there's just some
some passages here or at least
one passage that's quite familiar to us
and what i found when i was reading it
again when i read it in context
it just sort of jumped out to me that it

has a kind of a nuanced meaning
that we completely miss when we just
dive in
grab the scripture that we enjoy and and
just go ahead
and start using it now let me just see
what i can do about this background
i don't want that there we go
so um i'll read from the complete jewish
scripture a
complete jewish bible but i'll leave the
king james open
just in case i need to go back to the
more familiar
wording so just a quick reminder from
isaiah 13
he says here i will punish the world
this is this is what we covered last
week and so this is the destruction of
babylon
but god this is god speaking this is
christ and this is the christ whom is
going to appear this is the christ whom
we
look for and not this um false
hippie with sandals that just loves
everybody and tolerates everything
that unfortunately has even crept into
our church
christ is coming with judgment and he
says here and and
god's justice and he says here
i will punish the world for its evil
and the wicked for their iniquity what
kind of justice are you looking for
are you looking for the justice of torah
the justice of christ
or have we been seduced to look for
a justice that that
justifies wicked men sons of belial and
and
wants to create saints out of them and
have an anniversary
uh or are we looking for the justice of

christ when he returns and he is
angry he is full of wrath and he says i
will punish the world for its evil
and the wicked for their iniquity and so
clearly the whole world has gone after
babylon
and god is going to bring down babylon
and the world i will
end the arrogance of the proud
and i will humble the insolence of
tyrants
and so as isaiah opened what we came to
learn was
that the fundamental problem that god
has brought up children he has
nourished them and raised them and cared
for them
and they rebelled against him and and
the rebellion is extreme
and the root of the rebellion was pride
or is pride
and so god then and because of that
pride they do not trust in their god who
is
who is committed to them in a covenant
commitment but they'd rather turn to the
the pagan nations and idolatry and so we
saw that the root of their problem was
pride
so then god is going to raise up pagan
nations that even the ones they turn to
thinking that they're allies
and he's going to crush his own people
with these pagan nations
and then we learn that the root of the
problem with these pagan nations
is is pride human pride is the root of
it because that
that is the root sin of the devil pride
so we see here this this pride is what
god is going to be addressing
and then in verse 19 of isaiah 13
thus bravo babylon the jewel of kingdoms
the pride and the glory of the chaldeans

will be like sodom and gomorrah
when overthrown by god so this is
spectacular this is
this um glorious kingdom and this has
dual applications so there was a babylon
of isaiah's time
which the whole nation was really
worried about assyria
and and uh assyria was the northern
tribe's problem
isaiah made it clear judah you don't
have to worry about assyria assyria will
not take over jerusalem
instead you should be worried about a
nascent kingdom
called babylon this neo-babylon and it's
going to rise up and that's what you
need to be concerned about but if you
turn to god you you don't have to worry
about assyria or babylon
so this is an ancient babylon or a neo
babylon
and then there's an end time babylon so
clearly this the language of isaiah
tells us
this is all pointing to the end time so
these these conditions
are a pattern that would emerge in
isaiah's day but would also emerge
at the return of christ and that's clear
from the language and we'll see as we go
on
and then in verse 20 he's speaking of
babylon
he says it will never again be inhabited
and this clearly is pointing to an
end-time prophecy of babylon because
yeah babylon is still inhabited that
part of the world
which we call iraq today it's inhabited
however
this is pointing end time as well it
will never again be inhabited
never never lived in through all

generations
so really there are two systems in the
world today
and the system that has the most
influence over the whole world the whole
world is
um patterning itself after this system
is the system we call babylon and so
from the genesis 10 and 11 where we see
the emergence of this ancient original
babylon that that system that was put in
place and then god had to interrupt it
and the people spread throughout all the
world
and took that system with them as the
foundation
of all their civilizations so the whole
world is patterned
after this system we call babylon
but there's another system as well which
we call zion
and and there is like satan is trying to
be like god
eventually the whole world will be
pattered after zion and people from all
over the world
will travel to zion to to better
understand the pattern
and then take that back to their
countries into their cities and their
their nations but today it's a mad race
to see
who can be the most babylonish if i
could use that term
uh but god is saying you know what the
day is coming that i'm gonna bring down
this system
and this nation and it will never be
inhabited again
so that's coming and he says it will
never again be inhabited
never lived in through all generations
and now listen to this
clue as we are dealing with

end time prophecy and we are trying to understand
who or what is the beast in the end time
and my contention is i do not accept
that the beast is european
unless it's an islamic you're taking a
europe that's been overtaken by islam
but my contention from reading the
scriptures and
and trying to read it line by line is
that the
neighbors of judah the beast is going to
emerge from the neighbors of judah
with an ideological obsession to destroy
judah
and so when god is announcing now in the
end time that this babylon will
never be inhabited again it will be
never lived in through all generations
that this is the end
he then to underline his point he
inspires
isaiah to write arabs will not pitch
pitch tents there nor shepherds bring
their flocks
so clearly there this pride of babylon
and this this this desire to inhabit and
build the glory of babylon
clearly if not directly
originating and generating from arabs
clearly arabs are deeply involved
in this system and today we know you say
arab youth
islam muhammad did a job of completely
uniting conquering and uniting
all of the arab nations and earlier we
talked about the egyptian tongue will be
destroyed well we know that the egyptian
tongue is
arabic so there's something very clear
the scriptures are not
mixing there's no confusion here there's
something
very clear arabs are associated with the

glory and the pride of babylon that they
have an
ideology that gives them a sense of
complete conquest
and complete pride and unstoppable
and glory and and just
self-aggrandizement
and god is saying i'm bringing that down
this is over
he says now for jehovah and this is now
coming into
isaiah 14 verse 1 the jews will say
adonai when
the name is yehovah they have a kind of
superstition around his name
for jehovah will have compassion
upon ya'akov so he will have
compassion on jacob okay this is the
plot line
now we understand the arabs will be
destroyed
why because god will have compassion on
jacob
the tribes of jacob so what we're seeing
now especially with this
new administration a complete betrayal
of israel the nation we call judah today
and a plot to destroy or at least
cooperation
to destroy the nations of jacob
to bring them down and to give the
supremacy
to gentile nations and and to destroy
the only way you can destroy
nations of this caliber is from within
so
open the borders open up the government
let every let all the
anti-american anti-canadian anti-western
anti-christian
anti-christ let them all in so that we
can destroy
jacob from within what god is saying
and specifically isaiah is focused on

