

## 23-Isaiah-46-Transcript

[Music]

[Music]

[Music]

well good evening brethren and welcome  
to another

wednesday night bible study where we  
work together to understand the  
scripture

line upon line so that's what we're  
going to be doing today as we continue  
now in uh up to isaiah chapter  
19 god willing we'll cover both chapters  
19

and 20 this evening let's uh  
as our custom is let's open with a word  
of prayer and then we'll get into the  
study

for this evening our loving father  
we come before you again ever so  
grateful to you father that as we watch  
the world around us collapse into chaos  
deliberately by design uh we thank you  
father that we can search your  
scriptures

and find solace and comfort there that  
all of this

is uh even though it's by design of the  
enemy

ultimately father it's you're that  
you're allowing all of this to happen  
so that you can further your plan and we  
just thank you god that as we  
search the scriptures we can understand  
your counsel we can understand your plan  
and we can have strong confidence and  
strong consolation

as we walk into the future that you are  
with us

that we are aligned with your purpose  
and we just thank you so much father for  
jesus christ who has  
brought us together and given us this

this living hope  
we praise you father we're also mindful  
of those among us who are in need of  
prayer

[Music]

we're particularly father mindful of our  
sister lisa

we are praying god for your continued  
mercy we do thank you for the  
the signs of encouragement that we're  
getting and the slow progress  
even though it's slow it's still  
progress and we thank you for this  
father and

pray that you'll continue uh blessing  
her with recovery and blessing her  
husband our pastor murray  
uh with with this type of encouragement  
father

we're also mindful of our sister mary  
very invasive surgery life-saving  
surgery we thank you for it  
and we're praying god that you will be  
merciful and give her  
a recovery father full recovery and  
finally father we're mindful of our  
sister margaret

we thank you for her we thank you for  
her her unceasing dedication  
to you and to your people to christ and  
we pray for your blessing on  
her and her healing as well thank you  
lord thank you again for the  
delight that your word provides to us  
and we pray father that we will govern  
ourselves accordingly

we praise you we ask your blessing in  
jesus name

amen so we are up to isaiah chapter  
19. let's jump right in to make the  
best use of our time together isaiah 19  
um we we decided i decided last week not  
to cover it because it kind of  
it enters into a new category of uh

prophecy specifically for egypt and  
we're going to see the significance of  
egypt in the end time this is this is  
end-time prophecy  
so we need to be watching the middle  
east we need to be watching egypt  
these nations are called out with  
respect or in juxtaposition to  
jerusalem so the focus of our attention  
must be jerusalem our hearts desire  
must be jerusalem when we're talking  
together we should be talking about  
jerusalem because that's where god's  
focus is and that's where god's zeal is  
and the holy spirit within us will will  
give us the same zeal and enthusiasm  
that god has so here we see this  
prophecy now  
the burden of egypt this is an oracle  
this is a vision  
that isaiah received specifically about  
mizrahim  
egypt behold the lord  
jehovah rides upon a swift cloud  
and shall come into egypt okay clearly  
this is end-time prophecy we know that  
jesus christ is going to return  
in the clouds with the clouds so this is  
telling us this is an  
end-time vision that isaiah received  
behold jehovah rides upon a swift cloud  
he's coming  
he's determined he's coming with purpose  
and shall come  
into egypt huh how about that  
egypt is called out for special  
attention  
from jehovah and the idols of  
egypt shall be moved at his presence  
and the heart of egypt shall melt in the  
midst of it  
this is end time prophecy so egypt  
is is an idolatrous nation and it's in  
the middle east

egypt used to be in fact the center of  
christianity  
alexandria egypt the world came to egypt  
to learn about christ and and of  
course there was the the false  
church uh and and the church fathers  
there but the true church brethren from  
the true church were there as well  
all over the middle east until the 7th  
century  
when muhammad burst on the scene and the  
arabs came and just slaughtered  
plundered rape destroyed mena mena  
middle east and north africa  
that's now called the 1040 window you  
can't preach christ well  
shouldn't say you can't because people  
are doing it but in that dark window the  
10 40 window  
of the middle east in north africa you  
cannot preach christ  
unless you're willing to die for it and  
and there are  
people out there preaching christ and  
dying for it  
but but this used to be the heart of  
christianity  
now it's full of idolatry  
and all the idols that were there in the  
middle east  
have been consolidated into one idol  
called allah  
so the 360 idols that were there in  
arabia in the middle east there  
muhammad basically consolidated all of  
that different type of pagan worship  
into a religion today that we call islam  
so we saw earlier the tongue of the  
egyptians is going to be destroyed which  
is the arabic tongue  
and and all the concepts that are  
communicated in that tongue  
but here the idols christ is coming  
specifically

and he's going to go into egypt and he's  
going to destroy the idolatry  
of egypt and so  
that the you know sort of corollary to  
this that we know that this  
is end time prophecy we simply have to  
look  
in the book of revelation and to see  
that this is end time christ is coming  
in the clouds here in the book of  
revelation  
chapter 1 and verse 7 he says here  
behold he comes with clouds  
he comes with clouds this is this is the  
end time  
matthew tells us this as well and every  
eye shall see him  
and they also which pierced him this  
these are the jews  
and all kindreds of the earth this  
includes egypt  
shall wail because of him the return of  
christ is not  
good news if you are not of the tribe of  
judah  
uh or israel or say that the southern  
tribes or the northern tribes  
if you're not part of jacob physical and  
spiritual jacob  
that is looking for the lord when he  
returns it's bad news it's calamitous  
news  
so this is not a time of christ coming  
to hug the world  
all nations shall wail because of him  
and he's going into egypt and egypt is  
going to wail because of him  
john says even so amen  
oh well this is the way it has this they  
they chose this oh well  
when christ returns he's coming to shed  
blood even so  
amen justice will finally be served  
amen back to isaiah

