welcome back to Wednesday night Bible study and we are up to Psalm 63 God willing we'll cover both check out verse 63 and our chapter or Psalm 63 and Psalm 64 this evening

let's open with a word of Prayer we can get straight into this evening study our Heavenly Father we pause before our study as we do to acknowledge you to praise you and to thank you father and ask that you would please bless our study please bless our understanding deepen our faith and fathers specifically with these songs we pray that you'll just help us to have a more awareness of the emotional journey that your psalmist's like King David and others went through in their relationship with you and especially in times of trouble but also just in time than they were just phrase and help us father to use this understanding to better understanding our emotional journey in our relationship with you that we might praise you more for we praise you father we ask that you would bless us now they ask these things in Jesus so we are up to Psalm 63 we'll jump right in and begin in verse zero the introduction of

Psalm 63 this is a psalm of David songs written by different individuals this one and this was written when he was in the wilderness of Judah so to find out when he was in the wilderness of Judah we need to go back to Psalm I start 1st Samuel will go back to 1st Samuel 22 when we'll see here excuse me in chapter 22 and verse 5 he's actually in the wilderness of Moab here and the Prophet gad said unto david do not stay in the hold or in the stronghold he have found a cave or some sort of stronghold in Moab probably had a great vantage point maybe it was at the top of a hill or a mountain so few if Saul's army was to approach him he was in a just great point of advantage how to defend himself and so he took even though he had of course the prophetic word that said that he is the king of Israel and so he knew that God would would protect him at the same time he had two beasts be wise and take some measures to protect himself and so in the same way we know that God looks after us believes should be wise and take certain steps if necessary and not tempt God and His Christ he didn't throw himself down to tempt God he took Quito he was careful himself so here the Prophet guide comes to David and tells him to not stay in the stronghold in Moab depart and get you into the land of Judah then David departed and came into the forest of Harris and in the next chapter now in chapter 23 in verse 14 and David abode in the wilderness in stronghold so again he's looking for those places where you can position himself for safety and for advantage of a battle doesn't Sue and David abode in the wilderness in the strongholds and

remained in a mountain in the wilderness
of the Zips as if being a part of Judah
so now he's in the land of Judah
according to the prophets instructions
and Saul sought him every day so Saul
was obsessed with him and and just
relentless in his pursuit of the king
and Saul sought it every day but God
delivered him not into his hand and here
we are this is Wednesday we have the
impeachment hearings today where
President Trump of the United States is
likely to be acquitted if he's not been
already and of course he gave the State
of the Union address last night but this
throughout this whole presidency that
the day he was elected that's when the
impeachment began and and they've been
relentless day after day after day but
God has not delivered President Trump
into their hand why I think it's because
he's just being merciful to the nation
that what company maybe to the Christian
world of all because what comes once
America Falls the next chapter is going
to be horrendous and I think that God is
a such a God of mercy that he is
delaying this as long as possible not
wishing that any soul should perish
because these are gonna be trying times
what comes next
and many people who believe you know we
believe we're strong in the faith well
we had better be filled with the holy
spirit because this is not gonna be
through pavada and and just to talk that
we get through the neck
and so I just believe that God is
somehow taking this very unlikely hero
raising him up the way heroes
raised up judges in the past deliver is
for Israel and and protecting him and
all of everything that they have thrown
at this man he just won't fall in fact

he seems to rise higher and the State of the Union address yesterday is an example of how the record of accomplishment is unbelievable so here Saul now and we just have to understand these the dynamics of the persecution I don't know what you believe but if you don't believe that America is exceptional and that this nation and I'm not American but this nation of America was you know by by Providence that God had a hand in the founding of this nation and that's why it stands apart through all the nations of the earth and well how it is blessed the earth in unprecedented way the only explanation is that God somehow has a hand in that hopefully we all and so the devil needs to tear down this country this nation in order to have his way globally and and president Trump is standing in the way and so he is stirring up hatred into the souls of man against this man he's a man is a human being but can he beat this and is it possible for him to be as evil as is reported and yet do so much to bless Americans of every stripe every Creed every color and yet he's so incredibly evil how is this possible except that Satan is stirring up men and stirring up hatred and and and resentment and bitterness against this man because he's in the way he's in the way and once they can get him out of the way then we'll see what happens to Christians worldwide and and what happens to Christians worldwide is what was happening to Christians in the Middle East under the previous administration when the previous administration knew how Christians were being slaughtered and raped and murdered and intensely persecuted and the previous