judah and jerusalem
and the nations the enemies that
surround her god is saying i'm i i
personally will bring down babylon
why because i will have compassion on
jacob
and i will once again choose israel
and resettle them in their own land so
we're going to be watching over the next
few years this whole controversy
and it's going to become global over who
does this land belong to
so you have right now the palestinians
who squatting in
in parts of the promised land that it
was they didn't purchase
it they don't own it they just squat
there and as a result they claim it's
their right
and then the jews are saying like we've
been here for three thousand years this
land was given to us we actually
purchased it
uh we this is our land and we we develop
it when
when the palestinians have it they just
let it rot and go to
there's no development when when the
jews have it they actually develop it
they make it wonderful they make it
productive
but there's now going to we're going to
witness this intense battle
over who belongs in the land and the
whole world
according to scripture is going to be in
accord
in agreement that the jews must be taken
out of that land
and this is why i warn us as well that
we have to be careful about what
marxist movements we get behind because
we are getting we are being set up
to bring down the patriarchy well the

bible is a patriarchal patriarchal book
bring down white patriarchy well israel
is built upon white patriarchy what are
you saying when you say bring down white
patriarchy
this is all symbolic language that even
though
the early christians the majority of
them were from northern africa and they
were black so christian
christianity we didn't think about race
originally it was just the middle middle
eastern religion this is what spread
throughout the middle east
fortunately paul took it to to europe as
well but then the
the islamic the muhammadan hordes
came out of arabia and just conquered
and destroyed and completely replaced
the religion
of northern africa and the middle east
and so now the black religion is
considered islam
and the white man's religion is
considered christianity
so when we say or sorry not we when the
marxists say
we must bring down white patriarchy for
those of us who are not in the know
who don't understand cultural marxism
and postmodernism we get swept up in
this
yeah yeah let's do this yeah i'm i'm uh
transgender uh homosexual lesbian
black disabled um hispanic
uh young i'm all these things that are
interesting i have
massive intersectionality and one thing
i one thing i know for sure
we're against white patriarchy not
understanding
this is symbolic language and this is
about bringing down rooting out
christianity the judeo-christian

influence over western civilization
which is what has made western
civilization great
the agenda is to root that out and so as
we get caught up in this
intersectionality what we don't
understand
is that we are being funneled into a
camp
that is going to be not only anti-jewish
but anti-christic and anti-abraham
and it's clear anybody who curses
the descendants of abraham is cursed and
we just read
god is coming to destroy the earth god
is furious
and he's coming to to absolutely shed
blood
and to specifically shed the blood of
those who oppress
his covenant people so this
administration in america
is cursed the administration in canada
is cursed
the administrations around the world as
they turn their back
on the covenant people are all under a
massive
curse and this is not to say as we read
through isaiah
that the covenant people are pretty
people that the covenant people smell
nice look nice they're wonderful
they're saints they dress in white and
they do lovely things it's not to say
that
at all the bible make isaiah makes it
clear
these people are rotten to the core
isaiah 1 tells we do
we don't have to go deep into isaiah we
just have to read chapter one and see
that these people are rotten to the core
the only thing is they are god's people

and god will use gentiles to punish them
but then he's going to
massively punish these gentiles the root
of all of this
is is torah we can just use deuteronomy
30 as our sort of fundamental text
and just keep going back there so so
nobody contradicts moises everybody just
amplifies moises
so god will have compassion on jacob and
he will once again he's hiding himself
from israel right now
so they have to go through this intense
tribulation but he will once again
reveal himself and he will choose israel
because he's in a forever covenant with
them and he's going to resettle them in
their own land
so don't get caught up in all of what's
going on where foreigners will join them
so the foreigners will join them because
they will acknowledge
the only true god is the god of jacob
and they will humble themselves and
repent and and these these gentiles
have an opportunity to come in to the
first fruits covenant but even if they
don't do that
they also will have this opportunity to
be part of the fall harvest but there's
going to be a big
big difference between gentiles who are
part of the first fruits
harvest and gentiles who are part of the
fall harvest
and they're going to attach themselves
to the house of ya'akov or or jacob
and we see that in scripture that people
all over the world are going to say oh
there's a jew
let's let's take hold of one of his
garment and let's follow him
he'll he'll show us the way so the jews
as as

as tormented as they are now and they're
going to be globally
they're going to have pride of place in
the new world so we have to be very
clear that there's a new world coming of
physical human beings
the first fruits is the first fruits
we're going to be spiritual beings
but the physical humans are going to
look to physical jews
and they're going to have pride of place
and physical is israelites this is what
this is saying
and so when we studied second isaiah
it was very clear there's an agenda that
god is working here
these people are going to be terribly
punished god says
through daniel this is a time of trouble
coming on jacob
the likes of which no nation no tribe of
people have ever seen
this is the extreme they're in covenant
and there's a there's consequences to
breaking the covenant
but then we saw this when we opened
second isaiah it opens second isaiah
with
comfort and keep comforting my people
so somebody has to get it somebody needs
to understand
the agenda the the council the plan of
god
what is he doing in the earth there's so
much confusion there's so much chaos
the world just keeps unraveling
faster and faster and it just seems to
be descending into darkness
but somebody or some bodies
have a light and they understand what's
going on
and why and with that understanding
they're able to preach the gospel in a
very precise way

to a very precise people and god is
saying
just keep comforting them as much as
they are under this intense curse
let them know matthew 24 do not be
deceived i have not forsaken jerusalem
let them know god has not first god will
again choose these covenant people
and then in verse 2 tell yerushalayim
just jerusalem
to take heart so even though she's being
surrounded by military powers and
everybody's abandoned her and
and she's just got nothing now except
god
that's the whole point to bring her to
the point that she only has god
and somebody is telling her this so tell
jerusalem to take heart
proclaim to her this is a proclamation
of good news
that she has completed her time of
service and and really the the um
king james says that her warfare is
accomplished
that you've been battling and bruised
and destroyed
okay isaiah 6 the abomination that makes
desolate is set up
this now has an end and that her guilt
has been paid off this is the gospel
somebody came
and as as sinful and nasty and rotten
and corrupt as you are
you have a savior i know i know you hate
your savior
we've read what you've written in your
talmud it's unspeakable
but that doesn't change that you're
still his people
and if we if god has to drive you into
intense
and great tribulation to separate you
from your