so he's going to come into egypt and  
what does he say  
and i will set the egyptians against  
the egyptians this is end time prophecy  
so we're going to see egypt erupt into  
civil war  
egyptians against egyptians and they  
shall  
fight every one against his brother  
and everyone against his neighbor city  
against city  
and kingdom against kingdom so something  
is going to happen in egypt that is  
going to cause these people to burst  
into violence against each other and and  
basically what i  
best i can do right now is i see some  
sort of uh  
egypt is primarily sunni islam but  
perhaps  
the shiites are going to make inroads  
into egypt  
and that is going to create this intense  
conflict  
between sunni egyptians and shiite  
egyptians and and that's going to be a  
calamitous that's going to be incredibly  
violent intensely violent  
that's about the best that i can make of  
this but we do know for sure according  
to scripture  
there's going to be civil war within  
egypt  
and the spirit of egypt shall fail  
in the midst thereof  
so in the end time the egyptians are  
going to be very confident very bold  
but that's going to disappear the spirit  
of egypt shall fail in the midst thereof  
and i will destroy the council thereof  
god has a council and god has declared  
his counsel  
from the beginning he declared the end  
from the beginning

and from ancient times that which is not  
yet done saying  
what my counsel my plans  
shall stand no one can withstand  
when god speaks no one can withstand his  
plans  
and yet the egyptians have bought a  
narrative  
that is diametrically opposed to the  
council of jehovah  
diametrically opposed and they believe  
in this narrative  
and they they have this bold arrogant  
spirit  
because of this narrative and god says  
he's going to destroy it  
it's nonsense and and pity the men  
and the women and the children that buy  
into this  
nonsense god is coming to destroy it  
and they shall seek and the counsel  
thereof by the way this nonsense is to  
destroy judah  
the fundamental purpose of islam is to  
destroy judah  
and to destroy christ and god is coming  
to destroy this council  
and they shall seek to the idols and to  
the charmers  
and to them that have familiar spirits  
and to the wizards and again all of this  
anciently has been consolidated  
into what we call islam today and in  
fact if you study the history of islam  
when muhammad was teaching his followers  
how to recite the quran because they  
didn't read it they recited it memorized  
it and recited it  
when he was teaching them how to recite  
it he he taught them to do it in a way  
that was very  
musical and and and charming  
and and and was magical it was to to uh  
put people in a trance

and that's how the quran is read so  
people don't even understand what  
they're hearing  
but it it charms them and it it's like  
when you see those um  
people playing the the pipe with the  
cobras and they charm the cobra  
this this is how islam this is how  
muhammad taught his  
followers to recite quran in a way that  
was charming and would  
would put people in a trance and they  
would just feel like it's something  
magical that they're hearing  
and all of these practices now have been  
consolidated into islam  
and god is coming to destroy it all  
and the egyptians well i give over  
into the hand of a cruel lord so there's  
going to be some kind of  
conflict between them and then i've said  
it you know shiite versus sunni it  
doesn't have to be that  
it can be sunni versus sunni islam is a  
very very destructive movement you can  
never be is  
you can never be muslim enough never  
it always demands more and it gets  
darker and darker and darker people come  
in at the surface and it sounds like oh  
humanity's all one and we're all one and  
we all love each other and  
and as they get seduced into it it gets  
darker  
and darker and darker and more and more  
is required  
and you can never give enough it's in  
fact it's very similar to marxism  
all these lefties running up and down  
social justice they don't know what  
they're signing up for  
and once they sign up for it it gets  
darker and darker  
and darker and you can never be woke

enough it always demands more  
very very destructive movements and in  
fact  
muhammad if you read the hadith he had a  
prophecy  
about islam in the end time and his  
prophecy regarding islam in the end time  
is that he said to his followers in the  
end time  
there will be 72 sects of islam  
listen to this let's go back to this  
prophecy  
and i will set egyptians against the  
egyptians and they shall  
fight everyone against his brother and  
everyone against his neighbor city  
against city and kingdom against kingdom  
islam will do this this is an islamic  
nation and when we think of islam we  
think it's all one  
muhammad's prophecy for the end time  
regarding islam  
is that there will be 72 sects of islam  
and only one of them will be right  
the problem is he didn't say which one  
would be right  
and islam is is uh pathologically  
violent  
and and it's very enforcing you have to  
you have to be orthodox  
and so there's going to be 72 sects he  
says but only one is right  
and he didn't say the criteria how to  
know so all 72 are going to think that  
they're the right one  
and they're going to set out to kill all  
the others and destroy all the others  
so so islam is designed to self-destruct  
in the end time and so it doesn't have  
to be shiite against sunni  
it can be sunni against sunni it's just  
as long as you're not in my sect and in  
the end time there's only going to be  
one right one

this is catastrophe for muslims  
so we come down here now so in addition  
to civil war  
god says and the egyptians will i give  
over into the hand of a cruel lord  
so so first there's going to be this  
civil unrest and war and violence and  
intense conflict then in addition to  
that and maybe because of the weakness  
of that  
they're going to be given into the hand  
of a cruel lord  
and this is something that you know  
house divided cannot stand  
and so here in the west we are running  
headlong into division  
we can't divide ourselves fast enough  
along racial lines  
then gender lines age lines class lines  
any kind of line the marxists have the  
cultural marxists have successfully  
divided us  
and a house divided cannot stand and  
here we see now the egyptians  
divided and they will not be able to  
stand and maybe being opportunistic a  
cruel lord  
is now going to control them this  
is clearly when we put the prophecies  
together this is clearly the king of the  
north  
egypt is south of jerusalem  
so egypt is the king of the south  
assyria  
is north so assyria is the king of the  
north  
and we know from prophecy the king of  
the north is going to crush the king of  
the south  
and so as a result of this opportunity  
now the king of the north is going to be  
this cruel lord the antichrist who is  
going to rule over egypt  
egypt will succumb to the antichrist

and a fierce king shall rule over them  
says the lord jehovah zovot the lord of  
hosts the lord of armies  
this is the prophecy for egypt this is  
isaiah saw this  
thousands of years ago this is the  
burden the oracle  
regarding egypt and so in the end time  
this is what we can expect  
the same way we saw um what was that  
called arab spring arab spring just came  
out of nowhere and all kinds of violence  
and  
and uh governments being toppled well  
this is the prophecy for egypt  
civil unrest is gonna spring up out of  
nowhere they're gonna they're gonna  
intensely destroy each other and at that  
same time  
the king of the north is going to crush  
them and rule over them and take them  
captive  
and this is the this is the council of  
the lord this is what's going to happen  
despite egypt's confidence and boldness  
it's going to be destroyed now here in  
daniel we see this  
counterpart to the prophecy  
and at the time of the end and this is  
end time prophecy  
this is just around the corner this is  
what we're looking for at the time of  
the end  
shall the king of the south that's egypt  
push at him  
that's assyria and the king of the north  
shall come against him like a whirlwind  
with chariots and with horsemen and with  
many ships  
and he shall enter into the countries  
and shall overflow  
and pass over this this a syrian king is  
going to move with intense force  
and violence he shall enter into

