

## Are they lost?

**Are the billions of people who have lived and died without knowing Jesus Christ, condemned to hell, and without hope?**

The vast majority of the earth's seven billion people, (two-thirds of them), live in a region stretching from West Africa to south East Asia, where non-Christian religions such as Islam, Buddhism, and Hinduism are dominant. Through no fault of their own, billions of people in this region have lived and died without ever hearing the Gospel.

Christian missionaries call this area the "resistant belt" because the governments there are hostile to the Christian message posing the risk of imprisonment or death to missionaries.

What is God's plan for these billions of people who through no fault of their own, have lived and died without ever hearing the Gospel?

**The popular teaching is that these people are condemned to hell and are without hope. But is this true?**

**What does your Bible say?**