nonsensical talmud talmudic ideas
oh well but you're still his people and
and he's not a man
that he just walks away from covenant he
is covenantly
to you and you just have to come to your
senses deuteronomy 30.
so your your guilt has been paid off by
the suffering servant
and you at the same time have been
cursed
and you've you've been whipped according
to deuteronomy
uh so you've received at the hand of
jehovah
double for all your sins this is this is
the covenant curse that you've come
under
a voice cries out clear a road
through the desert for jehovah he's your
god is coming through the arabian desert
to redeem you from your enemies
level a highway in the wilderness for
our god
let every valley be filled in let every
mountain and hill be lowered
the bumpy place is made level and the
crag become
a plain then the glory of jehovah
will be revealed it's going to be
revealed in the middle east
the bible is a book that is centered and
focused on the middle east and the land
that god promised
and so the glory will be revealed and
all humankind because they're all
gathered there to take the jews out of
jerusalem to set up the abomination that
makes desolate and
jerusalem has become the focal point in
all the cities of judah
and there's this deep psychotic hatred
for jews all around the world and they
want to hunt them down and we're seeing

it emerging
even though we said after the second
world war never again
never again never again oh how short our
memories are
and so all human beings uh are see are
are
involved in this and god says he's
coming to destroy all mankind
and a big part of their destruction or
the reason
for them being cursed is what they're
doing to the covenant people
and so and so when this happens now when
god comes to redeem his people and again
we're not clear that this is what god is
doing when christ returns to redeem his
people
the gentile nations will mourn
revelation 1
the gentile nations will mourn it's not
a happy day
when christ returns for the gentiles it
is a
glorious day for the jews and for israel
and for the first
fruits uh jewish people the the
spiritual jews so all humankind together
will see it
so god wants to be glorified in judah he
wants to be glorified in israel and he
wants the gentiles to see this
so when he returns all humankind
together we'll see it
for the mouth of jehovah has spoken and
when god this is this is what makes god
god
when this god speaks nobody can reverse
his counsel
nobody can undo his plan so this is this
is what has been spoken
and we understand it deeply this is what
we preach
in isaiah 60 he says arise and

shine jerusalem for your light has come
so light is coming to jerusalem even
though it's going to be the
the place of the greatest cursing
in in the years just ahead even it's
going to be a place of just deep
sorrow isaiah says don't that's not the
whole story
arise shine jerusalem for your light has
come
the glory of jehovah has risen over you
the whole earth is the sun is going to
be blacked out
the whole earth is going to be in
darkness and when christ
returns he's bringing his glory to
jerusalem
we have to know this we have to preach
this
god is not coming to bring his glory
over toronto
to bring his glory over new york or
dallas or pasadena or london or
johannesburg
as beautiful as these cities we think
they are when christ returns his focus
the focal point
is jerusalem and he's coming to bring in
a dark dark
dark world he's coming to bring glory
over jerusalem and the whole world is
going to see this
and understand it has risen over you
for although darkness covers the earth
here it is right here although darkness
covers the earth and thick darkness the
peoples the gentile peoples
on you jehovah this is jesus christ
will rise over you will be seeing his
glory so the whole earth will
see the glory of god and that it is
specifically
over this nation and these peoples
that they have hated with a psychotic

murderous hatred
this is where god's glory is going to
return
he says nations will go toward your
light
the way moths fly to light he says this
nations will go toward your light and
kings
toward your shining splendor the same
king's mind you
that were issuing orders and and
commanding their armies
to go and destroy every man woman and
child
that calls themselves a jew and be
ruthless with them
now when god shows his glory these same
kings do a quick reversal
and they now want to go to this light
they realize that they've been chasing
vanity peoples
will take and escort them to their
homeland
so as these jews are being driven by the
islamic agenda
and the marxist agenda all over the
world as slaves
and splitting up their families and
sending them here in yonder
to be under cruel slavery now
people who are doing a reversal and it's
like how can we help let's help you
get back to jerusalem we now recognize
your god is god
we've done wrong we will spend whatever
money it takes
to help you get back to your homeland
peoples will take and escort them to
their homeland
and the house of israel will possess
them
in the land of jehovah as male
and female slaves so saying this is
this this is torah this is exactly what

moses taught
that when they come to repentance those
people who were enslaved
first of all you will be enslaved all
over the world you'll be scattered
and taken out of the land but once you
come to your senses and repent
those people that enslaved you you will
enslave them there'll be a complete
reversal and the curse
all these curses these deuteronomic
curses that were coming upon
you they'll be reversed and they'll come
upon your enemies
so they're now going to be slaves they
will take their captors captive
and rule over their oppressors this is
this is the good news this is the gospel
raise your eyes and look around they are
all assembling and coming to you
look look these people who are
destroying you these people who actually
destroyed your loved ones
in the worst ways and you're the remnant
that survived
wake up arise look around now look how
everything has reversed
when jesus christ returns and they are
assembling and they're coming to you
they now recognize you
physical human beings on the earth as
the special people and so they're coming
to you
and your sons are coming from afar and
your daughters are being carried on
their nurses hips like they all
recognize
we have done wrong jesus christ is on
the earth
he is powerful we see his glory we've
been chasing and following these kings
we are totally repentant of this
and we are now bringing all we cannot we
were

we were this was my slave i'm some sort
of weird
uh muhammadan follower and this is a
young jewish woman
i always i can't even say it some
muhammadan follower
who's passionate about his his doctrine
has been raping
this young jewish girl for years and
abusing her for years
and now god returns and they are just
completely
reversed and they are in such panic
that they are now going overboard to
return everything
and to show their deep repentance and
these jews who have been suffering and
their families are
who where they're ever scattered god is
saying to them wake up look arise look
around you
look how everybody is assembling to you
and look how they're bringing back to
you
your loved ones
foreigners will build your walls so
people who don't belong in the land
they're going to come and they're going
to be your slaves and they're going to
help with this reconstruction
of not just jerusalem but the cities of
judah their kings
will be at your service so imagine what
their common folk will be like when the
kings themselves
who were glorious in the earth are going
to bow down and serve you
he says for in my anger i
struck you this goes to matthew 24
do not be deceived deceived about what
it's really
you have to read it with matthew 23 do
not be deceived and think that i've
i've abandoned jerusalem

