so

well greetings brethren and welcome to day three of our bible study series on the book of micah which has seven chapters we're up to chapter three today and uh

more bad news i'm afraid uh chapter four is where micah gets into the good news um but to understand and appreciate that good news we have to understand why it's so good and and it's so good because god is so good

and it's so good because israel and judah have completely failed god they've completely failed the covenant but micah means who is like jehovah who is like god

who is like this covenant keeping god and because

god keeps covenant

because he does not change once he covenants

that's why the children of israel are not consumed the sons of jacob are not consumed so we're going to finish this today with chapter three god willing and then god willing tomorrow we'll get into chapter four and we'll really be able to appreciate

the good news from micah because of our understanding

of how

undeserving

israel is

and yet how committed to his covenant god is let's open with a word of prayer and then study chapter 3.

our loving heavenly father we pause as we always do before we study to seek your blessing

to seek your involvement to pray father
that as we go through these scriptures
line online
that we will have a better understanding
a deeper appreciation
for your plans for your will and for our
part in your plans and your will
we thank you father for the feast of
tabernacles we know we are living in
very very
tumultuous times a very troubled time
and we know father that that means
there's a tremendous opportunity for us
to be faithful to you but we really do
need your word
we need your nourishment and so we ask
father that you would bless us as we
come together to study your word we
praise you we thank you
we glorify jesus christ in whose name we
pray amen
so brethren we are up to
micah chapter three
and what i want to do is just uh pick up
yesterday the theme is the false
prophets and micah introduced that
yesterday in verse 6 he says
prophesy not don't prophesy say they to
them that prophesy
they shall not prophesy to them
that they shall not take shame so so
they don't want to hear from the
prophets god says great we'll set it up
that way you won't hear from the
prophets
so that you will not take shame you will
not be able to repent very uh
reminiscent of micah's uh
curse on
israel and and judah that
they would be deaf and dumb and blind
and not understand at all lest they
should repent and be healed
in verse 11 he said if a man walking in

the wind
and and falsehood do lie saying i will
prophesy unto you of wine and of strong
drink of good times it's all good news
it's all wonderful if he were to do that
he shall even be the prophet of this
people
so they're not going to hear
what's really going to take place
they don't want to hear that they just
want to hear nice things so they're just
they're going to get that and they're
not they're going to be completely taken
off guard
now
these prophets that speak smooth things
are going to be really accepted by them
and that should bring to mind the
warning from christ
to us as his disciples
he says speaking to his disciples
whoa
this is a curse
this is a serious curse
woe unto you
speaking to his disciples
woe unto you
when all men shall speak well of you so
we need to check ourselves here are we
speaking in ways that we find are just
completely acceptable by every everybody
speaks one of us
we can't be speaking the word of god
if everybody speaks all of us
christ said he's come to to set a man at
variance against his father
that's what the word of god is not that
the man
is is he's the one being dysfunctional
it's not that the christian
is the one being adversarial the
christians just speaking the words of
god
but satan acted

hostility and enmity in the mind of the
carnal-minded and they turn against
christ and they fly against christ
so when we are faithful to christ
when we speak what he commands us to
speak it's not going to go well
they're going to say we don't want to
hear this we want to hear the smooth
give us the smooth and then when we give
them the smooth everybody's happy okay
they're safe
they're domesticated we've got some
domesticated christians here we've got
them on the leash and we can drag them
around wherever we like we like
domesticated christians
well christ doesn't want domesticated
christians woe unto you he says when all
men shall speak all of you
for so did their fathers to the false
prophets
and that's exactly what we see
in this dynamic
between micah
and the false prophets
there was there was contention they did
not get along
and neither should we
with the false prophets
jeremiah also a faithful prophet he says
this
now it came to pass when jeremiah had
made an end of speaking what did
jeremiah speak when he finished speaking
what did he finish speaking all
that the lord had commanded him to speak
so
he gave it
everything that he was given he didn't
hold anything back everything that god
gave him he gave and who did he speak to
unto all the people so he didn't pick
and choose and say like they may not
like this message i'm gonna give it to

them he gave all that the lord commanded
him to all the people
so when he finished doing that notice
this
the priests and the prophets and all the
people took him
and what did they do then
did they pull him aside and say well
done jeremiah you have been faithful to
the lord you've given him you've given
us his whole counsel
we're very grateful to have a man like
you among us
thank you thank you thank you
let's see
he says when he finished speaking all
that the lord had commanded him to speak
unto all the people that the
priests and the prophets
and then following them all the people
took jeremiah saying
you
shall surely die i mean am i am i re are
you reading the same thing i'm reading
are you seeing the same thing
that jeremiah faithfully delivers them
everything that god commanded him god
didn't ask him god commanded him to
deliver this to them and he gave it to
all the people
and then the leaders and the people pull
him aside and in unison they declare
your marks for death how dare you
this is the relationship
i was going to say this is the
relationship between the prophets
and the false prophets or the prophets
and the false prophets and the people
that follow them
but it's really the relationship
between the word of god
and the false prophets
and the people that follow them
so that if the word of god comes through

