welcome to another Wednesday night Bible study we are up to Psalm 72 let's open with the word of Prayer and get into the study for this evening father we call us to technology to praise you - thank you Father we are certainly living in uncertain times or very tumultuous times but at the same time father we know that we can have confidence in the times that we live in because of the confidence that we have in your word and in your faithfulness to your covenant and your covenant people we thank you Lord we ask that you would bless I studied even our faith our conviction and I love for you and one another we pray in Jesus name Amen Psalm 72 is a song for Solomon let's look at this song together it's a song for Solomon of Shalom oh the peaceful one which clearly David is praying for his son Solomon but also as we go through the song I think it will be clear to us that he's really praying for Christ as the son of David and the true ruler over the earth and let's see that we certainly need to be encouraged by the fact that Jesus Christ is returning and he is going to be the king of the

earth and bring the whole earth into righteousness he says here a song for Solomon and then he begins give the king your judgments O God and your righteousness unto the king's son that it's it's the righteousness of God that the king needs to roll it and it's the judgments of God that the king needs to roll with and when we begin this study of songs we looked at Psalm 1 and Psalm 2 as setting the key note or the key notes for the books of songs and Psalm 1 someone was focused primarily on the Torah and then some - was a royal song and

look to the the rulership of Christ and and let's go back then because I was setting the tone for the books that were studying now let's go back to Psalm 2 which was the royal song and beginning in verse 7 he says I will declare the decree the Lord has said unto me you are my son this day have I begotten thee ask of me so the son of David is the son of God

ask of me and I shall give you the heathen for your inheritance and the uttermost parts of the earth for your possession and now we see the whole earth coming unto the righteousness of the righteous king of the rule of the reign of the righteous King you shall break them with a rod of iron you shall dash them in pieces like a Potter's vessel and you can imagine a clay pot just being smashed into pieces quite an image in our minds breaking them with a rod of iron it demonstrates just how stubborn these people are and you think of King Saul and how he worked so hard and almost with a degree of insanity to hold on to his power and did not want to let the power go and that's how it is the power to dicted and people

don't want to let it go and that's how we can understand the history of mankind and certainly how we can understand the time that we're living in today it's a power struggle when people will do all they can to hold on to power and then Christ is going to take that power away from them even though they'll be kicking and screaming and here it's very clear that you'll break them with a rod of iron and dash them in pieces like a Potter's vessel be wise now therefore all you kings be instructed you judges of the earth so we're seeing incredible corruption in the rulers of you of the land and the judges of the land this sort of two-tier legal system where some people are punished severely other people can walk free but be instructed you judges the earth serve the Lord with fear and this is this is the only way we can have righteousness on the earth is if Kings serve the Lord with fear and if the Lord's judgments are given to and the Lord's righteousness is given to the king serve the Lord with fear and rejoice with trembling so your empower all you Kings you judges but if you have no guidelines if there's nothing to do that there's no conscience that you have you just do whatever suits you then the people will be severely punished the people will suffer and I believe right now we're going through a terrible time a terrible crisis with this coronavirus which yes it's a real virus but the the hype and the panic that that that's associated with it is unfounded and it is going to it is that's already I'll call it a lot of harm and I would say the first only the first domino is fallen we're going to see a lot of dominoes fall now as a consequence of

the decisions that are being made around this coronavirus and the panic associated with it it's gonna hurt a lot of people for a long long time and I think it's gonna be hard for us as Christians to escape this pain that's coming as a result of all the dominoes that are going to fall but when people are in power and they're requesting them and lusting for power and they feel they can do whatever they want to have and maintain that power and manipulate to get the power people suffer so so the the warning now be wise the the caution to leaders is serve the Lord with fear and rejoice with trembling so there has to be some limitations on what we do and if there's no fear of God there's no limitation trembler kiss the son lest he be angry and you perish from the way when his wrath is kindled but a little what a little history doing a very very powerful song and if he's just a little bit upset you'll perish blessed are all day that put their trust in him now Solomon was a human ruler and the kings of Israel were whom human rulers and they wanted to have a human king but over them and so in the Torah the guidelines for how the king should conduct himself were given we can just cut in here at Deuteronomy 17 in verse 14 he says when you are come unto the land which the Lord your God gives you and shall possess it and shall dwell therein and shall say I will set a king over me like as all the nations that are about me so Solomon is David's son or was David's son and the prayer is for David's son but the heah all these human rulers in Israel had guidelines as to how they were to conduct themselves because even though God acquiesced and