he shall enter also into the glorious  
land  
this is jerusalem this is judah  
so yes he's going to crush egypt egypt  
but  
he's the king of the north he's going to  
be crushing on the way to egypt he's  
going to be crushing jerusalem  
he shall enter also into the glorious  
land and many countries shall be  
overthrown  
but these shall escape out of his hand  
even edom and moab and the chief of the  
children of amon  
so last time we were last week we were  
looking at syria  
not assyria but syria and syria  
was given uh was punished but not  
entirely they were they were likened to  
jacob they were going to suffer the way  
jacob suffers and jacob does not suffer  
to the point of elimination  
like babylon babylon is going to be  
completely destroyed  
so we saw that prophecy against babylon  
but the prophecy against syria  
was that they would be crushed and  
punished like jacob  
meaning god is not going to make an  
utter end of syria  
now when the king when the king of  
assyria not syria but assyria  
which is what we call turkey today but  
the ottoman empire  
it's going to expand and it's going to  
incorporate iraq and parts of syria  
and maybe even part of iran we're not  
sure about that but they want to regain  
the territory that they used to have so  
they're going to be clearly  
north of jerusalem and the king of the  
north but as they come and they start  
trying to crush and expand their  
territory edom

moab and amon will escape from them but  
not egypt  
he shall stretch forth his hand also  
upon the countries so he's it's  
expansionist  
this is when matthew says you know  
christ is in matthew  
you'll hear wars and rumors of wars this  
is a reconfiguration of the globe  
reconfiguration of the superpowers  
reconfiguration of boundaries  
and so the ottoman empire is coming back  
to life  
and it's reclaiming land that he used to  
have it used to be the most expensive  
empire in history  
well the this erdogan he's saying this  
is our land this is our territory  
we want it back and so he's going to  
uh it's expansionist and so he's going  
to stretch forth his hand also upon the  
countries and  
islam is expansionist totalitarian  
expansionist  
and so that's what they're about and the  
land of  
egypt shall not escape so there's  
there's countries that escape  
the king of the south is not one of them  
and this is exactly what isaiah is  
saying is what daniel saw it's exactly  
what isaiah is saying  
so we cannot understand these prophecies  
if we don't understand geography if  
we're just going to uh dismiss geography  
and just you know make things up okay  
well then the king of north can be  
anybody and the king of the south can be  
anybody  
but if we understand that jerusalem is  
the the city that god has chosen  
it's the city that god is going to dwell  
in  
and then that's the center of the earth

and so from the center of the earth  
we look north to find the king of the  
north and we look south  
to find the king of the south we don't  
just call  
you know because these people are very  
violent way out in western europe  
let's call them the king of the north  
this this does not make geographic sense  
so we have to we have to understand that  
the bible is a book about the middle  
east it's a book about  
israel and the land in the middle east  
the covenant  
includes people but it's not just the  
covenant with people  
it concerns land specific geography and  
so we've got to be rooted in the land  
and rooted specifically in jerusalem  
but he shall have power over the  
treasures of gold  
and of silver and over all the precious  
things of egypt  
so as the king of the south falls to the  
king of the north  
he shall have all the precious things of  
egypt  
and the libyans and the ethiopians shall  
be at his steps  
so all of this land north africa comes  
under the control  
of the king of assyria back to isaiah  
chapter 19 verse 5  
and the waters shall fail from the sea  
and the river shall be wasted and dried  
up again this is the curse  
of egypt this is uh really we could say  
this is economic collapse  
that the egypt depends on the Nile river  
the economy depends on the flowing  
the all the agriculture depends the  
irrigation  
historically that's why egypt was such a  
powerful uh nation historical

historically because of the Nile river  
but in this  
curse of Egypt the river dries up  
and the sea dries up the Mediterranean  
sea and they shall turn the rivers  
far away and the brooks of defense shall  
be emptied and dried up  
the reeds in the flag shall wither and I  
don't know here in verse 6 maybe this is  
a  
military strategy where they're somehow  
able to  
to block the river flowing and dry it up  
somehow  
or if it's just the curse of God but  
something's gonna happen to the waters  
in Egypt  
and the economy is going to collapse  
the paper reads by the brooks by the  
mouth of the brooks and everything sown  
by the brooks shall wither  
be driven away and be no more so you  
know what's old is new again  
Egypt was cursed anciently Egypt is  
cursed in the future  
as well before Christ returns the  
fishers  
also shall mourn you can imagine all of  
the um  
it's not just irrigation but all of the  
fishing that takes place  
based on the Nile the fisher shall mourn  
and all they that cast  
angle into the brooks shall lament and  
they that spread nets upon the waters  
shall languish this is prophecy this is  
the word of God which cannot  
be broken let's see this anciently  
Exodus the first Exodus  
we're going to have a second Exodus but  
here guys God attacks the enemies of  
Judah  
and the reason all these nations are  
being cursed is exactly that

they dared put their hand on the apple  
of god's eye  
which is judah so because egypt just did  
that this is the burden of egypt  
you touch judah you're cursed  
so anciently same thing uh pharaoh would  
not let  
israel go to worship their god and verse  
21 of chapter 7 in exodus  
and the fish that was in the river died  
so you can imagine the fishermen  
mourning and the river stank and the  
egyptians could not drink of the water  
of the river  
and there was blood throughout all the  
land of egypt  
as it was anciently god is going to  
curse the river again for egypt  
back to isaiah 19 verse 9 moreover  
they that work in fine flax and they  
that weave networks  
shall be confounded again this is  
complete  
economic collapse for egypt and they  
shall be broken in the purposes thereof  
all that makes sluices and ponds for  
fish  
surely the princes of zion are fools  
the council of the wise councillors of  
pharaoh is become  
brutish so these are the city  
of egypt and these are leaders god says  
they're fools  
and again today these are going to be  
islamic leaders who are studying their  
quran  
studying hadith studying the sera and  
based on what their prophet tells them  
what's what  
they're going to be having this council  
and god says they're fools  
and their counsel is brutish  
nonsensical vanity  
it ends up nowhere but but it is all