you or through me we're gonna have the same dynamic because it's not exclusively to the prophets it's about the word of god and you don't have to be a prophet to speak the word of god but the word of god is challenging and offensive to the false prophets and all who follow them so that is the the dynamic that we want to understand here and it's very relevant for our day here in matthew 24 christ tells us in this perilous time before he returns that many false prophets shall rise and what is their job what will they do they shall deceive many and he warns us warns has warned us warns us repeatedly do not be deceived in other words you do not follow these false prophets and i'm still trying to figure out how these false prophets rise because it's many it's many and i think it has something to do as far as i can see so far it has something to do with sort of jumping on the bandwagon with an acceptable message there's a lot it's an age of political correctness cancel culture and you want to be sure you're saying the right things and when you do say the right things you'll be rewarded and so i kind of figure out which way is the wind blowing oh i'll speak that way i'll come with the wind the way the wind is blowing i'll say that and i know i won't begin i won't be canceled i'll be congratulated i won't be threatened with death everybody's going to speak well of me and so it's a safe it's a safe environment for false prophets and false prophecies

so i think it's something about this
environment that people see there's it's
safe to say the right things
and it's financially rewarding and
certainly psychologically rewarding as
you get the pats on the backs and the
the accolades
but god's people the true followers of
christ are not interested in these
accolades
we're not interested in playing it safe
with the world
we we want to play it safe with god and
do what he commands
in isaiah just to now introduce
micah chapter 3
speaking of the leadership
of
israel and judah
god says
as for my people
as for there's people all over the
planet
all different tribes of humanity
but as for the tribe of jacob that is in
covenant with me
children
are their oppressors
you know it's like you look at some of
these leaders and you think these are
children
they have no common sense
they certainly have no wisdom
there's no maturity
why would anybody follow them and yet
everybody's following them and they have
they have the whip hand
children are their oppressors
and women rule over them
the whole structure that god put in
place is turned upside down which we
know is satan's agenda to invert
everything
oh my people and you can hear now the

plea
the plea to the people you've got to
wake up people oh my people
they which lead you cause you to air
and and that sort of sounds like a small
thing no this is massive
they're causing you to leave the paths
of righteousness
they're bringing you to death
they're bringing you to destruction
potentially they're bringing you to
eternal destruction
oh my people
they which lead thee cause thee to air
and destroy
the way of your paths
that's their agenda
they're in league with satan
and this is who's leading
the tribe of the tribes of israel
with that then as backdrop let's get
into micah chapter three
excuse me
and
verse one
micah three in verse one
and i said
here
listen
i'm begging you
oh heads of jacob
so isaiah saw there's a problem the
whole head is sick
there's a problem with the leadership
and because you know the the what is it
that fish rots from the head
because the head is sick the whole body
is sick
the whole covenant community is sick and
i said here i'm begging you i pray you
oh heads of jacob and you princess of
the house of israel
is it not for you
to know judgment

to know justice
shouldn't you know this shouldn't you be
governing the people by the law
and then he further describes them
is not for you to know judgment who hate
the good
and love the evil this is he's speaking
he's a prophet to judah he's speaking to
judah but doesn't this sound like our
time today
doesn't this sound like our leaders
today the leaders of the modern
descendants of israel
the leaders of the nations that have
that were built upon
biblical values
judeo-christian values they've abandoned
it
they've turned their back
and they love evil
and hate the good
you know in the city where i live or
used to live
walk and uh the the crosswalk is painted
in the rainbow flag
the rainbow flag is on the police cars
it's on the ambulances it's on the fire
trucks
they just love this but they would never
put a biblical verse anywhere
they hate the good
and love the evil
goes on
who pluck off their skin from off them
and their flesh
from off their bones and again this is
speaking to judah but look at what where
we are today
with america and this uh white house
this current white house
and how they have i i thought i would
never see that i was not expecting this
and i'm still in somewhat shock over it
i still haven't gotten over it over a