gave them a human King the king of Israel is God and that human king was really a proxy a stand-in a symbol of God and a vice-regent with God but the king of Israel his God and so slo-mo or the peaceful one is Christ and this prayer is really for Christ because the king should represent Christ to the subjects and so here in the Torah he says when you've come into the land which the Lord your God gives you on your shall possess it and shall do well there a man shall say I will set a king over me like as all the nations that are about me you shall in any wise set him king over you whom the Lord your God shall choose one from among your brethren shall you set King over you you may not set a stranger over you which is not your brother and this is why incidentally when Mohammed came to the Jews in Arabia to tell them that he was their prophet and he was their king they rejected him and they were beheaded to the tune of from 900 men 907 say twelve hundred men all in a day to all the tribes that that rejected him line them up and one by one he had them beheaded and they they chose that rather than to sit to acknowledge that an Arabian could be their King but because they understood that only Israelites can rule over Israelites and that's from the Torah you may not set a stranger over you which is not your brother but so once you've chosen as king he shall not multiply horses to himself nor caused the people to return to Egypt to the end that he should multiply horses for as much as the Lord has said unto you you shall henceforth return no more that way so there's a concern here but when somebody comes

into this office they can abuse it and they can I grande eyes themselves and and accumulate wealth and accumulate military power to protect that well and to further grow that wealth and we have today
incredible corruption with our leaders just this past week this man Andrew Gilliam who was pursuing the government the governorship of in Florida presents himself as a man of the people the voice of the people a married man with a family found in a drunken stupor overdosed on crystal meth with a rented man in the hotel room these are the sort of people that are seeking power Oh for us and they present themselves one way but once they get into power we see who they really are and what they're really made of and it's disgusting and there's a lot of corruption and that's just the tip of the iceberg
you look at the top of the pyramid again I'm focusing on America because as America goes so goes the world you look at people like the Clintons and how wealthy Chelsea Clinton is you look at Pelosi how wealthy Paul Pelosi is you look at Biden Joe Biden how wealthy is brother Frank Biden is and how wealthiest son hunter Biden is you look at all of these leaders and instead of saying okay I choose public service I choose civil service like I choose to serve the people I'm not expecting to get rich I'll have a decent living I'm not expecting to get rich off of this how is it that these people who come into public service become incredibly wealthy have net worth so tens of millions hundreds of millions of dollars how does this work
except by corruption and this is what the Torah was all about that the leaders

were to govern themselves in such a way that they would fear God and have God's righteousness be led by the Torah but so they would fear God and the people would be protected from their abuse he goes on to say neither shall he multiply wives to himself so to come as the wealth and the power and now there's the lust neither shall he multiply wives to himself that his heart turned not away neither shall he greatly multiplied to himself silver and gold so there's a path that the king is expected to maintain and if he gets distracted by his personal lusts and well it's gonna be a nightmare for God's people and they shall be when he sits upon the throne of his kingdom that he shall write him a copy of this law in a book out of that which is before the priests of the levites so once you come into office you should be writing out the Torah by hand so that you have a copy of this and it's in your psyche in order for you to rule over God's people as he would intend and they shall be with him that that is this copy of the Torah they shall be with him and he shall read therein all the days of his life is it that the prayer was that the righteousness of God be with the king well how would that happen they would happen by him adhering to the Torah and by making a copy of the Torah for himself and then reading it all the days of his life that he may learn to fear the Lord his God and to keep all the words of this law and these statutes to do them so that when he has to make judgments he will have the Lord judgments he will have that the righteousness of god in his judgments that his heart be not lifted up above his brethren that he turned out aside

from the commandment and that just reminded me of something that I wanted to look how let me just quickly call it up now and here it just shows you the credibility of European Court of Human Rights lies in ruins after the after judges links to Soros revealed a study by the European Center for Law and Justice in Strasbourg has revealed several conflicts of interest between judges of the European Court of Human Rights and NGOs funded by George Soros so this is incredible these are supposed to be judges who are righteous who are impartial who care about the people of God and how are ruling according to the law what is right and what is just instead these people have been bought off and they're making judgments that are Marxist judgments because they're being funded by a Marxist and and they're destroying their people and leading their people into oblivion because they're being bought off and that is exactly what God was guarding against by having the king having the the the leader read from the Torah and make judgments according to the Torah that his heart be not lifted up above his brethren so it cannot be a stranger and it needs to be someone that respects the people that he's ruling over that his heart be not lifted up above his brethren that he turned that aside from the commandment to the right hand or to the left hand to the end that he may prolong that he may prolong his days in his kingdom he and his children in the midst of Israel so this is an Israelite injunction it's a way of God ensuring that this nation is the head nation in the whole world and ensuring that the king over these people

