Lesson 5  
Nehemiah Rebuilds Wall  
Nehemiah 1-13

Because God's people sinned, God allowed an enemy king to conquer Judah and take the people captive to Babylon. After many years, Nehemiah led a group of people back to Jerusalem to rebuild the city wall. The wall was built with gates that could be shut at night or during a time of battle. Gates were named for their use or by the products that were sold there.

To solve the puzzle, follow the path through each gate, read the verse on the gate from Nehemiah 3 and write the name of the gate on the blanks after each gate. Then fill in the coded blanks with a secret message. The first number in the code is the number of the gate and the second number is the letter in the gate's name. The first one is done for you