administration did nothing in fact they did do something they turned a blind eye they knew all of this was happening and they turned a blind eye and that's what will happen globally once they can get this this this man who's in the way out of the way then they'll have their way and so we'll see the same similar dynamics to what we see here around the quest for power and Saul wants power and wants to retain his power and David is a threat to the retention of his power and that's why he's gone insane and obsessed with destroying David in the same way the Communists who have infiltrated one of the parties of America both actually infiltrated both but certainly taken over one of the parties of America and had a phenomenal plan genius plan to take down America right under the noses of Americans and the noses of everybody worldwide and somehow it's been 40 and they are furious there there is insane as King Saul wasn't in taking out David but God did not deliver David into his hand and David saw that Saul was come out to seek his life and David was in the wilderness of sit in a ward so again he's in Judea and Jonathan Saul's son arose and went to David into the wood so today and again I I'm not political but we have Democrats who are crossing over and they're actually joining the Republican Party because they're beginning to realize the insanity and the hatred and the unreasonableness and the unamerican list of these communists and so Jonathan Saul Sun arose and went to David into the wood and strengthened his hand so Jonathan could read that the tea leaves he could understand where God was working and where God was not working

and even though Saul is his father he realized God is with King David so that's when David was in the wilderness and so that's just important for us to understand that he's writing our appealing to God instead of getting right into song but but seeing the psalm and worshiping God and the context is the intense persecution pretend potentially the seeking of his life that he's facing from King Saul first one oh god you are my god so despite the trouble that he's under and facing he knows the God of Israel is his god early will I seek you my soul thirsts for you my flesh longs for you in a dry and thirsty land and that really is where we are today we are truly in a dry and a thirsty land and we should understand that there is no knowledge of God in the land and we're in a land that that praises abortion that the praises are late-term abortion no that actually loves infanticide that after the baby is born that's when we'll destroy it this is the land that we're in that the the the land were in now drag queens are the high priests or priestesses of the land and they say what's what were in a land now we're preference is given to every pagan religion and the agenda is to drive out Christ completely out of society this is a dry and thirsty land and in this dry land in this desert of godlessness we are seeking God our soul thirsts for him hungers for him as as did David and he says this is a dry and thirsty land where no waterless and symbolically couldn't say there's no presence of a Holy Spirit here mankind has gone insane and this is we have to operate in this land and this is you know prophetic of a dry land that that's

before Christ returns that's the state
of affairs and we see this with the
Apostle Paul as
this is a truce and all sorry I got the
wrong passage here and I meant
second Timothy
I think I meant to say second Timothy
three
second Timothy three SSN I put in first
EVM in second Timothy so before Christ
returns this what's the state of affairs
it's gonna be parched there were the
presence of the Holy Spirit will be gone
few and far between we'll have it he
says this know also Isabelle rabbi Paul
Apostle Paul that in the last days
perilous times shall come
david was writing in perilous times
before Christ returns we're going to be
in perilous times of them for men shall
be lovers of their own selves covetous
boasters proud blasphemers disobedient
to parents unthankful unholy and again
if you're American you might not like
Donald Trump but he is working day and
night and unstop to lift up America to
return America to greatness and you're
benefiting from it and and so if you're
a Christian you should be thankful that
he's pushing back the persecution
against Christians for Christian we
should be grateful we should be thankful
he's doing all he can to reverse the
destruction of America and if we're not
if we're not Americans I'm Canadian a
British Canadian if you're if you are
any other nation but you love Christ
your welfare depends upon a strong
America and so everything that Trump
what President Trump is doing to restore
American greatness and you heard it the
substance in the State of the Union
address yesterday from the moment he
started everything was full of substance