and do not be deceived about my coming
and how i'm going to redeem jerusalem
when i come
so this is all what it's all about god
is hiding himself from israel for a time
in my anger i struck you and he says the
assyrian is the rod of his anger
but in my mercy i pity you okay because
of the covenant
the children of your oppressors will
come so the people who are brutally
ruthlessly enslaving you they will come
and bow low before you all do who
despised you will fall at your feet
calling you the city of jehovah
they will know the name jehovah and they
will call jerusalem the city
of jehovah and they will acknowledge
this is the true god
whatever god they were worshiping they
they realized this we were deceived
this is the true god and zion
zion of the holy one of israel
so now now the world knows and all the
glory is on jerusalem there's no
question
back to isaiah 14 verse 3
then when jehovah gives you
rest from your suffering and trouble
and from the hard service imposed on you
you turned your back shall we open
your scriptures shall we open your
talmud and see what you have to say
about christ
shall we study your history do we need
to examine your sins
this is why you were punished and so
somebody needs to understand this and
explain it to them
and at the same time you are not
forsaken
you're being punished because the father
loves you
so now he will give you rest so there's

going to be this intense suffering
followed by rest and you will be under
hard service so says moyses
in fact here he is now here's moyses now
deuteronomy 30.
so after reading them the blessings and
the curses he says
when the time arrives that all these
things have come upon you he just read
here are all the tremendous blessings
and then the curses are incredible
they're staggering
so when these tremendous blessings and
these staggering curses both of the mind
come upon you both the blessing and the
curse which i have presented to you
so moyses already knew you're going to
get both
and you are there among the nations
to which adonai or we should say yehovah
your god
has driven you then at last
you will start thinking about what has
happened to you and again if somebody is
preaching the gospel and that
teaching them torah christians have
abandoned torah but what if what if
there's people who understand
the torah and can tie the apostolic
writings to torah
and can tie all the prophecies to torah
and teach them look this is what moyses
taught
and this is the present application of
moyses teaching
and here's what the prophets have to say
about it and here's what christ had to
say about it
and here's what the apostles had to say
about it and here's how it all ends with
the apostle john's revel
the revelation given to john the whole
thing ties together neatly
it's undeniable you have to repent and

then you will be glorified
so he says that god is going to drive
them to these nations where they will be
enslaved
then at last you will start thinking
about what has happened to you
and you will return to yahuwah your god
and pay attention to what he has said
which will be exactly
what i am ordering you to do today so
the future involves torah
and so again how can christians have any
part of this
if we've abandoned torah and and we we
are embracing
marxist justice systems that are
antithetical to torah that are
anti-christic
how can we have anything to do with this
we will be rejected and cursed
and we will truly be rejected and cursed
because we're caught up with the wrong
crowd
who are cursing the sons of abraham so
there's going to be a people
who will be able to instruct these
people
through torah and it's exactly what i'm
ordering so there's
like we will open the torah and say here
here here and here
exactly what i'm ordering you to do
today you and your children
with all your heart and all your being
at that point
which is really now you're going to have
to come through the great tribulation
to get to that point to get to the point
in isaiah 6.
at that point jehovah your god will
reverse
your exile he'll reverse your captivity
he'll reverse your slavery and show you
mercy

this is brethren this is not talking
about the church
these scriptures do not apply to god's
people who
have repented that we've been baptized
we've received the holy spirit we've
been grafted into the body of christ
we are being transformed our minds are
being conformed to christ
these prophecies do not relate to us
and yet the word of god cannot be
negated
so there there's somebody on the earth
whom these prophecies apply to
and it's our job to preach to them and
educate them
in the scriptures we're not just
studying these scriptures so that
we can get to heaven or not heaven
kingdom so i'm going to be saved i'm
going to be in the kingdom i'm going to
be a king
i'm going to be a priest well you're
going to be useless if you're not
on board with god's agenda so
he's going to reverse their exile and
show them mercy he will return
and gather you from all the gentile
peoples
to which jehovah your god scattered you
so when christ returns he's going to
send his angels to the four corners of
the earth
and he's going to gather his people and
bring them back to the promised land
he doesn't need to gather the church the
church has risen to join him
and be with him forever this is a
physical happening on the earth
you will take up so it's back to isaiah
14
now so it's all rooted in torah isaiah
14
you will take up this taunt song against

the babylonian king so now having come
through the tribulation
judah can now celebrate
and not just celebrate but actually
taunt
they can actually now taunt this
powerful king
this is a song they'll sing at last the
oppressor has been stopped
at last three and a half intense years
but there's this build up toward it and
we're seeing the world reconfiguring now
and
like just this whole vaccination program
and shutting down economies you see this
there's global cooperation
something that a decade ago we could
have never imagined
that the entire planet even nations that
hate each other
can all cooperate behind the scenes they
can all agree to an agenda
well now we can understand how the mark
of the beast is going to be enforced
globally
we can actually see this global
cooperation
and and dominance and and for anybody's
whole conspiracy oh the bible tells us
satan is a conspiracist conspiracist
and the the evil people are truly
conspiratorial
and only if only the naive are well
unwilling to accept that there is a
conspiratorial
design on the earth but now
finally the jew the physical jews
will be able to sing this song at last
the oppressor has been stopped his
arrogance the pride the same thing that
they were suffering from
they've been afflicted by this thing
called human pride which comes the
source of it is satan

as we're about to see finally the par
the arrogance has ended
jojo no one else could do this they lost
all the military power you see israel
has today again that's the tribe of
judah
that's nothing that's going to be just
worthless and they will finally come to
the point where the
only rescue they have is in their god
yoho has broken the staff of the wicked
remember
assyria is the rod of his anger and so
even now we're talking about babylon
we're going to see in the end time
there's a convergence
between assyria and babylon and it
appears to me that
assyria will be the the beast power
and that babylon will be under its
control and nebuchadnezzar will have
seen this because he was all about who
controls babylon
and so in the end time the assyrian
controls babylon
and so assyria is the rod of his anger
and god is going to break that rod he's
going to use it but then he's going to
break it
the scepter of the rulers and then here
let's go back to isaiah
10 5 o assyrian
the rod expressing my anger
the club in their hands is my fury so it
is the assyrian
that is going to destroy god's people in
the end time but babylon they
then the the system and the glory of
babylon will be under
uh this control and this is the way if
you study the islamic empires of the
past
there were there were always sort of the
the caliph who's over all the other

empires
isaiah 47 and verse 6 he says i was
angry with my people
these are my people and i was angry i i
hid from them
and i allowed the gentiles to absolutely
destroy them because they were so wicked
so i was angry with my people i
desecrated my own possession
and i gave them over to you but you
showed them no mercy
again their ideology there's no place
from the river to the sea
palestine palestine must be free meaning
there must be not be a single jew left
in the promised land
i desecrated my own possession and i
gave them over to you
but you showed them no mercy you made
your yoke
very heavy even upon the aged
so there's such a despising of these
people
it doesn't matter even the young the
babies the old once you once you know
once they know you're jewish
they are programmed to destroy
you even upon the age you didn't have
you said
i will be mistress forever so this is
this babylonian nation just being so
like i'm just going to be this queen
this glory forever
i will be mistress forever so you didn't
consider these things
or think about the consequences you
could never imagine that your kingdom
was going to come down
which furiously struck down so this
backwards i have 14 verse 8 now
let's just go back to um
i'm sorry i just i missed a couple of
verses here let me just get this back up
we are at isaiah