month ago
when they turned their back
on american citizens
in afghanistan
pulled out the military first and just
let let the uh
the
civilians trapped behind enemy lines
and then they just turn their back and
say oh well let's change the subject and
let's talk about something else let's
talk about vaccine mandates
and they leave them there
and really
they know many of these
americans are christians
and many christians are under deep
persecution
persecution like this
where the skin is being plucked off them
and flesh is being torn off their bones
as they're being tortured
literally this is happening to them
and then we hand over a list so in case
you don't know where they are here's a
list of who they are can you please help
us get them out wink wink can you help
us destroy them
this this is who's leading us there
there's nothing new under the sun
but you know
at least we don't have to put up with
mean tweets
and at least we don't have to put up
with this contention between the media
and the white house now the media and
the white house they just love each
other and they pretend they're upset but
they just they're just this love there's
this love fest
and this collaboration and collusion
between the media and the white house
and there's no more mean tweets
but we are dropping drones on children

and destroying
the innocent children we are doing that
but hey that's okay there's not a lot of
outrage about that but a tweet at 3 a.m
outrage over that
we we have gone insane
they hate the good
and they love the they love it
they love the evil
who pluck off their skin from off them
and their flesh from off their bones
again micah is a mini isaiah
isaiah said the same thing woe unto them
that call evil good and good evil so
when something is good and you call it
evil obviously you're going to hate the
good
and when something is evil and you call
it good you're going to love the evil
and the people who follow you are going
to do the same woe unto them that call
evil good and good evil that put
darkness for light
and light for darkness that put bitter
for sweet and sweet for bitter
isaiah says these people are cursed
and mike is bringing the same curse upon
them
micah 3 and verse 3
in addition to all of that as if that
was not enough what else did they do
who also eat the flesh of my people
and flay their skin from off them
and again this is literally what the
taliban will do to every american or
those americans that they catch this is
the level of torture that muhammadans
engage in
set people on fire and all types of
torture
all
everything out of the imagination of
satan
who also eat the flesh of my people and

flay their skin from off them
and they break their bones
and chop them in pieces literally
as for the pot
and as the flesh within
the cauldron
this is this this is you know we think
the jews the people of god they're very
righteous people uh micah says otherwise
and and this is this is although he's
speaking to judah it's all israel these
are the covenant people and this is how
nasty and evil and corrupt they have
become
again
uh this parallel to isaiah isaiah 3 15
he says what mean you that you beat my
people to pieces
and grind the faces of the poor says the
lord god of hosts
and again we're watching this we have
front row seats now watching america the
greatest nation the world has ever seen
we're coming from the greatest economy
the world has ever seen and with that
great economy the greatest freedom that
the world has ever seen
all of this has it is behind us now
and we're seeing these open borders
so that
tens of thousands and let's say over the
course of the year over a million maybe
millions of people will illegally enter
the united states
and somebody has to pay for all of this
there has to be services for all of
these people
and the the country just cannot
withstand this it cannot support this
level of demand
meanwhile they're printing money like
crazy
and they're overextending themselves and
they're arming enemies and colluding

with china
we're watching the america is in free
fall
and when it collapses
and it's lost
energy independence now it's totally
dependent and it has to toe the line
and we're going to be running after
climate change and all of this
the result
the poor get poorer
the poor lose their rights freedom is a
thing of the past
and socialism crushes people
we we don't study history anymore if
only we studied history would we would
have stopped this long time ago we said
no we're not playing along but because
we don't study history and we get caught
up in fancy rhetoric
we follow along
and you you cannot
love
evil without rhetoric
rhetoric is required to love evil
and you cannot engage in human sacrifice
and torture
without rhetoric rhetoric is required
so shame on us and woe unto those of us
who are following along beautiful
rhetoric
and enabling this level of evil
this is what's happening in the world
and this is what we're front row seats
this is our future
he says what do you mean that you beat
my people to pieces and grind the faces
of the poor but the rhetoric is we love
the poor
the poor we we need the rich to pay
their fair share so that we can look
after the oh the poor the poor the poor
and then the weak-minded are like yeah
that sounds good we need to support that

and then they crush the poor
and the poor get poorer
funny how that works
they grind the faces of the poor god
says how how do you do this says the
lord god of hosts back to micah
then shall they cry unto the lord so
they're going to get into trouble and
then they're going to cry unto the lord
but he will not hear them this is when
people say oh there can't be a god look
at all everything that's happening
where's god
you drove him out
then shall they cry unto the lord
but he will not hear them he will even
hide his face from them at that time
and again if we understand this
and we're going to preach this we're not
going to be popular
but if we're going to say no it's all
good god loves everybody it's all fine
then we'll be popular but what christ
says woe unto us then
he will not hear them in this time of
crisis he will not hear them he will
even hide his face from them at that
time
as they have behaved themselves ill
in their doings what does isaiah say
115 isaiah and when you spread forth
your hands in prayer oh god help us
i will hide my eyes from you
yes when you make many prayers i will
not hear your hands are full of blood
that this is
when we give ourselves over to evil
satan his agenda is human sacrifice and
specifically the sacrifice and the
destruction of israel
and so if we are supporting this
rhetoric which comes from the devil we
end up
murderers