represents him and has his judgments and his righteousness continued in Psalm 72 he shall judge your people with righteousness and you're poor with judgment ultimately Solomon failed and the majority of the Kings failed but Christ this is really pointing to Christ when he comes he will judge God's people with righteousness and the poor with judgment but just because you're poor doesn't mean you're insignificant and he'll ensure that everybody is heard and his judgments are righteous indeed here in Jeremiah speaking of this judging with righteousness and pointing to Christ as the ultimate fulfillment for Psalm 72 the Prophet Jeremiah writes in 33:15 in those days and at that time will I cause the branch of righteousness to grow up unto David so this is David's son that will rule over Israel I will I caused the branch of righteousness to grow up under David and he shall what shall he do and he shall execute judgment and righteousness in the land so Christ is the one who ultimately fulfills Psalm 72 and the execution of judgment and righteousness from the Torah in the land over the people one from among the Brethren who is ruling over the Brethren but doesn't have his heart lifted up above the Brethren and rules them according to the righteousness of the Torah back to Psalm 72 and verse 3 the mountains shall bring peace to the people and the little hills by righteousness and here we see the prophet Ezekiel and I will bring them out from the people and gather them from the countries and will bring them to their homeland and feed them upon the mountains of Israel we see here in this the one when Christ is ruling the

mountain shall bring peace to the people that is the people of Israel and the little Hills by righteousness and here you'll feed them upon the mountains of Israel by the rivers and then all the inhabitants inhabited places of the country

he goes on to say he shall judge the poor of the people he shall save the people of the needy and shall break in pieces the oppressor and here we see this in Zechariah when the oppressor is actually oppressing the people in Jerusalem and in that day Zechariah 12:3 will I make Jerusalem a burdensome stone for all people all that burden themselves with it shall be cut in pieces these are the oppressors that have taken it upon themselves to oppress Jerusalem and God says all that burden themselves with it shall be cut in pieces though all the people of the earth be gathered together against it it doesn't matter and and here somehow we see for this to be fulfilled there is a global agreement the whole earth agrees all the rulers of the earth agree that Jerusalem should be taken over and that the inhabitants of Jerusalem should be taken out and taken captive or destroyed everyone agrees globally well we are now seeing this accelerated move to the globalist agenda with this Wuhan coronavirus pandemic some are calling it a plan endemic that it's you know from looking at you if you were to go Google search event two or one event two or one was a simulation of a corona virus outbreak that would be global global pandemic of coronavirus and how the media and how the health care institutions and governments how everybody would react given this a corona virus pandemic this global corona

virus pandemic that simulation ran last year in October and November and then in January we had the corona virus outbreak and pandemic so that's why some are saying this is a planned and that it's something that the global elite have been preparing for and it's possible that yes this was an accident it spilled into the community by accident from a lab in England nevertheless however it came the global elite have been preparing for this and have been preparing the vaccine for this as well what we're seeing and it's not to say that the virus is not real the virus is real and people are at risk especially the older of people people with comorbidities or compromised immune systems there's no doubt people are at risk but what is concerning is the hysteria and how the media is hyping this virus when you know if you look in fact if you look at historically how how been pandemics have fared historically this is a history of pandemics and you'll see going back quite a few years to the second century AD and coming forward you can see the death toll and they're sort of showing by the size of the author of the bottom how big the death toll was so here you see this big one is the Black Death if you bonnet plague in 1347 two hundred million people died globally smallpox 56 million people died globally this one here is the third plague 12 million people died here we see the Spanish flu four and forty to fifty million people died worldwide the Russian flu a million people died here we have it so I think this is really interesting we have we have the Japanese smallpox epidemics or the Japanese epidemic we've got the Spanish flu we've got the Russian flu

the Asian flu the Hong Kong flu and now
you're a racist
Donald Trump is a racist
he's calling this the Wuhan coronavirus
or the Chinese flu
we must never associate flus with
geographies this is what we've done all
through time off through history
suddenly Donald Trump is a racist
because he said calling it the Chinese
flu saying it originated in Wuhan China
so we come down now to the corona virus
so corona virus so far has killed 6,000
people 6.4 thousand people worldwide so
when we look at the death toll of these
different viruses and flus you can see
that the corona virus this is the the
representation of the death toll of the
corona virus compared to all of these
other flus and viruses that humanity has
been grappling with through time and in
fact when just this recent one the the
swine flu when Barack Obama was in power
12,000 Americans died 12,000 I don't
have the number in front of me right now
but I think the American a death toll I
don't think it's over a hundred if it is
over a hundred it's barely over a
hundred under Barack Obama 12,000
Americans died and there was no hysteria
no hysteria at all it took him six
months before he declared a state of
emergency or another state there's a
national a national concern or a
national emergency he didn't react and
12,000 Americans died and the media
didn't react here you have a you know of
course people are gonna die it's
terrible the flu kills tens of thousands
of people every year I think 80,000
Americans die every year just from the
flu there isn't the the outrage and the
hysteria that's what bothers me that's
what bothers me in fact let me just get