no nonsense no no spin no rhetoric no
hyperbole it's just fact after fact
after fact these are though this is the
record of
and this benefits Christians global but
in the last days people are going to be
disobedient they're going to be
disrespectful they're going to be
blasphemers they're going to be
unthankful unholy without natural
affection who would harm a child the
world now is full of pedophiles full of
people who will murder babies full of
abortionists there's no natural
affection and and even we see at the end
of the State of the Union address the
the Speaker of the House the third most
powerful person in America the potential
leader of America should something
happen to the president the vice
president takes the State of the Union
address and rips it up rips it off
what's going on what's happening with
Howie Duke raiding but the Communists
have taken over and they hate America
and that speech represented the
greatness of America and they hate it
and they hate you they hate you do you
think they love you do you think they
care about you do you think you can go
to them and say I'm a Christian and here
are my concerns and I'd like you to
please consider the Christian Way and
make accommodation for us when they're
in power do you think they'll have any
accommodation for you without natural
affection trucebreakers false accusers
accusation after accusation after
accusation all false it's all didn't
befall us
Trump is don't don't get caught up with
who the man is Donald Trump is his
particular peculiarities
he's symbolic of somebody who is trying

to maintain or preserve the Christian ethic of America and that's you that's you so everything that you see them throwing at him don't think it's it's specific for him and you you you go scot-free

study it

don't sleep through this we need to study it so that we can see how the engine how it works and the guns how they fire because that engine those guns are going to be turned on us and it's going to be relentless but at least we'll know what's coming because we've seen it it's the same thing it's a generation after generation after generation it's the same devil different human beings but it's the same devil same scheme same plot same mechanism but here we get to see it firsthand so hopefully all of us saw the State of the Union address and if we didn't please it's uh you know just over an hour please look it up on YouTube and listen to it and listen to what he has to say and what he's doing to foil the globalists to foil the Communists and to preserve and restore American greatness and embedded in that greatness of America is the Christian ethic the judeo-christian and that's what is the agenda is to stamp that out globally and once that is stamped out globally the reason America is so great is because of this understanding that every man every woman is made in the image of God and therefore they have rights that are inalienable

they're given to them by God or no government can take it away from them and they matter their soul matters that's the foundation of America greatness and that's what they want to destroy and once they destroy that all

bets are off when communist takeover
they slaughter by the tens of millions
when Islamists take over they slaughter
by the tens of millions and so we have
this red-green alliance that slaughters
by the tens of millions and there's one
person right now on the world scene that
has the backbone and the courage to push
back against this communist Islamist
alliance and that you listen to the
State of the Union and it was just like
non-stop this is how I'm fighting for
Americans and this is what I'm
accomplishing and so these are false
accusers and this whole impeachment
Fiasco I used to have some respect for
PBS I like the intelligent discourse and
I turned on PBS during the impeachment
and they were treating it like it's
legitimate and I just I just had to
laugh I just had to laugh and I think at
that point I just completely wrote off
PBS as a communist to use media and it's
a shame because I did enjoy
PBS and some of the intelligent
intellectual discourse that they have
but here this is the New York Post and
guilty now for the trial they they have
nailed it that's exactly the situation
this impeachment was a farce
and just there are no high crimes or
misdemeanors there's no evidence of any
high crime treason what is it treason
bribery or other high crimes and
misdemeanors that's where we start it's
not that we don't like the madam that
he's you know these days unpleasant to
us he's vulgar and therefore we have
to impeach him that's not an impeachment
you can't bring that to impeachment as I
said when you know not the PBS I think
is one of the American news outlets that
I have the most respect for I've lost
all respectfully your see them as a

communist news ever never mind CNN and MSNBC and these others so what you know for it to be a true can be it shouldn't be treating it like it's legitimate this is what the Constitution says the president vice president and all civil officers of the United States shall be removed from office on impeachment for and conviction of treason bribery or other high crimes or other high crimes and misdemeanors that's what the Constitution