and and
we are uh
a betting or or aiding and abetting
murderers
back to micah
he says verse 5
thus says the lord jehovah
concerning the prophets okay god has
something to say concerning the prophets
what is it that god has to say
that make my people air we saw this this
the oh oh my people they which lead you
cause you to air and so we have to
understand as well in this society
is a little bit different today but in
this society
the king
the priests
and the prophets
are the leaders so the prophets and the
priests that although they're religious
we it's kind of we don't think of them
as political leaders
but in a
theocracy they are political leaders
and so they they that lead you cause you
to air we're we're not just thinking of
politicians here we're thinking of
prophets and priests
and so today we might say
uh it's the politicians but it's not
just the politicians
they need support
by the media
and by
the technocrats
so between the large technology
companies
the media
and the politicians that's the
oppressive force today well back in
micah's time it was the king
the priests and the prophets
thus says the lord concerning the

prophets that make my people air that
fight with their teeth these are nasty
people
these are carnivorous people they have
an appetite to destroy that bite with
their teeth and cry peace
oh man this is this is how they behave
they strike and then they talk peace and
if you get upset and want to retaliate
hey look look at the trouble you're
causing
and we see this formula not just with
the left i've studied deep study into
islam and this is exactly the model of
islam to play the victim to strike and
then play the victim
and that's exactly what the left does
they strike and then they play the
victim and that's exactly what evil men
have done throughout time
judas prophets being no exception they
fight with their teeth and then they cry
peace
and he that puts not into their mouths
they even prepare war against him
and again today america is just a
fantastic um
petri dish
to study how evil works
and and those today that are
legitimately questioning this election
and saying there were some
irregularities here we're not sure about
that they've been grounded up and
they're sitting in solitary confinement
political prisoners all they did was
exercise their right as americans to say
hey i'm not sure
if this election was completely sound
which is something that these democrats
that are punishing them they did the
very same thing
but they're in power and if you don't
support them they prepare war against

you
nothing is new under the sun that's
exactly what happened in micah's time
what does isaiah say
isaiah 56 and verse 9
all you beasts of the field
come to devour
yes all you beasts in the forest and
again america is just a wonderful
pattern to study when you see the open
border the open southern border where
anybody can just walk into america and
no doubt you have uh terrorists hardened
criminals and terrorists just walking
into america it's a it's a it's an open
invitation all you beasts of the field
meaning you you vicious human beings
under the influence of the devil
doors wide open we don't care anymore we
don't care about our people come and
devour
yes all you beasts in the forest
his watchmen are blind
and and here even the churches are quiet
where are the churches today
as all of this evil is taking place is
uh do we hear the the christian voices
or are they just sort of tail between
their legs really quiet
and what about the church of god
his watchmen are blind
they are all ignorant they have no clue
what's happening
they are all dumb dogs and again this is
the curse on on israel
that god says
you'll be blind and you'll be deaf and
your heart will be arrogant
until
so until the abomination that makes
desolate this is the situation because
god means business
they cannot bark
sleeping lying down loving to slumber is

just this uh love affair
with being asleep
we don't want anybody to hey don't don't
step out of line
don't don't talk too loudly don't say
that we censor each other
and we cannot therefore we cannot bark
because we are self-centered senses
and we just we just the the feeling of
sleep i don't know if you've ever had
that if we all we've all had it where
you're just in such a nice deep sleep
and you don't want to wake up and this
is spiritually now where we are
yes they are greedy dogs which can never
have enough and this is really you can
look at these uh wealthy people
that are running these western countries
how much more do you want
it seems like they want it all they want
the whole earth
this great reset
is about gaining the entire earth's
wealth you look at a man like bill gates
and now this single individual owns the
most farmland in america
one person why what's what how much is
enough
and you don't hear the all the protests
saying hey bill gates should pay his
fair share we want to see bill gates
give up all of this wealth no somehow he
gets a pass
but we're enraged at others who are just
average
you know as soon as they average they're
certainly above average but they've just
done well
they've done well oh you have to pay
your fair share even though they're
paying their taxes
yes they are greedy dogs which can never
they just can't have enough they they
there's this