about destroying judah  
and this is why god is going to bring  
them down how say you went to pharaoh  
i am the son of the wise the son of  
ancient king so  
hey i'm descended from the prophet i'm  
descended we have a long line to this  
prophet muhammad  
yeah god says nonsense  
verse 12 where are they  
where are your wise men now that god is  
moving against egypt you were arrogant  
you thought you had everything going for  
you  
where's your wisdom now and let them  
tell you now  
and let them know what the lord jehovah  
of hosts has purposed upon egypt  
you open your scriptures and we'll open  
ours  
okay give it your best shot you want to  
build your world  
on false doctrine no knock yourself out  
we have the scroll of isaiah we have the  
scroll of the prophet isaiah  
we have the scriptures the word of god  
it doesn't matter what men  
men do they cannot withstand the word of  
god  
and so where are they now they were so  
arrogant they felt so confident they  
were destroying judah  
everything was going so well well where  
are they now  
where are your wise men and let them  
tell you now  
and let them know what the lord of hosts  
has purposed  
upon egypt and this just is just a  
constant refrain you see  
as god works his scriptures are there  
they're being preached people deny it  
and he he brings it up to their face  
to the point where they have to

acknowledge there is no god  
like this god and these people of egypt  
they they're going to have to throw away  
their false doctrines  
they're going to have to throw away and  
burn their false  
ideology their false scriptures it's  
very similar to  
uh turkey after the first world war  
when ataturk was in command of turkey  
and he just said islam is nonsense he  
outruled he just outruled it  
let's stop the nonsense we're backwards  
this this religion is  
killing us we're destroying ourselves  
clearly the you know the the kaffir the  
kafir  
the cafe the unbelievers clearly they're  
far more advanced than us  
let's just stop the nonsense and so he  
just made islam illegal no public  
demonstration of religion anymore  
he made turkey a secular nation and just  
said  
let's let's get on with life well  
something similar  
but more extreme is going to happen in  
egypt  
egypt is finally going to acknowledge  
acknowledge we've inherited lies  
everything that judah's god said would  
happen  
that's what's happening and everything  
that our scriptures  
said what was going to happen it's all  
nonsense  
so this is what's going to happen to  
egypt  
the princes of zion have become fools  
that means there was a time when they  
weren't considered fools  
that means there was a time when they  
were wearing their robes and their hats  
and their beards and their beads

and they seemed so wise and so in  
command but now they've become idiots  
they've become fools the princes of nuf  
are deceived another city within egypt  
they also seduced egypt they have also  
seduced egypt  
even they that are the stay of the  
tribes thereof  
so this is you know all this confidence  
that they had  
regarding themselves and regarding their  
place in the world based on their false  
ideology  
it's all seduction it's all nonsense and  
now we see these  
leaders for who and what they are  
deceivers  
jehovah has mingled  
a perverse spirit in the midst thereof  
this is an evil ideology and an  
evil spirit is mingled within it and  
this is why you see them slaughtering  
each other  
instead of loving each other and it's so  
such a shame you know when you meet  
people from the middle  
east as people they're they're so  
warm and loving and hospitable and it's  
just wonderful to be around them  
but once this ideology gets a hold of  
them it's like  
installing a new software program on the  
hardware  
once this software gets installed they  
become violent  
the same people who are loving  
hospitable kind will give you the shirt  
off their back  
they'll now take the shirt off your back  
and  
slaughter you once this ideology gets in  
their head  
so the lord has mingled a perverse  
spirit in the midst thereof

and that perverse spirit again is going  
to drive them to slaughter judah  
think zechariah 14 verses 1 and 2.  
so this is all it's like um ancient  
egypt  
when when pharaoh just his heart just  
kept hardening  
god god just gave him every opportunity  
to harden himself  
here egypt will have every opportunity  
again to harden themselves  
and they have caused egypt to air in  
every work thereof the idol the ideology  
is just so bizarre and nonsensical and  
off the mark  
that everything they do that springs  
from this ideology it's just all wrong  
it's wrong from the foundation  
up they have caused egypt to air these  
leaders  
these religious leaders and advisers  
they have caused egypt to air in every  
work thereof everything they've done  
as a drunken man staggers in his vomit  
whoa this is uh very graphic  
but this is what god thinks of islam  
we're talking about egypt  
is another religion going to come into  
islam now between now and christ  
and and get installed nationally across  
the board  
or are we dealing with islam and god  
says this is this is just complete  
error from the foundation everything  
about it is wrong  
it's diametrically opposed to scripture  
the true scripture  
and egypt now functions as a man  
a drunken man staggers in his vomit  
that's what god thinks  
neither shall there be any work for  
egypt  
which the head or the tail branch or  
rush may do

they're just completely neutralized  
in that day again this is end time  
prophecy  
in that day shall egypt be like unto  
women  
and it shall be afraid and fear because  
of the shaking  
of the hand of jehovah zavawatt  
the lord of hosts which he shakes over  
it  
again this is this is in that day  
leading up to that day  
egypt is going to be very very powerful  
very glorious  
very confident very bold very arrogant  
islam is a very pride  
proud religion people people who are  
muslims are very proud of themselves  
and they are told they are superior  
they're the best of mankind  
and they despise others especially jews  
but in that day coming up this is how it  
ends  
egypt shouldn't say this out this is how  
it's culminating it's leading up to the  
end  
in that day shall egypt be like unto  
women they'll be terrified  
oh you know let's let's face facts you  
know maybe maybe if we read this in the  
west  
what do you mean like women women are  
strong women are just as good as men  
okay god created the genders he created  
male and female  
and he did not create women to to  
fight and destroy he created men to be  
protectors  
and and you look at men in the west  
today it is disgusting  
it's sad  
today you see these men there's there's  
not a  
a a courageous bone in their body so