14 verse

5 and then i came back

and i missed a couple i see what
happened oh yeah it's right there but
why didn't it pick up verse six so we
are at

isaiah 14 5 we did 10 5

and then 14 okay yes

everything's fine it's eyes it looked
like verse 8 it's actually verse 6.

my eyes okay very very good all right so
um yeah so verse five yehovah has broken
the staff the rod of the wicked

so this is really the assyrian who's
controlling babylon

the scepter of rulers and then we're
going to come

back down now to verse 6 which
furiously struck so this rod furiously
struck down

peoples with unceasing blows

this to me describes islam perfectly
angrily beating down nations with
relentless persecution there's no mercy

in this once allah tells you destroy
this

there's no mercy the whole earth
is at rest and quiet so something has
changed

and now this sabbath rest comes upon the
earth

they break into song so what is this
song isaiah 49

sing heavens rejoice earth

break out into song you mountains for
jehovah

is comforting his people this is the
agenda

we have to be crystal clear about this
this is the agenda

god has a zeal he's very zealous to pull
this off

and his whole plan and he's watching
very carefully and everything is

orchestrated
we have to be conformed to the mind of
christ
and understand what his counsel which he
established anciently
declaring the end from the beginning and
from ancient times that which is not yet
done
saying my plans will stand my counsel
will stand
this is what i've declared and this is
his zeal this is what he wants to pull
off
and so as we get into scriptures and
conform to christ this is our excitement
this is this is what we we are like yeah
do your worst this is what's going to
happen
so now the whole earth can sing why
because
god is comforting his people his
covenant people
having mercy on his own who have
suffered and again this is not the
church although the church will get
caught up in this
this this is the physical descendants of
judah
and israel and then in isaiah 25
this is again the rejoicing of the whole
earth on this mountain
yehovah zavawat the god of armies will
make
for all peoples a feast this is a party
time it's celebration
god has done it the zeal of the lord has
accomplished this so now it's time to
celebrate and party
it's going to be a feast of rich foods
and superb wines
delicious rich food and superb elegant
wines
on this mountain he will destroy the
veil which covers the face of all

peoples
the veil enshrouding all the nations so
this work of the devil which is
deception
it ends here and this this veil of
deception that caused all the nations
just
hate the jews with a pathological hatred
they don't even know why they just
they just they just get swept up in this
pathological hatred
god is going to lift the veil and that's
why they're going to realize the wrong
they've done
and from all over the world they're
going to be so sorry and they're going
to be bringing the children of judah
back to the promised land and
doing all they can to make right because
this veil
and that means that satan will be taken
away
he will swallow up death forever
adonai elohim will wipe away the tears
from every face we know revelation john
sees this and he will remove all from
all the earth the disgrace his people
suffer
so get ready we're heading into it now
the jews are going to suffer the worst
disgrace on the earth
and then god jesus christ is going to
return and he's going to remove that
why because jehovah has spoken declaring
the
from declaring the end from the
beginning
this is all this has all been spoken for
on that day they will say see this is
what the jews will say
this is our god so all the nations are
coming to this party this celebration
the glory is over jerusalem jesus christ
is here

and the jews will say jesus christ is
our god
we waited for him they knew the messiah
was coming
we waited for him to save us this is
messiah
this is jehovah we put our hope in him
we are full of joy and so glad he saved
us and this is uh the sermon that i gave
uh past sabbath a couple of sabbaths ago
mighty to save especially part two
that's what this was all about there are
multiple salvations spoken of in the
scriptures
and this is that that second exodus
that mighty salvation the zeal of the
lord is gone this is this is the main
mission
so the first fruits we're being
recruited to help him
pull this off this is a big big
operation
so big that the first exodus will never
be spoken of again
this will be the talk of the town
so the jews now are full of joy and
they're so glad he saved us which is
what christ said
okay you will not see me again until you
shall say
blessed is he who comes in the name of
the lord and so finally this remnant
gets it
and they come to this realization for on
this mountain the hand of
jehovah will rest but moab
muslim nation will be trampled down
where they are
like straw trampled into a pile of
manure this is what god thinks of the
quran
this is what god thinks of islam and
this is what i think of islam
and hopefully this is what you think of

islam and we're not getting caught up
with black lives matter and brown lives
matter and palestinian lives matter
because all of that is anti-christic
what we are getting caught up is
the zeal of the lord and then this text
that has been the the code sort of the
software code
being installed in the minds of normal
humans
that that codes them to have a
pathological hatred
and and and they're born in this area
and they get programmed with this this
code
and god says they're going to be
trampled down where they are
judah will be glorified and so before
christ comes
islam will be prominent and then great
power and glory
and judah will be just nothing
despicable
despised but when god turn comes it's
going to be reversed
and moab muslim country will be trampled
down where they are
like straw trampled into a pile of
manure the cypresses rejoice over you
with the cedars of lebanon now that you
are laid low
no one comes to cut us down so bible now
that babylon is laid
law this is a persecution now that the
assyrian is struck down this persecution
has stopped and even the the
the trees are rejoicing or the whole
earth is rejoicing
over what god this mighty salvation in
judah
back to isaiah 14 sheol
below is stirred up to meet you when you
come
it awakens for you the ghosts of the

dead
who were leaders on earth so there's a
whole heart that was just ruling the
earth it makes
all the kings of the nations arise from
their thrones
they all greet you with these words look
at this this is
this is like everybody is stunned
now you who were in such great
prominence and glory
now you are as weak as we are you've
become like us
how did this happen you were so glorious
your power seemed like it would never
end we all looked up to you
who will make war with the beast and now
look at you you're just like one of us
here it is again your pride
has been brought down to sheol you were
just
this religion of yours this ideology of
yours it was just based on pride
and you could not you could have no end
of your glory
and now your pride your pride has been
brought down to sheol
with the music of your lears under you a
mattress of maggots
over you a blanket of worms i can be
very very
very very poetic imagine that
all of your um you know your calls to
prayer
and your reading of the quran sounds so
musical and
and now look at you now look at you
now all of this now we come to
verse 12 which it's a very familiar
verse we quote it all the time
i don't think i've ever read isaiah from
chapter 1
verse 1 to 14 12
so that i understand this verse in