you know when it comes to power is a
drug
money is a drug
sex is a drug in fact these are all
these are the main idols this is idol
worship
power money sex
and you just look at people and if
they're addicted to these things they're
in the clutches of the devil
they're greedy dogs which can never have
enough
and they are shepherds
isaiah is calling out the shepherds
isaiah's calling out the shepherds
and they are shepherds that cannot
understand they're leading people but
they can't understand they just want to
slumber
they all look to their own way and this
is why cancel culture is so powerful
because it's like you know what
i'm not up for any trouble here
i'm not going to say that you know i
could get cancelled
and so they all look to their own way
everyone for his own game
what is it that i can say that i can get
on in this world
from his quarter
come you say they i will fetch wine
and we will fill ourselves with strong
drink
so let's let's just enjoy ourselves and
tomorrow
shall be like today
and much more abundant so they again he
says they're ignorant they have no idea
what's coming and i've mentioned many
times america is in free fall it just
hasn't hit the ground yet
but she's she's fallen out of the plane
with no parachute and we're watching
this thing it's just like there's no

turning back now when will she hit
bottom and it's going to be ugly oh it's
going to be it's horrifying it's
terrifying
but these shepherds
have no clue
it's like uh what is it moving the
chairs on the titanic
and have no clue
what what just happened and this thing
is sinking and all life will be lost if
we don't take action no let's just move
the chairs around
come you say they i will fetch wine and
we will fill ourselves with strong drink
we're gonna have a great time and
tomorrow will be like today
but much more abundant they have no clue
and these are the shepherds
micah says back to micah 3 verse 6
therefore
night shall be unto you
this is what's coming this is your
future darkness
to the prophets
the
seers
therefore night shall be unto you
that you shall not have a vision you're
supposed to see the future
you're supposed to lead the people based
on that vision
god says i'm taking that away
and it shall be dark unto you
that you shall not divine
and the sun
shall go down over the prophets
and the day shall be dark over them god
is god is going to remove their status
because their status depends on what
they teach
and god is going to show expose them as
completely false
so the sun shall go down over the

prophets and the day shall be dark over
them listen to what the psalmist this is
a a masculine
and this is in the archive i won't spend
a lot of time on it but this is a wisdom
song from asif
in verse 8 he says
they said in their hearts these are the
enemies of israel
let us destroy them together
they have burned up all the synagogues
of god in the land so this is the
destruction that judah is suffering they
burned up all the synagogues of god in
the land
we see not our signs
there is no more any profit
the profits are gone
there is no more any profit
maybe i shouldn't say they're gone
i should say they're silent
they've stopped their nonsensical
teaching they can't say anymore oh
tomorrow is going to be like today only
better
it's obvious now
we've hit rock bottom
there is no more any profit
neither is there among us any that knows
how long
everyone is ignorant
they have no idea
they didn't want to listen to the true
prophets so now they're in this darkness
oh god
how long shall the adversary reproach
shall the enemy blaspheme thy name
forever
so this is very puzzling to the psalmist
how is it
that satan's puppets have the upper hand
and god's people are being thoroughly
dejected and destroyed
and god's name is being blasphemed

and there's no prophet that can answer
there's no prophet that has any idea
even though they were full of talk
before this happened
and now they're silent
now they're humiliated
but it's too late
and now the the puzzling question in
verse 10
does this is this it
is this how the story ends
and micah says no
so mike is going to tell this part of
the story
but god willing tomorrow when we study
chapter 4 we'll see that this is not the
end of the story
so they're they're in this terrible
state
and they they want to know like how much
longer
this is where the prophets the false
prophets have led them
verse seven
then shall the seers back to micah 3
verse 7
then shall the seers be ashamed
you were full of talk
and arrogance
and you were censoring others who wanted
to speak the truth and you pulled
jeremiah aside and said for this you
shall die
this is the level of authority that they
had
but now it's over
you brought this upon yourself
now the enemy is ransacking the place
and blaspheming god's name and you false
prophets enabled this
then shall the seers be ashamed
and the diviners confounded they're
confused yes they shall all cover their
lips cover their mouths for there is no

answer of god they're praying they're
asking god says no i've hidden my face
from you
i will not hear your prayers you are on
your own you didn't want me now you
don't have me let me see how this works
out for you
now to contrast
the false prophets listen to micah
but truly so they're all silent they've
got nothing to say
micah says but truly i am full of power
by the spirit of the lord so they were
talking just based on wind they had no
clue what they were talking about it
sounded nice they were dressed in the
right ways and sounded very prophetic
what they were saying they were all
ignorant
and now they have nothing to say in this
time of calamity they have nothing to
say
but god says through daniel those who
know their god shall do exploits and
micah knew his god
and he was filled with the holy spirit
and while they've been silenced
micah says but truly i am full of power
by the spirit of jehovah
and of judgment shouldn't the leaders
have known judgment they didn't
but micah does he says he's full of
judgment and of might
to do what
to declare unto jacob his transgression
and is to israel his sin
mike is ready to take them on
so they said to jeremiah for this you
will die and know that they'd love to
kill micah as well but he the whole
point of all of this is happening why
because of jacob's transgression
because of israel's sin
and again to parallel this with isaiah

