

Awards Program for Church Schools

The following program was designed to give students an incentive to learn from the Bible. Instead of just putting in their time in class, they begin to actually learn the material. Pretty soon, they want to learn more and actually begin to read and study on their own.

We use this program hand in hand with the lessons available at www.sabbathschoolint.org

Locally, we adopted a program whereby we present the students with the awards they have earned in front of the congregation once per month. This accomplishes two things. It gives the students a chance to be recognized which reinforces their feelings of worth to the congregation and also reminds the adults that the children are viable members of the congregation, the future of the church, and not just "cute little kids".

The awards outlined on the next few pages are available from Spring Valley Expressions. They come in many styles and may be presented as is or in sets of a button and matching certificate. Children love to see their name printed on a certificate and personalization is available.

You may use the items available from Spring Valley Expressions or your own items. Due to the cost of producing these items, there is a small cost for items ordered through Spring Valley Expressions. Items may be seen at

www.springvalleyxpns.com

We invite you to browse through the following pages or the web sites and challenge yourself and your students to learn more from the Bible!