when when it says you know in that day  
shall egypt be like unto women you see  
women they're very powerful very  
decisive  
very strong well you know god designed  
men to be men and women to be men  
women women are nurturers women need to  
be protected  
and in the west we're going to really  
regret the fact that we have not  
developed men of character we have not  
developed warriors  
everything is toxic masculinity  
masculinity can never be benevolent  
there can never be a strong king that's  
benevolent  
we can never have benevolent fathers and  
husbands and sons  
no everything masculine is toxic unless  
a female wants to be masculine then  
that's okay  
and when push comes to shove we have  
nobody to defend  
all the warriors are gone  
but you know historically human beings  
understood  
there's a difference between men and  
women and it's the men who go into  
battle  
to protect the women but the women now  
are  
vulnerable and so you think of you know  
when men come into a city and the women  
are there  
they're vulnerable but in that day shall  
egypt be like unto women  
and it shall be afraid and fear because  
of the shaking  
of the hand of the lord they they  
brought this on themselves and again  
this burden on egypt  
has to do with judah all of these  
judgments of all of these nations  
has to do with their relationship with

judah so egypt  
chose to persecute judah according to  
the prophecy from moses in deuteronomy  
30  
it's gonna god is gonna save judah and  
then destroy her enemies  
so it's going to be afraid and fear  
because of the shaking of the hand of  
the lord of hosts  
which he shakes over it and the land of  
judah  
shall be a terror unto egypt this is  
what it's all about  
so we have to understand that these  
judgments are not just random  
all of the judgments have to do with the  
relationship of the neighboring nations  
to judah today what we call the land of  
israel that's the tribe of judah  
or the southern tribes  
so we have to watch the middle east and  
the  
judgments are not these random judgments  
these nato all um  
you know let's destroy france let's  
destroy germany  
uh let's destroy australia uh you know  
let's destroy japan  
it's not random like that  
this work that god is doing is focused  
on the middle east  
because it's focused on the land of  
judah that's what that's what matthew 24  
is all about  
the judgment on the land of judah and  
jerusalem that's what i saw yeah excuse  
me  
that's what isaiah is all about it's a  
vision concerning  
judah and jerusalem so these judgments  
that we're reading of  
have to do with the relationship of  
these nations to judah  
so we have to we have to get out a map

we have to locate  
judah the nation we call israel today we  
have to locate that nation on the map  
and then we need to locate the nations  
around it and then we need to find out  
what are the biblical names for these  
nations  
and then we find all of them being  
judged here in isaiah  
in fact all of the the end time  
prophecies  
have to do with the nations that  
surround the land that we call israel  
today  
think zechariah 12 and the land of judah  
shall be a terror unto egypt in fact not  
just egypt  
but all the lands that come against  
jerusalem god says i will make jerusalem  
a cup of jerusalem a cup of trembling  
anybody who touches jerusalem god has  
chosen jerusalem  
god chose jerusalem david took it from  
the jebusites  
and called it the city of god and god  
chose as chosen to dwell in jerusalem  
so all these nations that come against  
jerusalem god says through zechariah  
i'm going to make jerusalem a cup of  
trembling  
a cup of trembling to all these nations  
that touch it  
and that includes egypt and the land of  
judah  
shall be a terror unto egypt and  
everyone that makes mention thereof  
shall be afraid in himself  
because of the counsel of the lord of  
hosts so when god says  
declaring the end from the beginning and  
from ancient times that which is not yet  
done saying my counsel shall stand  
he says that in the book of isaiah and  
he says it regarding

judah and jerusalem so he has a plan  
regarding judah and that's his counsel  
and he declared it from the very  
beginning that that he's going to redeem  
mankind  
but he's going to do it in a very  
specific way which nobody can  
can change even the the jews themselves  
disagree with him  
but even that is not going to stop it  
that he's going to  
the jew first but also the gentile he's  
going to save  
all of mankind through this tribe  
and and and the sister tribes of israel  
so anybody then he says here  
anyone that makes mention thereof shall  
be afraid in himself  
so they're going to be terrified of  
jerusalem and terrified of the jews  
because of the council the plan of  
jehovah  
god saves that's what this is all about  
isaiah means god saves  
which he has determined against it so  
this is like you come against judah god  
has a plan for you  
it's not good and all the tribes of the  
earth shall mourn and wail  
when christ returns here in isaiah 46  
and verse 9 isaiah says and we've  
studied this already it's in the archive  
remember the former things of old for i  
am god and there is none else  
don't believe for a minute that there's  
any other god in you doesn't matter what  
they want to call him  
there's only one god it's the creator  
the god of judah the god of jacob i am  
god  
and there is none else i am god and  
there is none like me  
now what makes god unique what is god's  
proof

that there's none like him well let's  
just read on  
what what's his proof declaring the end  
from the beginning to he's talking to  
judah  
he's talking to israel and he's telling  
them this is this is why i'm your god  
don't fall for these other gods there's  
no god like me  
what makes me unique well i declare the  
end from the beginning  
and from ancient times the things that  
are not yet done  
saying my counsel shall stand  
and i will do all my pleasure and god's  
pleasure his  
zeal is to establish himself in  
jerusalem  
and his pleasure is to establish judah  
and  
israel as a peculiar people in the earth  
and his pleasure is to bring down egypt  
to bring down assyria to bring down  
babylon  
and to bring down all these nations that  
try to destroy his people that fall into  
the trap of the devil that are seduced  
by the devil  
to try to to try to destroy his people  
nobody can withstand his counsel he said  
through mooses  
from the torah from the very beginning  
that all of this is going to happen to  
you  
judah and israel to drive you to  
repentance  
but once you truly repent then i will  
come and i will save you from the four  
corners of the earth  
and then all these curses that came upon  
you i will put them on your enemies  
and that's what's happening here that's  
god's counsel that's what he declared  
anciently

this is the declaration from the  
beginning and this is this is why he's  
encouraging  
israel you can trust me you study my  
word  
and i'm going to do exactly what i've  
said there's no god like me  
in zechariah i said you know think of  
zechariah 12.  
behold i will make jerusalem a cup of  
trembling  
unto all the people round about  
all the people what round about  
jerusalem  
he's not going to make jerusalem a cup  
of trembling to the whole world  
right if you're in iceland if you're in  
greenland  
if you're in the seychelles jerusalem  
is not going to be a cup of trembling  
for you jerusalem is going to be a cup  
of trembling to those in the middle east  
that surround it  
and that think that they can destroy it  
and think from the river to the sea  
palestine must be free meaning we have  
to eliminate and destroy all jews  
so it's all these people that are in the  
land  
that are trying to remove the jews from  
the land  
and are desecrating the land and are  
setting up the abomination that makes  
desolate  
this is when god is going to act and  
it's these peoples these nations that  
surround jerusalem  
this is who comes under condemnation  
god says behold i will make jerusalem a  
cup of trembling it's going to be  
terrifying  
unto all the people round about we have  
to know our geography  
when they shall be in the siege both