these numbers here exactly
says here as of mid 2010 the US Centers
for Disease Control and Prevention
estimated at about 59
Americans contracted the h1n1 virus 59
million Americans contracted h1n1 265
thousand were hospitalized as a
result and twelve thousand died I don't
remember this level of hysteria even
though fifty nine million Americans
contracted and twelve thousand died but
rock obama was part of the elite global
movement and therefore was untouchable
saint obama nothing he does was wrong
here we just see an incredible
incredibly different reaction because
clearly clearly donald trump is not part
of the establishment of i just wanted to
check the actual numbers here let's just
check them together what are the actual
numbers for american cases here the
united states
the Kingdom Canada us so there's 7,000
cases in the US and let's see how many
deaths 55 deaths in Washington so
nowhere near the levels that we saw so
at least not yet with h1n1 also most of
the people have contracted this virus
compared to some of the other viruses
that we have seen they'll be sick for a
week typical symptoms of a flu and then
they'll get over it bill to cover most
of the people in fact many people will
contract this virus and they wouldn't
even know they have it
so this hysteria is quite concerning now
and that's my concern is that number one
is the hysteria when I look at something
like this this is 2016 just you know the
media tells us what we can be hysterical
about and what we can't be this is an
article on the Christian Broadcasting
news website this one 2016 easy meet
Britain's Muslim rape gang cover-up some

scandals are so massive that they're simply hard to believe as many as listen to me as many as 1 million white English children may have been the victims of Muslim great gangs better known as blooming gangs in towns up and down Great Britain 1 million as many as 1 million young girls policy analyst George Ziggler says when you encounter an issue that is just so unbelievable and reprehensible I'll add just so outside of your frame of reference and understanding the immediate human reaction is just one to not believe it at all perhaps even harder to believe is that while there have been prosecutions the British government has still not stopped this criminal activity if ever there was a time to be posed reached if ever there was a time to be hysterical I would say it's this but the media did not hike this up in fact it covered it up so that the the British people did not stand against this in any significant way former secretary in Parliament member Jack Straw once said there's a particular problem involving Pakistani heritage men who target young vulnerable white English girls he also said these Pakistani heritage men view white girls as easy meat this is when some shout racism but here are the facts listen to the facts calculations based on convictions show that a British Muslim male is 170 times more likely to be a part of a sex grooming gang than a non-muslim I'll read that again here are the facts calculations based on convictions show that a British monthly male is a hundred and seventy times more likely to be part of a sex grooming gang than a non-muslim and there are no recorded instances of

non-muslims doing this to Muslim girls as part of a criminal enterprise in one local jurisdiction listen to this these are the facts these are the facts in one local jurisdiction it was estimated that six out of seven in one local jurisdiction it was estimated that six out of seven Muslim males either knew about or were part of a grooming gang in one local jurisdiction it was estimated that six out of seven Muslim males either knew about or part of a grooming gang and he goes on to say just how terrible these these assaults have been these are young vulnerable girls someone's young is not up to a million maybe more in one jurisdiction alone when they did the calculations six out of every seven Muslim males were involved in these this criminal activity or they knew about it and said nothing the normal human being with natural affection the normal healthy functional functioning male human being when they hear of this sort of atrocity would be outraged and with demand of their government take action but the media who control the narrative and everything we see we process to narrative and so British people are looking at this here if they see the facts and they don't react in fact the media manipulates them to say yes we need more migrants mean we need more people who have this belief in a sistah belief system that says that they have the right to do this to our daughters and so yes let's bring them in this is what I'm objecting to with this global hysteria around the coronavirus and and this is the danger and and now the decisions that are being made of basically shutting down the economy this is gonna have devastating consequences that we're

gonna see the Domino or the dominoes
falling for the weeks months years ahead
and who knows what this will lead to but
many times when economies collapse
that's a time of war and that's a time
of invasion and that's a time that
people countries are unable to properly
defend themselves
so who knows where all of this is Linda
but we do know ultimately Jesus Christ
is going to return and he is going to
rule this earth with righteousness and
with judgment and so we're coming to a
point in history in the history of
mankind when according to Zechariah the
whole world will be in agreement
regarding Jerusalem and just this
reaction is hysterical reaction globally
to the Wu hen flew the the coronavirus
yes we have to call it COBIT 19 so that
it sounds neutral and we don't associate
it with the Chinese communist government
aware of where it was where initially
beginning we don't want to do that so
you know since the Chinese government is
paying off so many of the media we must
comply and do as they say and call it
kovat 19 so there's no narrative with it
except that oh it's one of many
coronavirus viruses and this is just
another one of them the whole world
agrees to destroy Jerusalem how do you
get all these different nations finally
agreeing to do the same thing well we're
assuming the process now we're seeing
the beginning of it of getting all the
nation all the nations of the world to
agree and Donald Trump I think he's
doing his best but I just heard
yesterday you know he's gonna be shut
down the the US economy basically and
then send up \$1,000 to everybody this is
this sells this sounds a lot like
socialism to me yeah to me if I was an