instead what we see is these false accusers who are just fierce despisers of those that are good despises of Christ and Christianity traitors they're going to accuse you of treachery but they're the traitors heady highminded lovers of pleasures more than lovers of God so that's the part to dry and parched land that we will be in in the last days and just look at president of President Trump giving the State of the Union and how it was received and how this woman at the end of the at the end of the President's speech just tore it up I just couldn't I couldn't believe my eyes that she actually took the speech of the president's State of the Union in the White House or less or in other ways aware but they were presenting there and just tore up

tore up he was talking about people's lives and people who have sacrificed everything for America and and you if you're an American you're in that State of the Union address and that's what she thinks of you and of the President and that's that's what we have sunk to that's the new law that we have sunk - it's just unbelievable and very very sad to see this dry and thirsty land that we're heading into and they're just we're at a new law write a new law he

wasn't to say to see your power and your glory so as I have seen you in the sanctuary so this is obviously he knows the God of Israel he's experienced the God of Israel in the sanctuary he's on the run right now but he goes on and he says because this is Lewis I love this personnel verse 3 because your loving-kindness is better than life my lips shall praise you because the cassette loving-kindness I think the best way to think of this is covenant love that God has entered into a covenant with Israel and David understands this David will be the king of Israel but he understands that he's the king of a nation that will lit that will exist eternally Israel is forever why because of God's covenant is Israel beautiful is this real wonderful that is it does Israel have high character not at all Israel is rotten to the core brought in to the core but because of this covenant love God will be merciful to Israel God will act according to the promise that he has made to Israel and this is what David understand and so he understands in a matter of how things look at solved solace of isthmus all is a Benjamite and all the people that are following Saul that are pursuing David's killing and yet David understands God is in covenant faithfulness to Israel and so because of your cassette because of your love and kindness it's better than life my lips shall praise it it is like God's covenant is life its eternal life so you can give up this life but if you hold on to the cassette the covenant love of God you have eternal life so it's better than life he says thus will I bless you while I live I will lift up my hands in

your name and then again the understanding here that we have to have is that in a dry and thirsty land lifting up our hands in God's name this is not going to be easy when when communists godless people are in control when when Islamist who hate the God of Israel are in control lifting up our hands in God's name and blessing him in it's gonna be a persecution when we see this with the powers of Babylon here we see in Revelation 2 I know your works and where you dwell even where Satan's seat is I believe this is pergamus that furthers Church here they dwell were certainly safe to see disc Turkey today and you hold fast my name that's what they did they held fast his name the persecution is around his name they would not let go we will not let go and have not denied my faith and then he goes on to say so he was slain and yet even though he was martyred they did not give up so this is what it means to us to be operating as Christians in a dry and thirsty land that has no water treacherous people are gonna be all around us and we're seeing them emerge and take high offices they even felt this they've been at this for decades they've been filtrated they've taken over and we have to be ready and God bless Donald Trump is doing everything he can but that's not enough he's a man they'll be taken out of the way at some point and we we have God you have the God of Israel right now America is having the best economy it has ever had that's good for us globally it's good for Christians but it's gonna crash at some point and then we see the real horrible nature of human and we have to live in this world and hold on to God

and praises me my soul shall be
satisfied is this my soul shall be
satisfied as with marrow and fatness who
just get a sense of somebody who had
just a wonderful every bite was just
wonderful and so much flavor and the way
the flavors come together and is just
satisfaction in the eating but then when
you're finished this decision having the
right amount and just feeling so
satiated and and just so just not
bloated but just satisfied this is even
though he's in persecution and he's on
the run and his life is at stake
he understands the government and he can
see in his imagination he can get past
the persecution and he can see how this
is gonna end up my soul shall be
satisfied