who also was full of the might of god's
spirit and full of judgment he was
instructed in isaiah 58 and verse 1 to
cry aloud
the same thing we see micah doing spare
not lift up your voice like a trumpet in
this time of calamity and show my people
their transgression and the house of
jacob their sins
same thing show them
don't be afraid
yes they have a vicious teeth yes
they'll want to tear you apart you don't
back down
isaiah was full of the spirit of god as
was micah both contemporaries
both speaking to the tribe of judah
baptized amica verse nine of chapter
three
hear this
i'm picking you listen
you heads
of the house of jacob
and
of the house of israel
that abhor judgment and pervert all
equity so he's now speaking again to
judah this is their representative that
the covenant now is with judah they're
representative of the house of jacob and
and isaiah says
women and children rule over them
the whole thing is upside down and
backwards and confused
but mike is appealing to them you heads
of jacob the house of jacob and princes
of the house of israel that have poor
judgment they they hate it
although their rhetoric is all about
justice social justice they hate justice
but it's good rhetoric to fool
the foolish
to seduce the the imbeciles
it's good rhetoric and satan is full of

good rhetoric satan loves satan loves
rhetoric because
it's impossible to get human beings
it's impossible to get human beings to
engage in the most extreme forms of evil
without rhetoric
rhetoric is required
be careful of rhetoric
and the foolish among us are seduced by
rhetoric
and they will end up doing extreme evil
they will think they're doing god's
service
by doing extreme evil for the devil
all through rhetoric
they abhor judgment they they love
through rhetoric they say they love
judgment they want justice no they don't
and they pervert all equity it's about
social equity they pervert it all
somehow it never quite works out and the
poor just keep getting poorer
micah says then in verse 10
they build up zion with blood
and jerusalem with iniquity again the
focus is on judah he's a prophet too
judah and he's saying these heads of the
house of jacob
these heads of the tribe of judah what
is it that they're really doing
yes zion is being built out but how with
blood
and jerusalem with iniquity and again
this is uh america is just a wonderful
uh
lab
environment for us to study to see how
evil works
how do the people who have been blessed
so richly by god become his enemies
he says of late my people have risen up
against me as an enemy how does that
happen we we have front row seats
front row seats

and they're they're bought and paid for
this administration is controlled
clearly
by the chinese communist party
and and had we been able to look into
hunter biden's laptop we would have seen
how compromised
this family is
but no media in collusion kept that
quiet until after the election
so now we have a an administration that
clearly cannot stand up to china because
they're bought and paid for china has a
lot of money
a lot of money
and so we see
human sacrifice
we will leave americans behind
behind enemy lines and we'll give you a
list of where to find them who they are
where to find them so you can sacrifice
them
and yeah we just want to be paid
that's clearly
let's let's look into this
this is where we are
i thought i would never see this i'm
still in shock i still can't i can't get
over this
we we will leave christians
in afghanistan in nigeria who are being
slaughtered hacked to death
and tortured
we'll leave them there
and meanwhile we'll we'll bring over the
terrorists themselves into america
wholesale you get a complete pass come
on in
what is going on
why is the southern border wide open
what's happening to america why why
every decision
is a decision to destroy america
can we not even see one decision to say

let's make america great again
one decision to say let's build up
america let's keep america free
because there's no nation on the planet
like america not one there never has
been
is there any is there any uh sense of
loyalty
to americans into america from this
administration
or is every decision to destroy
so they're building up something
but it's built on human sacrifice
i'm sorry to have to say that
it's built on human sacrifice
beautiful rhetoric
notwithstanding
here we see
they're building up zion
this is so
ironic
zion is the place that god has chosen
jerusalem is where god wants to rule the
whole earth from jerusalem is to inform
the whole planet
how to how to be a reflection of god's
character
how to be in communion
with the god of the universe that's what
zion is zion is the umbilical cord
between heaven and earth
and satan knows that
so he takes control of these people
and now he's building up zion with blood
with human sacrifice
and jerusalem with iniquity
and today america really is that shining
city on a hill
the whole world
should be looking to america to
understand what is possible
with human freedom
when you allow human beings to be free
when you allow humans who are created in