American

keep your thousand dollar than one two thousand dollars just allow me to get up in the morning and make a living and look after my family remove the red tape remove the obstacles you know the history of America is one of people self resilience and and reliance on God and and pushing forward no matter what it's not this sit back and collect checks but the whole world is doing this just through the whole world is moving to this sort of socialistic approach to living and eventually the whole world is going to agree on invading and destroying and enslaving Jerusalem but God says here in Zechariah in that day will I make Jerusalem a burdensome stone for all people all that burden themselves with it shall be cut in pieces even though all the people of the earth be gathered together against it we're seeing here the early stages of coming onto this global collective agreement back to Psalm 72 he says they shall fear you that's the king as long as the Sun and Moon endure throughout all generations and that Sun and Moon enduring throughout all generations reminds us of a promise by Jeremiah 31 35 thus says the Lord which gives the Sun for a light by day and the ordinance of the moon and of the stars for a light by night though God is the one that does this which divides the sea when the waves there are for the Lord of Hosts is his name if those ordinances depart from before me says the Lord then the seed of Israel shall also cease from being a nation before me forever so here we see in Psalm 72 verse 5 about the people shall fear the king as long as the Sun and Moon in Europe throughout all generations the people are his

people and so his people will injure for all generations and we see that in Jeremiah that if you can get rid of the Sun the moon then the seed of Israel will also cease from being a nation from before me forever thus says the Lord if heaven above can be measured and the foundations of the earth searched out beneath I will also cast off all the seed of Israel for all day for all that they have done says the Lord so in this global agreement to destroy and capture Jerusalem there must be some justification there must be a narrative that is spread around globally about how terrible these people are and how they deserve to be destroyed and removed and God says yeah you know what if you can remove the heavens and if you can remove the Sun in the moon and if you can measure the heavens and the foundations of the earth can be searched out then I'll agree with the world and I will cast off the seed of Israel for everything that they've done but but he will never do this he will be king over Israel forever which means there will be in Israel forever when the Gospel of Luke opens it says that he will be the ruler over Jacob forever which means the people of Jacob are forever and no one can destroy or remove them verse 6 Psalm 72 he shall come down like rain upon the moment grass this is amazing he's going to come down like rain Allah upon the lawn grass you just get this sense of refreshment you get a sense of renewal that the people are going to be refreshed and renewed as he comes down like rain upon the monographs as showers that water the earth and the earth is going to go through a very difficult time a very very destructive time but he's going to come and restore

in his days shall the righteousness
shall the righteous flourish so meaning
prior to him coming the righteous are
going to be in a lot of trouble now
we're seeing the just the beginning of
Sorrows these pestilences these nations
against nation we see Turkey now using
migrants you know using migrants by the
millions to invade Greece and through
Greece all of Europe using migrants
clearly declarer
migrants are a military weapon these
these military aged men I'm using Berta
Juan says of the ruler of Turkey I'm
using them I'm going to take them from
Syria let them pass through Turkey and
move into Greece and through Greece to
take over Europe the narrative is out
why is the Western media fools
why aren't they telling us what her
Diwan is telling us and the other thing
that's really strange as well as you
know coronavirus we have to lock down
the borders but military aged men packed
close together that are not vaccinated
that could be carrying the virus or we
need to let them in that this thing is
nonsensical it's insanity it's it's a
civilizational suicide is what's
happened but but after this trouble when
Christ returns in his days shall the
righteous flourish and abundance of
peace so long as the moon endures so
this is going to be peace forever
abundance of peace the abundance of
peace welcome we're heading now into
some very tough economic times
globally wealth is being wiped out
people who live paycheck to paycheck the
poor are going to suffer incredibly
they're going to depend there have to
turn over their power and their
independence to socialistic governments
who will cool handle checks and insulate

them but Christ is coming and the abundance of peace with him he shall have dominion also from sea to sea and from the river unto the ends of the earth so yes he's coming to rule over his people but his Dominion is actually going to extend to the ends of the earth and here in revelation 11 when we studied revelation together in verse 15 of chapter 11 and the seventh angel sounded and there were great voices in heaven saying what the kingdoms of this world and all the power and wealth that they were exercising the kingdoms of this world have become the kingdoms of our Lord and of his Christ and he shall reign for ever and ever

so Psalm 70 tells us that his Dominion shall be from sea to sea and from from the river to the ends of the earth this is the righteousness of God the righteousness of the truth we'll spread over the whole earth not just over his people verse 9 son 72 they that dwell in the wilderness shall bow before him and his enemies shall lick the dust so we have people now this wilderness really we could say the desert