Magnusson with all the flavors in the
fatness and my mouth shall praise you
with joyful lips in persecution david
conceived us in persecution we need to
see us my mouth shall praise you with
joyful lips when I remember you upon my
bed and meditate on you in the night
watches so where where is David's
attention that you know when we wake up
in the middle of the night maybe if
you're young you don't do that but older
people tend to wake up but it won't we
do wake up in the middle of the night
but where does our mind go is it on our
material things and our material
pursuits our secular pleasures or does
our mind go on the goggles
because that's where David was he was so
full of his is his god that when he
wakes up in the middle of the night he
thinks about his God and the scriptures
and the prophecies and the plan of God
and and the faithfulness of God and so
he remembers thought upon his bed and
meditates on God in the night watches

that should we and here you know this thirst that David has this thirst that his soul has Christ says we should have that too and he will bless us for having that in the Beatitudes he says blessed are they which do hunger and thirst after righteousness for they shall be filled and David understood this that despite the persecution we will be blessed and this this desire we have to know God to be intimately close to God it will be felt he will we will see him face to face and we will be his priests on earth his kings on earth we will be satisfied with the fatness in America so Christ says this this this hunger and thirst this desire this deep desire waking up in the middle of night just thinking of the God of Israel and everything he's doing in his plan what he's doing on the earth and how it's all going to unfold and how he has blessed us to be a part of this this this desire we have will be blessed will be filled back to Psalm 63 he says and again clearly he has a relationship here with God he says because you have been my help and so he's had this experience because you have been my help therefore in the shadow of your wings will I rejoice and again that that shadow that that metaphor of being under the shadow of his wings comes from an understanding of the scriptures and we saw that earlier when we were in Psalm 17 he says keep me as the apple of the eye again this is this is personal but it's exclusive no non-israelite can save us because israel is the apple of God's eye and so David understands that keep me as the apple of the eye hide me under the shadow of your knees because you're in covenant with Israel and so if I'm an Israelite and I'm turning to I'm

repentant I'm being faithful then please
keep me as the apple of your eye and
hide me under the shadow of your wings
and this is exactly what Christ said to
the Jews when he was on earth in Matthew
23 verse 37 Jerusalem Jerusalem you that
killed the prophets and stoned them
which are sent unto you how despite that
despite your wickedness because of the
Covenant how often would I have gathered
your children together even as a hen
gathers her chickens under her wings but
you
and so now whatever befalls you befalls
you but I would have protected you I
would have gathered you I would have
sheltered you under the wings but still
there in covenant and so you will not
see me again he says in the next verse
until you shall say blessed is he who
comes in the name of the Lord so you
will come to your senses as we saw in
Deuteronomy 30 which is the big problem
original prophecy laid down by Moses
that despite this punishment that they
have to go through is gonna bring them
to their senses and in God back to Psalm
63 verse 8 my soul follows hard after
you this is real this is he is in
pursuit of God he knows that God is his
help and he is actively and proactively
for similar God my soul follows hard
after you your right hand upholds me
real exclusive relationship
but those that seek my soul to destroy
it
shall go into the lower parts of the
earth so and those that seek his soul to
destroy it are the people in power Saul
is a mighty king and he's got my mighty
forces that at his beck and call and all
of this might of men is coming after
David and David has an understanding
that he knows in the end he walks by

faith and not by sight that these forces will be put down and this is the kind of confidence that we must have in the covenant love in the loving-kindness that God will come through for Israel he says that they'll go down into the earth they shall fall by the sword they shall be a portion for foxes so their carcasses are just gonna lie everywhere and this is so true today because Christ is coming and he is furious when Christ returns he is returning to unleash a level of fury that the world has never seen you know God was angry at the time of the flood and that was fury but what is coming when Christ comes is a level of fury that is unprecedented it will never be repeated it's you know Satan is gonna have his way and that's gonna be unprecedented but then God is gonna have his way and that's gonna surpass everything and a lot of us are looking for this loving Jesus Jesus who just forgives everything and everything's fine with Jesus because Jesus well Jesus is lovable and because Jesus is love everything is fine because he just doesn't care about his standards and he doesn't care about righteousness he just cares about love and if that's our view and he just forgives everything if that's our view we don't know Christ we're not studying the Scriptures and we're mixing up the purpose of the first coming with the purpose of the second coming