context

i've just like heard it preached and i
myself were pictures go in start at
verse 12

finish with verse 14. that's all we need
to know this is

satan fault it becomes a doctrinal uh
proof text so we use it we use isaiah
to prove our text to prove our point

okay satan is a is a
great angel archangel he was high up in
heaven he served god and he was struck
down and

that's but this is saying something very
specific

this is speaking specifically very
specifically

of the salvation of the jews well first
of their tribulation

and then of their salvation and it is
pointing all of this to the antichrist
who's in power at the end time the
assyrian

ruling over babylon and just being
ruthless in the glory of babylon and
just

full of pride that now what we're coming
to understand as we read verse 12
is that assyrian is the incarnation of
the devil

doing the devil's work and the devil's
work is to destroy judah

that's why again i say caution caution
caution

be careful what marxist movements you
get caught up in

where you're now supporting the
palestinian lives matter

brown lives matter islamic lives matter
but jewish lives don't matter

and so you're all for the destruction of
the jews

what we're reading here now when we read
it in context

is that that agenda to destroy the jews
is a satanic agenda but just as god
works in
the earth by incarnating himself in
flesh
and coming in flesh and walking the
earth to advance his plan
satan wants to be like the most high he
incarnates himself
in flesh and so this uh
the focus has been on this leader the
assyrian
the leader of the all this empire who
had no end to pride
who we now see was being incarnated by
the devil
and so now it's speaking of the devil
but it's really speaking of a man
and you'll see this very very clearly as
we read on and it's speaking of a man
who was
possessed by the agenda to destroy the
jewes
and so this is all about the exposure
of where does this agenda to destroy the
jewes come from
how are you sorry let me read it in the
complete jewish bible
how did you come to fall from the
heavens morning star
son of the dawn how did you come to be
cut to the ground
conqueror of nations so this is who can
make war with him
this is the global power that has just
been able to bring all these nations
through force under his purview and
under his control
now we know this is speaking of satan
because christ himself said
luke 10 verse 18 yeshua said unto them i
saw satan
fall like lightning from heaven so very
clearly this is speaking of the devil

but in context it's speaking of a human
being
with a human being with an agenda to
destroy the jews
he goes on you thought to yourself
i will scale the heavens i will raise my
throne above god's stars or above his
angels
i will sit on the mount of the assam of
assembly
far away in the north he just had no
great no limit to his imagination as to
how high he was going to be
i will rise past the tops of the clouds
i will make myself like the most high
and uh i think it's this word ascend the
word is
allah i will allah myself
this is amazing it's amazing you know
the hebrew word for violence is hamas
and the hebrew word for ascending is
allah
so these clues are here so he says
i will rise past the tops of the clouds
i will make myself like the most high
and it's not that you know there's going
to be the most there's going to be like
two most highs
this is going to be the most high and
i'm going to make myself like the most
high so there's going to be two of us no
he's saying i will be the most high so
i'm going to replace the most high
that's his agenda so this is clearly
satan
but what we're going to see here is it's
clearly speaking of a man
so satan is incarnate in the man
so that's what you said to yourself
instead
you are brought down to the grave
to the uttermost depths of the pit this
this is what's happened to you you're
you

so god says declaring the end from the
beginning
and from ancient times that which is not
yet done saying my plan will stand
satan had a plan it just didn't it
didn't work
out i'm gonna be the most high you're
down in the pit
so this is a human being that's gonna be
in the pit but satan himself is going to
be in the abyss
but we'll see that this is speaking of
the incarnation of satan
here those who see you
will stare at you reflecting
on what has become of you you were so
glorious in the earth
you were the top all nations were
worshiping you
and then this is this the ish
hebrew for man this is not it's not
speaking of an angel
the people are staring at this being
and they can't believe his fate he was
in splendor
he was in glory all nations
who could make war with him he was a
human being
but he was the incarnation of the devil
and now he's been brought down
and people are looking at him and saying
is this the man
they're not saying is this the angel
they're not looking at the devil they're
looking at a human being
and they're saying is this the human
being who shook the earth
who made kingdoms tremble and this this
ideology that this this
lines of code that get in their head
that they must conquer and be
absolute control over everybody now he's
dead
and people are stunned this is maybe

he's naked
and they're just looking at this little
man and they're saying
but you know you look at hitler let's
say for example when he was possessed
and when he spoke and he just shook
nations and
you know he could just move millions of
people and there was this power that was
exuding from him and
people could feel it you're in the
presence of some kind of
supernatural energy well this
incarnation of the devil
has this energy and now
he's dead he's naked he's looking as is
this the man is this is this the man who
shook the earth
who made kingdoms tremble who made the
world a desert
who destroys its cities who would not
set
its his prisoners free specifically as
jewish prisoners
all other kings of the nations all of
them
lie in glory each in his tomb so so
these kings when they die they get this
fancy burial and they're in the tomb
but this beast who is the most powerful
human as the incarnation of satan on the
earth
but you are discarded unburied you're
just kind of thrown on the earth naked
like a loathed branch clothed like the
slain who were pierced by the sword
then fall to the stones inside a pit
like a corpse to be trampled underfoot
like people just cannot
reconcile this the brain can't process
this
how does somebody so mighty so powerful
so glorious
end up like this and and how how is it

that this
thing did all of this damage it's just
the brain can't quite process it
you will not be joined with those kings
in the grave
because you destroyed your own land and
again this
this describes islam perfectly
you destroyed your own land you have
brought
death to your own people we're seeing
this right right now
in gaza where
you know these people are you know
trying to bomb
israel and and jerusalem and gaza
all these jews are trying to destroy
them and and they're ruthless they have
no mercy on anybody even the aged they
don't care
when the jews retaliate they
hit precision targets and they warn the
people
they give them notice tomorrow at this
time
we're we are going to be bombing this
building because we know
it's a center of operations and we're
going to be taking it out
so you need to leave you need to leave
you need to leave
then on the morning they'll drop a dud
just to say we're not kidding we're
really going to drop this bomb here
you've got three hours to evacuate
they do everything they can to make sure
civilians are not hurt
now when the people try to evacuate what
happens
hamas stands there with guns with rifles
saying if you leave this building we
will kill you and they do
they kill their own people and so the
people have to stay inside and then