David dweller in the in the desert in the wild think of the surrounding nations they're going to bow before him as well and his enemies his enemies are the enemies of his people those that were enslaving his people they shall lick the dust and we saw that when we studied Isaiah and Isaiah 49 in verse 23 and Kings shall be your nursing fathers so these are the kings of the earth that were oppressing Judah now they're coming to nurture Judah the king shall be your nursing fathers and their queens your nursing mothers they shall bow down to you with their face toward the earth so

when Christ comes he's coming to establish his kingdom over his people but he's coming to establish his people over the earth and these kings nevermind just the subjects these powerful men on the planet are going to come and bow down before Judah and bow down before the people the physical people of Judah and Israel they shall bow down to you with their face toward the earth and lick up the dust off your feet so that's what Psalm 72 says that they shall they that dwell in the wilderness these living enemies of Israel and Judah shall bow before him so that's where he says he's coming to rule them with a rod of iron and shatter them the way a Potter would shatter is clay they're they're stubborn in their are hardened but God is gonna use that hardness of heart to his glory and the glory of his people and his enemies shall lick the dust while here they are

is the same thing Isaiah says that they shall bow down to you with their face they're going to bring you and nurture you and then they're gonna bow down to you the physical people of Israel and Judah with their face toward the earth they're just so ashamed and lick up the dust of your feet and you shall know you Israel the tribes of Israel and Judah you will know that I am the lord that all these this covenant arrangement that we've had together this history that we've had together and and how you have betrayed and denied me over and over and over again but I'm not a man I'm the Lord and you stiff-necked people you there's this unfaithful wife will finally know I'm the Lord who keeps covenant and you shall know that I am the Lord for they shall not be ashamed that wait for me so somebody's telling

them preaching the good news telling
them wait for the Lord
there's repentance they're waiting and
although the global nations are trying
to bring these people to shame God says
they shall not be ashamed that wait for
me back to Psalm 72 verse 10 the kings
of Tarshish and of the Isles shall bring
presents and we just read that in Isaiah
seeing the same thing the kings of Sheba
and Seba shall offer gifts they're all
going to come with their wealth to the
people of Israel they're all going to
bring the people of Israel the Tribunes
Israel are going to the twelve tribes
are going to represent the priests class
on the earth and you know today in North
America anyway you think of the Silicon
Valley that the tech class the elite you
know to be able to be in technology to
be the wealthy classes that they be the
technical of the technology elite that's
really something today in the future
that's gonna be nothing what's going to
be something is the people who know the
Lord and there's going to be physical
people on the earth reigned over by
spiritual God family members what's
gonna be these physical people on the
earth
that are actually gonna know the Lord
and the their the they're going to be
the the elite class and knowing the law
of God that's going to be the thing and
people are going to seek them out so
that they can learn about the Torah he
says yes all Kings shall fall down
before him all nations shall serve him
so when we put this together with Isaiah
as they come and fall down before him
all Kings not just the people of Israel
all kings and all nations will serve
them but in so doing they will
acknowledge that the tribes of Israel

are a peculiar nation that the people of Israel are a peculiar treasure to God and when we combine this with Isaiah we see that they come to Israel that that Israel is the priests class and Israel facilitates a relationship that the whole world has with Christ and enables Christ's teachings to go back out to all these nations when I look at Zechariah 14 for example we see the holder of keeping the Feast of Tabernacles with God's people leading and Jerusalem being the focal point of the earth let's go back to Psalm 2 so here in Psalm 72 verse 11 we just read that yes all kings shall fall down before him all nations shall serve Him remember the the tone for this was set at the very beginning of the of the psalm in book 1 Psalm 2 and verse 4 he says he that sits in the heavens shall laugh so the global community the global elite are trying to pull off a coup and he that sits in the heavens shall ah the Lord shall have them in Division they have no idea like zero they have no concept of how powerful the God of Israel is not at all and God is going to have them in Division but they are very clever people they're very powerful people they're very scientific people they have access to engineering they have access to chemistry body chemistry they know an awful lot dealing with a lot of power and God's gonna laugh and hold them in derision you know he's still there he's just wonder how it is they're letting all these migrants come into the land and are they not concerned and well they think they're very clever and they probably have specific viruses engineered that once these people have done their dirty work they can just

release these viruses that are programmed to attack a specific DNA class a specific ethnic group and so they they have their plans all laid out and God says he's going to laugh and hold them in derision then he'll then shall he speak unto them in his wrath and vex them in his sore displeasure and he says you know when when he's angry but a little he'll wipe them out but here whatever they're doing to this people he's going to be vexing them in his sore displeasure like they've hit a nerve by what they've done to his people yet have I set my king upon my holy hill of Zion