Christ is coming to shed
he's going to be breaking bones and cracking skulls and he will have no tolerance for unrighteousness and we've got to hide under his wings and the only way we can hide under his wings is to do the things that he commands we can't be

breaking his Commandments and think that we can hide under his wings so we have to know that Christ is coming in and we need to conduct ourselves according to his word so that we can hide under his wings in this wrath will pass over us and will fall on the spiritual Egyptians and not upon us but those Israelites that disobeyed God and didn't do the things that he commanded not only did the curses fall upon Egypt it would have fallen upon those Israelites as well the way to be under his wings in the shadow of his protection and to experience the Passover is to do what we can so these wicked shall fall by the sword and women here Dave is actually speaking of Israelites these wicked Israelites shall fall by the sword they shall be a portion for foxes but the king shall rejoice in God and he could understand this because of the covenant Israel will be for ever and Israel's King will be forever but the king shall rejoice in God everyone that swears by him shall glory so he's just seen as it is a a remnant there's a people of Israel that are faithful they shall glory those that are wicked they will perish but the mouths of them that speak lies shall be stopped and so this is this is just what Satan's people do is they speak lies they're full of it they're full of lies everything they say every word that comes out of their mouth is is lies they should not be respected and they will not be respected when Christ returns so now we come to some sixty-four and here it's to the chief musician at the psalm of David and here he cries out again that Psalm of lamentation hear my voice he says hear my voice Oh Oh God in my prayer preserve

my life from fear of the enemy David as a man he's a human being and these powerful forces of Saul have been unleashed upon him and of course he's going to experience terror he's going to be terrified of course if we're human beings and there's terror of terror all around us strikes of terror of course we're human we're going to have this fear but he says preserve my life from fear of the enemy that there's something that surpasses fear and it's this trust we can have in God hide me from the secret counsel of the wicked and again these wicked they're full of secret council meeting in bunkers and and don't do not think that they're the kind of hatred and and despising and relentless persecution and plotting and design that is going into bringing down present trunk do not think for a minute that that is exclusive to Donald Trump it's just the mechanism its how say he works it's how he's always worked he just uses different human beings through different generations and we are on the chopping block if we are Christians everyone who desires to live godly in christ shall suffer persecution so we should do not sleep through this study this so that we can understand how it works so that we will not be surprised by it we will not be taken off guard when it comes out away so he says here to hide me from the secret council when their meeting in their secret bunkers and nobody's allowed to listen to their plots and their designs as they seek to destroy lives hide me from the secret counsel of the wicked from the insurrection of the workers of iniquity and this is the same thing that Christ are faced when he was on earth since then from that day forth they took counsel you could say secret

counsel together for to put him to death
it's just the way Satan works he works
in the dark he works through craft and
seduction and deception and lies and
whenever we have an opportunity to study
men who are caught up in crafts and
deception and lies and the destruction
of souls we need to study them so that
we understand how they work so that
we're not caught off guard and and
surprised we can just understand it that
power is seductive and it's intoxicating
and when men get a taste of power they
they want to abuse it and they want to
hold on to it for as long as possible
and they want to aggrandize themselves
we need to study this and understand it
then we can just rather than being
overwhelmed by relentless hatred and
persecution we can just look at it put
it in a box study it and say okay I
understand what this is and I feel sorry
for these people who are trapped in this
box of hatred and we're going to
transcend
all of that so Christ definitely base
this secret counsel to destroy which all
Christians all those who desire to live
godly in christ are going to face this
this is the world we are heading into
and it's a godless world verse 3 who wet
their tongue like a sword
this is powerful yeah I think the tongue
is the most it's the sharpest instrument
I don't think there's an instrument of
war greater than the tongue and so they
wet their tongue like a sword because
with the tongue
you can move whole nations
you can have the whole world follow you
and worship you and destroy anybody who
opposes you so any weapon really the
power of the weapon is the mind behind
it and the purposes of that mind and so