against judah  
and against jerusalem in matthew 24 god  
tells judah in jerusalem  
matthew 24 but also in luke i think it's  
luke 12. when you see  
armies surrounding jerusalem run for  
your life  
run for your life get out of there  
because  
these people are under a pathology a  
pathological  
satanic murderous spirit a perverse  
spirit  
and they mean business satan's agenda is  
to destroy every jew  
so that god cannot fulfill his promises  
and in that day will i make jerusalem a  
burdensome stone for all people  
all that burden themselves with it not  
not everybody  
those that burden themselves with  
jerusalem those that make it their  
business to desecrate jerusalem these  
are muslims  
and all that burden themselves with it  
shall be cut in pieces  
though all the people of the earth be  
gathered against it so they're all going  
to come  
if you stay where you are you're fine  
but they're going to come  
we have to support the palestinians we  
have to get the jews out of there  
that's the agenda that's the that's  
what's developing right now  
is this intense anti-semitism to the  
point where people are going to be  
funding and raising funds and we've got  
to go uh you know  
this is jihad calling all muslims come  
come to the middle east fight for your  
brothers  
okay it could be all the people of the  
earth

gathered against jerusalem god says my  
council will stand  
jerusalem will be established as zion  
the city of the lord and all peoples all  
over the world will come to it and  
they'll find a jew and say oh you're a  
jew  
you mind if we come with you to zion so  
that we can learn from your god  
that's god's counsel and that's what's  
going to happen despite this show of  
force  
from all the nations and the foolish  
western nations  
you know canada and america specifically  
right now  
totally in support of the palestinians  
this new administration in america  
actually funding hamas funding  
iran funding terrorism  
giving the wink and the nod that it's  
okay to go in and destroy judah  
they're coming under a curse we should  
have nothing to do with this  
verse 18 in that day shall five cities  
in the land of egypt  
speak the language of canaan kanaan  
and swear to the lord of hosts so what  
does this mean  
so i don't know exactly what the five  
cities means it could be  
specifically five cities we have to  
start somewhere so maybe the five major  
cities again like ataturk  
they're like okay this is nonsense this  
isn't working  
you know we're we're killing each other  
we you know we're all muslims but we're  
killing each other  
um we've got the king of assyria which  
is also muslim he's coming in and  
slaughtering us  
the jews are are powerful their  
everything that's in their scripture

seems to be coming to pass this is  
complete nonsense  
so let's just stop the nonsense that's  
what ataturk said  
stop the nonsense this isn't working and  
so this is now what happens  
so maybe this is uh just hey five cities  
meaning you know  
many cities maybe it's five specific  
specific  
very influential cities that eventually  
then the whole  
land turns over but what do we see here  
they'll speak the language of  
canaan what is the language of canaan  
that's hebrew they're going to speak  
hebrew  
gaza is going to destroy the arabic  
tongue  
and they're going to realize wow we need  
to worship the true god  
and so we need to learn hebrew to do  
that so hebrew was developed  
from the canaanites and it was developed  
in the land of canaan so it's just a  
reference here  
that they will speak hebrew and in  
hebrew  
they will swear to jehovah so  
again we think oh the name of god  
doesn't matter yes it does matter  
and and these egyptians as they come to  
repentance  
so god is doing all of this and they're  
going to be driven to repentance  
and they're actually going to call in  
hebrew the name  
yehovah they're going to join the jew  
in hebrew in worship of jehovah  
they will swear to yahuwah  
one shall be called the city of  
destruction so one of these five cities  
there seems to be one that's singled out  
and there was something here that i was

reading in one of the commentaries that  
this is the helios the city of the sun  
so so there's sort of this pagan sun  
worship that  
they're going to give up they're going  
to acknowledge this is foolishness and  
today now they've gone  
to moon worship so so allah is the moon  
god  
and islam with the crescent moon it's  
all about worshiping the moon but this  
is going to be acknowledged  
this is foolishness in that day  
again we're dealing with end time  
prophecy  
in that day shall there be an altar  
to the lord in the midst of the land of  
egypt  
so these muslims are going to drop the  
nonsense  
and they're going to become they're  
going to convert  
and they're going to become full  
supporters of judah  
and they're going to become full  
worshippers of jehovah  
this is the prophecy of the end time  
that the muslims are going to drop the  
nonsense  
and they're going to worship you this  
praise god praise god there's this evil  
ideology that causes so much destruction  
they're going to drop it and they're  
going to worship jehovah  
in the midst of the land of egypt and a  
pillar at the border thereof to the lord  
isn't this amazing  
this is this is egypt it's going to go  
through a rough time but it's going to  
drop the false ideology  
and it's going to adopt worship of  
jehovah  
and it shall be for a sign and for a  
witness

unto the lord of hosts in the land of  
egypt  
for they shall cry unto jehovah because  
of the oppressors  
so they realize these are muslims doing  
this to us  
our own muslim brothers are coming in  
and destroying slaughtering raping it's  
just  
it's a perverse spirit and they're going  
to realize this can't be right  
and they're going to see now jehovah  
and they're going to worship him and  
they're going to acknowledge right in  
the land  
that the only way out of this oppression  
is to worship the god of judah  
and he shall send them a savior  
so the king of assyria the antichrist  
is going to have a cruel oppression over  
egypt and egypt is going to cry out to  
jehovah  
and when the savior comes to save judah  
and israel the savior is also the  
messiah  
is also going to save the south the king  
of the south the nation  
the kingdom of the south egypt  
and he shall send them a savior and a  
great one and  
the messiah in addition to delivering  
his people  
is also going to deliver egypt he's  
going to deliver these muslims who  
repent of islam  
and embrace jehovah  
and the lord shall be known to egypt  
this is isaiah's prophecy that that  
egypt will actually know jehovah  
they'll worship him in hebrew they will  
call him jehovah  
they will look to him as a messiah as a  
savior  
for them he will be anointed for them as