so God's King the true king will be set upon the holy hill of Zion and will rule the whole earth from there verse 12 going back to Psalm 72 where he shall deliver the needy when he cries and that's that's what's happening that's what we saw in Exodus that the needy were crying and God heard those cries and he delivered and we're heading into such a painful time now such a dark time and the media are going to groan and cry and God is going to deliver the poor also and him that has no helper so you know \$1,000 checks for everybody it's Oprah you get a car and you get a car and you get a car that runs out at some point what did they say the problem with socialism is that at some point you run out of other people's money and socialism is a great sale job and everybody likes to be taken care but at some point the caraxes and it's replaced by enslavement and he says he shall deliver the Navy when he cries the poor also and him that has no helper what their play what they're trying to do to the economy and I see it's a it's a very complex chess game and I see

Donald Trump doing his best to navigate this because he has a plan and a vision of what he can do for the US economy and how that will bless the whole world the whole world will benefit from a strong US economy and he has this vision in mind that he says you know you've seen nothing yet

you've seen nothing yet and so he came through these false impeachment and accusations one after the other came through all of that acquitted forever and and now he sets his mind ok let's brawl let's really do this and now we have the corona virus this global pandemic where he's boxed into a corner that he has to cooperate and demonstrate that he's doing something person you're not doing enough you're not doing enough to look at closing all the borders them shutting down flight from your all your doing too much now and there's is this complex chess game but he's trying to say to the American people you haven't seen anything yet in terms of what this US economy is capable of we've had a lot of corrupt leaders Democrats and Republicans who have but just been enriching themselves and selling out the country to China selling out the country to Islamic extremists selling out the country to Communists and enriching themselves and this wealthy businessman comes in saying no thanks I don't need your money

I won I've benefited from America I want to preserve America and he's saying to the American people you haven't seen anything yet and they're just throwing all of these stumbling blocks in front of them and this is a major one this is a major one I think he's hoping to put this thing in lockdown deal with the virus it's a real virus

everybody cooperate let's get through the next couple of months the whole thing will die down and then I can get back to restoring the car and everybody benefited but these people who want power and want him out I don't think they're going to allow it so we'll see we'll see how all of this goes and I think even if he gets through this one we can have another variation of the virus a come next flu season so we'll see where all of this leads but the poor have no helper but God will come and help his people and that's exactly what the good news is the good news is that God will help those who have no helper and when he began his ministry only before he quoted isaiah 61 the Spirit of the Lord God is upon me because the Lord has anointed me to preach good news to the meek the poor he has sent me to bind up the brokenhearted to proclaim Liberty to the captives and the opening of the prison to them that are bound so we're heading into some very dark times but the true king is coming to release his people from these dark times verse 13 he shall spare the poor and needy and shall save the souls of the me he shall redeem their soul from deceit and violence and deceit and violence go together why because we see through narratives we need narrative to understand what what we're looking at and that's why the media is so powerful because they spin the narrative and then people act accordingly and you can see you know in the future hey if anybody doesn't have the corona or a coded nineteen version B vaccine then they're part of the problem and and you can see the violence then hey you didn't get the vaccine it doesn't know how II don't know how it's gonna happen but it's

gonna happen through deceit violence
always follows this eat you need a text
that hey everybody believes this text
and then they are violent because of
what the text says he shall redeem their
soul from deceit and violence and
pressures shall their blood be in his
sight it's not precious in anybody
else's sight you know people are
surrounding Jerusalem their blood isn't
there there they want the blood but
Christ is come and say no my people's
blood is precious in my sight
will redeem them and he shall live the
king shall live and to him shall be
given the gold of sheba prayer also
shall be made for him continually and
daily shall he be praised this is the
relationship as people will have with
him but he shall live and in in
Revelation verse 18 of chapter 1 he says
I'm he that lives the King shall live
Here I am he that lives and was dead and
behold I am Alive for evermore amen and
have the keys of hell and death and so
with the keys of hell and death those
whose blood has been shed is that their
blood is precious in His sight he can
bring us back to life Psalm 72 verse 16
there shall be a handful of corn in the
earth upon the top of the mountains so
he's going to now hold a feast in the
mountain the fruit thereof shall shake
like Lebanon and they of the city shall
flourished like the grass of the earth
like grass of the earth so again we come
back to this grass metaphor and this
flourishing this human flourishing is
what we see in the time ahead
even though Christ warns us you know
there's gonna be pestilences and usually
after pestilence is we have economic
breakdown that leads to famine it's
gonna be famine and yet we see this time