the tongue we can bend the purposes of
men of whole masses of men to our will
with the tongue how crafty you are the
rhetoric you're not again this this
crayon which I call it this superficial
impeachment process I listened to these
men and I'm listening for evidence I'm
listening for hard evidence of treason
hard evidence of bribery or other high
crimes and misdemeanors
but you know people who don't understand
the Constitution and that's another
blessing here is to understand the
American Constitution and the thinking
that went into it these men had to be
inspired by God to come up with this
constitution it's based on biblical
principles but to listen to these men
you would think that Donald Trump is is
the son of Satan and he's done every
possible Miss Deane and and you know
he's just under all circumstances he
must be removed for awful from office
because his only will is to destroy all
mankind
listening to the rhetoric and being
intoxicated by this rhetoric I would
want to kill Donald Trump myself if I
believe these people that's the power of
the time and David understands this that
while David is on the run there has to
be this rhetoric that he's evil that
he's the son of Satan that he's you know
his only will is to destroy all mankind
and therefore people feel justified in
killing it well this same tongue is
going to be turned on Christians and up
will be down and down will be out for
long will be right and right will be
wrong and evil will be good and good
will be evil and and so if you oppose
abortion you are evil if you oppose
pedophilia you are evil if you oppose
homosexual activity you are evil and

therefore you must be destroyed and
those that put you to death well think
they're doing God service because up is
down and down is up and evil is good and
go to the
and all of this is done by the top and
Satan understands that that's why
Satan's tongue is so crafted and then he
teaches men how to be crafty like him
and in crisis then you are of your
father the devil when he speaks a lie he
speaks of his own because he's the
father of it they went there tarnished
it they just this is a craft they're
just so good at it and they can just
suck people in and Christians today will
follow communists because it just sounds
so good it's like you know shouldn't all
mankind all over the earth everybody
should have enough everybody should have
free stuff nobody should have to work
everybody should have and you have
Christians thinking yeah yeah that
sounds right III have a right to welfare
I should be able to sit and do nothing
and and why should somebody be a
billionaire and I have nothing take
their money and give it to me
yeah that that sounds right let's let's
let's let's get rid of all billionaires
and and make sure that all the poor can
be can be fed even if they do nothing
yeah that sounds righteous and so we
follow these golden tongue in a
silver-tongued communists to our own
peril
because they promised something they can
never done
they wet their tongue like a sword
they're good at it
and bend their bows to shoot their
arrows even bitter words that that's
what they shoot words are powerful cuz
they bend the minds of men they twist

the minds of men and we will have
powerful words we've got the good news
whatever they throw out we've got the
good news and our good news is in the
ancient texts and we just open the
ancient texts that we speak with the
voice of the prophets and we say yeah
whatever whatever you say it contradicts
the Word of God and God's counsel will
stand this deal declaring from the end
from the beginning and from ancient days
things that are not yet done saying my
counsel shall stand and this is what we
said so we can counter it and open
people's minds and get people to take
the blinders off and see what's going on
he says they these these bitter words
they have that they may shoot in secret
at the perfect and perfect doesn't mean
someone is perfect none of us are
perfect David wasn't perfect but he
means the blameless that you know what
they're accusing it's false and again if
I look at Donald Trump and look at his
record or listen to the State of the
Union what he's accomplished for the
American people and they're accusing him
of being a traitor they're accusing him
of being a Russian asset they're
accusing him of wanting to destroy every
American and destroy lives all over the
world everything is actually the
opposite they're the ones who are guilty
of these things but they they they are
shooting in secret at the blameless
they're hiding in secret bunkers working
all this out how they can bring this
down what they can pin on them you're
guilty we'll try and figure out what the
crime is later or what did one of the
the Communists they I think was stolen
show me the man and I'll show you the
crime and I just I'll tell you what the
crime is and you figure out how to