well  
the anointed one and the lord shall be  
known to egypt  
and the egyptians shall know the lord in  
that day  
isn't this amazing let's read it let's  
read it again  
and the lord shall be known to egypt and  
the muslims  
in egypt the radical intense jihadis  
are going to give up the nonsense and  
they are going to know jehovah  
in that day and shall do sacrifice and  
oblation  
yes they shall vow a vow unto the lord  
and perform it so there's this wholesale  
very  
deep repentance and realization the god  
of judah  
is the true god and the lord shall smite  
egypt so that's how it starts he shall  
smite egypt  
he shall smite and heal it  
so this is god's operation that that  
egypt is going to come under the  
scrutiny of god  
in the same way that assyria punished  
judah and caused judah to repent  
as syria is the rod of god's anger but  
he's going to use assyria against egypt  
he's going to smite egypt  
first there's going to be civil war  
they're going to smite each other  
there's going to be 72 sects of islam in  
the end time only one of them is right  
we've got to slaughter each other  
slaughter the  
the one that that survives in the end is  
the right one  
and then the uh king of uh assyria  
is gonna say well whatever nonsense you  
guys are practicing in egypt all of it  
is wrong  
we have the true version of islam we're

expansionists we're gonna control the  
whole world  
and they're gonna come in to egypt and  
slaughter the egyptians  
and the egyptians are then going to cry  
out to god they're going to realize  
islam is not what are we doing to each  
other  
and they're going to cry out to jehovah  
the god of judah  
and they're going to see these  
prophecies maybe we will be preaching  
these prophecies to them  
and they're going to realize this is  
this is declared from the beginning  
and then god is after he smites egypt  
he's going to heal her  
and they shall return even to the lord  
and that's interesting language it's  
like they've known the lord before  
and they did egypt used to be the center  
of christianity  
and many of our spiritual ancestors true  
christians  
were in egypt prior to the arábians  
that the muslims coming in and just  
slaughtering everybody and forcefully  
turning it over to islam so the next  
generation gets born and they don't even  
think about christianity anymore  
but they're going to return to god and  
they shall return even to jehovah  
meaning they didn't know him before  
and he shall be entreated of them and  
shall heal them  
this is isaiah's prophecy in that day  
listen to this  
in that day there shall be a  
highway out of egypt to  
assyria we need to know our geography  
i know there's a belief among many  
christians that assyria  
is germany well in isaiah 19  
23 why would there be a highway this is

a physical highway  
why and how would we run a highway  
from egypt to germany which is not even  
north of jerusalem and we have to go  
west to get to germany and i'm going to  
run a highway  
from egypt to germany  
no this this is connected jerusalem is  
in the center  
assyria's in the north egypt is in the  
south  
and there's going to be a highway from  
egypt straight through judah  
to assyria so that there can be free  
passage and movement  
between assyria jerusalem and  
egypt so despite this intense conflict  
and god using assyria as the rod of his  
anger and then destroying assyria  
using assyria to destroy egypt and then  
healing egypt  
using assyria to destroy judah and then  
healing judah  
and then finally crushing assyria when  
all of this is said and done  
all of it was the operation of the lord  
who says  
my counsel shall stand and so we've got  
to know our geography  
and here he says in that day so this is  
the end time now we're looking forward  
to this  
there will be a highway out of egypt  
they're going to construct a highway  
out of egypt to assyria the land we call  
turkey iraq syria today  
and the assyrian shall come into egypt  
but this time peacefully respectfully  
and the egyptian into assyria lovingly  
respectfully with a sense of unity  
this is this is the this is the plan of  
god  
and the egyptians shall serve with the  
assyrians

all of the nonsense now this is the  
complete  
purging of islam  
this adversarial ideology  
is now completely purged  
and it's been replaced  
by true scripture by truth  
and now the assyrian and the egyptian  
realize the god of judah is the true god  
and they join together and they serve  
together  
jehovah this is the king of the north  
and the king of the south  
finally instead of fighting over  
jerusalem they finally come to jerusalem  
to worship  
with the jews  
and the lord shall utterly destroy  
the tongue of the egyptians this we read  
this in isaiah 11  
a couple of weeks ago this this is it  
the tongue of the egyptian sea  
today is arabic and is embedded in that  
language  
are all these false concepts around  
allah around muhammad around islam  
it's all embedded in this language and  
god says he's going to purge it  
he shall utterly destroy the tongue of  
he's going to completely remove  
these concepts and they're going to  
learn  
hebrew and they're going to learn how to  
worship the true god  
the lord shall utterly destroy the  
tongue of the egyptian sea  
and with his mighty wind shall shake his  
hand over the river  
and shall smite it in the seven streams  
and make men go over dryshod  
and there shall be a highway this is  
again isaiah 11 he is very consistent  
there shall be a highway for the remnant  
of his people so he's going to use this

highway as  
part of the second exodus to bring his  
people out of  
the land of egypt which shall be left  
from assyria and  
egypt from assyria like it was to israel  
in the day that he came  
up out of the land of egypt so this  
second exodus  
has more to do with asir assyria is the  
superpower  
in this region in the middle east uh  
assyria is the superpower  
and as god released israel from egypt  
now he's going to release egypt from  
assyria and release  
judah from assyria as well with this  
highway  
and then the highway then because the  
people are going to be released  
over overland with the highway but then  
this highway also is going to be used in  
the end  
as a vehicle or a way for them to come  
to jerusalem and worship the true god  
from assyria and from egypt  
back to isaiah 19.  
in that day shall israel now he says  
israel so it's not just judah  
now it's all the tribes of israel  
because when he comes he's going to  
gather all the tribes from the four  
corners of the earth  
so israel is really on hold and they're  
going to suffer  
great trouble the covenant is with judah  
but when christ returns he's going to  
bring  
all israel back together through the  
covenant that remains with judah  
in that day this is the future shall  
israel be the third  
so egypt is going to repent they're  
going to worship god

the true god assyria is going to repent  
and they're going to worship the true  
god and isaiah says you know what  
in that day israel will be the third  
with egypt and with assyria even a  
blessing in the midst of the land  
so israel will be a blessing that's the  
that's going back to genesis 12.  
these are the children of abraham and  
they're going to be a blessing to all  
the families of the earth  
but here now as much as there was this  
intense satanic pathological hatred  
for israel and in judah  
now israel is a blessing  
in the middle of the land this is what  
god intended this is this is the  
prophecy that was given to moises in the  
beginning  
now it's finally coming to pass why is  
that because god is a god of his word  
and his counsel shall stand  
in genesis here genesis 12 3 i will  
bless them that bless you  
and curse them that curse you this is uh  
speaking to abraham  
and his descendant says covenant  
descendants so you chose to curse judah  
that's a that's the covenant descendant  
of abraham  
you're cursed you bless judah you're  
blessed  
and in you shall all the families of the  
earth be blessed  
and his counsel shall stand this is his  
promise to abraham  
it is going to come to pass back to  
isaiah 19  
who whom the lord of hosts shall bless  
saying  
blessed be egypt my people  
this is incredible these muslims are  
going to become  
god's people blessed be egypt my people