of abundance when the King comes and the
city they have the city shall flourish
like the grass of the earth his name
shall endure for ever clearly this is
not solo this is David's son this is the
king of peace but it is not solomon
solomon was a placeholder his name shall
endure forever his name shall be
continued as long as the son and men
shall be blessed in him all nations
shall call him blessed we still look
forward to this diamond the deception is
lifted the veil is lifted and everyone
acknowledges god is the god of israel
and there's no problem in saying this
this is oh this is a wonderful thing
this is something the whole earth can
rejoice in there should be no time for
envy

in Revelation 15 we say where we read in
verse 450 who shall not fear you O Lord
and glorify ya the whole earth will
glorify your name who shall not fear you
O Lord and glorify your name for you
only are holy for all nations shall come
and worship before you you see the same
thing John saw the same thing
all nations calm and worship before you
for your judgments are made manifest
finally everybody gets it and then we
come now to the end of Psalm 72 which is
really not the end of Psalm 72 it's the
end of the whole book remember we said
that the song the structure of the songs
or the structure of the Psalter is there
are five books with the end of Psalm 72
we come to the end of book 2 it's a book
one went to chapter 41 and then book 2
from 42 to 72 so what we're seeing now
is this end of the whole block 2 and it
ends with this benediction blessed be
the Lord God the God of Israel blessed
be the Lord God the God of Israel all
nations are going to acknowledge he's

the God of Israel who only does wondrous things nobody else that this whole plan that God is enacting on the earth it revolves around Israel he's the God of Israel and he's the only one that can do wondrous things everything else that all these people are doing and it is spectacular what I'm seeing right now what we're witnessing right now and it's like every 48 hours there are twists and turns in your story but what we're witnessing right now with this global pandemic and the the severe limitations on freedom that we're seeing and everybody going along with it and you know to a certain extent we as Christians we will cooperate with the authorities as long as it doesn't get to the point where we aren't breaking God's law that's going to draw the line but there are health laws and there are there are good reasons why at this time it makes sense for us to cooperate it may come to a point where it's like no we won't we won't go any we won't we won't cooperate at this point but the whole earth is coming to this global agreement and working in lockstep and doing they think they're going to be doing wondrous things but the scripture says only the God of Israel does wondrous things and blessed be his glorious name forever and named the God of Israel your hobo blessed be his glorious name forever and let the whole earth be filled with his glory amen and amen and this is how book 2 comes to a close and it says the prayers of David the son of Jesse are ended so clearly this is a editor who's putting the psaltery together he now concludes that the prayers of David are ended and you'll see a similar we saw a similar benediction when we

came to the end of book 1
when we came to the end of book 1 at the
end of Psalm 14:1 which was verse 13
where he says unless it be the Lord God
of Israel from everlasting and to
everlasting amen and amen so book one
ended with this benediction a book 2
ends with a similar benediction and so
here we are step by step
verse by verse line by line we're going
through the psalter and there's just so
much here that we would miss if we
didn't just take this disciplined
approach of just going line by line step
by step and so I appreciate everybody
tuning in each week our custom is now at
the end of each book we'll take a break
not a break break but a shift will have
a change as they say a changes as good
as a rest so next week God willing we
will take another book of the scripture
another short book just as a break from
the Psalms after finishing that book
will then come back to Psalms with book
3 thank you so much for joining stay
safe try not to fall into the hysteria
the virus is real and so we have to take
preventative measures if we can
cooperate as a society and everybody
just work together and this virus can
hold up or pass over us I think that's a
wonderful thing what's not wonderful is
if we get caught up in the hysteria and
the panic and you see people going into
Costco and emptying the shelves of
toilet paper and hand sanitizer and all
these necessities this is very very
selfish thinking and this is the danger
of a crashed economy when the economy
crashes and people move into this sort
of panic mode we become very selfish
let's train ourselves at this time let's
evaluate ourselves
at this time to be aware of yet there is

a real virus going around and it's highly contagious and those who have compromised immune systems and your elderly it could be fatal for them and so we need to be careful that this is a virus that can live on surfaces for days and so we can come in contact with the surface and then go and see a loved one while you know an elderly brother or sister who was compromised immunity and it could kill them

so yeah we need to be cautious and careful but if we need to be hysterical about the wuhan flu how should we have been about the swine flu how should we have been about the invasion of these mild military-age migrant men who have a doctrine that says they have to subjugate us like let's have our reasonable heads on our shoulders here and not panic

let's look after one another let's love one another let's love humanity let's be at this sort of voice of call in the storm

voice of confidence someone who can give a reason for the hope that lies within us and let's not get caught up in the hysteria because we serve the true king we serve the true king who is coming to earth to establish his kingdom and to reward those who wait on him god be praised Jesus Christ is Lord thank