the image and likeness of god to be
creative to have an idea and to bring it
to pass and to to
benefit each other
through this freedom
what is possible and america just kept
climbing and climbing and climbing and
climbing and the whole world this is a
city on a shining a signing shiny city
on a hill
but no we can't have that anymore
because too many people will say well
okay
in fact
ataturk of turkey
after the first world war he just said
okay stop the nonsense islam is not
working it doesn't work
there will be no more islam in this
country we're now going to be a secular
country and we're going to follow the
american model because clearly it works
that's the idea that the whole world
should be able to look and say okay
let's stop our nonsense we're going
backwards and look how far america is
let's be more like that
that's gone
that's gone now it's
absolutely necessary that america be
destroyed
and
let's see what the world looks like
when america is destroyed
let's see what let's see how that works
for us especially for us as christians
and we have a hint of it when we see
christians left behind enemy lines
when we see christians in nigeria
pleading for america's health
and they're left there
meanwhile we're you know
first-class seats
bringing over the afghanistan afghani

terrorists
bringing them over rolling out the red
carpet and bringing them into america
opening up the southern border any
criminal ms-13 plus terrorists all over
the world can come through south america
mexico and into america
to destroy america
and i'm telling you brethren this is not
good
it's not good but this is what happens
to the people of god who have been
blessed with so much from god and then
give themselves over to the devil they
build up zion with blood and jerusalem
with iniquity
the heads thereof
judge for reward so now we understand
their motivation
now we understand what's going on that
they'll sacrifice a whole country
as long as they are personally rewarded
and i don't know how it works i thought
if you say you know i could have gone
into public service let's say i say i'm
going to go into public service i don't
expect to make a lot of money because
i'm choosing to go into public service i
want to serve the public
well how is it that somebody can go into
public service
and end up a multi-multi
multi-millionaire maybe even a
billionaire with houses i've got four or
five houses
multi-million dollar mansions
i i don't have any expenses because
everything's paid for how do i get this
level of wealth
when all i've been doing is serving the
public
well i must be really corrupt
and doing a lot of back door deals and
yeah we'll authorize these trillions of

dollars to go to such and such a country
as long as a million or millions and
millions come back into my bank well not
my bank account we'll put it in my
family's bank account so that my bank
account can be audited hey i'm clean
but it goes to my family and then it
comes to me off record
the heads thereof judge for reward and
the priests thereof teach for hire
so they're teaching for hire
and the profits thereof divine for money
and this is why to me
paul's model is so exceptional
where he was a tent maker
he he he generated his own income
so now nobody can say yeah you're just
preaching because you're being told to
preach that
and that is a great model in the cgi
where most of the ministry
were tent makers
and we're not preaching for hire we're
preaching because this is what god is
commanding be taught this is the word of
god let's go through it line upon line
let's not skip any lines
but what does the word of god say
as opposed to those who cannot teach
what the word of god says because
they're controlled economically and it's
like no don't say that we don't like the
people won't like that
we might not get their tithes and you
won't i'll take the house away from you
and i've seen actually seen situations
where the ministry live on campus so to
speak
and they don't own their houses or sorry
they can own they can buy the house they
can't own the land
and so at any time they can be kicked
out they have to sell at a discounted
price they have to get off the land

because they put a football
or their car is taken away from them
or their wages are taken away from them
because they put a foot wrong we don't
want you teaching that
if that was jeremiah that's not only do
they take the house and car away from
him and his wage away from it they say
you're worthy of death why because you
preached everything that the lord
commanded
so we see their motivation here
everybody's motivation is personal
reward
the judges
are there for even today look at our
judges
most of our judges are corrupt
it's terrible to see the judgments that
they're making
they're the heads there of judge for
reward the priests
teach for hire
and the prophets thereof divine for
money
yet will they lean upon jehovah and say
is not jehovah among us
isn't the lord among us
no evil can come upon us this is
the it's it's like delusion of the most
extreme nature
that because we're the people of god we
can do all these things and get away
with it
it's sort of one saved always saved and
we do we don't have anything to worry
about
we can go to this far extreme
jeremiah they continue this when
jeremiah comes on the scene years later
and he tells them don't trust in lying
words saying the temple of the lord the
temple of the lord the temple the lord
are these don't do that don't think just

because you have the temple that god will not you turn your back on him that he's not going to punish you for all of this

he says go and look at what i did to shiloh where i first set my name and that's what's going to happen here micah 3 last verse of chapter 3 verse 12

and then god willing tomorrow will actually see this is not the end of the story

but because of this

evil it's particularly this evil from the prophets and the priests they're the ones with the rhetoric that justifies what the king is doing that justifies what the how the judges are judging so there's got to be today it's our media so the media is really the the prophetic arm of the administration of the government and they justify they put the the narrative out there to help us understand oh we have great leaders and they're doing good things in the world