destroy him we don't we don't need
evidence they may shoot at the secret
has made shoot in secret at the
blameless suddenly do they shoot at him
and fear not they know that everything
they're just saying is false but they
don't care this is this is the future
that Christians will be facing worldwide
they encourage themselves in an evil
matter so there tell oh you're wonderful
you you know you were like a virtuoso
they just wonderful what you're doing
every word that's coming out of your
mouth is alive but we love it with a
great job keep going they encourage
themselves in an evil matter they
commune of laying snares privately they
say we shall see them they think about
the world by the tail they can do
whatever they want they search out
inequities they accomplish a diligent
search fifty million dollars searching
for iniquities and they can't find
anything have to make it all up both the
inward thought of every one of them and
the heart is deep but God shall shoot at
them with an arrow suddenly shall they
be wounded this is the reversal of
fortune
and so we have to understand these
globalists are evil if you do not care
for a newborn child can you care for
anybody if you will traumatize a child
is it possible for you to have any love
in your heart for any human being these
are horrible people they're powerful
people and they're probably and as
Christians we need to be very careful
about supporting of globalist agenda we
don't care about left and right
if you're an American if you're an
American I wish to appeal to my American
brothers and sisters if you're an
American and you listen to the State of

the Union address this is not about
whether you're a Democrat or Republican
this is just well whether you're in
America and America was slighted America
was in the process of being destroyed
and downgraded and now over the last
three years there's been a reversal
America is on the rise
so at the end of the day our people for
America or against America can you up at
the end of the State of the Union and
you hear all of the accomplishments for
America can you applaud and say well
done I might not like you as a person I
didn't vote for you I wouldn't vote for
you I won't vote for you but well done
thank you for the work that you're doing
on behalf of America or do you just
stand there stoic or sit there stoic and
you hate the fact that America is on the
rise you wanted to you are enriched by
America's enemies you need America
destroyed so that your bank account can
be locked and when you see America on
the rise you're not getting all of the
payoffs and although the different
rewards that you've negotiated because
you hate America because you're a
communist you're a globalist and that
became very clear and we should see this
we should understand this and to tear up
the State of the Union address in in the
front a little stunt to capture
headlines the next day that this is
beyond
and if you're an American you how do you
justify this how do you justify this
imagine if Donald Trump did something
like this they would crucify him
he sends out the tweet and they
crucified she tears up the State of the
Union address
praising America in front of the whole
world and they want to make excuses for

that people who have sacrificed their lives for America what in that speech tears over the the improvement of the welfare of all Americans was in that speech and she tears it surely by now our eyes are open

America has been infiltrated by communists this is not about left or right the democrat or republican this is about globalist needing to destroy america so that they can take the globe but god shall shoot at them with an arrow suddenly shall they be wounded so they shall make their own tongue to fall upon themselves so everything that they've been accusing others of it'll be revealed this is what they're guilty of and and it's gonna come back on them so they shall make their own tongue to fall upon themselves all that see them shall flee away and all men shall fear and shall declare the work of God so eventually will then understand where God was working and what he was doing and in the miracles that were right in front of our faces that we have to acknowledge this this this has to be looking at all men shall fear shall declare the work of God for they shall wisely consider the righteous shall be glad in the Lord and shall trust in him and all the upright in heart shall glory that's the end

so we seen these songs this acknowledgment of persecution there there's a complaint there's a plea but always always always that's not the end of the story always there's a twist and a turn and then there's hope and praise we go from plea to praise from a complaint to a celebration of God's faithfulness but as I said all of this what I'm seeing so clearly now all of this is in the context of God's

these Psalms can only be praised and
sung if you're within Israel and in this
covenant relationship with the God of
Israel apart from that is just not
available - they did this confidence in
God acting on behalf of the psalmist his
confidence in God's promise to Israel
what a great God we serve what a
wonderful God we serve praise Him
hallelujah we are all grafted into
Israel and we have this exclusive
relationship with the God of Israel
Jesus Christ is the God of Israel he's
faithful his promise is sure we can go
forth with the confidence that David had
despite the persecution that may
surround us
you