the israelis finally drop a bomb and
then they cry out oh
the israelis are killing women and
children no you're killing your own
people
because you don't care about humanity
because you've been programmed
to just be just destructive
so this is islam at its height
that all these people who devote
themselves to islam it just turns on
them it destroys them
islam eats its own because you destroyed
your own land
and you have brought death to your own
people you see that with isis you see it
with hamas
the descendants of evil doers will be
utterly forgotten
get ready to slaughter his sons for the
iniquity of their fathers
so they won't arise take over the earth
and cover the world with their cities
that was their plan
sorry it ends when christ returns
god himself says this is christ talking
i will arise against them
says jehovah's wat i will cut off
babylon name and remnant this this is
clearly end time
i will completely remove any trace from
babylon
on the earth going all the way back to
genesis 10 and 11
that it it all the way through
revelation it is babylon babylon babylon
that's the system
that has infected the whole earth that's
the virus that has infected the whole
earth
in the future the jerusalem code is
what's going to
cover the whole earth i will cut off
babylon

name and remnant offshoot and offspring
says jehovah
i will make it a haunt for hedgehogs
so this is it's just going to be a
wilderness
it will become a swampy waste i will
sweep it
with the broom of destruction says
jehovah's
vote he's serious he keeps this is what
i'm saying
do you get it this is my agenda
this is my zeal this is what i'm going
to pull off
and we as christians who are conforming
to the mind of christ
we have to understand this we have to be
all about this this is in
black and white we can't be like oh i
don't i don't i skip over this
i just know that jesus this jesus loves
me this i know
for the bible tells me so and he doesn't
just love me he loves everybody
even sons of belial we can put wings on
them because jesus just loves everybody
that's not this jesus we need to
understand this jesus
and we need to know what this jesus this
yeshua
what is his agenda what is he about and
we need to be ready we need to love his
appearing
when he appears we're right in step
because we understand
exactly what he's doing and we
understand exactly how to interpret the
world
we understand exactly how cursed
the current administration in the u.s is
how cursed they are
for funding these babylonian
children so that to enable them
to destroy the sons of abraham

giving billions of dollars to iran just
as they were about to fail as a nation
to bring them back to life so that what
they can fund
the destruction of judah and funding
hamas
so they can destroy judah and all oh i'm
gonna i'm gonna
oh you know what i just have to write
out my paycheck to black lives matter so
they can go to this administration
so i can put this administration in
power so that they can curse the jews uh
oh
i just brought a curse upon myself
now that i understand what god is about
and what he's doing
i i i just i'm cursed
i've got to rep we've got to repent now
we cannot repent fast enough yes
the jews are evil don't that's not an
argument
that's a fact another fact
a more important fact they are the
covenant people
god is in covenant with him and god is
faithful and this is what he's going to
pull off
and these people who have destroyed his
people
it's not going to be good now this whole
babylonian we read it in zechariah 5
in when we looked at mighty to save that
who this this
assyrian that's in power babylon is the
center
babylon is where they get their power
and their control
and their authorization and so
in the end time we know that whoever is
in power
it's going to all come back to babylon
he said
just talking about this thing that he

sees in in in this vision in in
zechariah
what is this he says this is evil this
is
pure evil there is evil in the land
there is evil in the earth
when you see what this current
administration in america is enabling
for to happen to children to babies
to women at an
industrial boy i want not
that's why i don't vote i got nothing to
do with these people
these people are cursed and they are
evil and this evil is just part of this
babylonian system that's all around the
earth
and it is working very hard now to bring
down america because america is the the
great obstacle
to its agenda so that's what that's what
we're witnessing now the complete
collapse of america
and and what have they poured into
they've poured nine trillion dollars
into the economy
nine trillion with a t so people are
like oh wow the economy is doing really
well
yeah you just print nine trillion
dollars and give it to people and
they're not working and they can just go
and spend it yeah the economy is doing
well
what happens when that money runs out
and nobody's working
and nobody's creating real value we're
heading into
an economic collapse the likes of which
the world has never seen
and most people are oblivious and this
administration is
cursed they don't care about people they
do not care about human beings

and they are out to destroy that the
level of destruction and damage that is
coming upon people
unbelievable but more specifically the
level of destruction and damage
that they are enabling to come upon
judah it's
oh boy and jerusalem so this evil
it's it's identified in the end time by
zechariah says this is evil and he threw
her down into the ifa
and pressed the lead weight over its
opening and then in verse 10
and i asked the angel speaking with me
where are they taking the ifa they said
this this is evil put it in here pack it
in
and now now they're taking it somewhere
so it's leaving one land and it's going
to another
and zechariah says excuse me where are
they taking the ifa
and he answered me to build it a shrine
in the land of shinar this is babylon
this is we'll go right back to where it
all began in genesis 10
and 11. so this is evil it's packaged
and then the angels take it from
wherever land it's in
and they take it to babylon back to the
origin of
all of this babylonian system that has
covered the whole earth
to build it so there's going to be some
kind of palace
in babylon and this is going to be taken
back there when it's ready the ifa
will be set down there on its base
it'll be set down there on its genesis
10 and 11 base
this is this is exactly what was built
by the assyrian now
malachi says this is just to show the
utter destruction of these people

these people who are the arab will no
longer do this
edom says we are beaten down now but we
will come back and rebuild the ruins
i don't think so islam is dead
when christ returns it will never return
he says
adonai zavod or so sorry yahuwah answers
they can build but i personally will
demolish
i will personally see to it that this
never raises its ugly head again
they will be called the land of
wickedness the people whom
jehovah is permanently angry
you will see it and say jehovah is
great even beyond the borders of israel
so so
israel will be glorified throughout the
whole earth let's just wrap up with um
the tail end of isaiah
jehovah's devote has sworn
just as i thought it it will occur
just as i planned it so it will be so we
have to be very familiar
what's the plan of god what is his
ancient council
because nobody can reverse it and mooses
laid it down for us
and god is now saying you know what
exactly as i thought it
that's how it's going to happen the way
i planned it that's exactly the way it's
going
to be unlike these false gods who say oh
it's going to be this way and it's this
way
and the king himself is just thrown down
like nothing
and everybody's like stunned he had such
great plans look at him now
this is not the way god rolls he says
yehovah zavod has sworn and he keeps
repeating his name he really wants us to