and at the same time they could turn on somebody and turn make them out to be like the child of the devil as they did with donald trump there was there was nobody more evil than donald trump even though yes he was a rough and crude man and unfortunately uh not at the high standard of character we would like to see

in leaders

but this is the time we're in and of all the the corruption in the time that we're in well here's a man that was willing to stand up against the globalists everyone else backs down everyone else apologizes everyone else toes the line but for some reason this man

i don't want your money i've made my own
and i'm not going to back down because i
love america and every decision that he
was making truly was benefiting
americans his agenda was a miracle first
but the media convinced us that he was
the son of satan
and he had to be destroyed
now we have an administration
that is truly evil
that is truly evil that according to
biblical standards
there are decisions
around abortion around you know human
sacrifice
destroying christian christianity
leaving christians to be tortured and
slaughtered knowingly
this is truly evil
making decisions to impoverish
their own citizens
while while having fancy rhetoric how
important it is to look after the poor
this is truly evil
but the media as the prophetic arm of
the government
makes it all look fine no problem here
we don't have any mean tweets going out
anymore everything's good and we say
okay they drop a drone and they destroy
an innocent man and seven children human
beings made in the image and likeness of
god they destroy them they're innocent
and they drop a drone and destroy them
oh oh well
move on let's change the subject
and we go along with it
that's what rhetoric does
it's a form of it can be a form of
brainwashing
and then the tech
giants they censor everything
so they're we cannot have a counter
narrative

there can be there can't be a way to
look at things objectively
no anything that that's counter to what
the government official not even the
local government the global the
globalist government
there can be no narrative that
contradicts globalism the globalist
narrative
and so between the the sort of the
government and we've got the priests and
the prophets and they all work together
for reward
they're all in it for themselves
and they don't care about sacrificing
the lives of
billions of human beings made in the
image and likeness of god
and particularly they are sacrificing
god's covenant people
and because of all of this micah
declares
therefore
shall zion for your sake you have
brought this on zion
for your sake zion
shall be plowed as a field
and jerusalem shall become heaps this is
so
devastating
this is where god has placed his name
this is where god is it plans to
establish
his headquarters on earth
this is the beacon
that god would have all human beings all
over the world through time
look to to understand him and to be in
relationship with him
and this is what it's come to and the
reason it's come to this is because of
god's own people and more specifically
his own leaders
therefore because of these leaders

zion for your sake you leaders will be
plowed as a field and jerusalem shall
become heaps
and the mountain of the house has the
high places of the forest so you're just
just going to wipe this whole thing out
and that in fact now is going to set up
for god starting in you
and for zion to come into its destiny
but let's look again at isaiah to see
the parallel
uh and to understand that all of this
is not to destroy zion it's not to
destroy jerusalem or judah or israel
completely
moses showed us in deuteronomy 30
there's a reason for all of this
everything that god does he does
according to covenant with a purpose
declaring the end from the beginning and
from ancient times that which is not yet
done
saying
my counsel shall stand so god has plans
and nobody can resist them and he has
plans for his covenant people but it's a
process that he has to take to get there
so he says here in isaiah 27 and verse 9
and we'll finish here
by this therefore
but by god activating the covenant
curses
shall the iniquity of jacob be purged
so malachi says
i am the lord i change not
therefore you sons of jacob are not
destroyed
in other words you sons of jacob are so
evil
and so rebellious you deserve utter and
complete destruction
but because i'm a god of covenant micah
meaning who is like god
because i'm a god of covenant

therefore and i don't change once i make
a covenant i don't back out of it
i'm covenanted
why i'm covered i am married to you
and i'm not going to back out of it
and that's why you're not destroyed
so by all of this activation
of these deuteronomic curses
it is not to destroy israel
he says by this therefore
shall the iniquity of jacob be purged
that's why
and this
is all the fruit
to take away his sin
when he makes all the stones of the
altar as chalk stones that are beaten
asunder the groves and images shall not
stand up so just the first part of this
verse we want to zero in on the rest of
the verse we talk about in the in the uh
archive we just did that a couple of
weeks ago actually um
this this has a purpose
that all of this destruction that we see
and the prophets have no idea they are
completely ignorant
but god has a purpose
he has a purpose for jacob and so this
was uh micah chapter three
tomorrow
we begin to see this purpose where all
of this is leading and we'll pick that
up god willing in chapter four thank you
so much brethren for joining today god
bless you enjoy day three of the feast
of tabernacles
you