these are my people god says  
it's amazing and assyria is putting a  
blessing on assyria now  
the work of my hands so god  
used these people as the rod of his  
anger  
in order to create this result that was  
the reason why he singled out this  
these peoples and worked with them in  
the way that he did  
in order to bring about this eventuality  
blessed be egypt my people and assyria  
the work of my hands  
and israel my inheritance  
god is coming to inherit israel that  
that's  
again going back to torah deuteronomy 4  
verse 20  
the lord has taken you and brought you  
forth out of the iron furnace  
even out of egypt to be unto him a  
people  
of inheritance as you are this day so of  
all  
the nations of the earth this people  
were brought out of egypt  
in order to be the inheritance of the  
lord  
and now we see the same thing happening  
in the end time israel is his  
inheritance  
but egypt are his people and assyria is  
the work of his hands and he's putting a  
blessing now over all of  
all of this conflict and violence and  
destruction  
it comes to an end and the whole world  
acknowledges  
god is the god of israel and jerusalem  
is the city of god  
and now assyria and egypt are seen as  
the work of his hands here in  
deuteronomy 32 and verse 8  
when the most high divided to the

nations their inheritance so all the  
nations get their inheritance  
when he separated the sons of adam he  
set the boundaries of the people  
according to the number of the children  
of israel for the lord's portion  
is his people jacob is the lot  
of his inheritance this is god's counsel  
from the beginning  
he will inherit jacob the world the the  
worldly nations they have their  
inheritance  
but god is going to inherit jacob and  
he's going to dwell in jerusalem  
oh we'll just maybe we'll stop here no  
we'll just  
isaiah 20 is really short we'll just  
read this quickly in the year that  
tartan came into ashdod when sargon the  
king of assyria sent him  
and fought against ashdod and took it so  
this is a historical battle  
at the same time spake spoke the lord by  
isaiah the son of amaz saying  
go and loose the sackcloth from off your  
loins and put off your shoe from your  
foot  
and he did so walking naked and barefoot  
so you know you have people among us who  
want to tell us their prophets and  
prophetesses  
somehow it's always glorious for them  
they because they're a prophet or a  
prophetess  
they're somehow higher than the rest of  
us but they're never  
embarrassed they never have to do  
embarrassing things  
isaiah had to walk naked so he had to  
take off his clothes  
and just walk around naked as a prophet  
of god  
as a symbol of what was going to happen  
and the lord said

like as my servant isaiah has walked  
naked and barefoot  
three years he had to do this for three  
years  
are you really a prophet you're really a  
prophetess let's see you walk up and  
down naked for three years  
that you've got some revelation from god  
to embarrass yourself  
somehow you're a prophet you're a  
prophetess and you're better than the  
rest of us how does that always work out  
the lord said like as my servant isaiah  
has walked naked and barefoot three  
years for a sign  
and a wonder upon egypt and upon  
ethiopia  
so last week we read about ethiopia so  
so this is a pro this walking around  
naked was part of his prophecy  
against egypt and ethiopia so shall the  
king of assyria  
lead away the egyptians prisoners so  
this is what we saw when  
when the king of assyria comes against  
the king of the south he's going to lead  
them away naked  
and embarrass them and this is part of  
what they realize like what is this  
supposed to be muslim we're muslim why  
are you doing this  
so shall the king of assyria lead away  
the egyptians prisoners  
and the ethiopians captives young and  
old  
naked and barefoot even with their  
buttocks uncovered  
to the shame of egypt and they shall be  
afraid and ashamed  
of the ethiopian oh sorry they shall be  
afraid and ashamed of ethiopia their  
expectation  
and of egypt their glory so they they  
thought hey we're muslim we're great

we're gonna  
no they're gonna be terrified what's  
happened here  
and the inhabitant of this isle shall  
say in that day  
behold such is our expectation whether  
we flee for help to be delivered from  
the king or where shall we flee  
for help to be delivered from the king  
of assyria and how shall we escape so we  
were hoping that  
egypt was powerful uh with ethiopia  
and that would have been our refuge  
against assyria but  
now look so so now where do we go  
who's going to protect us now  
and god says here in isaiah 55 5 behold  
you shall call a nation that you know  
not and nations that knew not you shall  
run unto you because of the lord your  
god  
and for the holy one of israel for he  
has glorified you  
so when they're trying to figure out now  
like who's going to protect  
us they're going to finally realize it's  
judah's god  
we need to run to judah's god that's  
who's going to  
protect us um joel i was going to read  
from joel 3. i think i'll stop here  
though  
but joel also speaks of this same time  
and speaks specifically  
of egypt so all of the prophecies are  
very clear  
that it's our focus needs to be on the  
middle east specifically on jerusalem  
we need to know our geography so we need  
to locate jerusalem on a map  
and then we need to locate the nations  
around jerusalem  
and we will notice that all these  
nations are islamic today

and all of them are called into question  
and called into judgment by god  
and as we read through isaiah we're  
going to see all of them condemned  
you touch judah god touches you that's  
the prophecy that moises  
laid down and this is the counsel of god  
when god speaks that's it he does  
exactly what he says he's going to do  
and that is exactly how our great god  
operates  
we can trust him we can trust his word  
if god said it  
it's settled we believe it no matter  
what happens and we're heading into a  
very intense time  
and we just saw for example egypt is  
going to be glorious in the end time  
for a little while and then god is gonna  
bring it down assyria is gonna be  
glorious  
for three and a half years and then god  
is gonna bring it down  
ultimately god will reign in zion  
and god will be established in jerusalem  
and the zeal of the lord of hosts  
is going to accomplish this so this is  
wonderful we'll just continue working  
through  
the book of isaiah uh thank you so much  
for joining this evening  
jesus christ is lord he means what he  
says  
and we we hang on his promises  
god bless you brethren  
you