know who he is
just as i thought it will occur just as
i planned it so it will be
i listen to this this is how we
understand there's this
this convergence of the assyrian
and babylon in the end time and it looks
like the assyrian
is in the prime primacy has the hegemony
and has taken over
babylon underneath his authority god
says
i will break the assyrian in my land so
the assyrian will be in his land the
abomination that makes desolate
he's the one that's the author of it and
god says i will break him there
so i'm using him he's the rod of my
anger but then i'm going to break him in
my land
i will tr in my land they're going to be
claiming it's their land it's my land
and i've given it to my people i will
trample him down on my mountains
then his yoke will fall off them his
burden be removed from their shoulders
mighty to save in micah he says
they will shepherd the land of assyria
uh
with the sword and i'll just read it in
the king james
and they shall waste to the land of
assyria with the sword
and the land of nimrod in the entrances
thereof so when
when um zechariah says it's going back
to its base
well its base is nimrod this whole
babylonian system is nimrod
and that that's this whole islamic
empire is built upon nimrod
nimrodic ideology and so the assyrian
has this ideology
it's going back to the base the land of

nimrod in the entrances thereof
thus shall he deliver us from the
assyrians so
the salvation in the end time is from
the assyrian
muslim nation when he comes into our
land that this is who's coming in to
make the
the the abomination that makes desolate
when he comes into our land
when he treads within our borders your
hand shall be lifted upon your
adversaries and all your enemies shall
be cut off
so so god is going to crush the assyrian
he will use the assyrian as the rod of
his anger
but then he will crush the assyrian in
his land
back to i'll go back to the complete
jewish bible
this is the program planned for all the
earth so the whole earth is going to get
swept up in this
and that's why we have to have eyes we
need to be looking and studying and
watching
and understanding what the agenda is and
not getting swept up in it
he says this is the program planned for
all the earth
this is the hand stretched out over all
the nations
so god is his hand is stretched out
still this is his mercy
jehovah's wat has made his decision
who is there that can that can stop him
nobody
that's what makes him god and he has a
plan and we understand it now
he has stretched out his hand who can
turn it back his hand is stretched out
still
this is clearly the hand of mercy

in the year that king ahaz died
this prophecy came so this is when when
isaiah received the prophecy
listen to this this is end time prophecy
this is end-time prophecy
let's look at what's happening right now
what this current administration has
allowed
it's open season on judah by the
palestinians
do not rejoice o palestinian or
palestina
any of you that the rod which struck you
is broken so so there was a fight and
they were trying to bring down the
palestinians but
they failed but don't rejoice in that
you palestinians
you got to understand the plan of god
for out of the snake's root will come a
viper
so so there's more to come our our
failure is not the end of the story
and his offspring will be a flying fiery
serpent
so so god is coming to um um think
zechariah 12
god is coming to to deliver judah
and to empower judah so you palestinians
when you see
judah fail when you see what we call the
nation of israel fail today
so all the nations are going to support
you uh eventually israel will fail
don't rejoice that's not the end of the
story
while the firstborn of the poor grace
and the needy lie down
in safety i will kill off your root
with famine and slaughter the rest of
you
so judah will be saved and there will be
yet
young children singing in the streets of

jerusalem
so when you see the the jews fail when
you see the nation that we call israel
collapse
you palestinians you have nothing to
rejoice over
because you haven't heard the end of the
story he is mighty to save
and he is coming to save his covenant
people and to destroy you
so when christ returns the gentiles
mourn all the tribes of the earth mourn
they have no idea what they're doing and
what they're getting caught up into
while the firstborn of the poor greys
and the needy lie down in safety so god
will see to it that a remnant is saved
satan's agenda is to completely destroy
these peoples that god cannot
fulfill his promises but god says i
declared this already it's going to
happen the way i say it
then i will kill off your root with
famine
and slaughter the rest of you howl gate
cry city melt away
you palestinians you muslim palestinians
who are trying to destroy every jew from
the river to the sea palestine must be
free
that's not the end of the story
how cry melt away palestina
all of you for a smoke is coming from
the north
with not a stagger in its ranks and what
is one to answer the messengers of the
nation
that jehovah founded zion
this this city we call jerusalem do you
realize
yeah you make these claims i know uh
what is it that uh
muhammad got on this course
type creature horse donkey creature

that's white
and then flew miraculously in a single
night
from medina to jerusalem
and then from there he ascended up to
the heavens
and i think in the second heaven he met
jesus
and then in the third abraham and then
you know jesus is just this kind of guy
that's somewhere in heaven
and then he finally went up and spoke
with allah and then he came back down
and on the same
donkey horse white horse with wings flew
back to medina
and that's the claim that the
palestinians have over jerusalem
like really do you realize that the
creator of the earth
founded zion and all these promises that
we read in scripture about zion
not a single one will fail so
palestinians need to come to understand
with all of their violence and
and the success that they're going to
have that
jehovah founded zion
and there the poor of his people will
find refuge
he's coming to save the meek and the
poor
and there's a remnant that's going to be
washed coming through this
so let's just end with psalm 95 we've
been studying the psalms
and after we finish first isaiah we will
go back to finish the psalms
but the psalms are giving us sort of the
the personal experience
through all of this turmoil and through
the salvation
so we end here with psalm 95 and verse
1.

o come let's sing to yehovah
let's shout for joy to the rock of our
salvation
these are the jewish people this is what
they'll be singing as they come through
this tribulation and this remnant is
saved
let's come into his presence with
thanksgiving
let's shout for joy to him with songs of
praise
and they will be commanded to sing
praises and it's going to be beautiful
music
and just as the the muslims will no
longer be programmed by the quran the
jews
will no longer be programmed by the
talmud
everybody now will be programmed by
torah
for for jehovah is a great god a great
king greater than all these these
elohim he holds the depths of the earth
in his hands
the mountain peaks too belong to him the
sea is his he made it
and his hands shaped the dry land come
this is the jews the christ says you
will not see me again until you shall
say
blessed is he who comes in the name of
the lord come
let's bow down and worship these are
jews acknowledging jesus christ
come let's bow down and worship let's
kneel before jehovah who made us
so brethren we are in for some very very
difficult times ahead
um you know we just had to get rid of
the previous administrator
number 45 as much as he devoted himself
to try to make it make america good for
all americans and ultimately that would

be good for the whole earth
including us canadians but we had to get
rid of him
so we just didn't like his tweets now
i'll tell you i have no qualms in saying
this evil this administration is evil
the things they are doing and allowing
to happen
and what what what is about to happen to
america
and to judah it's cursed
and let us watch jerusalem brethren
these are god's covenant people let's
pray for jerusalem
let's make sure we understand the
counsel of the lord and that we're
aligned with it and we understand our
part
in this great plan of salvation jesus
christ
is truly great and he's truly mighty to
save brethren
so that is it for uh isaiah 14.
hopefully brethren you found that
edifying and so god willing we'll
continue
next week with isaiah 15. god bless you
jesus christ is lord
you
